Independent Auditor's Report

To the Plan Administrator and Those Charged with Governance
MSABC Multiple Employer 401(K) Plan
Pearl, Mississippi

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of MSABC Multiple Employer 401(K) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of May 31, 2025 and December 31, 2024, and the related statement of changes in net assets available for benefits for the period January 1, 2025 through May 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by the qualified institution, Transamerica Financial Life Insurance Company, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from the qualified institution as of May 31, 2025 and December 31, 2024, and for the period January 1, 2025 through May 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter

As described in the Notes 1 and 7 to the financial statements, the Plan was merged into The Architect Retirement PEP Plan, a pooled employer plan, effective May 31, 2025. Our opinion has not been modified with respect to this matter.

Responsibilities of Management

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Information Required by ERISA

The supplemental information of Schedule H, line 4a – schedule of delinquent participant contributions and Schedule H, line 4i – schedule of assets (held at end of period), as of or for the period ended May 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental information, other than the information in the supplemental information that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental information related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MSABC MULTIPLE EMPLOYER 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan

The following description of the MSABC Multiple Employer 401(K) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General and eligibility

The Plan is a multiple employer defined contribution plan, established on October 1, 2013, and amended and restated on January 1, 2022, to comply with certain tax legislation. The Plan is sponsored by the Associated Builders & Contractors – Mississippi Chapter (the Association, Sponsor, or Sponsoring Employer). The purpose of the Plan is to provide benefits to eligible employees of the Association, as well as eligible employees of any member of the Association that elects to adopt the Plan (Adopting Employers or Participating Employers). Employees of the Sponsor and Adopting Employers are eligible to participate in the Plan based on elections made by the Adopting Employers. The Plan qualifies as a multiple employer plan as described in Section 413(c) of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Each Adopting Employer may designate the parameters for eligibility requirements and participation in the Plan as well as their employer contributions, if any. Eligible employees of the Sponsor and Adopting Employers may enter the Plan on various dates coinciding with or following the date on which the employees meet the eligibility requirements elected by their Adopting Employer.

The Plan has an arrangement with Transamerica Financial Life Insurance Company (Transamerica or the Custodian), the Plan's Custodian, and its affiliate, Transamerica Retirement Solutions (TRS), which provides recordkeeping services to the Plan.

Plan merger

Effective May 15, 2025, the Sponsor executed an adoption agreement with The Architect Retirement PEP Plan (successor plan), a pooled employer plan, and transferred the participant accounts of Adopting Employers and substantially all of the Plan's assets totaling \$10,262,509 to the successor plan on May 31, 2025. The financial statements reflect activity in the Plan through the date of transfer, May 31, 2025.

Contributions

Each year, participants may contribute an amount of annual compensation, as elected by their Adopting Employer, subject to Internal Revenue Service (IRS) limitations. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also rollover amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants may make Roth elective deferrals in accordance with the Plan's provisions.

Through May 31, 2025, Adopting Employers may make safe harbor, matching, discretionary matching and/or profit-sharing contributions at an amount determined in accordance with the formula specified in the adoption agreement, if so elected. Adopting Employer contributions, if any, are recorded in the year for which the contributions apply. Aggregate Participating Employer contributions for the period ended May 31, 2025, amounted to \$161,400. Adopting Employer contributions are invested in funds in accordance with the participant's direction and the Plan's provisions. Contributions are subject to certain IRS limitations.

Participant accounts

Each participant's account is credited with the participant's contribution, and an allocation of: (a) their Adopting Employer's contributions, if any, and (b) Plan earnings or losses. Participants are charged with his or her withdrawals and an allocation of Plan administrative expenses. Allocations are based on participant earnings or losses, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options offered by the Plan.

Vesting

Participants are immediately vested in their individual voluntary contributions and their Adopting Employer's safe harbor contributions, if any, plus actual earnings or losses thereon. Vesting in the remainder of their accounts is based on years of credited service. Vesting schedules are based on annual vesting periods not to exceed six years and vary by Participating Employer based on elections made in their adoption agreement. Participants become fully vested upon reaching normal retirement age of sixty-five (65), death, or becoming disabled.

Forfeitures

Forfeited nonvested accounts may be used to offset Plan administrative expenses or reduce future Participating Employer contributions. At May 31, 2025 and December 31, 2024, available forfeited nonvested accounts totaled \$0 and \$10,729, respectively. For the period ended May 31, 2025, forfeitures approximating \$5,150 were used to pay Plan administrative expenses and/or offset Participating Employer contributions. Any forfeited nonvested accounts were transferred to the successor plan on May 31, 2025.

Notes receivable from participants

Plan participants are permitted to borrow from their account a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance. Loan terms range from one to five years unless the loan is used to acquire a principal residence of the participant which must be repaid in a reasonable period of time not to exceed thirty years. Loans are secured by the vested account balance in the participant's account, and bear interest at the prime rate plus 2%. A participant may only have one (1) loan outstanding at any time. Principal and interest are repaid through regular payroll deductions. These loans are subject to certain restrictions as defined by the Plan Document and applicable restrictions under the IRC.

Payment of benefits

On termination of service due to death, disability, or normal retirement age (65), a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum distribution, or in monthly installments. For termination of service due to other reasons, a participant may choose to leave the vested interest in the Plan if such amounts exceed \$5,000 or elect a lump-sum distribution. Participants with vested amounts less than \$5,000 must elect a lump-sum distribution. Participants may elect to take an in-service distribution of their vested accounts if they meet certain defined requirements, including becoming disabled, early retirement (age 59½), or due to heavy financial hardship, as defined.

Note 1 – Description of Plan, Continued

Plan administration

The Company is the Plan Administrator, and as such, controls and manages the operations of the Plan. The Plan's investment assets were maintained by Transamerica. The Plan Sponsor contracted with Nova 401(k) Associates to act as the Plan's third-party administrator. The Plan allows certain administrative expenses to be paid from Plan investment assets. Transamerica maintains the records of the participants' data and invests cash received, interest and dividend income and makes distributions to participants (subject to the direction of the participants). Fees from covered service providers of the Plan are in compliance with the Department of Labor's (DOL) regulations regarding ERISA Section 408(b)(2).

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates

The preparation of financial statements in accordance with U.S. GAAP requires Plan management to make estimates and assumptions that affect certain reported amounts of assets and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates, and such differences could be material.

Investment valuation and income recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract which is valued at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor and the Custodian.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the period.

Risks and uncertainties

The Plan provides for various investment securities. Investment securities are exposed to various risks, such as interest rate risk, market risk, liquidity risk and credit risk. Due to the level of risk associated with certain investment securities, including the uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in such risks in the near-term would materially affect participants' account balances and the amounts reported in the financial statements.

Contributions

Contributions from Plan participants, the safe harbor and matching contributions from the Participating Employers are recorded in the period in which the participant contributions are withheld from compensation.

Note 2 – Summary of Significant Accounting Policies, Continued

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual method. Related fees are recorded as administrative expenses and expensed as incurred. No allowance for credit losses has been recorded as of May 31, 2025 and December 31, 2024. Any delinquent notes receivable from participants are reclassified as distributions based on the terms of the Plan agreement.

Payment of benefits

The Plan records benefits when paid.

Plan expenses

The Plan classified certain administrative expenses as an expense rather than as a reduction of investment income. Certain expenses paid by the Plan consist of recordkeeping, custodian, and third-party administrator fees. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

In addition, the Plan utilizes an expense budget account (EBA). The EBA is used to pay Plan expenses, as needed. The balance of the EBA as of May 31, 2025 and December 31, 2024, was \$0 and \$3,370, respectively. During the period May 31, 2025, a total of \$27,405 of funds in the EBA were utilized to pay Plan expenses.

Uncertain tax positions

U.S. GAAP requires the Plan to assess its uncertain tax positions for the likelihood they would be overturned upon examination by the IRS. In accordance with this guidance, the Plan Administrator has determined it does not have any positions at May 31, 2025, that it would be unable to substantiate.

Note 3 – Investment Information Certified by the Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Transamerica Financial Life Insurance Company, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental information is complete and accurate:

- Investments and notes receivable from participants as shown on the statements of net assets available for benefits as of May 31, 2025 and December 31, 2024;
- Net investment activity and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the period January 1, 2025 through May 31, 2025; and
- Investment information included in the Schedule H, Line 4i – Schedule of Assets (held at end of period) as of May 31, 2025, as shown on the ERISA-required supplemental information.

At the request of the Plan's Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified information to the related investment information included in the financial statements, including the disclosures related to the investments to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP, and in the ERISA-required supplemental information, including assessing whether the supplemental information is in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 4 – Fair Value Measurements

Accounting guidance provides a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1	Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access.
Level 2	Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities.
Level 3	Significant unobservable inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the applicable methodology used at May 31, 2025 and December 31, 2024.

Following is a description of the valuation methodology used for assets measured at fair value:

Pooled separate accounts – valued at its NAV based upon the units of such pooled separate accounts held by the Plan at year-end multiplied by the respective unit value. The unit values of the pooled separate accounts are based upon significant observable inputs but are not based upon quoted market prices in an active market and are therefore considered Level 2 investments within the fair value hierarchy.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value, on a recurring basis, as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 9,989,361	\$ -	\$ 9,989,361

Note 5 – Guaranteed Investment Contract with Insurance Company

The Plan invests in a fully benefit-responsive investment contract (FBRIC) issued by Transamerica (the issuer). As of May 31, 2025 and December 31, 2024, contract value of the FBRIC, as reported by Transamerica, was \$0 and \$42,921, respectively. Transamerica maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Transamerica is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The effective rate of interest is established every January 1 and July 1 and is based on the daily balance, at a rate that is the daily equivalent of the effective annual rate of interest applicable for the six-month period. The average crediting rate for the period ended May 31, 2025, was 1.70%. Per the contract's terms, Transamerica may not terminate the agreement prior to the scheduled maturity date.

This contract met the fully benefit-responsive investment criteria and, therefore, is reported at contract value. Contract value is the relevant measurement for fully benefit-responsive investment contracts, because it is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals and expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on Transamerica's ability to meet its financial obligations. Transamerica's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with Transamerica. Such events include amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, bankruptcy of the Sponsor or other Sponsor events that cause a significant withdrawal from the Plan, the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or premature termination of the contract.

The Plan Administrator does not believe the Plan merger limited the ability of the Plan to transact at contract value with Transamerica or limited the ability of participants to transact at contract value with the participants. In addition, certain events allow Transamerica to terminate the contract with the Plan and settle at an amount different from contract value. Such events include an uncured violation of the Plan's investment guidelines, a breach of material obligation under the contract, a material misrepresentation, or a material amendment to the agreement without the consent of Transamerica.

Note 6 – Party-In-Interest Transactions

Parties-in-interest are defined under DOL Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Sponsoring Employer, Adopting Employers and certain others. Through May 31, 2025, the Plan's investments were held by Transamerica, the Plan's Custodian. TRS is the Plan's recordkeeper and an affiliate of Transamerica. Therefore, transactions with Transamerica and TRS qualify as party-in-interest transactions. Such transactions are exempt from the prohibited transaction rules under ERISA.

Certain administrative functions are performed by officers and employees of the Sponsoring Employer. No officer or employee receives compensation from the Plan for these services.

Transamerica receives revenue from service providers for services Transamerica provides to the funds. This revenue is used to offset certain amounts owed to Transamerica for its administrative services. Fees incurred for the Plan for investment management services are included in net appreciation in fair value of investments, which were not covered by revenue sharing. The Plan also made direct payments to service providers which were not covered by revenue sharing.

MSABC MULTIPLE EMPLOYER 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 7 – Plan Merger

On May 15, 2025, the Sponsoring Employer approved a plan of merger and executed an adoption agreement with The Architect Retirement PEP Plan, a pooled employer plan (successor plan). Plan management notified Transamerica prior to the merger date as to its termination of its contract with Transamerica. On May 31, 2025, the Plan transferred all of the Plan's assets and participant accounts into the successor plan.

Note 8 – Plan Transfers

In the normal course of business, the Sponsor adds Adopting Employers, and assets from the individual qualified plans that the Adopting Employers previously sponsored are transferred into the Plan, in conjunction with the Adopting Employer's adoption of the Plan. Likewise, as Adopting Employers terminate their arrangement with the Sponsor and adopt different qualified plans, assets attributable to these outgoing Adopting Employers and related participant accounts are transferred out of the Plan.

Note 9 – Tax Status

On June 30, 2020, the IRS stated that the Non-Standardized Pre-Approved profit-sharing plan with CODA adopted by the Plan, as then designed, qualifies under Section 401(a) of the IRC and, therefore, the Plan and its related trust are tax-exempt. The Plan has not received a determination letter specific to the Plan itself. The Plan has been amended since adoption; however, the Plan Administrator and the Plan's tax counsel believe that the Plan is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2022.

Note 10 – Delinquent Participant Contributions

During the period ended May 31, 2025 and year ended December 31, 2024, participant contributions and loan repayments totaling \$13,485 and \$112,089, respectively, were not remitted to the Plan within the period prescribed by DOL regulations. These transactions constitute non-exempt party-in-interest transactions as defined by ERISA. The Participating Employers and third-party administrator are in the process of correcting the late 2024 and 2025 contributions and remitting lost earnings to the Plan.

Note 11 – Operational Defect

During the year ended December 31, 2024, Plan management discovered that certain of the Plan's provisions were not properly applied in the daily operation of the Plan. A certain Adopting Employer incorrectly calculated its employer matching contributions in accordance with elections made in its adoption agreement. The Plan Administrator determined the affected participants were to receive approximately \$92,000 of the previously under-allocated employer matching contributions in order to make the affected participants and the Plan whole, including interest, which is included in employer contributions receivable in the accompanying statement of net assets available for benefits as of December 31, 2024. The Adopting Employer did not deposit these funds during the period ended May 31, 2025. The employer contributions receivable were transferred to the successor plan. The Adopting Employer filed a Voluntary Correction Program (VCP) submission with the IRS. The Sponsor does not expect the VCP submission to affect the Plan's tax status.

Note 12 – Subsequent Events

The Plan evaluated events occurring subsequent to May 31, 2025 through March 13, 2026 the date on which the financial statements were available to be issued, for matters that should be recorded in the financial statements or disclosed in the footnotes thereto.
