Independent Auditor's Report

To the Plan Administrator of
Monarch Hospitality Group LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Monarch Hospitality Group LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Monarch Hospitality Group LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Monarch Hospitality Group LLC 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Monarch Hospitality Group LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Monarch Hospitality Group LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Monarch Hospitality Group LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Monarch Hospitality Group LLC 401(k) Plan

Notes to Financial Statements

December 31, 2022

Note 1 – Plan Description

The following description of the Monarch Hospitality Group LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan established on January 1, 2020. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA). The plan administrator is responsible for the oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Eligibility:

Employees of Monarch Hospitality Group LLC (the Plan Sponsor and Company), are eligible to participate in the deferral component of the Plan upon hire. Plan entry dates are the first day of the month following the satisfaction of eligibility requirements.

Contributions:

The Plan includes a salary deferral arrangement allowed under Section 401(k) of the Internal Revenue Code (IRC). Eligible participants are permitted to elect to have a percentage, limited by Plan provisions, of their compensation contributed as pre-tax 401(k) or Roth contributions to the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in the designated default fund until changed by the participant. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Company may contribute a discretionary matching and/or profit sharing contribution. Participants must be employed on the last day of the Plan year to be eligible for any discretionary matching and/or profit sharing contributions. There were no Company contributions for the year ended December 31, 2022.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant accounts:

Each participant's account is credited with the participant's contributions, any Company contributions, and an allocation of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

Vesting:

Participants are immediately vested in their contributions and Company contributions plus actual earnings thereon.

Notes receivable from participants:

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Notes are secured by the balance in the participant's account and bear interest at the prime rate as published in the Wall Street Journal on the 14th day of each month, plus 2%. Notes must be repaid over a period not to exceed five years, unless the note is for the purchase of the participant's principal residence. Principal and interest are paid ratably through payroll deductions.

Note 1 – Plan Description (Continued)

Payment of benefits:

Upon termination of service due to death, disability, or retirement, a participant may elect to receive the value of the vested interest in their account in the form of a lump sum distribution or installments. The Plan allows for in-service distributions if a participant reaches age 59½ and hardship distributions subject to Plan provisions. If a participant terminates employment and the participant's account balance does not exceed \$5,000 (increased to \$7,000 effective January 1, 2025), the plan administrator may authorize the benefit payment be rolled into an individual retirement account in the participant's name.

Forfeited accounts:

Forfeited non-vested accounts may be used to pay administrative expenses and to reduce future Company contributions. At December 31, 2022, there were no forfeited non-vested accounts. No forfeitures were used during the year ended December 31, 2022.

Note 2 – Summary of Significant Accounting Policies

A summary of the Plan's significant accounting policies follows:

Basis of accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Contribution receivables:

Contributions from participants are recorded in the year when the contributions from participants are withheld from compensation.

Investment valuation and income recognition:

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the trustee and investment advisor. See *Note 4* for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit payments:

Benefits are recorded when paid.

Monarch Hospitality Group LLC 401(k) Plan

Notes to Financial Statements

December 31, 2022

Note 2 – Summary of Significant Accounting Policies (Continued)

Administrative expenses:

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net depreciation of fair value of investments.

Subsequent events:

The Plan has evaluated subsequent events through February 11, 2026, which is the date the financial statements were available to be issued.

Note 3 – Information Certified and Provided by the Trustee

Reliance Trust Company, the trustee of the Plan, has supplied the plan administrator with a certification as to the completeness and accuracy of all investment information and notes receivable from participants reflected on the accompanying statement of net assets available for benefits as of December 31, 2022, the statement of changes in net assets available for benefits for the year ended December 31, 2022, and the supplemental schedule of assets (held at end of year) as of December 31, 2022.

Note 4 – Fair Value Measurement

Fair value measurements are based on a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 4 – Fair Value Measurement (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022.

Mutual Funds: Investments in mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 145,632	\$ -	\$ -	\$ 145,632

Note 5 – Party-in-Interest Transactions

ADP, LLC is the third party recordkeeper. Administrative expenses of \$1,440 were paid by the Plan to ADP, LLC for the year ended December 31, 2022. Additionally, indirect fees are paid based on investment account values. These fees range from approximately 0.02% to 0.81% of the investment account value. The fees increase net depreciation in fair value of investments on the statement of changes in net assets available for benefits. These transactions are party in interest transactions under ERISA.

Note 6 – Plan Termination

Subsequent to December 31, 2022, the Plan sponsor adopted a resolution to terminate the Plan. The Plan's termination date is expected to be February 27, 2026. Upon termination, plan assets will be distributed to participants and beneficiaries in accordance with the Plan document and applicable regulatory requirements. The termination was approved after year-end and, accordingly, has not been reflected in the accompanying financial statements.

Note 7 – Tax Status

The Plan Sponsor has adopted a pre-approved plan provided by ADP, LLC, which received an opinion letter dated October 6, 2020, from the IRS pursuant to a requirement to restate pre-approved plan documents every six years in order to maintain the Plan's tax-qualified status. The Plan has been amended since receiving the opinion letter. However, the plan administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market fluctuation, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2022:

Net assets available for benefits per the financial statements	\$ 162,258
Participant contributions receivable	<u>(7,150)</u>
Net assets available for benefits per Form 5500	<u>\$ 155,108</u>

The following is a reconciliation of changes in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2022:

Change in net assets available for benefits per the financial statements	\$ 32,005
Change in participant contributions receivable	<u>(5,761)</u>
Change in net assets available for benefits per Form 5500	<u>\$ 26,244</u>

Note 10 – Late Filing of Form 5500 and Audit Compliance

The Plan is required to file an annual Form 5500 with the U.S. Department of Labor within prescribed timeframes and, for plan years in which the Plan qualifies as a large plan, to obtain an independent audit of its financial statements.

Forms 5500 for the plan years ended 2020 and 2021 were not filed. Those plan years did not require an independent audit. Forms 5500 for the plan years ended 2022 and 2023 were not filed and the required annual audits were not completed within the prescribed filing timeframes. The Form 5500 for the plan year ended 2024 was filed; however, the auditor's report was not included at the time of filing and the filing will be amended to include the auditor's report.

Management is aware of the delinquent filings and is in the process of addressing the noncompliance. Management has engaged an independent auditor to complete the required audits for the affected plan years and intends to file or amend the delinquent Forms 5500, including participation in the Department of Labor's Delinquent Filer Voluntary Compliance Program, if applicable.
