INDEPENDENT AUDITORS' REPORT

To the Board of Trustees of Foursquare Healthcare, Ltd.
Health Care Benefits Trust

Opinion

We have audited the accompanying financial statements of Foursquare Healthcare, Ltd. Health Benefits Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of May 31, 2025 and 2024, and the related statement of changes of net assets available for benefits for the year ended May 31, 2025, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the benefit obligations and net assets available for benefits of the Plan as of May 31, 2025 and 2024, and the changes in its benefit obligations and net assets available for benefits for the year ended May 31, 2025, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, which raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a

material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, which raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

FOURSQUARE HEALTHCARE, LTD.
HEALTH CARE BENEFITS TRUST
NOTES TO FINANCIAL STATEMENTS
May 31, 2025 and 2024

1. DESCRIPTION OF PLAN

The following description of the Foursquare Healthcare Ltd. (the “Partnership”) Health Care Benefits Trust (the “Plan”) provides only general information. Participants should refer to the plan document for a complete description of the Plan’s provisions.

General

The Plan provides health benefits (medical, dental, and prescription drugs) to eligible employees of the Partnership and affiliated companies (collectively the “Companies”) and to their eligible dependents. The Plan also provides continuation of certain benefits under the provisions of the Consolidated Omnibus Budget Reconciliation Act of 1985 (“COBRA”). The Plan is subject to the provisions of Employee Retirement Security Act of 1974 (“ERISA”), as amended.

The Board of Trustees is responsible for oversight of the Plan.

Eligibility

Employees are eligible if they have worked on an active full-time basis at least 30 hours per week and are employed full-time for a continuous 60-day period.

Contributions

In addition to deductibles and copayments, participants contribute specified amounts based on applicable monthly premiums for their respective benefit elections. Participants contributions are based on the cost of coverage elected less amounts contributed by the Companies. Participant contributions are made via payroll deductions. From time to time, the Companies make contributions to the Plan as needed to fund claims in excess of participants’ contributions and to administer the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Recently Adopted Accounting Pronouncements

In June 2016, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) No. 2016-13, *Financial Instruments – Credit Losses* (Topic 326). ASU 2016-13 revises the accounting requirements related to the measurement of credit losses and requires the Plan to measure all expected credit losses for financial assets based on historical experience, current conditions, and reasonable and supportable forecasts about collectability. Assets must be presented in the financial statements at the net amount expected to be collected. On June 1, 2023, the Plan adopted ASU 2013-13 using the modified retrospective method. The adoption of this standard did not have a material impact on the Plan.

The Plan has adopted the *Current Expected Credit Losses* (CECL) standard (ASC 326) and has elected the practical expedient provided by Accounting Standards Update (ASU) 2025-05, *Financial Instruments—Credit Losses* (Topic 326): Measurement of Credit Losses for Accounts Receivable and Contract Assets. This practical expedient allows the Plan to measure expected credit losses on qualifying trade receivables and contract assets using only historical credit loss information, without considering reasonable and supportable forecasts of future economic conditions, provided such receivables are current as of the balance sheet date and have an original maturity of one year or less.

The Plan applies this policy consistently to all qualifying receivables and contract assets. As of May 31, 2025 and 2024, the Plan has not recorded an allowance for credit losses, as management believes all receivables are fully collectible.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (“GAAP”) requires plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Cash and Cash Equivalents

The Plan considers all highly liquid investments with an original maturity of three months or less to be cash equivalents.

Fair Value of Financial Instruments

The Plan’s financial instruments, none of which are held for trading purposes, include cash, accounts receivable, and accounts payable. The Plan estimates that the fair value of all financial instruments as of May 31, 2025 and 2024 does not differ materially from the aggregate carrying values of its financial instruments recorded in the accompanying financial statements.

Incurred But Not Reported (“IBNR”) Claims – Employer Receivable

The Plan recognizes IBNR claims receivable for amounts due from employers related to claims incurred by covered individuals but not yet reported to the Plan as of the reporting date. These receivables are estimated based on an actuarial analysis. Management evaluates these estimates periodically to ensure they reasonably reflect amounts expected to be collected. Adjustments to IBNR receivables are recorded in the period in which updated information becomes available.

Employer Contributions Receivable

Employer contributions receivable represent amounts due from the Companies for their portion of the health care benefit premiums. These contributions are recognized as revenue in the period in which the related coverage is provided. The Plan assesses the collectability of these receivables on an ongoing basis and establishes an allowance for credit losses accounts when collection is deemed uncertain, however, no allowance for credit losses is considered necessary as of May 31, 2025 and 2024, as management believes the receivables are fully collectible.

Employee Contributions Receivable

Employee contributions receivable consist of amounts withheld from employees’ wages by the Companies but not yet remitted to the Plan. These receivables are recognized when the employee deductions are due and are evaluated regularly for collectability. An allowance for credit losses is established when collection is not reasonably assured, however, no allowance for credit losses is considered necessary as of May 31, 2025 and 2024, as management believes the receivables are fully collectible.

Payment of Benefits

Current health claims of eligible employees and their eligible dependents are provided under a minimum premium contract with Cigna Health and Life Insurance Company (“Cigna”). Under this contract, the Plan is able to make claim payments as they become due. The Plan is also liable for amounts due to claims processors that have yet to be reimbursed by the Plan when the contract terminates.

Premiums paid by the Companies are recorded as premium payments in the accompanying Statement of Changes in Net Assets Available for Benefits. Claim payments are recorded when paid by the third-party claims’ processor. Amounts due to claims processors that have yet to be reimbursed by the Plan are recorded as health claims incurred but not reported in the accompanying statements net assets available for benefits.

Experience-Rated Contracts

Certain insurance contracts are subject to experience-rating adjustments. Experience ratings (calculated as the difference between premiums paid and the total of claims paid, and fees charged by the insurance company) are determined by the insurance company in the following year and may result in a premium surplus or deficit. No obligation for additional premiums due to a deficit has been included in benefit obligations as of May 31, 2025.

Refunds

Refunds are recorded when earned. Refunds due as of the financial statement date have been reported as a receivable, with the offset being netted against claims paid.

3. HEALTH CLAIMS INCURRED BUT NOT REPORTED

Plan obligations for health claims incurred but not reported as of May 31, 2025 and 2024, are estimated by the Plan's actuary in accordance with the accepted actuarial principles based on claims data provided by the Plan's third-party claims administrators. These amounts are paid by the Plan only if claims are submitted and approved for payment. Plan obligations for health claims incurred but not reported as of May 31, 2025 and 2024, are estimated to be \$255,295 and \$259,604, respectively.

4. BENEFIT OBLIGATIONS

Health costs incurred by participants and their eligible dependents are covered by insurance contracts maintained by the Plan. The Plan is funded through a fully insured arrangement which limits the Plan's obligation for claims incurred by participants. Premiums are received from the Companies and paid to the carriers. There is no additional risk to the Plan or funds to be paid to the Plan.

5. ADMINISTRATIVE EXPENSES

The Plan pays administrative expenses that consist primarily of administrative fees paid to third-party claims administrators, the actuary, and professional fees. These expenses are reported on the Statement of Changes in Net Assets Available for Benefits as administrative expenses.

6. TAX STATUS

The Internal Revenue Service has determined and informed the Companies by a letter dated March 23, 2007, that the Plan and related trust are designed in accordance with Section 501(c)9 of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, plan management believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan, disclose within the footnotes to the financials any potential impact to the Plan, and recognize a tax liability at the Companies level if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing jurisdictions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. PARTY IN INTEREST TRANSACTIONS

Claim processing for the Plan is managed by Cigna and Allied Benefit Systems, Inc. ("Allied"). Cigna and Allied are the third-party claims administrators as defined by the Plan, and therefore these transactions qualify as party in interest transactions under ERISA. Fees paid by the Plan for these services are included in administrative expenses.

Plan management estimates health claims incurred but not reported ("IBNR") based on actuarial calculations performed by HUB International, the actuary of the Plan. Fees paid to HUB International qualify as party in interest transactions and are included in administrative costs on IBNR.

The Plan is subject to an annual audit in order to remain in compliance with ERISA regulations. HM&M Group, LLC is the plan auditor and, therefore, this transaction qualifies as a party-in-interest transaction which is exempt from the prohibited transaction rules. Fees incurred by the Plan for the audit are included in administrative expenses.

8. TERMINATION OF THE PLAN

Although it has not expressed any intent to do so, the Companies have the right under the Plan to modify the benefits provided to, and contributions required of, participants to discontinue its contributions at any time and to terminate the Plan, in whole or in part, subject to the provisions of ERISA. In the event of termination of the Plan, remaining assets will be applied in a uniform and nondiscriminatory manner toward the provision of benefits for or on account of the participants. No assets of the Plan may revert to the Companies or be used for purposes other than for the exclusive benefit of the Plan's participants.

9. CONCENTRATION OF CREDIT RISK

The cash balances of the Plan are held in financial institutions in the North Texas area. If cash balances exceed amounts covered by insurance provided by the Federal Deposit Insurance Corporation, the excess balances could be at risk of loss. There is a cash at risk of loss of \$74,751 as of May 31, 2025.

10. RISKS AND UNCERTAINTIES

The actuarial present value of benefit obligations is reported based on certain assumption pertaining to interest rates, health care inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

11. SUBSEQUENT EVENT

Plan management has evaluated subsequent events through March 13, 2025, the date the financial statements were available to be issued, and determined there were no other items to disclose.
