Independent Auditors' Report

To the Administrator and Retirement Committee of the
DTTS 401(k) Plan

Opinion

We have audited the accompanying financial statements of the DTTS 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of May 31, 2025 and 2024, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of May 31, 2025 and 2024, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of May 31, 2025 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

DTTS 401(K) PLAN

Notes to the Financial Statements

May 31, 2025 and 2024

(1) Description of plan

The following description of the DTTS 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more information.

(a) General

The Plan is a defined contribution plan and is sponsored by Deloitte Touche Tohmatsu Services, LLC and its affiliates ("DTTS"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). On June 1, 2008, DTTS created and adopted the Plan for the benefit of DTTS employees and affiliates.

(b) Plan transfers

Net transfers from the Plan to the DTTS Profit Sharing Plan totaled \$2,912,316 and \$5,704,876 for the years ended May 31, 2025 and 2024, respectively. Net assets totaling \$3,352,133 and \$1,392,471 were transferred into the Plan from the Deloitte 401(k) Plan for the years ended May 31, 2025 and 2024, respectively.

(c) Participation

The Plan covers all employees of DTTS not designated as managing directors who meet the eligibility requirements of the Plan and have elected to participate. Salaried employees who are at least 18 years of age are eligible to participate immediately and hourly employees or employees who work less than 20 hours per week are eligible to participate on the first anniversary of their hire date or upon attainment of age 18, if later.

(d) Contributions

Each participant may contribute to the Plan any whole percentage of his or her compensation from 1% to 60% on a pre-tax basis or after-tax Roth basis, up to the calendar year maximum contribution allowed by the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Participants who have attained age 50 before the close of the taxable year are eligible to make catch-up contributions subject to the IRC limitations.

The Plan includes an auto-enrollment feature. Employees, excluding non-regular employees as defined in the Plan document, hired on or after June 1, 2018 will be auto-enrolled at a 6% deferral.

DTTS 401(K) PLAN

Notes to the Financial Statements

May 31, 2025 and 2024

An annual nondiscretionary matching contribution is made by DTTS equal to 50% of each participant's before-tax and Roth contributions not to exceed 6% of the participant's annual compensation. Participants who are employed by DTTS as of the end of the Plan year are immediately eligible for the matching contribution unless hired within sixty days preceding the last day of the Plan year. Any participant hired in that 60 day period is not eligible for a matching contribution until the first day of the following Plan year.

The Plan also includes a discretionary nonelective employer contribution in an amount authorized and determined by DTTS. A discretionary nonelective employer contribution was not made for the years ended May 31, 2025 and 2024.

DTTS and participant contributions may not exceed the maximum amount deductible for federal income tax purposes.

(e) Participant accounts

Each participant's account is credited (charged) with the participant's contribution, the DTTS contributions, investment earnings (losses) and administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested balance.

(f) Vesting

Participants are always 100% vested in their own contributions. Participants whose initial date of hire is on or after June 1, 2022 vest in their DTTS discretionary and nondiscretionary contributions plus earnings and losses thereon after completing three years of service. Participants whose initial date of hire is on or after June 1, 2011 and before June 1, 2022 vest in their DTTS discretionary and nondiscretionary contributions plus earnings and losses thereon on a graded scale over four years of service. Participants whose initial date of hire is prior to June 1, 2011 are immediately 100% vested in their DTTS discretionary and nondiscretionary contributions plus earnings and losses thereon.

(g) Distributions, withdrawals, and notes receivable from participants

Each participant is eligible to receive a lump-sum distribution, installment payments, or a partial distribution from the Plan of his or her total account balance when any of the following events occurs: (1) attainment of age 62, (2) permanent disability, or (3) death. For termination of service due to other reasons, a participant will be entitled to receive only the vested interest in his or her account.

DTTS 401(K) PLAN

Notes to the Financial Statements

May 31, 2025 and 2024

Each active participant may borrow from his or her fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50 percent of his or her vested account balance, whichever is less. The repayment period of such notes cannot exceed five years. Interest rates are one half percent above the prime rate in effect on the date of the note and ranged from 3.75% to 9.00% at May 31, 2025. All notes receivable are secured by an assignment of a security interest in the respective participants' accounts. Principal and interest are collected ratably through payroll deductions.

Participants may request a financial hardship withdrawal upon certification of an immediate and specific financial need for medical emergency, college expense, purchase of a primary residence, or to prevent eviction from or foreclosure on the mortgage on a primary residence or other financial needs as described in the Plan document.

(h) Forfeited accounts

Forfeitures are created when participants terminate employment prior to becoming fully vested in the DTTS matching contribution portion of their accounts. Such forfeitures are first used to reduce DTTS's contributions to the Plan. Any remaining forfeitures may be used to pay administrative expenses of the Plan.

(i) Administrative expenses

Certain expenses of maintaining the Plan are paid directly by DTTS and are excluded from these financial statements. Certain recordkeeping fees are charged directly to the participants' accounts then transferred to and paid from the Plan's revenue account. Investment related expenses and certain participant recordkeeping fees are included in net appreciation in fair value of investments.

(j) Amendments or termination of the Plan

The Plan may be amended by DTTS at any time.

Although it has not expressed any intent to do so, DTTS has the right to discontinue its matching contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(2) Summary of significant accounting policies

(a) Basis of accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States.

DTTS 401(K) PLAN

Notes to the Financial Statements

May 31, 2025 and 2024

(b) Valuation of investments and income recognition

The Vanguard Fiduciary Trust Company is the recordkeeper and trustee of all Plan assets. Investments are carried at fair value as determined on the last day of the Plan year. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(c) Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the plan document.

(d) Payment of benefits

Benefits are recorded when paid.

(e) Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(f) Events occurring after reporting date

The Plan's management has evaluated events and transactions that occurred between May 31, 2025, and March 10, 2026, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

DTTS 401(K) PLAN

Notes to the Financial Statements

May 31, 2025 and 2024

(3) Fair value measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at May 31, 2025 and 2024.

Money market and mutual funds: Valued based on the funds' reported closing net asset values ("NAV") of shares held by the Plan as of the last business day of the plan year. The funds are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

DTTS 401(K) PLAN

Notes to the Financial Statements

May 31, 2025 and 2024

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of May 31, 2025 and 2024:

**Fair Value Measurements as of
May 31, 2025 Using the Following Inputs**

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Investments measured at NAV as a practical expedient (a)				<u>362,131,950</u>
Investments at fair value				\$ <u>473,913,056</u>

- (a) Certain investments are measured at NAV as a practical expedient to estimate fair value and, therefore, have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

DTTS 401(K) PLAN

Notes to the Financial Statements

May 31, 2025 and 2024

The following table summarizes investments for which the fair value is measured using the NAV practical expedient as of May 31, 2025 and 2024, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

<u>Description</u>	<u>Fair Value</u> <u>5/31/2025</u>	<u>Fair Value</u> <u>5/31/2024</u>	<u>Unfunded</u> <u>Commitments</u>	<u>Redemption</u> <u>Frequency (if</u> <u>Currently Eligible)</u>	<u>Redemption</u> <u>Notice Period</u>
Collective trust funds	\$397,327,807	\$362,131,950	n/a	Daily	0-30 days

(4) Related party and party-in-interest transactions

Certain Plan investments are shares of mutual and money market funds and are units of collective trusts managed by The Vanguard Group, a related party to the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions under ERISA. As described in Note 1, the Plan paid expenses to various service providers and holds notes receivable from participants which also qualify as party-in-interest transactions.

(5) Risks and uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

(6) Income tax status

The Plan obtained a favorable determination letter on May 3, 2018, in which the Internal Revenue Service ("IRS") stated that the Plan was in compliance with the applicable requirements of the IRC. The Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of May 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

DTTS 401(K) PLAN

Notes to the Financial Statements

May 31, 2025 and 2024

(7) Subsequent events

Effective January 1, 2026, all participants who have reached 50 before the close of the taxable year and had earnings in excess of \$150,000 for the prior calendar year are required to make catch-up contributions to a Roth account within the Plan, subject to the Code limitations. Additionally, catch-up contributions for participants aged 60 to 63 are increased to \$11,250 per year.
