INDEPENDENT AUDITORS' REPORT

Board of Trustees
The Ironworkers District Council of the
Pacific Northwest Field Ironworkers Annuity Trust Fund
Mercer Island, Washington

Opinion

We have audited the accompanying financial statements of The Ironworkers District Council of the Pacific Northwest Field Ironworkers Annuity Trust Fund, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of June 30, 2025 and 2024, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of The Ironworkers District Council of the Pacific Northwest Field Ironworkers Annuity Trust Fund (the Plan), as of June 30, 2025 and 2024, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we—

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets held for investment, reportable transactions, and administrative expenses are presented for purposes of additional analysis. The supplemental schedules of assets held for investment and reportable transactions are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules of assets held for investment and reportable transactions, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole. The form and content of the schedules of assets held for investment and reportable transactions are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The Ironworkers District Council of the Pacific Northwest Field Ironworkers Annuity Trust Fund

Notes to Financial Statements

Note 1 – Description of the Plan

The following description of The Ironworkers District Council of the Pacific Northwest Field Ironworkers Annuity Trust Fund (the Plan), is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

- a. **General** – The Plan is maintained pursuant to collective bargaining agreements (CBA) between various employers and The Ironworkers District Council of the Pacific Northwest and Local Unions Nos. 14, 29, 86, and 751 of the International Association of Bridge, Structural, and Ornamental Ironworkers. The Plan is a defined contribution plan covering those bargaining unit employees of employers under the CBA. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.
- b. **Contributions** – Each month the signatory employers contribute to the Plan, depending on the CBA governing the contributing employer, at a rate between \$5.20 and \$9.35 per hour for hours worked by covered employees. There are no employee contributions allowed in the Plan; however, a participant can transfer a distribution from another qualified plan.
- c. **Participant accounts** – Each participant's account is credited with the monthly contribution made by the employer and a quarterly allocation of plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- d. **Vesting** – Participants are immediately vested in their account balance.
- e. **Payment of benefits** – On termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's account in a lump sum, as a life annuity purchased from an insurance company, joint and survivor annuity options, or equal annual payments for ten years. Partial distributions are also allowed if certain requirements are met.
- f. **Forfeitures** – If a participant does not submit a written application for payment and the Plan is unable to locate the participant, the participant's account shall be forfeited on the earlier of one year from the date the participant attained normal retirement age with no employer contributions credited to their individual account for sixty (60) days or one year from the date the participant became eligible for benefits but only if the amount of the participant's individual account is \$5,000 or less. Individual accounts which have been forfeited are applied toward administrative expenses.
- g. **Administration** – The Plan is administered by a Board of Trustees that is assisted by a contract administration organization. Administrative expenses are borne by the Plan.

The Ironworkers District Council of the Pacific Northwest Field Ironworkers Annuity Trust Fund

Notes to Financial Statements

Note 2 – Summary of Significant Accounting Policies

A summary of the Plan's significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

- a. **Basis of accounting** – The financial statements of the Plan are prepared on the accrual basis of accounting.
- b. **Investment valuation and income recognition** – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade-date basis. Interest income is recorded as earned on an accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.
- c. **Payment of benefits** – Benefits are recorded when paid.
- d. **Concentration of credit risk** – The Plan maintains its cash balances at high credit quality financial institutions. Accounts at these institutions are insured by the Federal Deposit Insurance Corporation up to \$250,000 through June 30, 2025, at which time the insured coverage amount may be changed. At times, such cash balances may be in excess of the insurance limit.
- e. **Use of estimates** – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.
- f. **Subsequent events** – In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through February 16, 2026, the date the financial statements were available to be issued.

Note 3 – Funding Policy

The CBAs presently call for contributions by participating employers on covered employees. Contributions received by the Plan are deposited in a trust account where they are invested on behalf of the Plan. Any benefits provided by the Plan are paid directly from net assets available for benefits.

The Ironworkers District Council of the Pacific Northwest Field Ironworkers Annuity Trust Fund

Notes to Financial Statements

Note 4 – Plan Termination

The Plan shall continue during such period of time as may be necessary to carry out the provisions of the CBAs. The termination of said CBAs, or any of them, without extension or renewal, shall not by itself terminate the Plan, which shall continue for a period of time sufficient to conclude the affairs of the Plan.

The agreement and declaration of trust may be terminated at any time by the employer associations and the union's signatory thereto by an instrument in writing.

Any and all assets remaining in the Plan after the termination of the Plan and any funds acquired or disbursed as a result of merger, consolidation, amalgamation, affiliation, exchange, or otherwise shall be used, as provided for by the Board of Trustees, solely for the purpose of paying benefits for employees' and beneficiaries' individual account plan pension benefits or insurance to provide any of the foregoing and for expenses of administration incident thereto.

If any of the parties to the agreement and declaration of trust cease for any reason to participate in the Plan, the Plan shall not terminate but shall continue with the remaining parties, subject to the right of such remaining parties to amend the agreement and declaration of trust in such respects as may be necessary to take into account such cessation of participation. The Board of Trustees shall have full power and discretion to allocate, assign, pay over, transfer, or purchase annuity insurance with any part of the assets of the Plan, to or for the benefit of such employees, their families or dependents, whose coverage under the Plan terminates by reason of such cessation of participation, or to otherwise make arrangements, so as to provide for such employees or beneficiaries, benefits in lieu of individual account pension or retirement benefits under the Plan, in a manner deemed by the Board of Trustees in its sole discretion to be fair and equitable, provided, however, that any such action by the Board of Trustees shall be within the purpose of the trust and subject to the limitations on the use of the Plan contained in the various sections of the agreement and declaration of trust.

Note 5 – Fair Value Measurements

The Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

The Ironworkers District Council of the Pacific Northwest Field Ironworkers Annuity Trust Fund

Notes to Financial Statements

Note 5 – Fair Value Measurements (Continued)

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at June 30, 2025 and 2024.

Level 1 – *Short-term Funds, Mutual Funds, and Common Stocks:* Valued at the closing price reported on the active market on which the individual securities are traded.

Level 2 – *U.S. Securities and Corporate and Foreign Bonds:* Valued using the latest bid price or using valuations based on a matrix system which considers such factors as security prices, yields, maturities, and ratings.

Level 3 – The Plan had no investments that are classified as Level 3 for either year ended June 30, 2025 or 2024.

Investments measured at net asset value (NAV):

Limited Partnerships – Valued based on the Plan's share of the unallocated underlying investments which are based on observable prices of the underlying assets.

The Ironworkers District Council of the Pacific Northwest Field Ironworkers Annuity Trust Fund

Notes to Financial Statements

Note 5 – Fair Value Measurements (Continued)

Investments measured at net asset value (NAV) (continued):

103-12 Investment Entities – Values are provided by the investment manager:

- PanAgora Risk Parity Multi-Asset Plus Fund is valued on the basis of market valuations provided by independent pricing services.
- Washington Capital Joint Master Trust Real Estate Equity Fund is valued on the basis of a discounted cash flow approach, which includes the future rental receipts, expenses, and residual values as the highest and best use of the real estate from a market participant view as rental property.
- Washington Capital Joint Master Trust Mortgage Income Fund is valued on the basis of future principal and interest payments discounted at prevailing interest rates for similar investments.

Common Collective Trusts – Valued at the net asset value of units, which is based on the observable prices of the underlying investments held by the Plan at year end.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value:

	As of June 30, 2025

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classifications of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. We evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended June 30, 2025, there were no significant transfers in or out of Levels 1, 2, or 3.

FASB ASC 820 also requires additional disclosure to assist in understanding the nature and risk of the investments that calculate net asset value per share (or its equivalent). The following table summarizes the fair value and liquidity disclosures of each fund:

Note A – Subscription dates occur the first calendar day of each month and each Wednesday and withdrawal dates occur the last calendar day of each month and each Tuesday.

Note B – Redemption payouts are paid pro rata based upon availability of funds. Redemptions are made within 27 months, provided that the general partner may further suspend the payment of redemptions if it determines in good faith that the payment is reasonably expected to be prejudicial to the non-redeeming limited partners or the partnership as a whole.

Note C – Redemption payouts are paid five business days before month end.

Note D – Redemptions are paid bi-monthly on the 1st and 15th of each month.

The following provides a brief description of the investment strategies employed by the Plan's investment funds valued at net asset value per share (or its equivalent).

Limited Partnerships:

AQR GRP EL Fund, LP – seeks to provide diversified exposure by investing in various equities, government bonds, and commodities.

Hatteras Core Alternatives TEI Institutional Fund, LP – seeks to earn long-term returns through investment in a diversified portfolio of private investment across a variety of sectors, geographies, and managers.

Sentinel Real Estate Fund – seeks to acquire properties and enhance asset value by investing in properties with reliable and stable sources of income, mitigating risk through geographic and economic diversification, and utilizing prudent capital structures.

WCM Focused International Growth Fund LP – seeks long-term capital appreciation by investing approximately 75% of its net assets in equity securities of companies outside of the United States. The fund uses a bottom-up approach to identify companies with attractive investment qualities.

103-12 Investment Entities and Common Collective Trusts:

These entities are direct filing entities that are reported in Schedule D of the Plan's Form 5500 and investment objectives are no longer required to be disclosed on the Plan's financial statements under FASB *Accounting Standards Update 2015-07, Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent)*.

Notes to Financial Statements

Note 6 – Risks and Uncertainties

The Plan provides for investment in a variety of investment funds. In general, investments are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.

Note 7 – Tax Status

The Internal Revenue Service (IRS) has determined and informed the Plan by a letter dated April 1, 2011, that the Plan and related trust are designed in accordance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of June 30, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 – Related-party and Party-in-interest Transactions

Certain plan assets are funds managed by U.S. Bank, N.A. (USB) and Matrix Trust Company (Matrix). Welfare & Pension Administration Service, Inc. (WPAS) and Milliman, Inc., provide certain accounting and administrative services to the Plan. USB and Matrix are the Plan's investment custodians. WPAS and Milliman, Inc., are the Plan's third-party administrators. Anastasi, Moore & Martin, PLLC, is the Plan's auditor. Turner, Stoeve & Gagliardi, P.S., and Mackenzie Rothwell Barlow & Coughran, P.S., provided legal services as the Plan's attorneys for the year ended June 30, 2025, with the Plan having transitioned legal service providers during the year then ended. Mackenzie Rothwell Barlow & Coughran, P.S, provided legal services for the year ended June 30, 2024. Travelers Insurance and Marsh & McLennan Agency, LLC, provide insurance services to the Plan. The Plan has several investment managers; therefore, these transactions qualify as party-in-interest transactions.

Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.
