INDEPENDENT AUDITOR'S REPORT

To the Trustee and Plan Administrator of the Place Business Service, Inc. 401(k) Plan
Bellingham, WA

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed an audit of the accompanying financial statements of Place Business Service, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the Statement of Net Assets Available for Plan Benefits as of December 31, 2024 and 2023, and the related Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed, (as described in the Auditor's Responsibilities for the Audit of the Financial Statements section):

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis of Opinion on the Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024 and Schedule of Delinquent Participant Contributions and Note Repayments as of December 31, 2024 are presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures,

including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PLACE BUSINESS SERVICE, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 1 - DESCRIPTION OF THE PLAN

BKCO, Inc. (the Company) established the BKCO, Inc. 401(k) Plan (the Plan) as a defined contribution plan providing retirement income to eligible employees. The Plan was established on January 1, 2017 and subsequently amended effective October 1, 2021. The Plan consists of a tax deferred savings program under the Internal Revenue Code (IRC) Section 401(k) and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, (ERISA), as amended. The Plan is administered by the Company.

In September 2023, the plan name was changed to Place Business Service, Inc. 401(k) Plan. The Company also changed its name to Place Business Service, Inc.

On August 7, 2024, the Plan was amended and restated and adopted the John Hancock Retirement Services, LLC Defined Contribution Pre-Approved Plan which obtained its latest determination letter on June 30, 2020 (Note 6). The Plan transferred all investment in the amount of \$11,555,589 and participant notes receivable in the amount of \$96,939 from Ascensus Trust Company to John Hancock Trust Company LLC.

The following description of the Plan provides only general information. Participants and other interested parties should refer to the plan document for a more complete description of the Plan's provisions.

Eligibility and Participation

Employees who are 18 years or older and have completed one month of service are eligible to participate in the Plan and may make elective deferrals. Participation begins on the first of the month following the completion of eligibility requirements. Participants must complete one year of service to be eligible to receive employer matching or profit sharing contributions.

Contributions

Each year, subject to plan and IRC provisions, participants may contribute up to 100% of pretax annual compensation, as defined in the plan document.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan; unless they affirmatively elect not to participate. Automatically enrolled participants will have their deferral rate set at 4% of eligible compensation. The deferral rate increases 1% annually up to a maximum of 6%.

Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may change their investment options. The Plan provides for Company discretionary matching and profit sharing contributions after the completion of one year of service. All contributions are subject to IRC limitations. There were no discretionary matching or profit sharing contributions for the year ended December 31, 2024.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) discretionary profit sharing and matching contributions, (b) plan earnings/losses, and (c) charged with an allocation of administrative expenses. Plan earnings or losses are allocated to each participant's account based upon actual performance of their individual portfolio.

Vesting

The full amount credited to a participant's account shall be fully vested upon attaining normal retirement age, death, or by reason of permanent disability. Participants are always 100% vested in amounts attributable to their salary deferrals. For participants who meet eligibility conditions during any plan year, Company discretionary matching and profit sharing contributions shall vest according to the following schedules:

Participants hired before August 7, 2024		Participants hired after August 7, 2024	
<u>Years of Service</u>	<u>Vested Interest</u>	<u>Years of Service</u>	<u>Vested Interest</u>
less than 1	0%	less than 2	0%
1	20%	2	20%
2	40%	3	40%
3	60%	4	60%
4	80%	5	80%
5	100%	6	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts up to the lesser of a maximum of \$50,000 less the highest outstanding loan balance during the prior 12 months or 50% of their account balance. The notes are secured by the balance in the participant's account and bear a reasonable fixed rate of interest equal to the prime rate (published in the Wall Street Journal) plus 1%. Principal and interest are paid through payroll deductions. As of December 31, 2024 interest rates ranged from 4.25% to 9.50%.

Payment of Benefits

The Plan provides for the payment of benefits to the participant or beneficiary at retirement, death, disability, or termination of employment. Participants terminating their employment with the Company are entitled to withdraw all or a portion of their vested account balance. "Hardship" distributions, as outlined in the plan document, are permitted subject to the approval of the Company. Participants who qualify for retirement benefits and withdrawals will receive their benefits

in the form of a lump sum cash distribution. Benefits under the Plan shall be distributed solely from the assets of the Trust. The benefit to which a participant is entitled is the benefit that can be provided directly from the participant's vested account balance.

Terminated participants with account balances less than \$5,000 who fail to elect to receive the distribution or elect to have their respective benefit rolled over to another qualified plan will have their respective account balance distributed to them.

Forfeitures of Company Contributions

Forfeitures occur when a participant terminates without fully vesting. As of December 31, 2024, the Plan held \$111,688 in forfeitures for amounts due to the Plan Sponsor. See Note 12. As of December 31, 2024, the Plan held \$34,800 for uncashed checks and \$122,000 attributable to unvested employer matching contributions. As of December 31, 2023, the balance held in forfeitures was \$295.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts which are reported at contract value. Contract value is the relevant measure for the portion of the net assets available for plan benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Cash and Cash Equivalents

The Plan considers highly liquid investments with an original maturity of three months or less to be cash and cash equivalents. Cost reflects fair value.

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024. A valuation allowance in the amount of \$61,806 was recorded as of and for the year ended December 31, 2023 for loans that were subsequently distributed during 2024. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses for maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of the Plan, distributions, and notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

NOTE 3 - RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits.

NOTE 4 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described as follows:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2 Fair Value Measurements

Inputs to the valuation methodology include (1) quoted prices for similar assets or liabilities in active markets, (2) quoted prices for identical or similar assets or liabilities in inactive markets, (3) inputs other than quoted prices that are observable for the asset or liability, and (4) inputs that are derived principally from corroborated observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Money market fund:

Valued at cost which approximates fair value. The investment is classified within Level 1 of the hierarchy.

Mutual funds:

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. The investment is classified within Level 1 of the hierarchy.

Collective Trust Accounts

The Plan holds an investment in various collective trust accounts. As of December 31, 2024, the value of these investments were \$1,472,615. The value is measured at the net asset value (NAV) of units held by the Plan at the end of the year. The unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments. These investments can be redeemed immediately and without a redemption notification period. The nature, risks, and investment objective of the investment is provided in the Plan's enrollment materials. In accordance with Subtopic 820-10, certain investments measured at NAV per share (or its equivalent) as a practical expedient are not required to be classified by level in the fair value hierarchy table. Therefore, the investment is not shown below.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables are set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

probable of occurring that might limit the ability of the Plan to transact at contract value with the issuer. In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

As of December 31, 2024, the Plan's investment in the traditional investment contract was \$512,589 at a rate of 3.75%. The minimum guaranteed rate equals 1%.

NOTE 6 - SUMMARY OF FINANCIAL DATA CERTIFIED BY THE TRUSTEE

All investments are participant directed. The Company acting in its capacity as the Plan Administrator, has elected the method of annual reporting compliance by 29 CFR 2520.103-5(c) of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. The following is a summary of financial information regarding the Plan as of December 31, 2024 and 2023 for the year ended December 31, 2024, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information prepared by Ascensus Trust Company and John Hancock Trust Company LLC, the Trustees, and furnished to the Company. The Company has obtained certification from Ascensus Trust Company as of August 6, 2024 and December 31, 2023 and for the period ended August 6, 2024 and John Hancock Trust Company LLC as of and for the year ended December 31, 2024 that such information is complete and accurate.

NOTE 7 - TAX STATUS

The Plan adopted the Non-Standardized Pre Approved Profit Sharing/Money Purchase / Coda Plan which obtained its latest opinion letter on June 30, 2020. In August 2024, the Plan changed service providers to John Hancock and adopted the Non-Standardized Pre-Approved Profit Sharing/Money/Purchase/CODA. In this letter, the Internal Revenue Service (IRS) states that the Plan is acceptable under Section 401 of the Code for use by the employer for the benefit of their employees. Therefore, no provision for income taxes has been included in the Plan's financial statements. Although the Plan has been amended since receiving the opinion letter, the Company believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Company believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Company has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Company believes that it is no longer subject to income tax examinations for years prior to 2021.

NOTE 8 - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. The Plan issues notes to participants which are secured by the balances in participants' accounts. Participants have paid account administration fees including fees for loan and distribution processing in the amount of \$32,683 to The Vanguard Group, Inc. Participants have paid account administration fees including fees for loan and distribution processing in the amount of \$3,142 to John Hancock. These transactions qualify as party-in-interest transactions for which a statutory exemption exists. The Company also paid certain administrative expenses of the Plan; including recordkeeping and audit fees.

NOTE 9 - PLAN TERMINATION

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event that the Plan is terminated, participants will become 100% vested in all Company contributions.

NOTE 10 - OTHER EMPLOYER CONTRIBUTIONS

The Company is obligated to contribute \$19,400 and \$15,184 as of December 31, 2024 and 2023, respectively, for missed elective deferrals and lost earnings for the years ended December 31, 2020 through 2023 to correct all known issues related to the administration of the Plan and ensure compliance with the laws and regulations under the IRC and ERISA.

NOTE 11 - PLAN TO PLAN TRANSFER

On December 6, 2024 the Envoy Mortgage, LTD 401(k) Plan merged with the Plan. On December 16, 2024 investments in the amount of \$37,018,870 and notes receivable from participants in the amount of \$280,805 (net of loans deemed distributed in the amount of \$120,030) were transferred to the Plan.

NOTE 12 - DUE TO PLAN SPONSOR

For the year ended December 31, 2024, the Company contributed amounts to participants in error. \$111,688 which will be refunded back to the Company during the plan year ending December 31, 2026.

NOTE 13 - DELINQUENT PARTICIPANT CONTRIBUTIONS

Certain contributions and note repayments were not remitted to the Custodian within the maximum period permitted under the Department of Labor's regulations. These late remittances are detailed in the attached Schedule of Delinquent Participant Contributions and Note Repayments as of December 31, 2024.

NOTE 14- SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through February 12, 2026, the date the financial statements were available to be issued.
