Independent Auditors' Report

THE RETIREMENT PLAN COMMITTEE
CALIFORNIA COLLEGE OF THE ARTS RETIREMENT PLAN
San Francisco, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of **CALIFORNIA COLLEGE OF THE ARTS RETIREMENT PLAN (the Plan)**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date of this report.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule of Delinquent Participant Contributions and Schedule of Assets (Held at End of Year) as of and for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or are derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE RETIREMENT PLAN COMMITTEE
CALIFORNIA COLLEGE OF THE ARTS RETIREMENT PLAN
San Francisco, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of **CALIFORNIA COLLEGE OF THE ARTS RETIREMENT PLAN (the Plan)**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date of this report.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule of Delinquent Participant Contributions and Schedule of Assets (Held at End of Year) as of and for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or are derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to the Financial Statements

Note 1 - Plan Description:

The following brief description of the California College of the Arts Retirement Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that was established September 1, 1964, and most recently restated effective October 1, 2024, to incorporate clarifications and updates to eligibility provisions, including the specification of employee classification. The Plan is sponsored by California College of the Arts (the College), a private, nonprofit educational institution. The Plan was established to provide benefits to eligible employees as defined in the Plan document. The Plan is a 403(b) annuity contract and custodial account plan. The Plan approved vendor is TIAA and CREF (the Custodians). CREF serves as the issuer of the CREF variable annuities under the Plan and TIAA serves as the issuer of the TIAA Traditional Annuity contracts held by the Plan and is the recordkeeper of the TIAA and CREF assets. The Plan Administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code (IRC) and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective January 1, 2019, the Plan was amended to incorporate the legislative changes pertaining to hardship withdrawal rules issued by the IRS.

The Plan adopted the distribution provision of the Coronavirus Aid, Relief, and Economic Security (CARES Act) that was signed into law on March 27, 2020. The CARES Act distribution allows the Plan's participants to take a COVID-19 related distribution up to \$100,000 from the Plan beginning on or after January 1, 2021 and before December 31, 2021. The Plan also adopted the provision that raises the limits for qualified plan loans from the lesser of \$50,000 or 50% of the present value of the participant's vested account balance to the lesser of \$100,000 or 100% of the present value of the participant's vested account balance for 180 days for loans issued beginning March 27, 2020. After 180 days, all existing loan provisions were restored based on previous regulation and plan rules. The Plan implemented certain other provisions by the CARES Act to allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date.

Effective January 1, 2024, the involuntary cash-out amount is increased from \$5,000 to \$7,000, in accordance with SECURE 2.0.

Eligibility

All employees, except for student workers, are eligible to make an elective deferral on the first day of employment. After completing twelve months of service, all employees who have attained the age of 23, except for non-resident aliens, employees covered by a collective bargaining agreement, faculty employees who work on a semester contract or employees that meet the definition for exclusion per the plan document, are eligible to participate in the discretionary matching contributions and after-tax employee contributions.

Contributions

Participants may make salary deferral contributions of their eligible pre-tax compensation, not to exceed the amount allowable under current income tax regulations. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. In addition, employees who have worked at least fifteen years for the College may make a special catch-up contribution as described in the Plan agreement. Contributions are subject to limitations under current income tax regulations. Effective November 1, 2018, the plan is no longer allowing the special catch-up contribution. After-tax contributions are allowed.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover), subject to approval by the Plan Administrator.

The College may make discretionary matching contributions equal to a percentage of the participant's elective deferrals. For those participants who met the eligibility criteria described above, the College made contributions equal to each participant's contribution to the Plan, not to exceed 5% of their gross compensation for the year ended December 31, 2024. Effective May 31, 2020, the College suspended the Plan's discretionary matching contribution. As of July 1, 2021, the College partially reinstated discretionary matching contributions, not to exceed 2.5% of the participant's gross compensation.

Participant Accounts

The Plan's assets are held in separate funds with TIAA and CREF. Each participant's account is credited with the employee's contribution, an allocation of the College's contributions and Plan earnings or losses thereon, and charged with an allocation of administrative expenses. Allocations are based on participant account balances, as defined.

Participant Investment Options

Upon enrollment in the Plan, a participant must direct contributions to any of the selected investment options as made available and determined by the Plan Administrator or self-directed brokerage accounts. For participants that do not provide investment allocation instructions, their contributions will be invested in the default investments option, American Funds Target Date Funds. Participants may change their investment options at any time throughout the year via the third party administrator.

California College of the Arts Retirement Plan

Notes to the Financial Statements

Vesting

Participants are immediately vested in their employee contributions, including rollovers of funds from other qualified retirement plans, and earnings thereon. The portion of the participants' accounts attributable to the employer's matching contributions has a two-year vesting schedule.

Forfeitures

The non-vested portion of a terminated participant's balance is forfeited. Forfeitures are retained in the Plan and are first used to pay plan administrative expenses, with any remaining amounts used to reduce future employer matching contributions. As of December 31, 2024 and 2023, forfeited non-vested accounts totaled \$87,684 and \$53,018, respectively.

Policy Loans

Participants may borrow from their plan account, the balance of which serves as security for the loan, as defined. The minimum loan is \$1,000 and may be up to the lesser of \$50,000 or 45% of their account balance. A participant may have only one loan outstanding at a time. The loans bear annual interest at rates that range from 4.00% to 5.33%. Principal and interest are paid ratably through monthly ACH transfers by the participant to TIAA. The Plan Administrator has concluded that these loans are not plan assets and that such arrangements are exempt transactions. The outstanding balances of such loans as of December 31, 2024 and 2023 were \$5,982 and \$27,257, respectively. In the event of default, such loans were reportable to plan participants as taxable income but remain outstanding and continue to accrue interest until repaid by the plan participant or the participant becomes eligible to receive a distribution under the terms of the Plan.

Notes Receivable from Participants

The Plan allows participants to borrow from unmatched pre-tax elective deferrals or rollovers from other plans a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the vested portion of their account balance. Loan repayment terms range from one to five years, except for loans to purchase a primary residence. The loans are secured by the balance in the participant's account and the interest rate is fixed for the duration of the loan per the Plan Loan Policy. Principal and interest are paid ratably through payroll deductions. A participant may only have one loan outstanding at a time. As of December 31, 2024, the interest rate on loans ranged from 4.25% to 9.50% per annum.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount, installment payments or an annuity equal to or partial payment of the value of the participant's vested interest in his or her account. The Plan allows for hardship withdrawals by the participant as outlined in the Plan document. At December 31, 2024 and 2023, none of the terminated participants had requested to withdraw from the Plan as of those dates.

California College of the Arts Retirement Plan

Notes to the Financial Statements

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed are recorded as a liability with a corresponding reduction to contributions.

Plan Administration and Custodians

TIAA and CREF serve as the custodians of the Plan assets. TIAA serves as the record keeper for the Plan. TIAA, FSB, a federal savings association, may also serve as a directed Trustee or Custodian of the Plan assets record kept by TIAA.

Note 2 - Significant Accounting Policies:

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment Valuation and Income Recognition

Investments of the Plan are held by the Custodians and invested based solely upon instructions received from participants. The Plan's investments are valued and reported at fair value as of the last day of the Plan year, except for fully benefit-responsive investment contracts (Note 5) which are reported at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The College's Retirement Plan Committee determined the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. The net appreciation (depreciation) of investments in the Statement of Changes in Net Assets Available for Benefits includes both the unrealized appreciation (depreciation) in the aggregate fair value of investments and realized gains and losses on sale of investments purchased and sold as well as held during the year.

The market volatility of equity-based investments may substantially impact the value of such investments at any given time. It is likely that the value of the Plan's investments, both in total and in individual participant accounts, has fluctuated since December 31, 2024.

California College of the Arts Retirement Plan

Notes to the Financial Statements

Management fees and operating expenses charged to the Plan for investments are deducted from income earned and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction to net appreciation (depreciation) in fair value of investments.

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan document.

Contributions

Contributions from Plan participants and the discretionary matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

Benefit Payments

Benefits are recorded when paid.

Subsequent Events

The Plan Administrator has evaluated subsequent events from December 31, 2024 through March 10, 2026, the date the financial statements were available to be issued, and there were no additional material subsequent events that required recognition or disclosure except as disclosed in Note 10 and disclosed below.

In January 2026, the Plan Sponsor's governing body approved a strategic decision to wind down the operations of the College during the 2027 fiscal year. As part of this decision, the Plan Sponsor has indicated its intent to terminate and wind down the College's retirement plan following the cessation of the College's operations.

At the date of issuance of these financial statements, the Plan Sponsor has not finalized the timing or specific terms of the Plan's termination, including the distribution of Plan assets. The Plan will continue to operate in accordance with the Plan document and applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA) until such time as the Plan termination process is completed.

California College of the Arts Retirement Plan

Notes to the Financial Statements

Note 3 - Information Certified by TIAA and CREF:

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividend income, other income, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by TIAA and CREF (the Custodians of the Plan).

Note 4 - Fair Value Measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

California College of the Arts Retirement Plan

Notes to the Financial Statements

Following is a description of the valuation methodologies used for assets measured at fair value, on a recurring basis and recognized in the accompanying Statement of Net Assets Available for Benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Variable annuity contracts: Valued based on the net asset values of underlying securities held by the contract at year end, which are generally valued using market quotations or prices obtained from independent pricing sources that may employ various pricing methods to value the investments including matrix pricing.

The CREF Accounts are valued at the daily unit value published on NASDAQ. The funds are not traded on this exchange. The value of the unit holder's investment rises and falls with the return on the underlying assets in the account. The CREF variable annuity accounts consist of nine investment portfolios: the Stock, Global Equities, Growth, Equity Index, Bond Market, Inflation-Linked Bond, Social Choice, and Money Market accounts.

The Plan may redeem units at fair value on any day the New York Stock Exchange is open for business. Participants cannot redeem units from the CREF portfolios (with the exception of the Money Market account) for 90 days if a purchase, sale, and/or repurchase is made within that account within a 60-day period.

The TIAA Access variable annuity accounts are funded through a separate investment account of TIAA registered under the Investment Company Act of 1940, which invests in proprietary and non-proprietary mutual funds through various sub-accounts. Sub-account unit values are calculated daily. The TIAA Access variable annuity accounts are valued based on the net asset values of underlying securities held by the contract at year end, which are generally valued using market quotations or prices obtained from independent pricing sources that may employ various pricing methods to value the investments including matrix pricing.

Pooled separate account: The Real Estate Account is a pooled separate account in which daily unit values are published on NASDAQ. The fund is not traded on this exchange. The value of the unit holder's investment rises and falls with the return on the underlying assets in the account. Redemptions are permitted daily except participant transfers out of the fund, which are limited to one per calendar quarter.

Mutual funds: Valued as the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are registered to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage account: Accounts primarily consist of mutual funds that are valued at the closing price reported on the active market on which the individual securities are traded. Accounts also include cash for which the carrying value approximates fair value due to the short-term nature of these financial instruments.

California College of the Arts Retirement Plan

Notes to the Financial Statements

Fixed annuity contracts: The TIAA Traditional Annuity Contracts, which are non-benefit responsive, have been presented at contract value, which approximates fair value, as reported to the Plan by TIAA. This determination of fair value is based on TIAA's credit rating and yield being comparable to similar alternative investments and the interest rate, which re-sets annually, being comparable to a ten-year U.S. Treasury bond. In subsequent periods, if market conditions change, such as the insurance company credit rating or interest rate environment, the difference between contract value and fair value could become significant. There may be certain liquidity restrictions on redemption.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

(a) In accordance with FASB ASC Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value and net asset values presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Benefits.

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2024:

	<u>TIAA Traditional Non Benefit Responsive</u>

Changes in Fair Value Levels

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes to economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs:

Instrument	As of December 31, 2024 Fair Value	As of December 31, 2023 Fair Value	Principal Valuation Technique	Significant Unobservable Inputs	Range of Significant Input Values
TIAA Traditional Non Benefit Responsive	\$11,654,604	\$11,430,996	Discounted cash flow Theoretical transfer (exit value)	Risk-adjusted discount rate applied	RA – 3.65 - 6.50% GRA – 3.65 - 6.50% RC – 3.00 - 5.75%

Calculation of a weighted average was not feasible. Additionally, a Plan level weighted average would not be meaningful measurement with respect to an individual contract.

Investments Measure Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2024 and 2023, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

<u>Investment</u>	<u>Number of Funds</u> <u>2024/2023</u>	<u>2024</u> <u>Fair Value</u>	<u>2023</u> <u>Fair Value</u>	<u>Unfunded</u> <u>Commitment</u>	<u>Redemption</u> <u>Frequency</u>	<u>Redemption</u> <u>Notice Period</u>
TIAA variable annuity contracts (a)	9/9	\$ 3,172,210	\$ 3,257,043	N/A	Daily	None

There were no unfunded commitments as of December 31, 2024 and 2023.

- (a) This category is primarily comprised of the TIAA Access Nuveen Lifecycle funds. The TIAA Access Nuveen Lifecycle funds seek high total return over time through a combination of capital appreciation and income. Each of the funds is designed to provide a single diversified portfolio managed with a target retirement date in mind. The target date is the approximate date when investors expect to begin withdrawing money from the fund. Each portfolio invests in certain underlying equity and fixed-income funds offered by the TIAA Funds.

California College of the Arts Retirement Plan

Notes to the Financial Statements

Note 5 - Fully Benefit-Responsive Contracts:

The Plan has traditional investment contracts with TIAA. The traditional investment contracts are sub-contracts, representing both fully benefit-responsive and non benefit-responsive. For investment contracts that are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the traditional investment contract. These contracts are included in the financial statements at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Traditional investment contracts amounted to \$1,340,531 and \$1,526,012 as of December 31, 2024 and 2023, respectively.

The traditional investment contracts held by the Plan are guaranteed investment contracts held in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Each premium allocated to the fixed annuity investment contract buys a guaranteed minimum amount of lifetime income based on the rate schedule in effect at the time the premium is credited. The average yield earned by the Plan is adjusted to reflect the actual interest rate credited to participants calculated by dividing the annualized earnings credited to participants for all fully benefit-responsive investment contracts by the fair value of all fully benefit-responsive investment contracts.

The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 3%. Such interest rates are reviewed and reset by the issuer on an annual basis. The contract also offers the opportunity for additional amounts in excess of the guaranteed rate. When declared, additional amounts remain in effect for the 12-month period that begins each March 1.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

The contracts do not permit the insurance company to terminate the agreement prior to the schedule maturity date.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events may be different under each contract and include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, and (5) premature termination of the contract.

California College of the Arts Retirement Plan

Notes to the Financial Statements

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreements without the consent of the issuer.

Participants are permitted to transfer funds between their CREF accounts and into their TIAA Retirement Annuity at any time. However, transfers out of the TIAA annuity into any CREF account by an active participant can only be made through a Transfer Payout Annuity (TPA), which provides for the transfer of funds in substantially equal installments over a period of ten years.

Note 6 - Related Party Transactions and Party-in-Interest Transactions:

Plan investments are managed by TIAA and CREF. Such an arrangement, while considered a party-in-interest transaction under ERISA regulations, is permitted under the provisions of the Plan and is specifically exempt from the prohibition of party-in-interest transactions under ERISA.

TIAA and CREF provides certain administrative services to the Plan pursuant to a Recordkeeping Service Agreement (RSA) between the College and TIAA and CREF. TIAA and CREF receives revenue from mutual fund service providers for services TIAA and CREF provides to the funds. This revenue is used to offset certain amounts owed to TIAA and CREF for its administrative services to the Plan.

If the revenue received by TIAA and CREF from such mutual fund services providers exceeds the amount owed under the RSA, TIAA and CREF remits the excess to the Plan on a semi-annual basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants.

Certain administrative functions are performed by officers or employees of the College. No such officer or employee receives compensation from the Plan. Certain other administrative expenses are paid directly by the College.

Note 7 - Plan Termination:

Although it has not expressed any intent to do so, the College has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer matching contributions.

Notes to the Financial Statements

Note 8 - Income Tax Status:

The Plan has been designed to qualify under Section 403(b) of the IRC. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for Plan participants under Section 403(b). The Plan Administrator believes that the Plan, as amended, is currently designed and operating in accordance with the applicable requirements of Section 403(b) of the IRC and, therefore, believes that the Plan is qualified, and the related accounts are tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that is more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

Note 9 - Risks and Uncertainties:

The Plan provides for various investment options in any combination of investments offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the nature of risks associated with certain investment securities, it is at least reasonably possible that changes in the level of risk in the near term would materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

At December 31, 2024 and 2023, approximately 13% and 13%, respectively, of the Plan's investments are held in one account with the Custodians as noted below. This is a concentration of credit risk.

<u>Investments</u>	<u>2024</u>		<u>2023</u>	
	<u>Value</u>	<u>Percentage of Total Investments</u>	<u>Value</u>	<u>Percentage of Total Investments</u>
TIAA Traditional Non Benefit Responsive Contracts	\$ 11,654,604	13%	\$ 11,430,996	13%

Notes to the Financial Statements

Note 10 - Nonexempt Prohibited Transactions:

During 2024 and 2023, the College inadvertently failed to deposit approximately \$7,060 and \$5,285, respectively, of participant contributions within the required timeframe as stated by the United States Department of Labor (DOL) regulations. Delays in remitting contributions were due to administrative errors and the College is currently in the process of calculating the amount of lost earnings due to the affected participants' accounts due to the delay. The amount of lost income was deemed immaterial to the financial statements. The College is actively addressing the issue, with corrections expected to be completed in 2025.

Note 11 - Reconciliation of Financial Statements to Form 5500:

The following is a reconciliation of net assets available for plan benefits per these financial statements to the Form 5500 at December 31:

	2024	2023
Net assets available for plan benefits per these financial statements	\$ 90,223,074	\$ 85,268,744
Less deemed loan distributions	(42,801)	(41,125)
<u>Net assets available for benefits per Form 5500</u>	<u>\$ 90,180,273</u>	<u>\$ 85,227,619</u>

The following is a reconciliation of financial statements to Form 5500 for the year ended December 31, 2024:

Deemed loan distributions per these financial statements	\$ -
Deemed loan distributions	1,676
<u>Deemed loan distributions per Form 5500</u>	<u>\$ 1,676</u>
Net increase per these financial statements	\$ 4,954,330
