INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
BlueForce, Inc. Employee Stock Ownership Plan

Opinion

We have audited the accompanying financial statements of BlueForce, Inc. Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets (deficit) available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets (deficit) available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets (deficit) available for benefits of BlueForce, Inc. Employee Stock Ownership Plan as of December 31, 2024 and 2023, and the changes in its net assets (deficit) available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of BlueForce, Inc. Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about BlueForce, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of BlueForce, Inc. Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about BlueForce, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

BLUEFORCE, INC.
EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 1 - PLAN DESCRIPTION AND BASIS OF PRESENTATION

The following description of the BlueForce Inc. Employee Stock Ownership Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

BlueForce, Inc. (the Company) established the BlueForce, Inc. Employee Stock Ownership Plan (the Plan) effective as of January 1, 2018. The Plan operates as a leveraged employee stock ownership plan (ESOP) and is designed to comply with Section 4975(e)(7) and the regulations there under of the Internal Revenue Code of 1986, as amended (IRC), and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by an Administrative Committee appointed by the Company's board of directors. The Company's board of directors has appointed an independent third-party as the Plan's trustee.

On December 20, 2018, the Plan purchased 1,000,000 shares of the Company's common stock which is held in a trust established under the Plan. The stock was purchased at a price of \$16.92 per share, for an aggregate purchase price of \$16,918,000, which was paid with a loan from the Company.

The loan is collateralized by the unallocated shares of common stock. The Company has no rights against shares of common stock once they are allocated to participants in accordance with the terms of the ESOP. Accordingly, the financial statements of the Plan as of and for the years ended December 31, 2024 and 2023 present separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees with rights in allocated common stock (allocated), and (b) common stock not yet allocated to employees (unallocated).

Eligibility

To be eligible to participate in the Plan, employees must be at least 21 years of age and be credited with 1 year of service. A year of service is defined as an eligibility computation period during which an employee is credited with at least 1,000 hours of service. The plan excludes the following classes of employees: (1) employees covered by a collective bargaining agreement, and (2) leased employees. Participants who do not have at least 1,000 hours of service during such Plan year or are not employed on the last working day of a Plan year are generally not eligible for an allocation of Company contributions for such year.

Contributions

The Company is obligated to make contributions in cash to the Plan which, when aggregated with the Plan's dividends and interest earnings, equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its loan. Employee contributions are not permitted.

BLUEFORCE, INC.
EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Allocations

Contributions for each plan year are allocated to eligible participants that: (a) have worked at least 1,000 hours for the Plan Year and are employed by the Company on the last day of the Plan Year; or (b) have terminated employment during the Plan Year on account of Death, permanent Disability, or after reaching the normal Retirement date (“DDR”). Each participant will receive a portion of the total contribution in the same ratio to the contribution as their eligible compensation for the plan year bears to the total eligible compensation of all participants who are eligible in receiving the contribution.

Payment of Benefits

The Plan provides for the distribution of the participant's account upon normal retirement (age 65), disability, death, or termination of employment. For any reason other than termination of employment, distribution of a participant's account balance will commence not later than one year after the close of the plan year in which their retirement, disability or death occurred. For termination of employment, distribution of a participant's account balance for the value of the Company stock will commence within five years after the close of the year in which your employment with the Company is terminated, but no before the ESOP loan is repaid. The amount of assets other than Company stock to which a participant is entitled will be distributed within one year after the close of the Plan year in which employment is terminated. Distributions shall be paid as a lump sum for accounts less than \$7,000. If a participant's vested account balance exceeds \$7,000 the participant has the right to defer receipt of the benefits until the earlier of their death, normal retirement age, or the termination of the Plan.

Administrative Expenses

As provided in the Plan Agreement, administrative expenses may be paid either by the Plan or by the Company. The Company paid the majority of operating expenses for the Plan for the years ended December 31, 2024 and 2023.

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of shares of the Company's common stock released by the Trustee from the unallocated account and forfeitures of terminated participants' non-vested accounts. Plan earnings are allocated to each participant's account based on the ratio of the participant's beginning of the year account balance after first reducing account balances for distributions.

BLUEFORCE, INC.
EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Voting Rights

All Company stock held by the Trust is voted by the Trustee. In the event of any corporate matter which would constitute a merger, consolidation, recapitalization, reclassification, liquidation, dissolution, or sale of substantially all assets, each participant who has been allocated shares of stock may instruct the Trustee as to the voting of those shares. The Trustee shall vote any unallocated shares held by the Trust as well as any allocated shares for which a participant has failed to give timely voting direction.

Vesting

If a participant's employment with the Company ends for any reason other than retirement, permanent disability, or death, he or she will vest in the balances in his or her account based on total years of service with the Company.

A year of service is defined as a plan year during which a participant has worked 1,000 hours. A participant's account automatically becomes 100% vested if the participant terminates employment with the Company because of death, permanent disability, or after reaching normal retirement age. The vesting schedule is as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Put Option

Under federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current appraised value of the stock.

BLUEFORCE, INC.
EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments that are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a 6-year period. In each of the first 5 years, a participant may diversify up to 25 percent of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50 percent. Participants who elect to diversify receive a cash distribution. The election to diversify must be made within 90 days after the close of the Plan year to which the direction applies.

No plan participant will qualify for diversification distributions until at least the 2027 plan year.

Forfeited Accounts

Plan forfeitures are allocated to each participant's account based upon the relation of the participant's eligible compensation to total eligible compensation for the Plan year. There were no forfeitures allocated to participants during the year ended December 31, 2024. There were no forfeited non-vested accounts to be allocated to participant accounts in future years as of December 31, 2024 and 2023.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principals generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in accordance with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Allocations

The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees with rights in allocated stock (“allocated”) and (b) stock not yet allocated to employees (“unallocated”), including shares that are committed to be released. Shares are released from collateral and become allocated generally in the period in which debt service is actually paid.

BLUEFORCE, INC.
EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Investment Valuation and Income Recognition

The shares of Company common stock are reported at fair value. See Note 4 for a discussion of the fair value measurements. Dividend income is accrued on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through February 20, 2026, the date the financial statements were available to be issued and concluded there were no events that require recording or disclosure in the financial statements as of December 31, 2024.

NOTE 3 - INVESTMENTS

The Plan's investments, at December 31, are presented in the following table:

BlueForce, Inc. common stock:

	<u>2024</u>		<u>2023</u>	
	<u>Allocated</u>	<u>Unallocated</u>	<u>Allocated</u>	<u>Unallocated</u>
Number of shares	545,001	454,999	504,242	495,758
Cost	\$ 9,220,327	\$ 7,697,673	\$ 8,530,766	\$ 8,387,234
Estimated fair value	\$ 2,065,553	\$ 1,724,447	\$ 1,154,714	\$ 1,135,286

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

BLUEFORCE, INC.
EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Level 2: Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities, (2) quoted prices for identical or similar assets or liabilities in inactive markets, (3) inputs other than quoted prices that are observable for the asset or liability, (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2024		2023	
	<u>Level 3</u>	<u>Total</u>	<u>Level 3</u>	<u>Total</u>
Investment in BlueForce, Inc. common stock	<u>\$ 3,790,000</u>	<u>\$ 3,790,000</u>	<u>\$ 2,290,000</u>	<u>\$ 2,290,000</u>
Total assets at fair value	<u><u>\$ 3,790,000</u></u>	<u><u>\$ 3,790,000</u></u>	<u><u>\$ 2,290,000</u></u>	<u><u>\$ 2,290,000</u></u>

Following is a description of the valuation methodologies used for assets measured at fair value.

BLUEFORCE, INC.
EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

The BlueForce, Inc. common stock held by the Plan is reported at fair value based upon an appraisal. This appraisal was based upon a combination of the market and income valuation techniques consistent with prior years as illustrated in the following table.

<u>Instrument</u>	<u>Principal Valuation Technique</u>	<u>Unobservable Inputs</u>
BlueForce, Inc. common stock	Income	EBITDA Net income Weighted average cost of capital Discount rate Long term growth rate Discount for lack of
	Market	Public comparable Revenue multiples EBITDA multiples Discount for lack of marketability

The valuation process involves the selection of an appraiser by the Trustee. Plan management accumulates the data for the appraiser from historical and projected financial information of the Company. The appraiser prepares a report of estimated per share value that a participant will receive upon distribution. The trustee provides the final approval of the annual share price.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 - LOAN PAYABLE

On December 20, 2018, the Plan entered into a \$16,918,000 loan agreement with the Company. The proceeds of the loan were used to purchase Company common stock. Unallocated shares are collateral for the loan. Shares are released from collateral and allocated to participants as payments of principal and interest are made. The number of shares released in any year is the number of shares held as collateral, times the ratio of the current year payments divided by the total of this year's payments, plus all future years' principal and interest payments.

BLUEFORCE, INC.
EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

The agreement originally provided for the loan to be repaid over 25 years. The loan bears interest at a rate of 3.310% with annual payments of \$1,005,429. The Company is able to make loan prepayments at any time without premium or penalty and such prepayments will be applied to the annual payments due in the inverse order of maturity. The scheduled amortization of the loan for the next 5 years is as follows:

For the year ending December 31,	
2025	\$ 775,284
2026	800,503
2027	827,000
2028	853,959
2029	882,639
Thereafter	<u>3,755,417</u>
	<u><u>\$ 7,894,802</u></u>

As of December 31, 2024, the Plan is out of compliance with the repayment terms of the loan payment as required through the stock purchase agreement.

NOTE 6 - TAX STATUS

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated November 14, 2019, stating that the Plan is qualified under the IRC and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken a significant uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - PLAN TERMINATION

The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon termination of the Plan, the Plan Administrator directs the Trustee to pay all liabilities and expenses of the ESOP and to sell shares of financed common stock held as collateral to the extent it determines such sale to be necessary in order to repay the loan. Subsequently, the interest of each participant in the trust fund will be distributed to such participant or their beneficiary at the time prescribed by the Plan terms and the IRC. Participants will become 100% vested if the Plan is terminated or partially terminated.

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 8 - PARTIAL PLAN TERMINATION

During the year ended December 31, 2024, the Plan experienced a partial termination as defined under Internal Revenue Code Section 411(d)(3). This was the result of a significant reduction in workforce, with approximately 30% of the Plan's participants being involuntarily terminated during the year ended December 31, 2024.

There was no material financial impact to the Plan's total assets as a result of the partial termination; however, employer contributions that were previously unvested and subject to forfeiture are now fully vested for those affected participants. Management has evaluated the impact of this event and concluded that all affected participants have been properly vested. No further action is required by the Plan regarding this event.

NOTE 9 - RELATED PARTIES AND PARTIES IN INTEREST TRANSACTIONS

The Plan invests in Company common stock and has a loan with the Company. These are related party and party in interest transactions. As described in Note 1, the Company may pay plan expenses. The Plan has a number of service providers. Such providers are parties in interest under ERISA.

Certain administrative functions are performed by officers and employees of the Company. No officer or employee receives compensation from the Plan for these services.

NOTE 10 - RISKS AND UNCERTAINTIES

The Plan investments consist primarily of the Company's common stock, which is exposed to various risks, such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows, and other such techniques. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in estimates and assumptions, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.
