## Independent Auditor's Report

Plan Administrator  
Dimmit Regional Hospital Retirement Plan  
Austin, Texas

### ***Opinion***

We have audited the financial statements of Dimmit Regional Hospital Retirement Plan (Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023 and the related statements of changes in net assets available for benefits for the years then ended and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023 and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Supplemental Schedule Required by ERISA***

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**Note 1. Description of the Plan**

***General***

The following description of Dimmit Regional Hospital Retirement Plan (Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan sponsored by Dimmit Regional Hospital (Company or Plan Sponsor) for the benefit of its employees who have at least six months per year or completion of one year of service.

Historically, the Plan was part of the Texas Hospital Association Participant Directed Retirement Program for Member Hospitals Group Trust (Old Group Trust). The custodian was Charles Schwab Trust Bank and the record-keeper was Milliman, Inc. until August 1, 2024, at which time the Plan entered into an agreement with Empower Trust Company to become the custodian and record-keeper of the Plan. Effective December 31, 2024, the Old Group Trust merged with the THA Participant Directed Retirement Program Group Trust (New Group Trust), and all plan assets are now held with the New Group Trust as of this date. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA) effective January 1, 2011. The Company also sponsors the Dimmit Regional Hospital 403(b) Plan (403(b) Plan).

***Contributions***

Qualified and nonqualified employer contributions to the Plan are permitted, up to the maximum amount permitted by the Internal Revenue Code (IRC). On behalf of each participant who is eligible to share in matching contributions for the plan year, a discretionary matching contribution equal to a uniform percentage (to be determined each year by the Plan Sponsor) of each participant's elective deferrals shall be made to the 403(b) Plan. Catch-up contributions made to the 403(b) Plan shall be subject to matching contributions. A participant must be employed during the payroll period to be eligible for the employer matching contribution. For the years ended December 31, 2024 and 2023, no matching contributions were approved or made. The Company may also approve a nonelective contribution. A discretionary amount on behalf of each of the following groups of participants, which amount if any, shall be a nonelective contribution. Nonelective contributions of 5% of eligible compensation, as defined, were made for the year ended December 31, 2024.

1. Group A shall consist of participants expected to perform 1,000 or more hours of service during the plan year. For participants in Group A, any participant employed during the plan year shall be eligible to share in the nonelective contribution.
2. Group B shall consist of participants expected to perform less than 1,000 hours of service during the plan year but who complete at least 1,000 hours of service during the plan year. For participants in Group B, a participant must be employed on the last day of the plan year to be eligible to share in the nonelective contribution, unless terminated due to death, disability, or initial retirement.

***Participant Investment Account Options***

Each participant has the option of directing their contributions into any of the various investment options offered by the Plan and may change the allocation daily.

Employer profit-sharing contributions to the Plan are invested at the discretion of the Company.

***Vesting***

Vesting in the Company's contribution portion of their accounts plus earnings thereon is based on years of continuous service.

**Dimmit Regional Hospital Retirement Plan**  
**Notes to Financial Statements**  
**December 31, 2024 and 2023**

---

Company matching contributions have a 5-year graded vesting period as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years or more	100%

***Notes Receivable From Participants***

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at 1% above the prime rate, as defined. Principal and interest are paid ratably through monthly payroll deductions.

***Payment of Benefits***

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the vested interest in their account or annual installments. Upon termination of service for other reasons, a participant may receive the value of the vested interest in their account only as a lump-sum distribution.

***Forfeited Accounts***

At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$10,954 and \$21,890, respectively. These accounts will be used to reinstate previously forfeited account balances, pay plan administrative expenses, or reduce future employer contributions. In 2024 and 2023, plan administrative expenses were reduced by \$40,880 and \$16,124, respectively, from forfeited nonvested accounts.

**Note 2. Summary of Significant Accounting Policies**

***Basis of Accounting***

The accompanying financial statements are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

***Use of Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets, changes in net assets, and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

***Investment Valuation and Income Recognition***

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Quoted market prices, if available, are used to value investments. Common stocks and U.S.

**Dimmit Regional Hospital Retirement Plan  
Notes to Financial Statements  
December 31, 2024 and 2023**

government securities are valued at the closing price reported on the active market on which the individual securities are traded. Corporate bonds are valued on the basis of yields currently available on comparable securities of issuers with similar credit ratings. Investments in certain restricted common stocks are valued at the quoted market price of the issuer’s unrestricted common stock less a discount. If a quoted market price for unrestricted common stock of the issuer is not available, restricted common stocks are valued at a multiple of current earnings consistent with multiples of similar companies based on current market prices. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end.

The fair value of guaranteed investment contracts (excluding fully benefit-responsive investment contracts) is calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations, considering the creditworthiness of the issuer.

**Notes Receivable From Participants**

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

**Payment of Benefits**

Benefit payments to participants are recorded upon distribution.

**Administrative Expenses**

Administrative expenses may be paid by the Company or the Plan, at the Company’s discretion.

**Note 3. Investment in Group Trust**

As previously discussed in Note 1, plan assets were held in the Old Group Trust until December 31, 2024, at which time they were transferred to the New Group Trust. Investments are specifically allocated to the participating member plans based on the underlying investments and activity of the member plan as the New and Old Group Trusts are participant-directed.

The following table presents the fair values of net assets available for benefits of the New Group Trust on a modified cash basis as of December 31, 2024:

	<b>New Group Trust</b>	<b>Plan’s Interest in New Group Trust</b>

	<u>\$ 21,946,283</u>

**Note 4. Disclosures About Fair Value of Plan Assets and Liabilities**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. The hierarchy comprises three levels of inputs that may be used to measure fair value.

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and significant to the fair value of the assets or liabilities

**Dimmit Regional Hospital Retirement Plan**  
**Notes to Financial Statements**  
**December 31, 2024 and 2023**

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used for the years ended December 31, 2024 and 2023.

- Mutual funds: Valued at the NAV of shares held by the New and Old Group Trusts at year-end

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Group Trust believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the New Group Trust's investments at fair value as of December 31:

		<b>Fair Value Measurements Using</b>		
		<b>Quoted Prices in Active Markets for Identical Assets (Level 1)</b>	<b>Significant Other Observable Inputs (Level 2)</b>	<b>Significant Unobservable Inputs (Level 3)</b>
<b>Fair Value</b>		<b>(Level 1)</b>	<b>(Level 2)</b>	<b>(Level 3)</b>
<b>2024</b>				
	Mutual funds	<u>\$ 200,156,937</u>	<u>\$ -</u>	<u>\$ -</u>
<b>2023</b>				
	Mutual funds	<u>\$ 147,206,437</u>	<u>\$ -</u>	<u>\$ -</u>

The New Group Trust participates in a contract with Empower Annuity Insurance Company of America (EAICA) via an investment in the Guaranteed Income Fund (GIF), which is a traditional group annuity insurance product. EAICA combines the assets of GIF with other assets. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

Because the GIF is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefit attributable to the investment contract. Contract value, as reported to the New Group Trust by EAICA, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Generally, there are not any events that could limit the ability of the New Group Trust to transact at contract value paid within 90 days or, in certain rate-based circumstances, paid over time. There are not any events that allow the issuer to terminate the contract and which require the New Group Trust to settle at an amount different than the contract value paid either within 90 days or over time.

**Note 5. Related-Party and Party-in-Interest Transactions**

Plan assets include notes receivable from participants and an investment in the New Group Trust. Fees incurred by the Plan for investment management services are included in New Group Trust investment income on the accompanying statements of changes in net assets available for benefits, as they are paid through revenue sharing or directly by the New Group Trust rather than through a direct payment by the Plan. Investment oversight of the New Group Trust is managed by an appointed board of hospital executives called the Board of Successor Trustees (Trustees). The Plan pays certain administrative fees to Texas Hospital Association, the plan administrator, under an agreement with the Trustees to provide such services.

**Note 6. Plan Termination**

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

**Note 7. Tax Status**

The Plan adopted the Milliman, Inc. Non-Standardized Pre-Approved Profit Sharing plan document, which received an opinion letter from the Internal Revenue Service on June 30, 2020, which stated that the Non-Standardized Pre-Approved Profit Sharing plan document is designed in accordance with the applicable sections of the Code. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes the Plan is being operated in compliance with the applicable tax-exempt requirements of the Code and, therefore, believes that the Plan, as adopted and amended, is qualified and the related trust is tax exempt. Therefore, no provision for taxes is included in the Plan’s financial statements.

**Note 8. Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants’ account balances and the amounts reported in the accompanying statements of net assets available for benefits.

**Note 9. Reconciliation of Financial Statement to Form 5500**

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31:

	<u>2024</u>	<u>2023</u>
Net assets available for benefits per the financial statements	\$ 6,091,121	5,728,634
Less employer contributions receivable	<u>(61,898)</u>	<u>(71,039)</u>

**Dimmit Regional Hospital Retirement Plan**  
**Notes to Financial Statements**  
**December 31, 2024 and 2023**

---

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to Form 5500 for the years ended December 31:

	<u>2024</u>	<u>2023</u>
Net increase in net assets available for benefits per the financial statements	\$ 362,487	917,329
Less current year receivables	(61,898)	(71,039)
Plus prior year receivables	<u>71,039</u>	<u>-</u>
Net income per Form 5500	<u>\$ 371,628</u>	<u>\$ 846,290</u>

**Note 10. Subsequent Events**

Subsequent events have been evaluated through March 3, 2026, which is the date the financial statements were available to be issued.

***Transfer of Plan Assets***

During 2024, an administrative transition resulted in certain participant account balances being temporarily recorded in the 403(b) Plan instead of the Plan. The error was identified and corrected in 2025. Accordingly, as of December 31, 2024, the financial statements reflect the balances as recorded at year-end, along with corresponding 'due from affiliate plan.'
