INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
My Retirement 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of My Retirement 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and the related statement of changes in net assets available for benefits for the period April 15, 2024, to December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from Ascensus Trust Company ("Ascensus") as of December 31, 2024, and for the period April 15, 2024, to December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Reid Tax & Advisory Services, LLC, and its subsidiary entities are not licensed CPA firms.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules of Assets Held at End of Year, as of December 31, 2024, and the Delinquent Participant Contributions for the period of April 15, 2024, to December 31, 2024, are presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Emphasis of Matter — Initial Year of the Plan

As discussed in Note 1, the Plan was established as of April 15, 2024, with all prior assets transferred from a Multiple Employer Plan that was part of an existing Professional Employer Organization ("PEO"). The accompanying financial statements present the Plan's net assets available for benefits and changes therein for the year then ended. Comparative financial statements are not presented because this is the Plan's initial year. Our opinion is not modified with respect to this matter.

MY RETIREMENT 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024

NOTE 1 - Description of the Plan

The following description of the My Retirement 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full time employees of Devon Rex Vets PC, (the "Company"), who have completed 90 days of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

The Plan was established effective April 15, 2024, as a result of the transfer of all related Plan assets attributable to participating employees from a Multiple Employer Plan which was sponsored and administered by a Professional Employer Organization ("PEO"). As a result of the Plan's creation, assets of \$1,684,706 and \$38,250 were transferred in and received by the Plan in April 2024 and October 2024, respectively. Comparative financial statements are not presented because this is the Plan's initial year.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan document. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans ("rollover"). The Plan currently offers various mutual funds and a money market fund as investment options for participants. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced mutual fund until changed by the participant. The Company contributes a safe harbor matching contribution of 100% of the first 3% and 50% of the next 2% of eligible compensation deferred by a participant each payroll period. Contributions are subject to certain Internal Revenue Code ("IRC") limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contribution and Plan earnings (losses) and is charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant compensation, participant earnings (losses) or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

MY RETIREMENT 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon and the Company's contribution when deposited.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1 percent, which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratably through bi-weekly payroll deductions. As of December 31, 2024 the notes receivable balance is \$0.

Benefits Paid to Participants

On termination of service due to death, disability, retirement, or any other causes, a participant may elect to receive a single-sum payment or partial payments equal to the value of the participant's vested interest in his or her account. In addition, a participant may receive a payment of benefits, if they are still employed and eligible through an in-service withdrawal.

NOTE 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") under the accrual basis of accounting and is in compliance with the Accounting Standards Codification ("ASC") of the Financial Accounting Standards Board ("FASB").

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

MY RETIREMENT 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024

Fair Value of Investments

Net change in unrealized appreciation (depreciation) and net realized gains (losses) on investments are recorded in the accompanying statement of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2024.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through March 24, 2026, the date the financial statements were available to be issued.

NOTE 3 – Investments

During 2024, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

Mutual funds	<u>\$ 203,033</u>
--------------	-------------------

NOTE 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurement). The three levels of the fair value hierarchy under ASC Topic 820, *Fair Value Measurement*, are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

MY RETIREMENT 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds (including money market funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission (the "SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The method described above may produce a fair value estimate that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	<u>Total</u>	<u>Level 1</u>
Mutual funds and money market funds	<u>\$ 2,397,685</u>	<u>\$ 2,397,685</u>

NOTE 5 - Information Certified by the Plan's Trustee (Unaudited)

The plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The trustee has provided and certified that the following information included in the financial statements and supplemental Schedule H, LINE 4I- Schedule of Assets (Held at End of Year) is complete and accurate at December 31, 2024 and for the period of April 15, 2024 to December 31, 2024:

MY RETIREMENT 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024

- Statement of Net Assets Available for Benefits - all investments.
- Statement of Changes in Net Assets Available for Benefits – net appreciation in fair value of investments, interest and dividends.
- Supplemental Schedule – all investments.

NOTE 6 – Related-Party Transactions and Party-in-Interest Transactions

Ascensus Trust Company ("Ascensus") is the trustee and recordkeeper as defined by the Plan and, therefore, any transactions with Ascensus qualify as party-in-interest transactions. There were no Plan investments managed by Ascensus.

NOTE 7 - Operational Failures and Corrective Actions

During the period of April 15, 2024 to December 31, 2024, the Company unintentionally transmitted participant contributions late for multiple payroll periods and employer matching contributions were not calculated or remitted to the plan in accordance with plan provisions. These late contributions totaled approximately \$53,400 and resulted in lost earnings to participants of approximately \$2,500. The amount of lost earnings still due to participants is approximately \$2,100 and is recorded in the employer contribution receivable in the accompanying statement of net assets available for benefits at December 31, 2024. For 2024, the participants' lost earnings of approximately \$2,100 was reimbursed by the Company and allocated to participants' accounts on January 9, 2026.

During the period of April 15, 2024 to December 31, 2024, the Company unintentionally duplicated participant contributions for the initial Plan payroll period. Additionally, the calculations of certain employer matching contributions and other issues affected numerous participants and their accounts. Management is currently in the process of quantifying these amounts and accordingly, no receivable has been recorded for these items. Management expects to make corrective contributions, including any applicable lost earnings, under the Department of Labor's Voluntary Fiduciary Correction Program once the amounts are finalized and management is taking steps to prevent similar operational failures in the future.

Additionally, the Plan failed to obtain an ERISA fidelity bond for the period of April 15, 2024 to December 31, 2024. The Company has taken corrective actions and obtained the necessary ERISA fidelity bond in 2025.

NOTE 8 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, no further contributions will be made to the Plan and all amounts credited to participants accounts will be 100% vested in accordance with the Plan document.

MY RETIREMENT 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024

NOTE 9 - Tax Status

The Plan obtained its opinion letter on a prototype plan approved by the Internal Revenue Service (the "IRS"), effective June 30, 2020. The IRS stated that the prototype plan and related trust are designed in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the IRS opinion letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require adjustment to or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
