Pressley Ridge Employee Benefit Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Pressley Ridge Employee Benefit Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of June 30, 2025 and 2024, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended June 30, 2025 and 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the

information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not

detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule of Assets (Held at End of Year) as of June 30, 2025 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PRESSLEY RIDGE EMPLOYEE BENEFIT PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2025 AND 2024

1. Plan Description

The following description of the Pressley Ridge Employee Benefit Plan (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) profit sharing plan covering eligible employees of Pressley Ridge (Organization). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan agreement utilized a nonstandardized prototype sponsored by Mutual of America Life Insurance Company (Mutual of America).

Eligibility and Contributions

Employees are eligible to make voluntary elective deferrals to the Plan upon hire. Employees are eligible to receive an employer matching and employer base contribution upon attainment of age twenty-one and completion of one year of service, with a minimum of 1,000 hours of service during the year, as defined by the Plan. Effective June 1, 2011, the Plan's eligibility provisions were amended to exclude those employees whose primary employment on or after June 1, 2011 is outside of the geographic area previously serviced by Family and Children's Services of Central Pennsylvania and Family Service Partners, Inc. Effective July 1, 2019, the Plan's eligibility provisions were amended to also exclude those employees who were not hired into a position or operation that reports to the Executive Director of Central Pennsylvania.

Employees can contribute any percentage of their salary provided they do not exceed the limit on pretax elective deferrals set by the Internal Revenue Service (IRS). For each period, the participant contributes to the Plan, the employer contributes an amount equal to the lesser of 50% of the participant's deferral contribution or 3% of the participant's compensation during the Plan year. The employer may also make a base contribution at the discretion of the Board of Directors on behalf of all eligible employees who are actively employed on the last day of the Plan year; no such contributions were made for the Plan years ending June 30, 2025 and 2024. Rollover contributions are permitted by the Plan.

PRESSLEY RIDGE EMPLOYEE BENEFIT PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2025 AND 2024

Vesting

Participants are vested immediately in their elective deferral contributions plus actual earnings thereon. Plan participants become fully vested in employer contributions according to the vesting schedule below or at the earliest of the following dates: a) the date of the participant's death, b) the date the participant incurs total disability, or c) age 59 1/2. The vesting schedule is as follows:

<u>Years of Service</u>	<u>Percentage</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Notes Receivable from Participants

Loans to participants are not permitted by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution, employer contributions, and the net investment income attributable to the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. Participants may direct the investment of their account among the investment funds provided by the Plan.

Forfeitures

Participant account balances which are not 100 percent vested upon termination of service are forfeited. Forfeitures can be used to reduce the employer's contributions. No forfeitures were used during the year. The balance of the forfeiture account was \$0 as of June 30, 2025 and 2024.

PRESSLEY RIDGE EMPLOYEE BENEFIT PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2025 AND 2024

Benefit Payments

On termination of service due to death, disability, retirement or other reasons, a participant may elect to have vested benefits paid as a lump-sum distribution, annuity, or installments equal to the account balance. Account balances of \$1,000 or less may be distributed to participants without their consent as a single lump-sum.

Hardship withdrawals may be made for purposes permitted by the Plan and federal regulation.

Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be

PRESSLEY RIDGE EMPLOYEE BENEFIT PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2025 AND 2024

received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. For all investments, Mutual of America calculates a daily unit value, based on either the daily credited interest rate (general account) or the underlying market value of investments (separate accounts). The value of a participant's fund balance is equal to the daily unit value multiplied by the number of units accumulated. Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 establishes a framework for measuring fair value under current accounting standards that require or permit fair value measurement and enhances disclosures about fair value measurements. FASB ASC 820 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Options

Mutual of America pension and retirement savings products allow for contributions to be allocated among the insurance company's general account and a wide array of separate account investment funds (pooled separate account). The investment funds purchase shares of underlying mutual funds or portfolios. These underlying funds or portfolios sell their shares to separate accounts of insurance companies and are not publicly available.

PRESSLEY RIDGE EMPLOYEE BENEFIT PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2025 AND 2024

Contributions

Contributions from Plan participants and the matching contributions from the Employer are recorded in the year in which the employee contributions are withheld from compensation.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan sponsor and are excluded from these financial statements. Investment-related expenses are included in net appreciation (depreciation) of investments.

Payment of Benefits

Benefits are recorded when paid by the Plan. There were no benefits allocated to the accounts of persons who had withdrawn from the Plan but were not paid as of June 30, 2025 and 2024.

Subsequent Events

Subsequent events have been evaluated through the Independent Auditor's Report date, which is the date the financial statements were available to be issued.

3. Investment Contract with Insurance Company

The Plan has an investment contract with Mutual of America. Under the terms of the contract, a portion of the Plan assets are held in Mutual of America's general account, which is made up mainly of U.S. Government agency and high-quality nonindustrial corporate bonds and notes. The general account is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by Mutual of America. Mutual of America is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The contract, which is fully benefit responsive, is included in the financial statements at contract value. Contract value represents contributions made under the contract, plus earnings, less withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There

PRESSLEY RIDGE EMPLOYEE BENEFIT PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2025 AND 2024

are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at June 30, 2025 and 2024 was \$629,712 and \$578,105, respectively. The effective annual yield was 2.85% for the period July 1, 2024 through June 30, 2025. The effective annual yield was 1.60% for the period July 1, 2023 through June 30, 2024. Interest is compounded daily and is periodically adjusted by Mutual of America.

Mutual of America is responsible for maintaining the balances due to each of the eligible participants in the Plan. The net assets available for benefits include assets available to current eligible employees as well as terminated employees who have not yet been paid their benefit by the Plan. Mutual of America is also responsible for the proper payouts of benefits to eligible terminated employees per the terms of the Plan documents.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such event that would limit the Plan's ability to transact at contract value with participants is probable.

4. Income Tax Status

The IRS has determined and informed Pressley Ridge by a letter dated November 30, 2020, that the Plan is designated in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Further, the Plan annually files a Form 5500.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon

PRESSLEY RIDGE EMPLOYEE BENEFIT PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2025 AND 2024

examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress for the Plan.

5. Information Certified by the Plan's Custodian

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at June 30, 2025 and 2024, and net appreciation (depreciation) in fair value of investments and interest and dividends for the years ended June 30, 2025 and 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Mutual of America, the custodian of the Plan.

6. Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Fair values for Level 1 investments are determined by reference to unadjusted quoted market prices for identical assets in active markets that the Plan has the ability to access. Fair values for Level 2 investments are determined by reference to quoted prices for similar assets in active markets, quoted prices for identical or similar assets in inactive markets, inputs other than quoted prices that are observable for the asset, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. Level 3 investments have significant unobservable inputs, as they trade infrequently or not at all.

PRESSLEY RIDGE EMPLOYEE BENEFIT PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2025 AND 2024

The assets or liabilities fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The Plan held no assets measured under the fair value hierarchy for the years ended June 30, 2025 and 2024.

Investments Measured Using the Net Asset Value per Share Practical Expedient

Interest in pooled separate accounts is valued at the net asset value of shares held by the Plan at year-end. Separate account funds invest in mutual funds, including funds managed by Mutual of America Capital Management Corporation, a wholly-owned subsidiary of Mutual of America, and other funds managed by outside investment advisors. Investments held in separate accounts are stated at fair value and are not available to satisfy the liabilities of the general account. Pooled separate accounts are valued at net asset per share as determined by investment managers under the so-called “practical expedient.” The practical expedient allows net asset value per share to represent fair value for reporting purposes when the criteria for using this method are met. The pooled separate accounts consist of mutual funds actively traded that are easily redeemed at the request of participants. The investment strategies of the underlying investment funds of the separate account include seeking capital appreciation and current income.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of the future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

PRESSLEY RIDGE EMPLOYEE BENEFIT PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2025 AND 2024

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of June 30, 2025 and 2024. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

<u>June 30, 2025</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (If Currently Eligible)</u>	<u>Redemption Notice Period</u>
Pooled separate accounts	\$ 1,886,790	None	Daily	None
<u>June 30, 2024</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (If Currently Eligible)</u>	<u>Redemption Notice Period</u>
Pooled separate accounts	\$ 2,002,176	None	Daily	None

7. Related Party and Party-in-Interest Transactions

Certain Plan investments in the pooled separate accounts and investments in the general account are managed by Mutual of America. Mutual of America is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Administration fees paid by the Plan to Mutual of America amounted to \$3,799 and \$4,538 for the years ended June 30, 2025 and 2024, respectively. Fees paid by the Plan for the investment management services are included in net appreciation (depreciation) of fair value investments.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
