Independent Auditors' Report

To the Plan Administrator of
American Nurses Association Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of American Nurses Association Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of August 28, 2025 and December 31, 2024 (in liquidation), and the related statement of changes in net assets available for benefits for the period ended August 28, 2025 (in liquidation) and the statement of accumulated plan benefits as of January 1, 2025 (in liquidation) and January 1, 2024 (Ongoing), and the related statement of changes in accumulated plan benefits for the year ended January 1, 2025 (in liquidation), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of American Nurses Association Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the period ended August 28, 2025 and as of December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of American Nurses Association Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Termination and Liquidation Basis of Accounting

As described in Note 7 to the financial statements, the plan sponsor approved termination of the Plan on January 2, 2024, with an effective date of April 30, 2024. However, the termination and liquidation of the Plan was not considered imminent until the Plan was formally amended for termination on July 17, 2024. Accordingly, the Plan has adopted the liquidation basis of accounting in accordance with generally accepting accounting principles in the United States of America in preparing its financial statements for the period ended August 28, 2025. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from

material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of American Nurses Association Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4j – Schedule of Reportable Transactions for the period ended August 28, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

For the Period Ended August 28, 2025 (in liquidation)

1. Description of Plan

The following description of the American Nurses Association Retirement Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan was a noncontributory defined benefit plan established effective January 1, 1986, as restated January 1, 2014. Prior to the plan freeze, the Plan covered all employees of American Nurse Association (the Organization). The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Pension Committee was responsible for oversight of the Plan. The Plan's Pension Committee determined the appropriateness of the Plan's investment offerings, monitors investment performance, and reported to the Plan's Board of Directors.

The Plan was closed to new participants effective April 1, 2012 and benefit accruals were frozen effective March 31, 2012.

On January 2, 2024, the Board of Directors of the Plan Sponsor approved to terminate the Plan effective April 30, 2024. See note 7 to the financial statements for additional information.

Funding Policy

The Plan's funding policy is for the Organization to contribute an amount which will meet or exceed the annual ERISA minimum funding requirement. As the Plan exceeded the ERISA minimum funding requirement prior to making a contribution, the Organization did not contribute to the Plan for the period ended August 28, 2025.

Pension and Death Benefits

Plan participants are entitled to their plan benefits after terminating employment with vested rights. The Plan provides for normal, early and late retirement benefits, and death benefits. Normal retirement is the first day of the month coincident with or next following the attainment of age 65. Early retirement is available for employees who either first completed an hour of service prior to July 1, 2006 and have reached age 55 or for employees who first completed an hour of service on or after July 1, 2006 and have reached age 55 with 5 years of vesting service. For those who choose to take early retirement, the accrued benefit is reduced 6.67% (1/15) per year from age 65 to age 60, and 3.33% (1/30) per year from age 60 to 55. Late retirement is available to participants, and the accrued benefit is calculated as of the late retirement date. Normal accrued benefits were calculated through March 31, 2012, the date benefits ceased accruing, as follows:

American Nurses Association Retirement Plan

Notes to Financial Statements

For the Period Ended August 28, 2025 (in liquidation)

1. Description of Plan (Continued)

For employees who first completed an hour of service prior to July 1, 2006, a monthly benefit equal to the sum of monthly accrued benefits as of December 31, 1993 and one twelfth of the sum of 2% of compensation, for each year of credited service earned after December 31, 1993.

For employees who first completed an hour of service on or after July 1, 2006, a monthly benefit equal to the sum of (1), (2), (3), and (4):

- (1) one-twelfth of the sum of 1.30% of compensation for each of the first five years of credited service;
- (2) one-twelfth of the sum of 1.50% of compensation for the next five years of credited service;
- (3) one-twelfth of the sum of 1.75% of compensation for the next five years of credited service;
- (4) one-twelfth of the sum of 2.00% of compensation for each additional year of credited service (up to a maximum of 25 total years of credited service).

Upon termination of employment, pension payments are normally paid in the form of a monthly annuity payable for their lifetime or, if married, in the form of a qualified joint or survivor annuity.

If an active employee dies at age 55 or older, a death benefit equal to the value of the employee's accumulated pension benefit is paid to the employee's beneficiary. The Plan does not provide for disability benefits.

2. Summary of Accounting Policies

Basis of Accounting

The 2025 and 2024 financial statements of the Plan have been prepared on the liquidation basis of accounting, in accordance with generally accepted accounting principles (GAAP).

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

American Nurses Association Retirement Plan

Notes to Financial Statements

For the Period Ended August 28, 2025 (in liquidation)

2. Summary of Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Pension Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company, as applicable. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits payments to participants are recorded upon distribution.

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Organization, as provided by the plan document. Expenses that are paid directly by the Organization are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation in fair value of investments in the statement of changes in net assets available for benefits.

Subsequent Events

Subsequent events were evaluated through March 11, 2026, the date the financial statements were available to be issued. There were no subsequent events that require recognition or disclosure in these financial statements.

3. Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are based on employees' compensation during each year of credited service. The accumulated plan benefits for active employees will equal the accumulation, with interest, of the annual benefit accruals as of the benefit information date. Benefits payable under all circumstances, such as retirement, death, and termination of employment, are included, to the extent they are attributable to employee service rendered to the valuation date. Benefits to be

provided via annuity contracts excluded from plan assets are excluded from accumulated plan benefits.

The actuarial present value of accumulated plan benefits is determined by the Plan's independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, withdrawal or retirement) between the valuation date and the expected date of payment.

The actuarial present value of accumulated plan benefits as of January 1, 2025 is presented on the liquidation basis and therefore no assumptions were used to estimate the present value of the accumulated plan benefits, rather the valuation was based on the remaining benefits to be distributed to participants before termination for the period ended August 28, 2025.

The significant actuarial assumptions used in the computation of the actuarial present value of accumulated plan benefits as of January 1, 2024 (Ongoing) were:

Assumption	January 1, 2024
Discount rate	4.91%
Mortality	Pri-2012 no collar, sex-distinct, separate annuitant/non-annuitant rates with contingent survivor adjustments for existing survivors, projected generationally using MMP-2021 mortality improvement scale
Retirement age	Varying rates ranging from 5% at ages 55-61, 15% at age 62, 5% at ages 63-64, 70% at age 65, 35% at ages 66-69, and 100% at ages 70 and over
Assumed Return on plan assets	4.91

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

4. Fair Value Measurements (Continued)

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2024.

Investments measured at net asset value: The Plan's investment in the limited partnership consisted of equity interests in private equity funds. The Plan's investment in this fund is stated at NAV by evaluating the fair value of total underlying assets of the fund. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Money market funds: Valued at the quoted net asset value (NAV) of shares held by the Plan at year end.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

Assets at Fair Value as of December 31, 2024	Level 1		Level 2		Level 3		Total
Money market funds	\$	2,036,614	\$	-	\$	-	\$ 2,036,614
Total assets in the fair value hierarchy		2,036,614		-		-	2,036,614
Investments measured at net asset value (a)		-		-		-	17,213
Total Investments at Fair Value	\$	2,036,614	\$	-	\$	-	\$ 2,053,827

(a) In accordance with FASB ASC 820, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table

are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Fair Value of Investments that Calculate Net Asset Value

The following table summarizes investments measured at fair value based on net asset value (NAV) per share as of December 31, 2024:

December 31, 2024		Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Multi-Strategy limited Partnership	\$	17,213	\$ -	Quarterly	35-40 days

The goal of the Multi-Strategy Limited Partnership is to generate long-term equity returns of, and to compound capital at, a steadier, less volatile rate, which results in greater capital preservation and wealth creation over time.

5. Information Certified by Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2025. Accordingly, Bank of America, N.A., the trustee, has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of August 28, 2025 and December 31, 2024, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the period ended August 28, 2025 and the information reported in the supplemental Schedule H, Line 4j – Schedule of Reportable Transactions for the period ended August 28, 2025.

6. Related-Party and Party In Interest Transactions

The Plan's investments are administered under a contract with Bank of America, N.A., the trustee. Contributions are held and managed by Bank of America, N.A. , who invests cash received, interest and dividend income and makes distributions to participants. These transactions are party in interest transactions under ERISA.

As described in Note 2, the Plan paid certain expenses related to plan operations and investment activity to various service providers. Additionally, certain administrative functions of the Plan are performed by officers or employees of the Organization. No such officer or employee receives compensation from the Plan. These transactions are party in interest transactions under ERISA.

During the year, the defined benefit plan was terminated in accordance with applicable regulations and plan provisions. Following the satisfaction of all participant benefit obligations, the remaining plan assets were refunded to the American Nurses Association. The financial statements reflect the settlement of all liabilities and the refund transaction in accordance with relevant accounting standards. The amount refunded to the American Nurses Association was \$ 1,631,394.

7. Plan Termination

On January 2, 2024, the Board of Directors of the Plan Sponsor approved a plan to terminate the Plan by April 30, 2024 or as soon thereafter. On July 17, 2024, the Plan was amended for termination with an effective termination date of April 30, 2024. Upon termination of the Plan, participants became 100% vested in their benefits and plan assets will be allocated in a manner consistent with Section 4044 of ERISA. On August 14, 2024, the Plan filed Form 5310, Application for Determination for Terminating Plan, with the IRS, and approval was received on April 29, 2025. Additionally, the Plan filed Form 500 with Pension Benefit Guaranty Corporation (PBGC) on August 19, 2024, stating their intention to liquidate the Plan subject to a 60-day review period for the PBGC to provide feedback. On October 18, 2024, the review period lapsed and the PBGC had not provided any feedback, thus Plan assets were permitted to be distributed at any time within a 180-day period ending April 16, 2025. Accordingly, accumulated participant benefits were distributed as lump sum payments and annuity purchases as arranged by the Plan Sponsor with CMFG Life Insurance Company (TruStage). During the year ended December 31, 2024, liquidation distributions totaled approximately \$31 million. During the plan year 2025, monthly annuity payments continued to be issued by the Plan to participants through January 2025, at which time TruStage assumed responsibility for all future annuity payments. In addition, benefit amounts for unlocated participants were remitted to the Pension Benefit Guaranty Corporation (PBGC) in accordance with applicable regulations in February 2025 and August 2025. Following satisfaction of all benefit obligations, any remaining Plan assets were distributed back to the American Nurses Association in May 2025 and August 2025.

8. Tax Status

The IRS has determined and informed the Organization by a letter dated October 1, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
