INDEPENDENT AUDITORS' REPORT

To the Administrator and Retirement Committee of the
Deloitte Savings Plan for Puerto Rico

Opinion

We have audited the accompanying financial statements of the Deloitte Savings Plan for Puerto Rico (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of May 31, 2025 and June 1, 2024, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of May 31, 2025 and June 1, 2024, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of May 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

DELOITTE SAVINGS PLAN FOR PUERTO RICO

NOTES TO THE FINANCIAL STATEMENTS

AS OF AND FOR THE YEARS ENDED MAY 31, 2025 AND JUNE 1, 2024

(1) Description of plan

The following description of the Deloitte Savings Plan for Puerto Rico (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more information.

(a) General

The Plan is a defined contribution plan and is sponsored by Deloitte LLP ("Deloitte") and its subsidiaries (collectively the "U.S. Firms"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan is administered by the Retirement Committee of Deloitte.

The Plan year ends on the Saturday nearest May 31.

(b) Plan transfers

There were no transfers between the Plan and another plan for the years ending May 31, 2025 and June 1, 2024.

(c) Participation

The Plan covers all employees, managing directors ("directors") and partners of Deloitte who are bona fide residents of the Commonwealth of Puerto Rico who meet the eligibility requirements of the Plan and have elected to participate ("participants"). Salaried employees who are at least 18 years of age (and work at least 20 hours per week) are eligible to participate immediately; salaried employees who work less than 20 hours per week and hourly employees are eligible to participate after performing one year of service (generally the first anniversary of date of hire) or, upon attainment of age 18, if later.

(d) Contributions

Employee and director participants may contribute to the Plan any whole percentage of his or her compensation from 1% to 60% on a pre-tax basis, up to the calendar year maximum contribution allowed by the Puerto Rico Internal Revenue Code of 2011 (the "Code"). The Plan allows for distribution rollovers from other qualified defined contribution and defined benefit plans, as described in the Plan document.

Each partner participant may make an annual contribution to the Plan not to exceed the maximum contribution allowed by the Code in effect as of the Plan year-end, less his or her contributions to the Deloitte Profit Sharing Plan for Puerto Rico. Partner contributions are determined and made after the Plan year-end.

Participants who have attained age 50 before the close of the taxable year are eligible to make catch-up contributions subject to the Code limitations.

The Plan provides for an annual nondiscretionary matching contribution to be made by the U.S. Firms equal to 50% of each participant's before-tax contributions not to exceed 6% of the participant's annual compensation. Participants who are employed by the U.S. Firms as of the end of the Plan year are immediately eligible for the matching contribution unless hired within sixty days preceding the last day of the Plan year. Such participants are not eligible for a matching contribution until the first day of the following Plan year. Designated firm directors and partners are not eligible to receive the matching contribution.

The Plan also provides for an employer non-elective contribution ("ENC") in an amount authorized and determined by the U.S. Firms. The Plan also includes a discretionary employer non-elective contribution ("DENC") in an amount authorized and determined by the U.S. Firms. An ENC and a DENC were not made for the years ended May 31, 2025 and June 1, 2024.

(e) Participant accounts

Each participant's account is credited or charged with the participant's contribution, the U.S. Firms' contributions, investment earnings and losses, and an allocation of administrative expenses. The benefit to which a participant is entitled is equal to the value of the participant's vested account balance.

(f) Vesting

Participants are always 100% vested in their own contributions and their ENC plus earnings and losses thereon. Participants whose initial date of hire is on or after May 29, 2011 and before May 29, 2022 vest in their U.S. Firms' matching contribution on a graded scale over four years of service. Those who have less than four years of service but more than three years of service on May 29, 2022 will be fully vested after three years as of May 29, 2022 as described under the terms of the Plan document. Participants whose initial date of hire is on or after May 29, 2022 vest in their U.S. Firms' matching contribution and DENC once they reach three years of service as described under the terms of the Plan document.

Participants whose initial date of hire is prior to May 29, 2011 are immediately 100% vested in their U.S. Firms' matching contributions plus earnings and losses thereon.

(g) Distributions, withdrawals, and notes receivable from participants

Each participant with an account balance in excess of \$5,000 at the time of termination of service is eligible to receive a lump-sum distribution, installment payments, or a partial distribution from the Plan of his or her vested account balance when any of the following events occurs: (1) termination of employment, (2) retirement, (3) attainment of age 59 1/2, (4) permanent disability, or (5) death. There is also a small benefit payout amount as described under the terms of the Plan document.

Each participant may borrow from his or her fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50 percent of his or her vested account balance, whichever is less. The repayment period of such note receivable cannot exceed five years. Interest rates are one half percent above the prime rate in effect on the date of the note receivable and range from 3.75% to 9.00% at May 31, 2025. Each note receivable is secured by an assignment of a security interest in the respective participant's account. Principal and interest are collected ratably through payroll deductions.

Participants may request a financial hardship withdrawal upon certification of an immediate and specific financial need for medical emergency, college expense, purchase of a primary residence, or to prevent eviction from or foreclosure on the mortgage on a primary residence or other financial needs as described in the Plan document. Hardship withdrawals are limited to the participant's elective account balance.

(h) Forfeited accounts

Forfeitures are created when participants terminate employment prior to becoming fully vested in the U.S. Firms' contribution portion of their accounts. Such forfeitures reduce the U.S. Firms' contributions to the Plan. Forfeitures utilized during 2025 and 2024 and forfeiture balances at May 31, 2025 and June 1, 2024 were not considered material to disclose.

(i) Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the U.S. Firms and are excluded from these financial statements. Certain recordkeeping fees are charged directly to the participants' accounts then transferred to and paid from the Plan's revenue account. Fees incurred by the Plan for the investment management services and certain participant recordkeeping fees are included in net appreciation in fair value of investments, because they are paid through revenue sharing, rather than a direct payment from the Plan.

(j) Amendments or termination of the Plan

The Plan may be amended by Deloitte at any time.

Although it has not expressed any intent to do so, Deloitte has the right to discontinue its matching contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(2) Summary of significant accounting policies

(a) Basis of accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

(b) Valuation of investments and income recognition

UBS Trust Company of Puerto Rico is the trustee of all Plan assets. Investments are carried at fair value as determined on the last day of the Plan year. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(c) Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the plan document.

(d) Payment of benefits

Benefits are recorded when paid.

(e) Use of estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(f) Risks and uncertainties

The Plan invests in a money market fund, mutual funds and commingled trust funds. These investments are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(g) Subsequent events

The Plan's management has evaluated events and transactions that occurred between May 31, 2025 and March 13, 2026, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

(3) Federal income tax status

The Plan Sponsor adopted a master retirement plan, which received a favorable determination letter from the Government of Puerto Rico's Department of Treasury ("PR Treasury") dated August 13, 2020. The Plan also received a favorable determination letter from PR Treasury dated June 29, 2023. The letters state that the master retirement plan and the Plan are qualified under Section 1081.01 of the Code and, therefore, the related trust is exempt from taxation. The Plan is required to operate in conformity with the Code to maintain its qualification.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the PR Treasury. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of May 31, 2025 and June 1, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(4) Fair value measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at May 31, 2025 and June 1, 2024.

Money market and mutual funds: Valued based on the funds' reported closing net asset value ("NAV") as of the last business day of the plan year. The funds are deemed to be actively traded. The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of May 31, 2025 and June 1, 2024:

Fair Value Measurements as of

Investments measured at NAV as a practical expedient (*)				4,712,480

*Certain investments are measured at NAV as a practical expedient to estimate fair value and, therefore, have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the items presented in the statements of net assets available for benefits.

The following table sets forth a summary of the Plan's investments whose values were estimated using a reported NAV as a practical expedient at May 31, 2025 and June 1, 2024, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

(5) Exempt party-in-interest transactions

Certain Plan investments in a money market fund, mutual funds and commingled trust funds totaling \$19,066,685 and \$16,540,927 as of May 31, 2025 and June 1, 2024, respectively, are managed by The Vanguard Group, Inc., the recordkeeper of the Plan. As described in Note 1, the Plan paid expenses to various service providers and holds notes receivable from participants. These transactions qualify as party-in-interest transactions.
