Independent Auditors' Report

The Plan Administrator
Orbit International Corp. Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Orbit International Corp. Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of June 30, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended June 30, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of June 30, 2025 and 2024, and for the year ended June 30, 2025 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

PKF O'Connor Davies, LLP is a member firm of the PKF International Limited network of legally independent firms and does not accept any responsibility or liability for the actions or inactions on the part of any other individual member firm or firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

Auditors' Responsibilities for the Audit of the Financial Statements *(continued)*

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of June 30, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information the in supplemental schedule related to assets held by and certified to by the qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following summary description of Orbit International Corp. Savings Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the plan agreement for a more comprehensive description of the Plan’s provisions.

General

Effective December 1, 1985, the Plan was established to provide deferred retirement and savings to employees of Orbit International Corp. (“Orbit”) and certain wholly-owned subsidiaries. The Plan has been subsequently amended to include the employees of certain acquired entities. Orbit and all acquired entities and subsidiaries are collectively referred to as the "Company". The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

All employees of the Company are eligible to participate in the Plan, except temporary and leased employees, student interns, nonresident aliens who receive no earned income from sources within the United States, employees of an affiliate that is not a participating employer and employees covered by a collective bargaining agreement.

An employee will become eligible to participate in the Plan upon attaining age 20 1/2 with no requisite service period needed.

Contributions

Each year, participants may contribute up to 100% of pre-tax annual compensation, as defined in the Plan, subject to certain Internal Revenue Code ("IRC") limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined- benefit or contribution plans. Effective April 1, 2022, the Plan was amended to allow Roth elective deferrals.

The Company contributes 50% of the employee’s salary deferral not to exceed 4% of an employee’s compensation. Additional amounts may be contributed at the option of the Company. There was no discretionary contribution by the Company for the year ended June 30,2025.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company’s matching contributions, as well as allocations of the Company's profit-sharing contribution, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of Plan *(continued)*

Participants' Investment Options

Participants may direct their contributions into a selection of mutual funds determined by Merrill Lynch Pierce, Fenner and Smith Incorporated ("Merrill Lynch"), the Plan's fiduciary advisor, and by the Plan's Investment Committee. Merrill Lynch recommends mutual funds for selection and groups such funds into five risk profiles that are also eligible for selection by the participants. In addition, participants are also given the option of (i) placing a portion or all of their assets into a self-directed account whereby the participant is responsible for all investment decisions or (ii) investing in a common collective trust.

Participants are provided with a report each quarter from the investment manager disclosing the performance of the various fund categories. Additionally, participants may change their contribution percentage to the Plan at any time.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution plus actual earnings thereon is based on years of continuous service and vests 20% and 100% upon completion of two and three years, respectively.

Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum amount equal to the lesser of $50,000 or 50% of their vested balance. The loans are secured by the participant's vested account balance. The loan interest rate is determined by the Plan administrator at a rate commensurate with local prevailing rates, as defined. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, retirement or other reason, a participant is entitled to receive a distribution in the amount equal to the value of the participant's vested interest in his or her account.

Forfeitures

In the event that a participant terminates before becoming fully vested in his or her account balance, the non-vested portion of the participants' account balances will be forfeited as of the termination date. Forfeitures of terminated non-vested accounts can be used to reduce future employer contributions made to the Plan or used to pay any administrative expenses of the Plan. At June 30, 2025 and 2024, unapplied forfeitures totaled $9,841 and $3,956, respectively. For the year ended June 30, 2025, $13,672 of forfeitures were used to reduce employer contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") using the accrual basis of accounting, which recognizes revenue when it is earned and expenses as they are incurred. The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions and deductions during the reported period. Actual results could differ from those estimates.

Fair Value Measurements

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs relate to assets or liabilities that have little or no pricing observability as of the measurement date and are measured using management's best estimate of fair value.

In determining fair value, the Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible as well as considering counterparty credit risk in its assessment of fair value. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market fund: Invests in cash and underlying investments which seeks to preserve the value of the investment at $1 per share.

Self-directed accounts: Common stocks, which are held through the Plan's self-directed account, are valued at the closing price reported on the active market on which the individual securities are traded.

2. Summary of Significant Accounting Policies *(continued)*

Fair Value Measurements (continued)

Common collective trust fund: Valued at the NAV of units of a bank collective trust. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require one day's notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment adviser and trustee. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Excess Contribution Payable

As a result of non-discrimination testing performed at year end, certain employee contributions and related earnings were refunded to participants subsequently.

2. Summary of Significant Accounting Policies *(continued)*

Expenses

Certain expenses of administrating the Plan are paid directly by the Plan. Management fees and operating expenses charged to the Plan for investments in the mutual funds and common collective trusts are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments. Merrill Lynch charges the Plan directly for fiduciary and administrative expenses. These expenses were offset by revenue earned from certain mutual funds in the Plan. During the year ended June 30, 2025, the excess of revenue over expenses from Merrill Lynch was $32,432, which is included in revenue earned, net of administrative expenses on the statement of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. The aggregate amount of administrative expenses was a net benefit of $13,317 for the year ended June 30, 2025.

The mutual fund revenue sharing, net receivable of $7,128 at June 30, 2025 relates to the excess of Plan revenue from certain mutual funds over Plan expenses for the period April 1, 2025 through June 30, 2025. This amount was paid to the Plan in July 2025. As of June 30, 2024 the mutual fund revenue sharing, net receivable was $8,878.

Subsequent Events

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is March 13, 2026.

3. Information Certified (Unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year), including investments and notes receivable from participants held at June 30, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest on notes receivable from participants for the year ended June 30, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Bank of America, N.A., a qualified institution.

4. Investments

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of June 30:

	2025			
	Level 1	Level 2	Other Investments Measured at NAV*	Total
Mutual funds	$ 15,382,081	$ -	$ -	$ 15,382,081

	$ 14,532,398	417,886	$ 1,890,231	$ 16,840,515

(*) As discussed in Note 2, investments that are measured using the practical expedient are not classified within the fair value hierarchy.

The following tables present the Plan's investments with reported NAV at June 30, 2025 and 2024:

Name	Fair Value	Unfunded Commitment	Redemption Frequency (if currently eligible)	Redemption Notice Period
June 30, 2025

Invesco Stable Value Retirement Fund	$ 1,834,044	None	Daily	1 Day
June 30, 2024				
Common collective trust fund				
Invesco Stable Value Retirement Fund	$ 1,890,231	None	Daily	1 Day

5. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants will become 100% vested in their accounts.

6. Tax Status

The prototype plan document, which the Plan has adopted via a non-standardized adoption agreement, obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the prototype plan and related trust are designed in accordance with applicable sections of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan has no such tax liabilities accrued. The Plan is subject to routine examinations by taxing jurisdictions for periods since 2022; however, there are currently no examinations for any tax periods in progress.

7. Party-in-Interest

Certain trustees of the Plan are also employees of the Company and may be participants in the Plan. They do not receive any fees associated with being trustees to the Plan. Also, certain administrative functions are performed by the officers and employees of the Company (who may also be participants in the Plan) at no cost to the Plan. Indirect fees incurred by the Plan for investment management services are included in the net appreciation in fair value of investments. Administrative expenses paid directly from Plan assets to the trustee and investment advisor amounted to $19,105 for the year ended June 30, 2025. The Plan sponsor pays any other fees related to the Plan's operations.

Through the Plan's self-directed accounts, a certain participant purchased shares of Orbit's common stock. The total number of shares held as of both June 30, 2025 and 2024 was 6,538 and valued at $21,575 and $29,748, respectively.

The Plan allows participants to take loans against their account balances, which are also considered exempt party-in-interest transactions.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at June 30, 2025 and 2024 to Form 5500:

	2025	2024
Net assets available for benefits per the financial statements	$ 17,964,703	$ 16,867,769
Less difference between the valuation of certain investments in the financial statements and Form 5500	(76,480)	(133,261)
Net Assets Available for Benefits per Form 5500	$ 17,888,223	$ 16,734,508

The following is a reconciliation of net increase in net assets per the financial statements for the year ended June 30, 2025, to Form 5500:

	2025
Increase in net assets available for benefits per the financial statements	$ 1,096,934
Adjustment for change in the difference between the valuation of certain investments in the financial statements and Form 5500	56,781
Net Increase in Net Assets Available for Benefits per Form 5500	$ 1,153,715
