Independent Auditors' Report

The Plan Administrator of the 403(b) Thrift Plan for University Settlement Society of New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the 403(b) Thrift Plan for University Settlement Society of New York (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of June 30, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended June 30, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institutions).

Management has obtained certifications from the qualified institutions as of June 30, 2025 and 2024 and for the year ended June 30, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by the qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

**The Plan Administrator of the
403(b) Thrift Plan for
University Settlement Society of New York**
Page 2

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

**The Plan Administrator of the
403(b) Thrift Plan for
University Settlement Society of New York**
Page 3

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of: (1) Schedule H, Part IV, Line 4a – Schedule of Delinquent Participant Contributions for the year ended June 30, 2025 and (2) Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of June 30, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by the qualified institutions agrees to or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The University Settlement Society of New York (the “Employer”) adopted the 403(b) Thrift Plan for University Settlement Society of New York (the “Plan”) on July 1, 1994. The following description of the Plan is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all employees of the Employer. Participants are eligible to receive Employer contributions after one year of service with at least 1,000 hours of service in the Plan year and must be at least 21 years old. Excluded employees for purposes of the Employer contribution include those who are non-resident aliens with no U.S. income and those who are eligible to make salary reduction contributions to another plan of the Employer, day care staff and Head Start employees. For participant voluntary contributions, eligibility commences immediately upon employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

In February 2025, the Plan transferred substantially all of its assets from Mutual of America Life Insurance Company to Delaware Charter Guaranteed & Trust Company d/b/a Principal Trust Company.

Contributions

Each year, participants may make voluntary contributions based on their eligible compensation on a per pay period, pre-tax or Roth basis, as defined in the Plan document, up to the statutorily permitted amount. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to the statutorily permitted amount. The Plan includes an auto enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default rate set at 1% of their eligible compensation. Each year, the deferral percentage will increase by 1% until the participant reaches 3% of their eligible compensation. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan accepts rollovers from other qualified plans.

The Employer will make matching contributions on behalf of eligible Plan participants, in the amount of 600% of the participant’s elective deferral, as defined in the Plan document.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and allocations of the Employer’s contributions and Plan earnings. Allocations are based on participant earnings or account balances and charged with any applicable withdrawals and administrative expenses, as defined in the Plan document. The benefit to which the participant is entitled is the benefit that can be provided from the participant’s vested account.

1. Description of Plan (continued)

Vesting

Participants are fully vested in their voluntary contributions and earnings thereon; however, a participant is fully vested in the Employer contributions plus earnings thereon upon completion of three years of continuous service.

Forfeitures

At June 30, 2025 and 2024, forfeited account balances held in non-participant directed accounts were \$99,990 and \$3,115. These amounts will be used to pay certain Plan expenses or reduce Employer contributions. During 2025, forfeitures of \$80,210 were used to reduce Employer contributions.

Notes Receivable from Participants

The Plan offers a loan feature whereby a participant (borrower) enrolled in the Plan may borrow a minimum amount of \$1,000 up to the maximum of 50% of a participant's vested account balance or \$50,000 (whichever is less). Loans are collateralized by the balance in the participant's account and bear interest at rates available for similar loans from commercial lending institutions. The loan must be repaid within a five-year period, unless the loan is used to acquire the principal residence of the borrower.

Collateralized Loans

The Plan offers a loan feature whereby a participant (borrower) enrolled in the Plan may borrow a minimum of \$1,000 up to a maximum of 50% of a participant's vested balance or \$50,000 (whichever is less). Loans to the participant are made directly from Mutual of America Life Insurance Company ("MOA"). The participant's account is not reduced by the loan amount, but serves as security for the loan. The loan must be repaid directly to MOA within a five year period in substantially equal payments (not less frequently than quarterly). The five year repayment period does not apply to a loan that is used to acquire a principal residence of the borrower in which case the loan is repayable over a period not to exceed ten years. If the borrower does not repay the loan and related interest due in accordance with the schedule set forth in the promissory note or other writing permitted by applicable law representing the loan, their loan will be deemed in default.

At June 30, 2024, there were 42 loans outstanding, with total principal balance due of \$250,652. Of these loan balances, 1 loan was in default as of June 30, 2024. Interest rates on these loans are between 4.60% and 5.85%. As a result of the transfer of assets, the collateralized loan balances were transferred to Principal Trust Company and converted to notes receivable from participants.

Payment of Benefits

Benefits can be paid upon request upon retirement, death, disability, or termination of employment. Upon termination of service, a participant may elect to receive a lump-sum amount (either in cash or as a rollover) or in the form of an annuity equal to the vested value of the participant's account.

1. Description of Plan (continued)

Payment of Benefits (continued)

A participant may apply for a hardship withdrawal at any time. A participant may elect to receive a distribution of their rollover contributions at any time.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”), which requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Fair Value Measurements

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable inputs and are used to the extent that observable inputs do not exist.

Investment Valuation and Income Recognition

All of the Plan’s investments are stated at fair value, except for the insurance company general account, which is stated at contract value. The mutual funds are valued at the daily closing price as reported by the funds. The funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission and they are required to publish their daily net asset value and to transact at that price. These mutual funds are deemed to be actively traded. The investment in the insurance company general account is reported at fair value, which is based on the contract value as reported by the insurance company. Contract value represents contributions made under the contract, plus interest credited, less benefits paid and expenses. Because the investment is not actively traded and relies on valuation inputs provided by the insurance company, it is considered an estimate of fair value. Separate accounts are reported at fair value as reported to the Plan by the insurance company, which represents the fair value of the underlying investments comprising the accounts. The Plan also has an insurance company general account is valued at contract value, which represents contributions made under the contract, plus interest credited, less benefits paid and expenses.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

University Settlement Society of New York**

Notes to Financial Statements

2. Summary of Significant Accounting Policies (continued)

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Employer and are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

Note Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded upon a distributable event.

Payment of Benefits

Benefits are recorded when paid.

Reclassification

Certain amounts in the 2024 financial statements have been reclassified to conform to the 2025 presentation.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is March 9, 2026.

3. Information Certified by Trustee (Unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) including investments and notes receivable from participants held at June 30, 2025 and 2024 and net appreciation in fair value of investments interest and dividends and interest on notes receivable from participants for the year ended June 30, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Mutual of America Life Insurance Company and Delaware Charter Guaranteed & Trust Company d/b/a Principal Trust Company (“Principal”), qualified institutions.

Mutual of America Life Insurance Company held the Plan’s assets as of June 30, 2025 and 2024 and executed investment transactions from July 1, 2024 to June 30, 2025. Principal held the Plan’s assets as of February 3, 2025 and executed investment transactions from February 3, 2025 to June 30, 2025.

Transfers out from other Plan investment	(3,124,618)
Benefit payments	(507,194)
Administrative expenses	(664)
	\$ 17,488

The following table sets forth the Plan's level 3 financial instrument, the valuation techniques used to measure the fair value, and the significant unobservable inputs used to value the financial instrument for the year ended June 30, 2025:

Instrument	Fair Value	Valuation Technique	Unobservable Input(s)
Mutual of America Interest Accumulation Account	\$17,488	Contract Value as Proxy for Fair Value	Credited interest rate Insurance company-determined participant cash flows Contractual withdrawal provisions

There was a reassessment of the general account resulting in classification as a level 3 investment while previously reported at contract value.

Insurance Company General Account, at Contract Value

The Principal Guaranteed Option (the “PGO”) is a guaranteed general account backed group annuity contract issued by Principal Life Insurance Company. Because the PGO is benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the PGO.

A rate of interest is contractually guaranteed by Principal Life Insurance Company and is credited to participant’s account balances. This net crediting rate is after the deduction for fees for administrative and record-keeping services provided to the Plan. The rate is reset on a semiannual basis.

Benefit payments are made at contract value (i.e. no market value adjustments or surrender charge adjustments) for plan benefit events including: retirement, death, disability, termination of employment, loans, withdrawals, or Plan termination. Benefit payments to participants for plan events are made without any surrender charge or early termination charge. There are no restrictions on investment transfers initiated from the PGO to non-competing investment options. Notification of a Plan’s intent to terminate its interest may be revoked within 90 days of the receipt of such notice, after which time, the notice becomes irrevocable.

Insurance Company General Account, at Fair Value

Amounts placed in the Mutual of America Interest Accumulation Account are credited with interest at a rate determined by MOA. MOA guarantees to credit interest for the life of the contract to amounts in the Interest Accumulation Account of their general account at a rate at least equal to the greater of: (1) any contractual minimum guarantee provided by the contract; or (2) the minimum rate required by applicable state law or, if no state law minimum rate is applicable to a contract, the minimum guaranteed credited interest rate will be set pursuant to National Association of Insurance Commissioners (“NAIC”) standard non-forfeiture law. The NAIC minimum rate is determined in accordance with a formula, and cannot be less than 1.00% or more than 3.00%. MOA determines whether the application of the formula will change the minimum guaranteed rate each November, and any change is effective the following January 1 for that calendar year. The interest rate under that contract will not go below that amount regardless of the minimum rate that is set for a calendar year. In MOA’s sole discretion, they may credit a higher rate of interest to a participant’s contract in the general account, although they are not obligated to credit interest in excess of the minimum guaranteed rate. MOA compounds interest daily on the contract amounts in the general account to produce an effective annual yield that is equal to the stated interest rate.

The principal and previously credited interest is guaranteed by MOA. This guarantee is subject to MOA’s financial strength and claims-paying ability.

4. Investments (continued)

Separate Accounts

The Plan offers various separate accounts as investment options under the Plan. The separate accounts have different investment objectives, investment policies, and risks. The name of each separate account corresponds to the name of the underlying fund in which it invests. When contributions or transfers are made to a separate account, the separate account purchases shares in the appropriate underlying fund. The Plan's separate accounts include various asset classes which are: equity funds, fixed income funds, growth funds, money market funds, balanced funds, bond funds, asset allocation funds, and retirement funds.

5. Parties-in-Interest Transactions

Certain Plan investments of the Plan are managed by MOA, a custodian and record-keeper of the Plan. Therefore, these transactions qualified as exempt party-in-interest transactions under ERISA.

Certain Plan investments of the Plan are managed by Principal, a trustee of the Plan. Therefore, these transactions qualified as exempt party-in-interest transactions under ERISA.

Certain employees of the Employer, who may be participants in the Plan, perform administrative services to the Plan at no cost to the Plan.

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants on the statements of net assets available for benefits.

6. Plan Termination

Although it has not expressed any intention to do so, the Employer has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination participants will become 100% vested in their employer contributions.

7. Tax Status

The Plan has adopted a pre-approved volume submitter plan document that has received an opinion letter from the Internal Revenue Service dated March 31, 2017, stating that the form of the pre-approved plan document was in compliance with applicable requirements of the Internal Revenue Code. The plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code, and, therefore, believes that the Plan is qualified.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

8. Prohibited Transactions

During 2025 and prior, the Employer failed to remit to the Plan certain participants' contributions and participant loan repayments totaling \$42,394, within the period prescribed by the Department of Labor regulations. Delays in remitting the contributions and loan repayments to the Plan were due to administrative oversight. The Employer has calculated and remitted lost earnings for the delinquent participants' contributions and loan repayments of \$41,183 in September 2025. The Employer is in the process of calculating and remitting lost earnings to the Plan for the remaining delinquent participants' contributions and loan repayments.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.
