## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 1 - DESCRIPTION OF PLAN

The following description of the LULAC Head Start, Inc. 403(b) Retirement Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

#### General

The Plan is a defined contribution plan established to provide retirement benefits for substantially all employees of LULAC Head Start, Inc. (the Company). Employees are eligible to participate in the Plan immediately upon hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

#### Contributions

Participants may contribute up to 100% of compensation, as defined in the Plan, as pre-tax contributions, subject to certain limitations as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollovers).

The Plan provides a discretionary employer contribution to all employees who are eligible to make elective deferrals and have completed one year of service and are at least 20 years old. A year of eligible service is defined as completing at least 1,000 hours of service during the first 12 months of employment. The discretionary employer contribution is equal to 4% of eligible compensation for the year ended June 30, 2025 provided a participant contributes at least \$1 per pay period. In addition, the Company may elect to make discretionary nonelective contributions as determined by the Company. There were no discretionary nonelective contributions for the year ended June 30, 2025. All contributions are subject to certain limitations imposed by the Plan and the Internal Revenue Code (the Code).

#### Participant Accounts

Each participant's account is credited with the participant's contributions and Company contributions, and allocations of plan earnings. Participant accounts are charged with an allocation of administrative expenses paid by the Plan. Allocations of Company contributions, investment income and administrative expenses are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested accounts.

#### Investment Options

Participants may direct their contributions into any of the funds offered by the Plan, which are held by Ascensus Trust Company (Ascensus). Investments held with Mutual of America Life Insurance Company (Mutual of America) in the pooled separate accounts and guaranteed investment contract no longer accept new participant contributions or transfers. These funds include a variety of investment options with various objectives and degrees of financial risk.

#### Vesting

Participants are immediately vested in their pre-tax deferrals, rollover, employer discretionary and employer discretionary nonelective contributions, including the earnings on those amounts. Prior to September 30, 2019, participants are fully vested in discretionary contributions upon completion of five years of service based on a graded vesting schedule. Participants are also fully vested upon reaching early retirement age, death or total disability.

# LULAC HEAD START, INC. 403(B) RETIREMENT PLAN

## NOTES TO FINANCIAL STATEMENTS

---

### Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or one-half of their vested account balance. Loan terms range from one to five years, except for loans to purchase a primary residence, which may be offered over a term of up to ten years. The loans are secured by the balance in the participants' accounts and bear interest at the prime rate plus one percent. The notes currently bear interest that range from 4.75% to 9.50%. Participants may only have one loan outstanding at any given time. Generally, principal and interest are paid ratably through payroll deductions.

### Payment of Benefits

Upon retirement, disability, death or termination of employment, the participant shall become entitled to the total value of his or her vested account. Distributions will be paid in lump sum distributions, based upon election of the participant, as defined in the Plan or the Code. If a participant terminates employment for any reason and his or her vested account balance does not exceed \$1,000, the plan administrator may distribute such amount in a lump-sum payment to the participant without consent of the participant.

The Plan also provides for in-service withdrawals by participants who have attained the normal retirement age. Upon financial hardship, a participant is entitled to the value of his or her vested account, but not the earnings thereon, which is payable immediately in a lump-sum distribution.

### Forfeitures

Forfeitures of employer contributions are used to reduce the Company's future nonelective contributions or pay plan expenses. Forfeited nonvested matching accounts totaled \$2,140 and \$2,081 at June 30, 2025 and 2024, respectively. For the year ended June 30, 2025, there were no forfeited nonvested amounts used to pay Plan expenses. For the year ended June 30, 2025, there were no forfeited nonvested amounts used to reduce Company nonelective contributions.

## NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

### Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

# **LULAC HEAD START, INC. 403(B) RETIREMENT PLAN**

## **NOTES TO FINANCIAL STATEMENTS**

---

Purchases and sales of securities are recorded on the trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### **Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded on the accrual basis. No allowance for credit losses has been recorded as of June 30, 2025. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

### **Payment of Benefits**

Benefits to participants are recorded when paid.

### **Plan Expenses**

Certain expenses of maintaining the Plan are paid directly by the Company. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

### **Risks and Uncertainties**

The Plan provides for various investment options. These investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and those changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

### **Subsequent Events**

Subsequent events were evaluated through February 6, 2026, the date the financial statements were available to be issued.

### **NOTE 3 - CERTIFICATION BY THE INVESTMENT TRUSTEES**

Information presented in the accompanying statements and schedules as of June 30, 2025 and 2024, and for the year ended June 30, 2025 for investments, notes receivable from participants, investment income and interest income on notes receivable from participants was derived, without audit, from information certified to be complete and accurate by Ascensus Trust Company and Mutual of America Life Insurance Company, the trustees, as permitted by the election made by the plan administrator under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

### **NOTE 4 - FAIR VALUE MEASUREMENTS**

Accounting principles generally accepted in the United States of America establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation

# LULAC HEAD START, INC. 403(B) RETIREMENT PLAN

## NOTES TO FINANCIAL STATEMENTS

---

techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

### **Level 1**

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

### **Level 2**

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

### **Level 3**

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Assets valued using the net asset value practical expedient are not required to be reported within the hierarchy.

The following is a description of the valuation methodology used for assets measured at fair value:

### **Money Market and Mutual Funds**

Money market and mutual funds are valued using Level 1 inputs, which consist of the quoted price of shares held by the Plan at year end.

### **Pooled Separate Accounts**

The pooled separate accounts are stated at their net asset value as reported by the investment manager of the funds based on the fair value of the underlying assets and liabilities at the measurement date. The net asset value is used as a practical expedient to estimate fair value.

There have been no changes in the methodologies used at June 30, 2025 and 2024.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

# LULAC HEAD START, INC. 403(B) RETIREMENT PLAN

## NOTES TO FINANCIAL STATEMENTS

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2025 and 2024:

<b>2025</b>					
	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Investments Measured at Net Asset Value (a)</b>	<b>Total</b>
Money market fund	\$ 4,972	\$ -	\$ -	\$ -	\$ 4,972
Mutual funds	2,540,585	-	-	-	2,540,585
Pooled separate accounts	-	-	-	69,951	69,951
Investments at Fair Value	<u>\$ 2,545,557</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 69,951</u>	<u>\$ 2,615,508</u>
<b>2024</b>					
	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Investments Measured at Net Asset Value (a)</b>	<b>Total</b>
Money market fund	\$ 4,044	\$ -	\$ -	\$ -	\$ 4,044
Mutual funds	2,192,659	-	-	-	2,192,659
Pooled separate accounts	-	-	-	83,951	83,951
Investments at Fair Value	<u>\$ 2,196,703</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 83,951</u>	<u>\$ 2,280,654</u>

(a) Certain investments that are measured using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amount presented in the statements of net assets available for benefits.

There were no transfers between levels of investments during the years ended June 30, 2025 and 2024.

Investments in the pooled separate accounts provide for daily liquidity and have no redemption features or other restrictions.

### NOTE 5 - GUARANTEED INVESTMENT CONTRACT

The Plan has entered into a benefit-responsive guaranteed investment contract with Mutual of America. Mutual of America maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Mutual of America is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by Mutual of America, represents contributions made under the contract, plus

# LULAC HEAD START, INC. 403(B) RETIREMENT PLAN

## NOTES TO FINANCIAL STATEMENTS

---

earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract is a traditional investment contract. The contract value of the investment contract at June 30, 2025 and 2024, was \$143,613 and \$157,626, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 0.15%. Such interest rates are reviewed on an annual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with Mutual of America. Such events include the following: 1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), 2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, 3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or 4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

### NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are managed by affiliates of Ascensus and Mutual of America. Ascensus and Mutual of America serve as the trustees and recordkeeper of the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Certain investment advisory services are provided by Merrill Lynch Pierce Fenner & Smith (Merrill Lynch), a party-in-interest to the Plan. Investment and administrative expenses paid by the Plan to Ascensus, Mutual of America, Merrill Lynch or their affiliates totaled \$27,951 for the year ended June 30, 2025. Certain employees of the Company who participate in the Plan perform administrative services to the Plan at no cost to the Plan. Notes receivable from participants are also party-in-interest transactions.

### NOTE 7 - INCOME TAX STATUS

The Plan has adopted a volume submitter plan that received a favorable opinion letter from the Internal Revenue Service (IRS) that it was in compliance with the applicable requirements of the Code. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, the plan administrator believes the Plan was qualified and the related trust was tax exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

# **LULAC HEAD START, INC. 403(B) RETIREMENT PLAN**

## **NOTES TO FINANCIAL STATEMENTS**

---

### **NOTE 8 - PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their accounts.

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 1 - DESCRIPTION OF PLAN

The following description of the LULAC Head Start, Inc. 403(b) Retirement Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

#### General

The Plan is a defined contribution plan established to provide retirement benefits for substantially all employees of LULAC Head Start, Inc. (the Company). Employees are eligible to participate in the Plan immediately upon hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

#### Contributions

Participants may contribute up to 100% of compensation, as defined in the Plan, as pre-tax contributions, subject to certain limitations as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollovers).

The Plan provides a discretionary employer contribution to all employees who are eligible to make elective deferrals and have completed one year of service and are at least 20 years old. A year of eligible service is defined as completing at least 1,000 hours of service during the first 12 months of employment. The discretionary employer contribution is equal to 4% of eligible compensation for the year ended June 30, 2025 provided a participant contributes at least \$1 per pay period. In addition, the Company may elect to make discretionary nonelective contributions as determined by the Company. There were no discretionary nonelective contributions for the year ended June 30, 2025. All contributions are subject to certain limitations imposed by the Plan and the Internal Revenue Code (the Code).

#### Participant Accounts

Each participant's account is credited with the participant's contributions and Company contributions, and allocations of plan earnings. Participant accounts are charged with an allocation of administrative expenses paid by the Plan. Allocations of Company contributions, investment income and administrative expenses are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested accounts.

#### Investment Options

Participants may direct their contributions into any of the funds offered by the Plan, which are held by Ascensus Trust Company (Ascensus). Investments held with Mutual of America Life Insurance Company (Mutual of America) in the pooled separate accounts and guaranteed investment contract no longer accept new participant contributions or transfers. These funds include a variety of investment options with various objectives and degrees of financial risk.

#### Vesting

Participants are immediately vested in their pre-tax deferrals, rollover, employer discretionary and employer discretionary nonelective contributions, including the earnings on those amounts. Prior to September 30, 2019, participants are fully vested in discretionary contributions upon completion of five years of service based on a graded vesting schedule. Participants are also fully vested upon reaching early retirement age, death or total disability.

# LULAC HEAD START, INC. 403(B) RETIREMENT PLAN

## NOTES TO FINANCIAL STATEMENTS

---

### Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or one-half of their vested account balance. Loan terms range from one to five years, except for loans to purchase a primary residence, which may be offered over a term of up to ten years. The loans are secured by the balance in the participants' accounts and bear interest at the prime rate plus one percent. The notes currently bear interest that range from 4.75% to 9.50%. Participants may only have one loan outstanding at any given time. Generally, principal and interest are paid ratably through payroll deductions.

### Payment of Benefits

Upon retirement, disability, death or termination of employment, the participant shall become entitled to the total value of his or her vested account. Distributions will be paid in lump sum distributions, based upon election of the participant, as defined in the Plan or the Code. If a participant terminates employment for any reason and his or her vested account balance does not exceed \$1,000, the plan administrator may distribute such amount in a lump-sum payment to the participant without consent of the participant.

The Plan also provides for in-service withdrawals by participants who have attained the normal retirement age. Upon financial hardship, a participant is entitled to the value of his or her vested account, but not the earnings thereon, which is payable immediately in a lump-sum distribution.

### Forfeitures

Forfeitures of employer contributions are used to reduce the Company's future nonelective contributions or pay plan expenses. Forfeited nonvested matching accounts totaled \$2,140 and \$2,081 at June 30, 2025 and 2024, respectively. For the year ended June 30, 2025, there were no forfeited nonvested amounts used to pay Plan expenses. For the year ended June 30, 2025, there were no forfeited nonvested amounts used to reduce Company nonelective contributions.

## NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

### Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

# **LULAC HEAD START, INC. 403(B) RETIREMENT PLAN**

## **NOTES TO FINANCIAL STATEMENTS**

---

Purchases and sales of securities are recorded on the trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### **Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded on the accrual basis. No allowance for credit losses has been recorded as of June 30, 2025. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

### **Payment of Benefits**

Benefits to participants are recorded when paid.

### **Plan Expenses**

Certain expenses of maintaining the Plan are paid directly by the Company. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

### **Risks and Uncertainties**

The Plan provides for various investment options. These investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and those changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

### **Subsequent Events**

Subsequent events were evaluated through February 6, 2026, the date the financial statements were available to be issued.

### **NOTE 3 - CERTIFICATION BY THE INVESTMENT TRUSTEES**

Information presented in the accompanying statements and schedules as of June 30, 2025 and 2024, and for the year ended June 30, 2025 for investments, notes receivable from participants, investment income and interest income on notes receivable from participants was derived, without audit, from information certified to be complete and accurate by Ascensus Trust Company and Mutual of America Life Insurance Company, the trustees, as permitted by the election made by the plan administrator under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

### **NOTE 4 - FAIR VALUE MEASUREMENTS**

Accounting principles generally accepted in the United States of America establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation

# LULAC HEAD START, INC. 403(B) RETIREMENT PLAN

## NOTES TO FINANCIAL STATEMENTS

---

techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

### **Level 1**

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

### **Level 2**

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

### **Level 3**

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Assets valued using the net asset value practical expedient are not required to be reported within the hierarchy.

The following is a description of the valuation methodology used for assets measured at fair value:

### **Money Market and Mutual Funds**

Money market and mutual funds are valued using Level 1 inputs, which consist of the quoted price of shares held by the Plan at year end.

### **Pooled Separate Accounts**

The pooled separate accounts are stated at their net asset value as reported by the investment manager of the funds based on the fair value of the underlying assets and liabilities at the measurement date. The net asset value is used as a practical expedient to estimate fair value.

There have been no changes in the methodologies used at June 30, 2025 and 2024.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

# LULAC HEAD START, INC. 403(B) RETIREMENT PLAN

## NOTES TO FINANCIAL STATEMENTS

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2025 and 2024:

<b>2025</b>					
	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Investments Measured at Net Asset Value (a)</b>	<b>Total</b>
Money market fund	\$ 4,972	\$ -	\$ -	\$ -	\$ 4,972
Mutual funds	2,540,585	-	-	-	2,540,585
Pooled separate accounts	-	-	-	69,951	69,951
Investments at Fair Value	<u>\$ 2,545,557</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 69,951</u>	<u>\$ 2,615,508</u>
<b>2024</b>					
	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Investments Measured at Net Asset Value (a)</b>	<b>Total</b>
Money market fund	\$ 4,044	\$ -	\$ -	\$ -	\$ 4,044
Mutual funds	2,192,659	-	-	-	2,192,659
Pooled separate accounts	-	-	-	83,951	83,951
Investments at Fair Value	<u>\$ 2,196,703</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 83,951</u>	<u>\$ 2,280,654</u>

- (a) Certain investments that are measured using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amount presented in the statements of net assets available for benefits.

There were no transfers between levels of investments during the years ended June 30, 2025 and 2024.

Investments in the pooled separate accounts provide for daily liquidity and have no redemption features or other restrictions.

### NOTE 5 - GUARANTEED INVESTMENT CONTRACT

The Plan has entered into a benefit-responsive guaranteed investment contract with Mutual of America. Mutual of America maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Mutual of America is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by Mutual of America, represents contributions made under the contract, plus

# LULAC HEAD START, INC. 403(B) RETIREMENT PLAN

## NOTES TO FINANCIAL STATEMENTS

---

earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract is a traditional investment contract. The contract value of the investment contract at June 30, 2025 and 2024, was \$143,613 and \$157,626, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 0.15%. Such interest rates are reviewed on an annual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with Mutual of America. Such events include the following: 1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), 2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, 3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or 4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

### NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are managed by affiliates of Ascensus and Mutual of America. Ascensus and Mutual of America serve as the trustees and recordkeeper of the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Certain investment advisory services are provided by Merrill Lynch Pierce Fenner & Smith (Merrill Lynch), a party-in-interest to the Plan. Investment and administrative expenses paid by the Plan to Ascensus, Mutual of America, Merrill Lynch or their affiliates totaled \$27,951 for the year ended June 30, 2025. Certain employees of the Company who participate in the Plan perform administrative services to the Plan at no cost to the Plan. Notes receivable from participants are also party-in-interest transactions.

### NOTE 7 - INCOME TAX STATUS

The Plan has adopted a volume submitter plan that received a favorable opinion letter from the Internal Revenue Service (IRS) that it was in compliance with the applicable requirements of the Code. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, the plan administrator believes the Plan was qualified and the related trust was tax exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

# **LULAC HEAD START, INC. 403(B) RETIREMENT PLAN**

## **NOTES TO FINANCIAL STATEMENTS**

---

### **NOTE 8 - PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their accounts.
