Independent Auditors' Report

To the Board of Directors
Hall Contracting of Kentucky, Inc.
Louisville, Kentucky

Opinion

We have audited the accompanying financial statements of Hall Contracting of Kentucky, Inc. Health Benefit Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits (modified cash basis) as of September 30, 2025 and 2024, and the related statements of changes in net assets available for benefits (modified cash basis) for the years then ended, and the related notes to financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits (modified cash basis) of Hall Contracting of Kentucky, Inc. Health Benefit Plan as of September 30, 2025 and 2024, and the changes in its net assets available for benefits (modified cash basis) for the years then ended, in accordance with the modified cash basis of accounting described in Note 2.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Hall Contracting of Kentucky, Inc. Health Benefit Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedules are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Hall Contracting of Kentucky, Inc. Health Benefit Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Hall Contracting of Kentucky, Inc. Health Benefit Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of (1) Schedule H, line 4i – Schedule of Assets (Held at End of Year) and (2) Schedule H, line 4j – Schedule of Reportable Transactions as of or for the year ended September 30, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

HALL CONTRACTING OF KENTUCKY, INC. HEALTH BENEFIT PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following description of the Hall Contracting of Kentucky, Inc. (Company) Health Benefit Plan (Plan) (formerly Hall Contracting of Kentucky, Inc. Welfare Benefit Plan) provides only general information about the Plan's provisions. Participants should refer to the plan agreement for a complete description of the Plan's provisions, copies of which may be obtained from the plan sponsor.

General:

The Plan provides health and other benefits to eligible employees of the Company (who work at least an average of 30 hours per week and have been employed for a period of 60 days from their date of hire) and covered dependents.

Certain plan assets are held in a voluntary employees' beneficiary association (VEBA) trust which was established on October 1, 2019. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Benefits:

The Plan provides health benefits (medical and prescription drugs). The Plan also provides continuation of certain benefits upon the termination of employment through the Consolidated Omnibus Budget Reconciliation Act (COBRA).

Stop loss coverage:

The Plan has entered into a stop loss insurance arrangement in an effort to limit its exposure for self-insured benefits (individual participant claims over a specific dollar amount, as well as aggregate exposure for all claims).

Self-insured benefits:

All Plan benefits are self-insured. The Plan offers one preferred provider organization (PPO) health plan that participants can choose. The claims for self-insured benefits are processed by the Plan's third-party claims processors under administrative services only (ASO) arrangements. The claims processors pay claims directly to or on behalf of participants and are then reimbursed by the Plan's VEBA trust or the general assets of the Company. Despite the Plan's utilization of third-party claims processors, ultimate responsibility for payments to providers and participants is retained by the Plan.

The Plan utilizes a pharmacy benefit manager (PBM) which periodically makes refunds to the Plan based on the Plan's actual utilization pattern of specific drugs.

NOTES TO FINANCIAL STATEMENTS

Contributions:

The Plan is funded by contributions made by the plan sponsor and employees participating in the Plan. In addition to deductibles and copayments, participants contribute specified amounts based on applicable weekly premiums for their respective benefit elections. The Company pays the full cost of the stop loss insurance.

The Company makes contributions to the Plan as needed to fund claims in excess of participants' contributions. Any deficiency of the Plan's net assets over benefit obligation is funded by the Company on a pay-as-you-go basis. The plan sponsor periodically evaluates the funding amounts related to the plan benefits being paid, and determines the amount to be contributed by the plan sponsor and employees for each type of coverage.

The plan sponsor also receives premiums for participant benefits under COBRA, which are collected by a third-party administrator and remitted to the sponsor during the year. The Plan sponsor then deposits these funds to the VEBA trust.

Note 2. Summary of Significant Accounting Policies

This summary of significant accounting policies of the Plan is presented to assist in understanding the Plan's financial statements. The financial statements and notes are representations of the Plan's management who is responsible for the integrity and objectivity of the financial statements. These accounting policies conform to the modified cash basis of accounting and have been consistently applied in the preparation of the financial statements.

Basis of accounting:

The financial statements of the Plan are prepared using the modified cash basis of accounting. Under this method, revenues are recognized when received rather than when earned and expenses are recognized when paid rather than when incurred.

Use of estimates:

The preparation of financial statements in conformity with the modified cash basis of accounting requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

Payment of benefits:

Premiums paid by either the Company or the VEBA trust are recorded as premium payments in the accompanying statements of changes in net assets available for benefits (modified cash basis).

Claims payments are recorded when the plan sponsor reimburses the claims processor. Claims incurred by participants and their dependents prior to the end of the plan year, but not paid by the Plan as of the end of the plan year, will be recorded as benefit payments when paid by the Plan and will be funded by future contributions to the Plan.

Stop loss:

Premiums for stop loss insurance are included in premium payments in the accompanying statements of changes in net assets available for benefits (modified cash basis).

Refunds:

Refunds from the Plan's pharmacy benefit manager and stop loss insurance are recorded when received. Pharmacy rebates totaling \$114,499 and \$171,762 respectively, and stop loss refunds totaling of \$21,805 and \$561,396, respectively, for the plan years ended September 30, 2025 and 2024 have been netted with claims paid in the accompanying statements of changes in net assets available for benefits (modified cash basis).

Investments valuation and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by its investment advisors and the custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Subsequent events:

Subsequent events have been evaluated through March 13, 2026, which is the date the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS

Note 3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active or inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

All assets have been valued using a market approach. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at September 30, 2025 and 2024.

Money market funds – valued at the net asset value of shares held by the Plan at year-end.

Mutual funds – valued at the daily closing price as reported by the fund for shares held by the Plan at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of September 30, 2025 and 2024:

	<u>2025</u>	<u>2024</u>
Level 1:		
Money market funds	\$423,658	\$182,361
Mutual funds - equity	85,026	69,664
Mutual funds - fixed income	<u>113,847</u>	<u>96,499</u>
Total assets at fair value	<u>\$622,531</u>	<u>\$348,524</u>

Note 4. Contract with Insurance Company

For the years ended September 30, 2025 and 2024, the plan sponsor had a contract with an insurance company under an Excess Loss Policy providing for a stop loss arrangement whereby the Plan absorbs benefit claims for an individual covered participant up to a fixed dollar amount per covered participant per plan year of \$100,000, with any excess benefit claims being paid by the insurance company under the contract up to a maximum of aggregate stop loss limit per plan year of \$1,000,000.

The premiums under this policy were approximately \$607,000 and \$504,000, respectively, for the plan years ended September 30, 2025 and 2024. The stop loss premiums were paid by the Plan and are included in premiums paid on the statements of changes in net assets available for benefits (modified cash basis).

Note 5. Income Tax Status

The VEBA trust funding certain benefits of the Plan received an exemption letter from the Internal Revenue Service (IRS) dated February 28, 2020, stating that the trust is exempt under the provision of Section 501(c)(9) of the Internal Revenue Code (IRC). However, as a result of the Plan's funding policy, from time to time the trust may be subject to income taxes. No federal or state income taxes have been recorded for unrelated business taxable income.

In addition, the Plan and trust are required to operate in conformity with the IRC to maintain the tax-exempt status of the trust. The plan administrator, believes that the Plan is being operated in compliance with the applicable requirements of IRC and therefore, believes that the related trust is tax-exempt.

NOTES TO FINANCIAL STATEMENTS

Health and welfare plans have no Internal Revenue Service determination letter program. The plan sponsor believes the Plan is designed and operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if it has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6. Administrative Expenses

The Plan pays administrative expenses that consist primarily of administrative fees paid to third-party claims administrators and the trustee. These expenses are reported on the statements of changes in net assets available for benefits (modified cash basis) as administrative expenses. All other administrative expenses, such as professional fees, are paid by the Company on behalf of the Plan.

Note 7. Termination of the Plan

Although it has not expressed any intention to do so, the Company has the right under the Plan to modify the benefits provided to, and contributions required of, participants, to discontinue its contributions at any time, and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, remaining assets will be applied in a uniform and nondiscriminatory manner toward the provision of benefits for or on account of the participants. No assets of the Plan may revert to the Company or be used for purposes other than the exclusive benefit of the Plan's participants.

Note 8. Risks and Uncertainties

The Plan maintains significant investments with Stock Yards Bank and Trust. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in value of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits (modified cash basis).

NOTES TO FINANCIAL STATEMENTS

Note 9. Claims Incurred but Not Reported

Plan obligations at September 30, 2025 and 2024 for claims incurred but not reported are estimated by the Plan's insurance provider to be approximately \$70,000 and \$30,000, respectively. These amounts are paid by the Plan only if claims are submitted and approved for payment.

Note 10. Other Receivable

During September 2024, as the result of an error made by the trustee of the VEBA trust, a payment in the amount of \$18,058 was remitted to the claims processor in excess of the amount due. This amount was recorded on the statements of assets available for plan benefits (modified cash basis) for the year ended September 30, 2024 as an other receivable, and was subsequently refunded to the trust by the claims processor after year-end. The matter was fully resolved during fiscal year 2025 and does not impact the statements of assets available for plan benefits as of September 30, 2025.
