INDEPENDENT AUDITORS' REPORT

The Plan Trustees of the
CommIT Enterprises, Inc. Employee Stock Ownership Plan

Opinion

We have audited the accompanying financial statements of the CommIT Enterprises, Inc. Employee Stock Ownership Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the CommIT Enterprises, Inc. Employee Stock Ownership Plan as of December 31, 2024 and 2023, and the changes in net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis of Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance, and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than one resulting from an error, as fraud may involve collusion, forgery, intentional omissions, misrepresentation, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Report on Supplemental Information Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year) is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

CommIT Enterprises, Inc. Employee Stock Ownership Plan

Notes to Financial Statements

NOTE 1—DESCRIPTION OF PLAN

The following brief description of the CommIT Enterprises, Inc. Employee Stock Ownership Plan is provided for general information purposes only. Participants should refer to the Plan documents for complete information.

General. CommIT Enterprises, Inc. (the “Sponsor”) adopted the CommIT Enterprises, Inc. Employee Stock Ownership Plan (the “Plan”) effective January 1, 2020. The Plan operates as an employee stock ownership plan and stock bonus plan and is designed to comply with Section 4975(e) (7) and Section 401(a) of the Internal Revenue Code of 1986, as amended, and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974.

Management has evaluated subsequent events through March 16, 2026, the financial statement issuance date.

Eligibility. Employees of the Sponsor become eligible to participate in the Plan to the first day of the plan year during which the employee completes 1,000 Hours of Service, as defined in the Plan documents. Certain employees are excluded from participation, as more fully described in the Plan documents.

Investment Allocation and Participant Accounts. The Plan either purchases or is contributed Company shares of common stock from the Sponsor.

The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Contributions. Sponsor contributions are made on an annual basis in an amount determined by the Sponsor’s Board of Directors. The Plan may also receive dividends on its shares of Sponsor stock, called “S Corporation Distributions”.

Sponsor contributions and forfeitures are allocated based on the participant’s eligible compensation and years of service. S Corporation Distributions are generally allocated based on shares held by each participant at the beginning of the year.

Forfeited shares for 2024 were 57.10951 and were allocated to eligible participants.

Benefit Payments. Generally distributions from the Plan are made upon retirement, death or other separation of employment with the Sponsor, subject to participant election.

Vesting. Vesting is based on years of service. A participant is completely vested after six years of service.

CommIT Enterprises, Inc. Employee Stock Ownership Plan

Notes to Financial Statements

Termination. The Sponsor reserves the right to terminate the Plan at any time, subject to Plan provisions and the requirements of ERISA. Upon such termination of the Plan, participants will become fully vested in their entire account balances.

Diversification. Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their retirement plan balance into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of his or her account, less any amounts previously diversified. In the sixth year, the percentage changes to 50%.

Put Option. Sponsor stock held by the Plan includes a put option, since the stock is not readily tradable on an established market. The put option is a right to demand that the Company buy the underlying shares of stock. The put price is set to equal the year-end appraised value of the stock at the date of redemption. The participant can elect to receive the redemption proceeds with interest over a period of five years.

NOTE 2—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting. The financial statements of the Plan are prepared under the accrual method of accounting.

Estimates. The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition. The Plan's investments are stated at fair value. The annual independent appraisal of the common shares of the Sponsor is performed under a framework of generally accepted valuation methodologies, as well as economic and market factors as of the appraisal date, and is prepared on a minority, non-marketable interest basis. The appraisal takes into consideration IRS Revenue Ruling 59-60, which outlines the general approaches, methods, and factors to consider in the appraisal of the common stock of closely held companies and thinly-traded public corporations, and considers factors such as the nature of the business, the economic outlook of the industry in which the business operates, the book value and earnings capacity of the business, the business' goodwill and intangible value, and market prices of corporations engaged in similar lines of business.

The appraisal develops and considers valuation approaches including an income approach, which considers the present value of future economic benefits to be derived from ownership, a market approach that calculates the value of the business by comparing it to guideline

CommIT Enterprises, Inc. Employee Stock Ownership Plan

Notes to Financial Statements

companies whose stock is publicly traded, and an asset approach, which considers the value of the underlying assets of the business.

The net appreciation in the fair value of investments includes both realized and unrealized gains and losses on investments. Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits. Benefits are recorded when paid.

NOTE 3—INVESTMENTS

Generally accepted accounting principles provide a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

Within this hierarchy, the Plan's investments are categorized as follows at December 31, 2024:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Sponsor common stock	\$ -	\$ -	\$ 223,062	\$ 223,062

The Plan's investments are categorized as follows at December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Sponsor common stock	\$ -	\$ -	\$ 180,603	\$ 180,603

Changes in the Plan's Level 3 investments were as follows for the year ended December 31, 2024:

Sponsor common stock, beginning	\$ 180,603
Contribution	-
Appreciation (depreciation) in value	42,459
Distributions to participants	<u>(-)</u>
Sponsor common stock, ending	<u>\$ 223,062</u>

CommIT Enterprises, Inc. Employee Stock Ownership Plan

Notes to Financial Statements

NOTE 4—INCOME TAX STATUS

The IRS has determined and informed the Plan sponsor by a letter dated February 13, 2018, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024 and 2023 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to audits by taxing jurisdictions; however, there are currently no such audits in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2021.

NOTE 5—TRANSACTIONS WITH PARTIES IN INTEREST

Certain administrative expenses of the Plan are absorbed by the Sponsor and are therefore not reflected in the Plan's financial statements.

NOTE 6—RISKS AND UNCERTAINTIES

The Plan maintains holdings in financial investments, as described in the Investment Policy Statement. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risks associated with investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
