INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Pine Crest Preparatory School, Inc. Money Purchase Pension Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Pine Crest Preparatory School, Inc. Money Purchase Pension Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of June 30, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended June 30, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Pine Crest Preparatory School, Inc. Money Purchase Pension Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of June 30, 2025 and 2024, and for the year ended June 30, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of Pine Crest Preparatory School, Inc. Money Purchase Pension Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter

The accompanying financial statements have been prepared assuming that the Plan will continue as a going concern. As discussed in Note 9 to the financial statements, the Plan Sponsor communicated a formal intent to terminate the Plan, which has been frozen since August 31, 2020, to the asset custodian on October 7, 2025. The formal termination date is January 1, 2026. This decision indicates that the Plan is not a going concern. The financial statements do not include any adjustments that might be necessary upon termination. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Pine Crest Preparatory School, Inc. Money Purchase Pension Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Pine Crest Preparatory School, Inc. Money Purchase Pension Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Pine Crest Preparatory School, Inc. Money Purchase Pension Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of June 30, 2025, ("supplemental schedule") is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The following brief description of the Pine Crest Preparatory School, Inc. Money Purchase Pension Plan (the "Plan") provides only general information. Participants should refer to the plan documents for a more complete description of the Plan's provisions.

General

The Plan, a money purchase pension plan sponsored by Pine Crest Preparatory School, Inc. (the "Employer", "Plan Sponsor" or "School") was established effective September 1, 1999, and restated as of September 1, 2021. As a part of the restatement, the Plan was frozen, closed to new participants, and amended to have all contributions cease. The Plan is designed to comply with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), related provisions of the Internal Code (IRC), and subsequent amendments.

An expansion of Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE 2.0") was signed into law on December 29, 2022, as part of the Consolidated Appropriations Act of 2023. The effective dates of provisions within SECURE 2.0 vary through 2026. The School has until the end of the first Plan year beginning on or after January 1, 2026, to amend the Plan for the changes related to SECURE 2.0. The Plan has not been formally amended to adopt these provisions as of the date the financial statements were available to be issued.

Subsequent to year end, the Plan Sponsor communicated an intent terminate the Plan, which has been frozen since August 31, 2020, to the asset custodian. The formal termination date is January 1, 2026 (see Note 9).

Plan administration

The Plan Sponsor is responsible for the administration and operation of the Plan. The School has delegated certain responsibilities for the operation and administration of the Plan. Teachers Insurance and Annuity Association of America (TIAA) and College Retirement Equities Fund (CREF), and as agent for TIAA Trust, N.A., (collectively, the "Custodians") are responsible for the custody and management of the Plan's assets as well as for maintaining participant accounts and transactions related to participant initiated activity.

1. DESCRIPTION OF THE PLAN (continued)

Eligibility requirements

Effective August 31, 2020, the Plan was frozen and closed to new participants. Full-time employees of the School who had attained age 21 and had completed one year of service, as defined in the plan documents, were eligible to participate in the Plan. Entry dates were monthly upon meeting eligibility requirements. If an employee was re-employed by the School and was eligible to participate in the Plan before employment was terminated, the employee was eligible to participate in the Plan upon the date of re-employment. The one year of service eligibility requirement was also met by an employee who had prior employment with any United States or Canadian educational or teaching institution, or any 501(c)(3) nonprofit research organization during the consecutive twelve-month period immediately preceding employment by the School. The Plan excludes part-time, temporary, and seasonal employees working less than 1,000 hours, and other employees meeting certain criteria defined in the plan documents. The Plan also holds assets rolled over from various predecessor retirement plans.

Contributions

Prior to the Plan being frozen, the School made monthly and bi-weekly contributions to the Plan, coinciding with the respective pay periods, equal to 8% of the participants' eligible compensation. Participant elective salary deferrals were not allowed by the Plan.

Active employees were eligible to make rollover contributions, representing distributions to participants from other qualified defined benefit or defined contribution plans. The Custodians maintained separate accounts for each participant relative to these rollover balances.

Participant accounts

Each participant's account was credited with the Employer's contributions, and is credited with Plan earnings, and charged with Plan losses and an allocation of administrative expenses. Investment earnings and losses are based strictly on the participant's selection of investments and timing of purchase. Other allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. Participants directed the investment of all contributions into various investment options offered by the Plan.

Vesting

Participants are fully vested in all contributions and earnings thereon.

1. DESCRIPTION OF THE PLAN (continued)

Payment of benefits

Upon termination of employment, retirement, full and permanent disability or death, a participant or, in the case of death, their beneficiary receives the entire amount credited to the participant's account in either a lump-sum or, at the participant's election, in installments that can be received monthly, quarterly, or annually, or through partial payments. If a participant's vested account balance does not exceed \$1,000, a distribution of the participant's vested account balance will be made to the participant, regardless of consent, as soon as it is administratively feasible following the termination of the participant. Balances greater than \$1,000 but equal to or less than \$5,000 upon termination will be rolled over to an individual retirement account designated by the plan administrator if the participant has not requested a distribution. If the account balance is over \$5,000 upon termination, the participant can consent to either a distribution paid in the form of a lump-sum cash payment, installment payments, annuity payments, partial payments, a direct rollover into another qualified plan, or to postpone payment to a later date and remain in the Plan as described in the plan documents. In-service withdrawals are permitted to participants who have attained age 62.

Administrative expenses

Certain administrative expenses of the Plan, including recordkeeping and audit fees, were paid by the School for the year ended June 30, 2025. Investment fees, which may vary according to the individual funds selected, are paid indirectly out of the assets of the Plan and impact Plan earnings.

Participants may be charged for some or all of the costs and expenses of operating the Plan. Such expenses include but are not limited to investment expenses and costs to process distributions. Generally, the Employer pays for administrative expenses of the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates. Significant items subject to such estimates and assumptions include the fair value of investments.

Pine Crest Preparatory School, Inc. Money Purchase Pension Plan
Notes to Financial Statements
June 30, 2025 and 2024

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risk in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Investment valuation and income recognition

The Plan's investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurements date. See Note 4 for discussion of fair value measurements. Contract value represents contributions made under a contract, plus interest, less participant withdrawals and administrative expenses. Contract value is the amount participants normally receive if they were to initiate permitted transactions under the terms of the Plan. See Note 5 for discussion of contract value.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the gains and losses on investments purchased and sold during the year.

Payment of benefits

Benefit payments are recorded when paid.

Administrative expenses

Expenses are recorded when incurred.

3. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIANS (UNAUDITED)

The plan administrator, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to the Plan's investment information, and related activity, certified by the Custodians as accurate and complete, except for comparing such information to corresponding information included in the Plan's financial statements and supplemental schedule of assets (held at end of year).

3. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIANS (UNAUDITED)
(continued)

The following is a summary of information certified by Custodians as accurate and complete as of June 30:

	<u>2025</u>	<u>2024</u>

	<u>\$ 67,979,934</u>	<u>\$ 66,469,354</u>

The following is a summary of information certified by Custodians as accurate and complete for the year ended June 30, 2025:

Net appreciation in fair value of investments	\$ 5,618,121
Interest and dividends	866,698
Revenue credits	16,964

4. FAIR VALUE MEASUREMENTS

Accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements).

The three levels of fair value hierarchy are as follows:

- *Level 1* - Asset value is based on actual quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.
- *Level 2* - Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- *Level 3* - Significant unobservable inputs (including management's own assumptions in determining the fair value of investments) are used to arrive at fair value.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Notes to Financial Statements

4. FAIR VALUE MEASUREMENTS (continued)

The following is a description of the valuation methodologies used for fair value measurements of the Plan's investments. There have been no changes in the methodologies used as of June 30, 2025 and 2024:

- *Mutual funds* - Valued at the daily closing price as reported by the funds. Mutual funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- *Pooled separate account* - The TIAA Real Estate (REA) pooled separate account invests in real estate properties and real estate related investments. Real estate holdings are valued principally using external appraisals, which are estimates of property values based on a professional's opinion. The REA is deemed to have a readily determinable fair value and is classified within Level 1 of the fair value hierarchy.
- *Variable annuity contracts - CREF Accounts* - The fair values of accumulation units held by the Plan in CREF Accounts are primarily valued using market quotations or prices obtained from independent pricing sources. CREF accounts are deemed actively traded, and thus are classified within Level 1 of the fair value hierarchy. Data for values are available daily to plan administrators and client investors on TIAA's website, and provide sufficient corroborative evidence to ascertain the relationship between each fund's value and the values of individual underlying holdings. Underlying holdings include mutual funds and are primarily valued using market quotations or prices obtained from independent pricing sources. There are no unfunded commitments from participants in the Plan who invest in these accounts, and these investments may be redeemed at any time.
- *Fixed annuity contracts - TIAA Traditional Annuity contracts* - The Plan's investment in the TIAA Traditional Annuity sub-contracts are reported by TIAA at contract value, which approximates fair value, and are segregated into non-fully benefit and fully benefit-responsive investment contracts. The contract value of the Plan's interest in the TIAA Traditional Annuity is determined by the accumulated cash contributions and interest credited to the contracts, less any withdrawals and expenses. The crediting rate is based on the performance of a large, diversified portfolio, is correlated with the highest debt security yields, and is adjusted for contract liquidity. The non-fully benefit-responsive contracts are presented at fair value on the face of the Plan's financial statements while the fully benefit-responsive contracts are presented at contract value on the face of the Plan's financial statements. The fully benefit-responsive guaranteed investment contracts are not categorized within the fair value hierarchy (See Note 5). The Plan's investments in the non-fully benefit-responsive investment contracts are presented as Level 3 fair value investments in the fair value hierarchy. The Plan sold and purchased investments in non-fully benefit-responsive contracts totaling \$990,770 and \$583,085, respectively, during the year ended June 30, 2025. Transfers into and out of Level 3 investments totaled \$511,465 and \$562,534, respectively, during the year ended June 30, 2025.

The methods used to value investments may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As of June 30, 2025 and 2024, there were no restrictions on redemptions or unfunded commitments for any of the major types of assets.

Type	Fair Value	Valuation Technique	Significant Unobservable Inputs	Range
TIAA Traditional Non-Fully Benefit-Responsive Fund	\$ 14,165,323	Discounted cash flow Theoretical transfer (exit value)	Risk-adjusted discount rate applied	GRA - 4.00% - 6.75% RC - 4.25% - 7.00%

5. GUARANTEED INVESTMENT CONTRACTS WITH TIAA

The Plan's investment in the TIAA Traditional Annuity and TIAA Stable Value Fund. The TIAA Traditional Annuity and the TIAA Stable Value Fund are allocated fixed-rate guaranteed annuity contract offered by TIAA (the "contract issuer"). TIAA offers investment options of the TIAA Traditional Annuity in the Plan under sub-contracts of the TIAA Group Retirement Annuity (GRA), the TIAA Retirement Choice Annuity (RC), and the TIAA Retirement Choice Plus Annuity (RCP) (collectively the "Contracts"). The Contracts seek the preservation of principal and are made up of contributions and interest income less distributions and expenses. TIAA maintains the Contracts' contributions in its general account.

5. GUARANTEED INVESTMENT CONTRACTS WITH TIAA (continued)

The TIAA Stable Value Fund and RCP contract are considered to be fully benefit-responsive contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits attributable to the guaranteed investment contract; accordingly, this contract is included in the Plan's financial statements at contract value, as reported by TIAA. The RCP contract contains no liquidity restrictions. The RC and GRA contracts are considered to be non-fully benefit-responsive contracts due to the liquidity restrictions associated with the contract which limits a participant's reasonable access to their funds, as defined. For the RC and GRA contracts, contract value approximates fair value (see Note 4). Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value, although there are restrictions to how the money is withdrawn and surrender charges that are applicable. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. As of June 30, 2025 and 2024, the Plan had total investments in the RCP of \$11,170,132 and \$10,939,857, respectively and in the TIAA Stable Value Fund of \$45,394 and \$100,452, respectively.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The TIAA Stable Value Fund and TIAA RCP contracts provide a guarantee of principal and a guaranteed minimum rate of interest between 1% and 3% that is redetermined annually. All the contracts also offer the opportunity for additional interest to be earned in excess of the guaranteed rate. When declared, additional amounts of interest remain in effect for a 12-month period beginning March 1 and are not guaranteed for future years.

Certain events might limit the ability of the Plan to transact at contract value with contract issuer. These events may be different under each contract. Examples of such events include the following: (1) the Plan's failure to qualify under Section 401(a) of the IRC or the failure to qualify for exemption from federal income taxes under section 501(a) of the IRC; (2) premature termination of the contracts; (3) failure to meet any required or prohibited transaction exemption under ERISA; (4) amendments to the plan documents (including complete or partial Plan termination or merger with another plan); or (5) bankruptcy of the Plan Sponsor or other Plan Sponsor events that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

6. TAX STATUS

The Plan has adopted TIAA's Non-Standardized Pre-Approved Profit Sharing/Money Purchase/CODA Plan (the "pre-approved plan"). The Internal Revenue Service informed TIAA by a letter dated October 7, 2020, that the pre-approved plan was designed in accordance with applicable sections of the IRC and is available for use by employers for the benefit of their employees. The plan administrator believes that the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and that it, and the related trust, are tax-exempt.

7. PLAN TERMINATION

The School has the right to terminate the Plan subject to the provisions of ERISA. Refer to Note 9 for information about the upcoming termination of the Plan.

8. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

ERISA defines a party-in-interest similarly to a related party as defined under U.S. GAAP except that ERISA's definition is broader and includes all entities and individuals that provide services to the Plan; however, these entities may not necessarily be related parties. Plan management did not identify any related parties to the Plan that were not also considered to be parties-in-interest.

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, and an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association or relatives of such persons.

Certain fund level fees incurred by the funds in which the Plan invests for such services as investment management, shareholder services, and sub-transfer agency fees are paid through fund level revenue sharing arrangements. These fees reduce fund earnings thereby impacting Plan revenue applied to participants' accounts.

Certain plan investments generate revenue credits from which the Custodians deduct 11 basis points annually for costs they incur related to administering the Plan. Excess revenue credits, if any, are deposited into the Plan's Revenue Credit suspense account and are shown as other income on the statement of changes in net assets available for benefits which may be used to pay direct, reasonable and necessary expenses of the Plan as defined by ERISA.

The Custodians utilize omnibus accounts at unaffiliated banks to facilitate transactions for the Plans it services and comingles funds in transit to or from the Plan. The unaffiliated banks charge fees for this service and the Custodians retain, as compensation for services provided to the Plan, any excess interest over the fees charged on amounts earned while certain transactions are pending ("float"). If the bank fees exceed the earnings, the Custodians will pay the excess fees. This applies to both contributions and distributions. Earnings are at institutional money market rates.

Certain Plan investments are owned and managed by the Custodians; therefore, these investment transactions qualify as exempt party-in-interest transactions.

9. SUBSEQUENT EVENTS

The Plan Sponsor has formally communicated an intent to terminate the Plan, which has been frozen since August 31, 2020. The formal termination date is January 1, 2026, and distributions to participants will occur following the termination date in accordance with applicable regulations. The Plan Sponsor is working with TIAA to facilitate the termination process and communicate with plan participants.
