Independent Auditor's Report

To the Plan Administrator of the
403(b) Thrift Plan for CW Group, Inc.

Scope and Nature of the ERISA Section 103(a)(3)(C)

We have performed audits of the financial statements of 403(b) Thrift Plan for CW Group, Inc. (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)"). The financial statements comprise the statements of net assets available for benefits as of June 30, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended June 30, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of June 30, 2025 and 2024, and for the period from July 1, 2024 through April 23, 2025 and for the period from April 24, 2025 through June 30, 2025, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a significant likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) (Schedule H, Line 4i) and Schedule of Delinquent Participant Contributions (Schedule H, Line 4a) as of or for the year ended June 30, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by qualified institutions agree to or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

403(b) Thrift Plan for CW Group, Inc.

Notes to Financial Statements June 30, 2025

Note 1 - Description of the Plan

The following description of the 403(b) Thrift Plan for CW Group, Inc. (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General

The Plan is a 403(b) plan established effective July 1, 1993, and most recently amended with an effective date of February 1, 2024. Effective January 1, 2024, the Plan was amended to allow CW Group, Inc. to take over as the Plan Sponsor and allowing CW Resources, Inc. (formerly, the Plan Sponsor) to continue participating in the Plan as a participating employer, to change the employer's taxpayer identification number, change the Plan name to 403(b) Thrift Plan for CW Group, Inc., and allow RW Solutions, Inc. to become a participating employer in the Plan. Effective February 1, 2024, the Plan was amended to remove a participating employer. Accordingly, employees of CW Solutions, LLC, are no longer eligible to participate in the Plan.

Employees of CW Group, Inc. (the "Company") immediately become eligible to participate in the Plan. Participants become eligible to receive the Company's matching and discretionary nonelective contributions upon attainment of age 21 and completion of one year of service, with a minimum of 1,000 hours. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Investment Performance Advisory Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Participants may contribute to the Plan an amount of annual compensation, as defined in the Plan, up to the maximum allowable under the Internal Revenue Code (the "IRC"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also make rollover contributions from other qualified plans.

The Company makes matching contributions in an amount equal to 50% contributed by a participant, up to a maximum of 2% of the participant's Plan compensation. The Company may also make two discretionary contributions:

- An annual discretionary nonelective contribution to participant accounts based upon a fixed contribution per participant. There was no contribution for the year ended June 30, 2025.
- Discretionary nonelective contributions equivalent to 2% of employees' gross wages were made for the year ended June 30, 2025.

Participants direct the investment of contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and money market funds as investment options for participants. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant accounts

Each participant's account is credited with the participant's contributions, Company matching and discretionary contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions as defined.

403(b) Thrift Plan for CW Group, Inc.

Notes to Financial Statements June 30, 2025

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their own contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their account is based on years of service, as defined. A participant becomes 20% vested after two years of service, 50% vested after three years of service, 75% vested after four years of service and 100% vested after five years of service. However, if an active participant dies prior to the normal retirement age or becomes totally disabled, the participant's account becomes 100% vested.

Notes receivable from participants

Participants may borrow from their fund account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, which is determined at the time of each individual loan application, was set at 2% above the prime rate, as defined. Principal and interest are paid ratably through weekly or bi-weekly payroll deductions.

Payment of benefits

Participants are entitled to receive the vested balance of their account if they retire, become fully disabled, die or terminate employment. A participant with a vested account balance may elect to receive either a lump-sum distribution equal to the value of the vested portion of their account or, if they are subject to lifetime required minimum distributions, a distribution in the form of an annuity. In the event that the vested balance of a terminated participant is less than \$7,000, the account balance will be transferred to an Individual Retirement Account on behalf of a participant who fails to elect a direct rollover or cash payment. Distributions are subject to the applicable provisions of the Plan agreement. A participant may also request a hardship or in-service withdrawal as provided for in the Plan document.

Forfeited accounts

Forfeitures result from nonvested Company contributions remaining in the Plan for terminated employees and may be used to reduce the cash contributions required from the Company or to pay Plan expenses. However, if a terminated participant becomes reemployed by the Company before incurring a five-year break in service, amounts will be restored to the participant's account. As of June 30, 2025 and 2024, forfeited nonvested accounts totaled \$-0- and \$134,795, respectively. These accounts will be used to offset future employer contributions or to pay Plan expenses. Forfeitures in the amount of \$194,419 were used to offset employer contributions in fiscal year 2025.

Note 2 - Summary of accounting policies

Basis of accounting

The Plan's financial statements have been prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make significant estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

403(b) Thrift Plan for CW Group, Inc.

Notes to Financial Statements June 30, 2025

Contributions

Contributions from Plan participants, matching and discretionary nonelective contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Performance Advisory Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess contributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the excess contributions to the applicable participants on January 30, 2026.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. The remaining costs are paid by the Plan. For the year ended June 30, 2025, the Plan paid total costs of \$124,782. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses for certain funds are included in net appreciation in fair value of investments.

Subsequent events

The Plan has evaluated subsequent events through March 10, 2026, the date the financial statements were available to be issued.

Note 3 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability; and
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2025 and 2024.

Mutual funds and money market funds

Valued at the daily closing price as reported by the fund. The mutual funds and money market funds held by the Plan are open-end mutual funds and money market funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds and money market funds held by the Plan are deemed to be actively traded.

**Notes to Financial Statements

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2025 and 2024. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at fair value as of June 30, 2025			Total

Note 4 - Related party transactions and party-in-interest transactions

Certain Plan investments are shares of mutual funds managed by Ascensus Trust Company and Newport Trust, the trustee, or its affiliates as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Personnel and facilities of the Company have been used by the Plan for its accounting and other activities at no charge to the Plan. Fees incurred by the Plan for investment management services are included in net appreciation as they are paid through revenue sharing versus a direct payment. Notes receivable from participants are also party-in-interest transactions.

Note 5 - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions, if any, at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in the Company contribution portion of their account.

Note 6 - Tax status

The Plan has adopted a prototype plan document designed to qualify under Section 403(b) of the IRC via a nonstandardized adoption agreement. The terms of the Plan have been prepared to conform with the sample language provided by the IRS in Revenue Procedure 2007-71 (or the draft Listing of Required Modifications issued April 4, 2009). The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for Plan participants under Section 403(b).

Effective October 1, 2021, the 403(b) volume submitter plan designed by Newport Group, Inc. was in place for the Plan. Newport Group, Inc. received an advisory letter from the IRS dated March 31, 2017 indicating that the 403(b) volume submitter plan satisfies the applicable requirements of the Code.

Notes to Financial Statements June 30, 2025

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near-term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Note 8 - Certified investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (the "DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Investments and notes receivable from participants held at June 30, 2025 and 2024, and investment income and interest income on notes receivable from participants for the year ended June 30, 2025, that are disclosed in the accompanying financial statements and supplemental Schedule of Assets (Held at End of Year) (Schedule H, Line 4i) were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Ascensus Trust Company, the current trustee of the Plan, and Newport Trust Company, the former trustee of the Plan. Newport Trust Company held the Plan's investment assets and executed investment transactions from July 1, 2024 through April 23, 2025 and Ascensus Trust Company held the Plan's investment assets and executed investment transactions as of June 30, 2025, and for the period April 24, 2025 through June 30, 2025.

Note 9 - Nonexempt transactions

The Company had determined that nonexempt transactions occurred during the 2025 and 2023 Plan years. The violations involved the submission of employee contributions and loan repayments to the Plan later than the earliest day on which such contributions could reasonably be segregated from the employer's general assets. The Company has taken corrective action for the nonexempt transactions during the 2023 Plan year on March 15, 2025. The Company has taken corrective action for the nonexempt transactions during the 2025 Plan year on December 11, 2025. Management believes that these transactions should not affect the tax-qualified status of the Plan; therefore, no provision for income taxes has been included in the Plan's financial statements.
