Plan Administrator  
Caribou Medical Center Employee Retirement Plan  
Soda Springs, Idaho

We are engaged to audit the financial statements of Caribou Medical Center Employee Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit), for the year ended December 31, 2024. Professional standards require that we provide you with the following information related to our audit. We would also appreciate the opportunity to meet with you to discuss this information further since a two-way dialogue can provide valuable information for the audit process.

#### **Our Responsibility under U.S. Generally Accepted Auditing Standards**

As stated in our engagement letter dated January 11, 2025, our responsibility, as described by professional standards, is to conduct our audit in accordance with auditing standards generally accepted in the United States of America except that, as permitted by Regulation 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and as elected by management, we will not perform any auditing procedures with respect to asset information prepared and certified to by Principal Life Insurance Company, the custodian, in accordance with DOL Regulation 2520.103-5, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedules, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America. Our audit of the financial statements does not relieve you or management of your responsibilities related to the preparation and fair presentation of the financial statements.

Our responsibility for the ERISA-required supplemental schedules accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedules, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

#### **Planned Scope, Timing of the Audit, Significant Risks, and Other**

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; therefore, our audit will involve judgment about the number of transactions to be examined and the areas to be tested.

Our audit will include obtaining an understanding of the Plan and its environment, including internal control, sufficient to assess the risks of material misstatement of the financial statements and to design the nature, timing, and extent of further audit procedures. However, we will not consider internal control relating to the information prepared and certified to by Principal Life Insurance Company. Material misstatements may result from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations, including prohibited transactions with parties in interest or other violations of ERISA rules and regulations, that are attributable to the Plan or to acts by management or employees acting on behalf of the Plan. We will communicate our significant findings at the conclusion of the audit. However, some matters could be communicated sooner, particularly if significant difficulties are encountered during the audit where assistance is needed to overcome the difficulties or if the difficulties may lead to a modified opinion. We will also communicate any internal control related matters that are required to be communicated under professional standards.

In the audit planning process, we identify balances, transactions, and disclosures that require specific audit attention due to a combination of their inherent risks and significance to the financial statements. Management override of controls receives specific audit attention in all audits. We have identified the following for specific audit attention:

- Management override of controls.

We began our audit in September 2025 and plan to issue our report in February 2026. Joe Lodge is the engagement principal and is responsible for supervising the engagement and signing the report or authorizing another individual to sign it.

This information is intended solely for the use of the plan administrator and management of the Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

To Whom It May Concern:

This letter is being submitted in connection with the Form 5500 for the above-referenced plan for the plan year ending 2024. At this time, the plan administrator is submitting the Form 5500 without the required independent qualified public accountants (IQPA) opinion, due to unforeseen delays in completing the audit.

We have been working closely with our independent auditor to complete the audit under ERISA Section 103(a)(3)(C); however, due to unforeseen circumstances, we were not able to have the auditor our 2024 Financial Statement completed by the filing deadline. We are currently in the process of completing the audit and once this is completed, we will promptly file the amended Form 5500 to include the audit of our 2024 Financial Statements.

We appreciate your understanding and consideration in this matter. If you have any questions or require additional information, please contact:
