Independent Auditor's Report

To the Plan Administrator
Human Resources, Inc. Retirement Savings Plan

Opinion

We have audited the financial statements of Human Resources, Inc. Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of May 19, 2025 and December 31, 2024, and the related statement of changes in net assets available for benefits for the period from January 1, 2025 through May 19, 2025, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of May 19, 2025 and December 31, 2024, and the changes in net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter - Merging Plan

As further discussed in Note 1 to the financial statements, the Plan merged with Engage PEO Retirement Savings Plan effective May 19, 2025. Our opinion is not modified with respect to that matter.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Human Resources, Inc. Retirement Savings Plan

Notes to Financial Statements May 19, 2025

Note 1 - Description of Plan

The following description of the Human Resources, Inc. Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document, adoption agreements, and amendments for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan and was formed effective January 1, 2011 by Human Resources, Inc. (the "Plan Administrator"). The Plan is a multiple-employer plan and subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective April 14, 2025, the Plan was amended to merge certain employers, including their plan assets, into SynchronyHR Retirement Savings Plan. Effective May 19, 2025, the Plan was again amended to merge the remaining employers and plan assets into Engage PEO Retirement Savings Plan and terminate the Plan.

Eligibility

The Plan covers all employees, as defined in the Plan, of the adopting employers (the "Employers") who have completed the age and service requirements selected by each Employer in their respective adoption agreements. New Employers entering the Plan may initially waive the eligibility requirements as of the Plan effective date. Once an employee meets their respective Employer's age and service requirement, they can enter the Plan on the first day of the following month.

Contributions

Participants may elect to contribute up to 98% of eligible pre-tax annual compensation, after-tax annual compensation (Roth), or any combination thereof, as defined in the Plan. These participant contribution percentages may be changed at any time. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment allocation of their contributions into various investment options offered by the Plan. These participant investment allocations may be changed by the participants at any time. The Plan also includes an optional auto-enrollment provision, if elected by the Employer, whereby newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan.

Discretionary employer-provided matching contributions may be made to the Plan. The match, if any, will be a specified percentage of the elective contributions the employee makes to the Plan. The Employers will determine the amount of the discretionary contributions, if any, they will make each Plan year. Employers can also elect to make a safe harbor plan design contribution which aids the companies in passing discrimination testing required by ERISA. Discretionary employer-provided profit sharing contributions may also be made to the Plan. Allocation of these contributions to participants will be made in accordance with the formula selected by the Employers, as defined in the Plan. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant accounts

Each participant's account is credited with the participant's contributions and employer-provided matching contributions, as well as allocations of the employer-provided profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Human Resources, Inc. Retirement Savings Plan

Notes to Financial Statements May 19, 2025

Vesting

Participant contributions and Employer safe harbor matching contributions are automatically 100% vested. Each adopting Employer selects among three options for vesting of employer contributions, and the vesting percentage of the contributions in an employee's account will be based on their years of service from their original date of hire. Under the first option, employer contributions are 20% vested after two years of service, and for each additional year of service. Under the second option, employer contributions are not vested until after three years of service at which time the contributions are 100% vested. The third option is full and immediate vesting, or any accelerated vesting that vests sooner than the first option. Automatic 100% vesting occurs upon attainment of normal retirement age (65), upon retirement due to disability, upon death, and upon termination of the Plan.

To have a year of service for vesting purposes, employees must complete at least 1,000 hours of service during the Plan's calendar year. See each respective Employer's adoption agreement for any variations in the time of service requirement.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at 1% above the prime rate, as defined. Principal and interest is paid ratably through payroll deductions.

Payment of benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a 10-year period. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited accounts

At May 19, 2025 and December 31, 2024, forfeited nonvested accounts totaled \$0 and \$31,915, respectively. These accounts can be used to reduce future employer contributions or pay for Plan expenses. During the period ended May 19, 2025, employer contributions were reduced by \$0 from forfeited nonvested accounts.

Note 2 - Summary of accounting policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from these estimates.

Contributions

Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

Human Resources, Inc. Retirement Savings Plan

Notes to Financial Statements May 19, 2025

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Administrator. Expenses that are paid by the Plan Administrator are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent events

The Plan has evaluated subsequent events through March 16, 2026, the date the financial statements were available to be issued.

Note 3 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy under Financial Accounting Standards Board issued Accounting Standards Codification 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Human Resources, Inc. Retirement Savings Plan

Notes to Financial Statements May 19, 2025

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2024:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at fair value as of December 31, 2024			
	Total	Level 1	Level 2	Level 3
Mutual funds	\$ 97,903,581	\$ 97,903,581	\$ -	\$ -
Total investments, at fair value	\$ 97,903,581	\$ 97,903,581	\$ -	\$ -

Note 4 - Related party transactions and party-in-interest transactions

Slavic Integrated Administration, Inc. ("SIA"), the Plan's third-party administrator, receives fees for recordkeeping services along with participant account administrative and asset fees. The total fee paid by the Plan for the period from January 1, 2025 through May 19, 2025, was \$190,119 and is included in administrative expenses on the statement of changes in net assets available for benefits.

Slavic Mutual Fund Management Corporation, which is owned by the stockholders of SIA, is the investment advisor to the Plan. Participants, if they elect this service, are charged a quarterly advisor fee. The total fee paid by the Plan for the period from January 1, 2025 through May 19, 2025 was \$103,529 and is included in administrative fees on the statement of changes in net assets available for benefits.

Quarterly administrative fees are charged to the participant accounts to reimburse the Plan Administrator for certain administrative expenses incurred by the Plan Administrator in the operation of the Plan. For the period from January 1, 2025 through May 19, 2025, the Plan Administrator expense reimbursements were \$63,267 and are included in administrative expenses on the statement of changes in net assets available for benefits.

The Plan allows participants to take loans against their account balances, which are also considered party-in-interest transactions.

Human Resources, Inc. Retirement Savings Plan

Notes to Financial Statements May 19, 2025

The party-in-interest transactions above are exempt from prohibited transactions rules of ERISA.

Note 5 - Transfers to and from other qualified plans

The Plan may receive participant assets directly from or disburse participant assets directly to separate qualified plans at the inception or termination of a Professional Employer Organization co-employer relationship with the Plan. These bulk asset transfers include participant loans and forfeiture funds. As they are not considered rollovers, they are therefore segregated on the statement of changes in net assets available for benefits as transfers in or transfers out.

Note 6 - Plan termination

Although they have not expressed any intent to do so, the Employers have the right under the Plan to discontinue their contributions at any time and to terminate the Plan. The Plan Administrator has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions. Effective April 14, 2025, the Plan was amended to merge certain employers, including their plan assets, into SynchronyHR Retirement Savings Plan. Effective May 19, 2025, the Plan was again amended to merge the remaining employers and plan assets into Engage PEO Retirement Savings Plan and terminate the Plan.

Note 7 - Tax status

The IRS has determined and informed the Plan Administrator by a letter dated September 8, 2013, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (the "IRC"). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has concluded that as of May 19, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefit.
