## INDEPENDENT AUDITORS' REPORT

Employee Stock Ownership Plan Committee  
Seneca Medical Employee Stock Ownership Plan and Trust  
Tiffin, Ohio

### Report on the Audit of the Financial Statements

#### *Opinion*

We have audited the financial statements of Seneca Medical Employee Stock Ownership Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Seneca Medical Employee Stock Ownership Plan and Trust as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

#### *Basis for Opinion*

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Seneca Medical Employee Stock Ownership Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### *Responsibilities of Management for the Financial Statements*

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Seneca Medical Employee Stock Ownership Plan and Trust's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

***Auditors' Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Seneca Medical Employee Stock Ownership Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Seneca Medical Employee Stock Ownership Plan and Trust's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Supplemental Schedule Required by ERISA***

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2024 AND 2023**

**NOTE 1 DESCRIPTION OF PLAN**

The following description of the Seneca Medical Employee Stock Ownership Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

**General**

Seneca Medical, Inc. (Company) established the Plan effective July 1, 1998. The Plan is a defined contribution plan intended to constitute an employee stock ownership plan (ESOP) and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code (IRC). The Plan is designed to invest primarily in securities issued by the Company and is authorized to borrow money for such investments. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan is administered by the Plan Trustee.

The Plan is frozen effective March 31, 2016 and no longer accepts contributions into the Plan as a result of the merger of the Company with two other companies to form Concordance Healthcare Solutions, LLC. All participants' accounts became 100% vested at March 31, 2016.

The Company makes S-Corporation distributions to the Plan to cover tax liability resulting from membership interest in the Company. The S-Corporation distributions are considered a return on investment and not a contribution. The Company did not make S-Corporation distributions to the Plan for the year ended December 31, 2024.

**Participant Accounts**

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Plan earnings or losses are allocated to each participant's account based on the ratio of the participant's account balance. The benefit to which a participant is entitled is the benefit that can be provided by the participant's account.

**Vesting**

All participants are fully vested as of March 31, 2016.

**Voting Rights**

The Plan Trustee is responsible for voting the Company common stock held by the Plan, although, in certain circumstances, participants will be notified and have the right to direct the vote of the Trustee.

**Payment of Benefits**

No distributions from the Plan will be made until a participant retires, dies (in which case payment shall be made to his or her beneficiary, or if none, his or her legal representatives), diversifies (as noted in the next paragraph), or otherwise terminates employment with the Company. The distribution will be made in a lump sum payment or substantially equal annual installments over a period determined by the Company. The amount to be distributed is based upon the account valuation date immediately preceding the distribution.

**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2024 AND 2023**

**NOTE 1 DESCRIPTION OF PLAN (CONTINUED)**

**Diversification**

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation service in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elect to diversify receive a cash distribution. The diversification occurs at the end of each Plan year.

**Put Option**

Under federal income tax regulations, the Company stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting.

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

**Investment Valuation and Income Recognition**

The shares of Company common stock, mutual funds, exchange traded funds, and money market funds are valued at estimated fair value. See Note 3 for discussion of fair value measurements.

Purchases and sales are recorded on a trade-date basis. Investment income is recorded on the accrual basis. Realized gains and losses from security transactions are reported on the average cost method. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Benefit Payments**

Benefits are recorded when paid.

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Administrative Expenses**

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Certain administrative functions are performed by officers or employees of the Company without compensation from the Plan.

**Assets Held By, and Due to, Plan Sponsor**

Assets held by Plan sponsor is comprised of cash balances held in the name of the Plan Sponsor on behalf of the Plan. The Plan Sponsor holds funds in a commercial checking account at a financial institution. The Plan utilizes this account for receipt of S-Corporation distributions from the Plan Sponsor and payments of retirement distributions and administrative expenses.

**Subsequent Events**

The Plan has evaluated subsequent events through March 18, 2026, the date the financial statements were available to be issued.

**NOTE 3 FAIR VALUE OF INVESTMENTS**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

*Level 1* – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

*Level 2* – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

*Level 3* – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

**NOTE 3 FAIR VALUE OF INVESTMENTS (CONTINUED)**

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2024 and 2023.

*Seneca Medical Holdings, Inc. Common Stock:* The fair value of the common stock held by the Plan is valued at fair value based on an independent third party appraisal. This appraisal is based upon a combination of the market and income valuation techniques consistent with prior years. The appraiser took into account historical and projected cash flow and net income, return on assets, return on equity, market comparables, and estimated fair value of Company assets and liabilities. Plan management has concluded that a market participant would also recognize a discount for lack of marketability.

*Mutual Funds, Money Market Mutual Fund and Exchange Traded Fund:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2024			Total
	Level 1	Level 2	Level 3	
Seneca Medical Holdings, Inc.				
Common Stock	\$ -	\$ -	\$ 16,215,344	\$ 16,215,344

**NOTE 4 INVESTMENT IN COMPANY STOCK**

The Plan invests in Company common stock, which is held by the trustees of the Plan. The estimated fair market value, as determined by independent appraisal as of December 31, 2024 and 2023 was \$45 and \$76 per share, respectively.

The following table presents the investment in Company common stock as of December 31:

	2024	2023
Number of Shares	360,341	360,341
Cost	\$ 12,977,932	\$ 12,977,932
Estimated Fair Market Value	\$ 16,215,344	\$ 27,385,914

**NOTE 5 PLAN TERMINATION**

The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon such termination of the Plan, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the IRC. Upon termination of the Plan, the Employee Stock Ownership Committee shall direct the Trustee to pay all liabilities and expenses of the trust fund and to sell shares of financed stock held in the loan suspense account to the extent it determines such a sale to be necessary on order to repay the loan. In the event of Plan termination, participants will become 100% vested in their accounts.

**NOTE 6 PLAN TAX STATUS**

The Internal Revenue Service (IRS) has determined and informed the Company, by a letter dated July 20, 2017, that the Plan and related trust are designed in accordance with the applicable requirements of the IRC and, therefore, the related trust is exempt from taxation. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**NOTE 7 RISKS AND UNCERTAINTIES**

The Plan investments consist primarily of the Company's common stock, which is exposed to various risks such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows and/or other such techniques. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in the estimations and assumption process, it is at least reasonably possible that changes in the value of common stock will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

**NOTE 8 RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS**

The Plan's assets, which consist primarily of Company common stock, are held by the Plan's trustee. These are related party and party-in-interest transactions. As the Company is the Plan Sponsor, transactions involving Company common stock qualify as party-in-interest transactions. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

The Plan is administered by the Company and certain administrative functions are outsourced to a third-party administrator. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

The Company pays benefits on behalf of the Plan. Amounts due to the Company for benefits paid was \$2,673,686 and \$214,533 as of December 31, 2024 and 2023, respectively.
