Defined Benefit Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of March 5, 2025 (in liquidation) and December 31, 2024 (in liquidation), and the related statements of changes in net assets available for benefits for the period ended March 5, 2025 and the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of HB Performance Systems, Inc. Defined Benefit Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of March 5, 2025 and December 31, 2024, and for the period ended March 5, 2025 and year ended December 31, 2024, stating that the certified investment information, as described in Note 10 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of HB Performance Systems, Inc. Defined Benefit Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about HB Performance Systems, Inc. Defined Benefit Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of HB Performance Systems, Inc. Defined Benefit Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about HB Performance Systems, Inc. Defined Benefit Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

For information included in the that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

HB Performance Systems, Inc. Defined Benefit Plan

Notes to the Financial Statements

Note 1: Description of Plan

The following description of the HB Performance Systems, Inc. Defined Benefit Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions. HB Performance Systems, Inc. (the "Sponsor") is the sponsor of the Plan. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Plan Termination

On May 31, 2024, the Sponsor communicated to all participants its intent to terminate the Plan on July 31, 2024, subject to the provisions of ERISA and subject to the approval of the Internal Revenue Service ("IRS") and Pension Benefit Guarantee Corporation ("PBGC"). In accordance with accounting principles generally accepted in the United States of America ("GAAP"), the Plan changed its basis of accounting to the liquidation basis of accounting as of and for the period ended March 5, 2025 and as of and for the year ended December 31, 2024. See further disclosures relating to the Plan's termination in Note 8.

General

The Plan was a noncontributory defined-benefit pension plan sponsored by the Sponsor. Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company ("Principal") was the Plan trustee and held the Plan's investment assets and executed investment transactions.

As of December 31, 2012, the Plan was frozen and employees hired on or after January 1, 2013, could not participate in the Plan. No additional years of service could be earned after December 31, 2012. Participants not vested as of December 31, 2012 continued to earn vesting service to satisfy the five year vesting requirement.

On February 20, 2025, in accordance with the termination of the Plan, the Sponsor entered into an agreement with Principal Life Insurance Company, a related party, to purchase a group annuity contract, to be funded entirely by Plan assets (collectively the Agreement). In conjunction with the signed Agreement, Principal Life Insurance Company assumed the obligation to make future annuity payments to remaining retirees.

The Plan became fully liquidated on March 5, 2025. After the group annuity contract purchase and all distributions to participants were complete, and final expenses were paid, the Plan was overfunded. The fair value of plan assets in excess of benefit obligations in the amount of approximately \$1,100,000, was returned to the Sponsor, subject to the applicable taxes.

Eligibility and Vesting

Substantially all hourly employees of the Sponsor who were subject to the collective bargaining agreement with the United Steelworkers of America Local 8149 were eligible to participate in the Plan. Employees received one year of vesting service for each year in which they completed 870 hours of service. Participants in the Plan became fully vested after five years of service.

Notes to the Financial Statements

Note 1: Description of Plan (Continued)

Pension Benefits

The monthly pension benefit was based on the benefit rate times the years of service through December 31, 2012. The benefit rate ranged from \$4.25 to \$31.00 and was determined based upon the year the participant terminated, died, became disabled or as of December 31, 2012, whichever was earlier.

The Plan provided for benefit payments under the following circumstances:

- (a) For normal retirement at age 65,
- (b) For early retirement at minimum age 60 with at least 5 years of credited service,
- (c) For early retirement at minimum age 55 with at least 5 years of credited service, and retires at the option of the Sponsor or under mutually satisfactory conditions,
- (d) For disability retirement after completion of 5 years of credited service,
- (e) For termination of employment or death of participant after completion of 5 years of credited service.

The Plan allowed for various forms of pension payments including single life pension annuities and joint and survivor pension annuities.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared using the liquidation basis of accounting in accordance with GAAP.

Use of Estimates in Preparation of Financial Statements

The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results may differ from these estimates and are subject to changes in the near term.

HB Performance Systems, Inc. Defined Benefit Plan

Notes to the Financial Statements

Note 2: Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments were stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments were recorded on a trade-date basis. The net appreciation in fair value of investments included the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants were recorded when paid.

Administrative Expenses of the Plan

Trustee and investment advisory fees and PBGC premiums were paid by the Plan. Actuarial and audit costs were paid by the Sponsor and are excluded from these financial statements. Certain investment related expenses were included in net appreciation in fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

Subsequent Events

Subsequent events have been evaluated through December 4, 2025, which is the date the financial statements were available to be issued.

Note 3: Accumulated Plan Benefits

Prior to the decision to liquidate, the Plan actuarially estimated the present value of accumulated plan benefits as of the beginning of the plan year. Accordingly, as of January 1, 2024, the Plan's accumulated benefit obligation was estimated to be approximately \$6,725,000.

Under the liquidation basis of accounting the Plan's accumulated benefit obligation should have been presented as of the plan year end. Additionally, the accumulated benefit obligation should have been measured based on the amount estimated necessary to fully settle the Plan's obligations pursuant to its plan of liquidation and in accordance with the applicable governing regulations.

During 2025, amounts were paid out to participants in lump-sums and existing monthly payments before the purchase of a group annuity contract with a third party for participants entitled to receive monthly payments post-liquidation. Amounts paid to settle all participant and plan obligations during 2025 were approximately \$8,967,000.

Note 4: Fair Value Measurements

GAAP specifies a three-tier fair value hierarchy, which prioritizes the inputs used in estimating fair value. These tiers include Level 1, defined as observable inputs such as quoted market prices in active markets; Level 2, defined as inputs other than quoted market prices in active markets that are either directly or indirectly observable; and Level 3, defined as unobservable inputs in which little or no market data exists, therefore, requiring an entity to develop its own assumptions.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2024.

Pooled separate accounts: The net asset value ("NAV") of each of the pooled separate accounts is calculated in a manner consistent with GAAP for investment companies and is determinative of their fair value and represents the price at which the Plan would be able to initiate a transaction. Several of the pooled separate accounts invest in publicly quoted mutual funds or actively managed stocks. Some of the pooled separate accounts also invest in fixed income securities or real estate. The fair value of the underlying mutual funds or stock and the underlying securities, which is based on quoted prices of similar assets, is used to determine the NAV of the pooled separate account, which is not publicly quoted.

Investments in pooled separate accounts can be purchased and sold continuously. A notice of redemption is not required. The Plan has no obligation to buy additional units.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table set forth by level, within the fair value hierarchy, the Plan's investments at:

	(Liquidation Basis)			Total
	Level 1	Level 2	Level 3	
Investments measured at NAV - December 31, 2024				\$ 10,045,839

HB Performance Systems, Inc. Defined Benefit Plan

Notes to the Financial Statements

Note 5: Funding Policy

Contributions were made annually by the Sponsor in amounts between the minimum and maximum amounts allowed by the Internal Revenue Service ("IRS") as current tax deductions. The Sponsor met the ERISA minimum funding requirements in 2025 and 2024.

Note 6: Tax Status

The IRS has determined and informed the Sponsor that the Plan and related trust were designed in accordance with applicable sections of the Internal Revenue Code. The Plan Administrator evaluates uncertain income tax positions taken by the Plan. The financial statement effect of a tax position is recognized when the position is more likely than not, based on the technical merits, to not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of March 5, 2025 and December 31, 2024, there were no uncertain tax positions taken by the Plan.

Note 7: Party-In-Interest Transactions

The Plan paid certain expenses related to Plan operations and investment activity to Principal and Dana Investment Advisors, Inc. Certain pooled separate accounts were managed by affiliates of Principal. These transactions were party-in-interest transactions but are not, however, considered prohibited transactions under ERISA regulations.

Note 8: Plan Termination

On May 31, 2024, the Sponsor communicated to all participants its intent to terminate the Plan subject to the provisions of ERISA with a termination date of July 31, 2024. In order to terminate the Plan, the Sponsor requested approval from the IRS and the PBGC. This approval has been received and all benefit payments and distributions have been made in 2025. The pension benefits of the participants in the Plan were 100% vested, and the termination did not affect the amount of benefit the participants were entitled to or the forms of payment available under the provisions of the Plan.

Participants affected by the termination of the plan had three options for receiving their benefit payments. Participants could purchase a guaranteed deferred annuity under a nonparticipating group contract; opt for a single sum payment equal to the present value of the deferred monthly retirement benefit they would be entitled to on their normal retirement date, payable under the normal form; or they can choose an immediate annuity under any of the available annuity forms. If the distribution date is before the participant's retirement date, the immediate annuity will be equal to the actuarial equivalent of the participant's vested accrued benefit on that date. Additionally, if the form chosen is different from the normal form, it will be the actuarial equivalent of the benefit that would otherwise be payable to the participant under the normal form.

HB Performance Systems, Inc. Defined Benefit Plan

Notes to the Financial Statements

Note 8: Plan Termination (Continued)

The Plan terminated on July 31, 2024, in accordance with the provisions of ERISA. When the Plan terminated, the net assets of the Plan were allocated, as prescribed by ERISA and its related regulations, in the order indicated:

- a) Annuity benefits to participants (or their beneficiaries) who had been receiving benefits for at least three years, or those employees eligible to retire for that three year period who would have been receiving benefits if they had retired with benefits in the normal form of annuity under the Plan. The priority amount was limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount was further limited to the lowest benefit that would be payable under plan provisions in effect at any time during the five years preceding plan termination.
- b) Other vested benefits insured by the PBGC (a U.S. governmental agency) up to applicable limitations.
- c) All other vested benefits (that is, vested benefits not insured by the PBGC).
- d) All nonvested benefits

Certain benefits under the Plan were insured by the PBGC when the Plan terminated. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

Note 9: Risks and Uncertainties

The Plan's investments were exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it was at least reasonably possible that changes in the values of investment securities would occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Plan contributions were made and the actuarial present value of accumulated plan benefits were reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which were subject to change. Due to uncertainties inherent in the estimations and assumptions process, it was at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.
