INDEPENDENT AUDITOR'S REPORT

Board of Trustees
Wisconsin Glaziers and Glassworkers Money Purchase Fund
Madison, Wisconsin

Opinion

We have audited the accompanying financial statements of Wisconsin Glaziers and Glassworkers Money Purchase Fund (the Fund), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of May 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Fund as of May 31, 2025 and 2024, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Fund and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Fund's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Fund, and determining that the Fund's transactions that are presented and disclosed in the financial statements are in conformity with the Fund's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Fund's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of May 31, 2025 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The schedules of administrative expenses for the years ended May 31, 2025 and 2024 are provided for informational purposes only. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedule of assets (held at end of year), including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content of the supplemental schedule of assets (held at end of year) is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

May 31, 2025 and 2024

1. DESCRIPTION OF FUND

The following description of the Wisconsin Glaziers and Glassworkers Money Purchase Fund (the Fund) provides only general information. Participants should refer to the plan document for a more complete description of the Fund's provisions.

General

The Fund is a defined contribution plan that was established on June 1, 1979 as a result of collective bargaining agreements among Glaziers Local Union No. 1204, Local Union No. 770 (the Unions), and certain employers of Union members. The Fund was created for the purpose of providing retirement benefits for the participants and their beneficiaries.

The Fund is administered by a Board of Trustees (the Trustees) consisting of a union group and an employer group of representatives each having equal voting power. The Fund is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

The Trustees are responsible for oversight of the Fund and determine the appropriateness of the Fund's investment offerings and monitor investment performance. The Trustees have engaged the services of BeneSys, Inc. as the third-party administrator to handle the daily administration of the Fund. Transamerica Retirement Solutions, LLC (the custodian) has been appointed custodian and recordkeeper for the Fund.

Contributions

The Fund is financed by employer contributions in accordance with the terms of the participating employers' collective bargaining agreements. Pursuant to terms of the collective bargaining agreements, participating employers contribute up to \$14.04 per hour. No contributions are permitted by employees, except that participants may make rollover contributions from other qualified plans. Effective June 1, 2024, participants of the Racine Painters & Allied Trades Union Local 108 & Associated Pension Plan were permitted to rollover their account balances into the Fund. Total rollover contributions for the years ended May 31, 2025 and 2024 were \$2,693,117 and \$0, respectively.

Employer contributions are received from employers for the operation of the Fund. Employer contributions are recognized in the period that coincides with the completion of the related work hours.

1. DESCRIPTION OF FUND (Continued)

Investment Options

Participants may direct the investment of their account balances in multiples of 1% to any of the defined investment options offered by the Fund and maintained by the custodian. Participants may change their investment options daily.

Participant Accounts

Each participant's account is credited with the employer's contribution and an allocation of the Fund's net earnings (losses) and charged with the participant's benefit payments and an allocation of administrative expenses and any fees directly allocated to their account. Allocations are based on participant's earnings (losses), account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their accounts.

Payment of Benefits

Benefits may be paid to the participant or beneficiary upon death, disability, retirement or termination of employment, as defined in the Fund document. The Fund provides for normal retirement at age 65 and early retirement on or after attaining age 55. The total vested portion of a participant's account balance is distributed in the form of a lump-sum payment, installments, or an annuity. For participant accounts that do not exceed \$7,000 (\$5,000 prior to January 1, 2024), distributions are made in a single lump-sum payment.

Administrative Expenses

Certain expenses of maintaining the Fund are paid from fund assets. These expenses include legal fees, audit and accounting fees, conferences, insurance, bank charges, and other office expenses. The Fund also pays investment management and fund administration fees from fund assets.

In addition, the Fund was eligible for expense reduction credits from the custodian. The expense reduction for the years ended May 31, 2025 and 2024 totaled \$249,468 and \$212,661, respectively, and are netted with investment expenses on the statements of changes in net assets available for benefits as revenue sharing.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Fund have been prepared on the accrual basis of accounting.

Cash

Cash is defined as currency on hand, in demand deposits.

Use of Estimates

The preparation of financial statements is in conformity with accounting principles generally accepted in the United States of America (US GAAP) and requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Employer Contributions Concentrations

Employers remit contributions to the Fund based on the number of hours worked by the participants. Therefore, employer contributions are dependent upon the construction and working environment of the area serviced by the Unions. Two employers accounted for approximately 42% of the Fund's contributions for the year ended May 31, 2025. Four employers accounted for approximately 75% of the Fund's contributions for the year ended May 31, 2024.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Trustees determine the Fund's valuation policies and procedures utilizing information provided by the investment adviser and custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes gains and losses on investments bought and sold as well as held during the year.

Payments of Benefits

Benefit payments to participants or beneficiaries are recorded when paid.

**WISCONSIN GLAZIERS AND GLASSWORKERS

NOTES TO FINANCIAL STATEMENTS (Continued)**

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level: 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Fund has the ability to access at the measurement date.

Level: 2 Inputs to the valuation methodology other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- a. Quoted prices for similar assets or liabilities in active markets,
- b. Quoted prices for identical or similar assets or liabilities in inactive markets,
- c. Inputs other than quoted prices that are observable for the asset or liability,
- d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level: 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at May 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Fund are open-ended mutual funds that are registered with the US Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Fund are deemed to be actively traded.

Collective trusts: Investments are valued using the net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. The NAV is a readily determinable fair value and is the basis for current transactions.

WISCONSIN GLAZIERS AND GLASSWORKERS
MONEY PURCHASE FUND
NOTES TO FINANCIAL STATEMENTS (Continued)

3. FAIR VALUE MEASUREMENTS (Continued)

Stable value collective trust: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value (NAV) of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. Were the Fund to initiate a full redemption of the stable value collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure the securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values and are not necessarily an indication of the risk associated with investing in those securities. Furthermore, although the Fund believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Fund's assets at fair value as of May 31, 2025 and 2024:

Description	Assets at Fair Value as of May 31, 2025			
	Level 1	Level 2	Level 3	Total

3. FAIR VALUE MEASUREMENTS (Continued)

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table presents the fair value, unfunded commitments, participant redemption frequency, and participant redemption notice period for fund investments for which fair value is measured using the net asset value per share practical expedient as of May 31, 2025 and 2024:

	Fair Value		Unfunded Commitments		Participant Redemption Frequency	Participant Redemption Notice Period
	2025	2024	2025	2024		
Galliard Stable Return C Fund	\$ 2,663,290	3,630,771	\$ -	\$ -	Daily	N/A

4. FUND TERMINATION

Although they have not expressed any intent to do so, the Trustees have the right under the Fund to terminate the Fund at any time subject to the provisions of ERISA. Any unallocated assets of the Fund shall be allocated to participant accounts and distributed in such a manner as the Trustees may determine.

5. TAX STATUS

The Internal Revenue Service (IRS) has determined and informed fund management by a letter dated April 22, 2015, that the Fund is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Fund has been amended since receiving the determination letter. However, the fund administrator believes that the Fund is designed and is currently being operated in compliance with the applicable provisions of the IRC.

US GAAP requires management to evaluate tax positions taken by the Fund and recognize a tax liability (or asset) if the Fund has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Fund is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

MONEY PURCHASE FUND
NOTES TO FINANCIAL STATEMENTS (Continued)**

6. RISKS AND UNCERTAINTIES

The Fund invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. SUBSEQUENT EVENTS

The Fund has evaluated subsequent events through March 16, 2026, which was the date that these financial statements were available for issuance and determined that there were no significant nonrecognized subsequent events through that date.
