INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
A&E Incorporated 401(k) Profit Sharing Plan & Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of A&E Incorporated 401(k) Profit Sharing Plan & Trust ("the plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's elections of ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for one year after the date that the financial statements were available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of the ERISA Section 103(a)(3)(C) audits is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings and certain internal control related matters that we identified during the audits.

ERISA-Required Supplementary Information

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and is derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the 2025 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

A&E Incorporated 401(k) Profit Sharing Plan & Trust

Notes to Financial Statements

December 31, 2025 and 2024

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of accounting - The A&E Incorporated 401(k) Profit Sharing Plan & Trust ("the plan") follows the accrual method of accounting wherein additions and deductions are reflected in the period earned or incurred.

Accounting estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Subsequent events - The financial statements include management's evaluation of the events and transactions occurring subsequent to December 31, 2025 through March 28, 2026, which is the date the financial statements were available to be issued.

Risks and uncertainties - The plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Key parties of the plan - A&E Incorporated is the plan sponsor, employer and the plan administrator. Eckmann Custom Products, Inc. is a participating employer. Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company ("Principal Trust") is the plan trustee. Principal Trust also holds custody of the plan's investment assets, including insurance products made available through Principal Life Insurance Company under a trust agreement between Principal Trust and Principal Life Insurance Company. The two Principal entities are collectively referred to as "Principal". Principal serves as the recordkeeper that maintains participant records, third party administrator that maintains plan documents, and tax counsel that performs various compliance tests. Baird Wealth is the plan's investment advisor.

Investments - The plan sponsor determines investments available to plan participants. The participants allocate their contributions and transfer existing balances among the available investment options. Participants should refer to the investment account summaries and prospectuses for more information.

At the end of each business day, Principal determines the fair value of the investments held and allocates the fair value of the investments to the participants. Earnings on investments bought, sold and held during the years are reflected in the accompanying statements of changes in net assets available for benefits.

Fair value measurements - GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical investments (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows.

- Level 1 - Valuation is based upon quoted prices in active markets for identical investments.
- Level 2 - Valuation is based upon other significant observable inputs (including quoted prices for similar investments).
- Level 3 - Valuation is based upon significant unobservable inputs (including the plan's assumptions in determining the fair value of investments).

Following is a description of the valuation methodologies used for investments measured at fair value.

Mutual funds - Valued at the daily closing price as reported by the fund. The mutual funds held by the plan are registered with the U.S. Securities and Exchange Commission, are required to publish their daily net asset value ("NAV") and are deemed to be actively traded.

A&E Incorporated 401(k) Profit Sharing Plan & Trust

Notes to Financial Statements
December 31, 2025 and 2024

Common/collective trusts and pooled separate accounts - Valued at the NAV based on units of the common/collective trusts and pooled separate accounts and are direct filing entities. The NAV is generally based on the fair value of the underlying investments held by the common/collective trusts and pooled separate accounts less their liabilities. The NAV is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the common/collective trusts and pooled separate accounts will sell the investment for an amount different than the reported NAV.

The plan administrator determines by level, within the fair value hierarchy, the plan's investments at fair value as set forth below.

Investments at fair value as of December 31, 2025

	Level 1	Level 2	Level 3	Total
Mutual funds	\$3,166,315	\$ -	\$ -	\$3,166,315
Total investments in the fair value hierarchy	\$3,166,315	\$ -	\$ -	3,166,315
Investments measured at NAV (a)				6,894,685
Total investments at fair value				\$10,061,000

Investments at fair value as of December 31, 2024

	Level 1	Level 2	Level 3	Total
Mutual funds	\$2,887,566	\$ -	\$ -	\$2,887,566
Total investments in the fair value hierarchy	\$2,887,566	\$ -	\$ -	2,887,566
Investments measured at NAV (a)				6,088,986
Total investments at fair value				\$8,976,552

- (a) In accordance with GAAP, certain investments that are measured at NAV have not been classified in the fair value hierarchy. The fair value amounts presented in the above table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using NAV. There are no participant redemption restrictions for these investments; the redemption notice period, if any, is applicable only to the plan.

December 31, 2025	Fair value	Unfunded commitments	Redemption frequency	Redemption notice period

Notes to Financial Statements
December 31, 2025 and 2024

Investment at contract value - The Principal Fixed Income Guaranteed Option is a guaranteed general account backed group annuity contract issued by Principal. A rate of interest is contractually guaranteed by Principal. The interest rate is reset at least semiannually.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value in accordance with GAAP. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the plan. Contract value, as reported to the plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of the investment at contract value.

The contract does not have a stated maturity date. The plan sponsor may terminate the contract and request a distribution, subject to either a 12-month irrevocable advance notice period or a 5% surrender charge, at the election of the plan sponsor. Additional surrender charges may apply upon the occurrence of certain other events, as more fully described in the contract. The contract will remain in full force until all assets have been distributed or no further payments are due.

The plan's ability to receive amounts due is dependent on Principal's ability to meet its financial obligations. Principal's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events might limit the ability of the plan to transact at contract value with Principal. As of the date these financial statements were available to be issued, the plan sponsor is not aware of any events that are probable of occurring that might limit the ability of the plan to transact at contract value with Principal or limit the ability of the plan to transact at contract value with the participants.

2. DESCRIPTION OF PLAN

The following brief description of the plan provides only general information. Participants should refer to the plan documents for a more complete description of the plan's provisions.

General - The plan was adopted effective May 1, 1963 as a defined contribution plan with a 401(k) salary deferral arrangement. It is subject to provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments.

Eligibility - Employees are eligible to participate in the plan once they have completed 90 days of service and have reached age twenty-one. An employee can enter the plan on the first day of the quarter after meeting the eligibility requirements. Employees working under a collective bargaining agreement are excluded from the plan.

Contributions - Contributions are recorded in the year in which the eligible compensation is paid. Contributions to the plan can be made in the following ways:

- a. Participants may contribute a percentage of their compensation subject to certain limitations (elective deferral contributions). The plan also permits Roth elective deferral contributions. Newly eligible employees are automatically enrolled in the plan and have 6% of their compensation withheld as elective deferral contributions. These participant deferral percentages then automatically increase by 1% each July 1 until they reach a maximum of 10%. Such participants have the option to increase, decrease, or stop the deferral by completing the necessary documentation.
- b. Rollover contributions are accepted by the plan from other qualified plans.
- c. Matching contributions can be made at the employer's discretion. The employer elected to contribute employer discretionary matching contributions equal to 50% of the first 6% of participants' deferrals, up to 3% of eligible compensation during 2025 and 2024. These contributions are funded coinciding with each payroll.
- d. In addition, nonelective contributions may be made at the employer's discretion on an annual basis. There were no such nonelective contributions in 2025 and 2024.

Notes to Financial Statements

December 31, 2025 and 2024

Participant accounts - Earnings, including the fair value appreciation (depreciation), are allocated to participant accounts on a daily basis based upon the performance of the investment options selected. Each participant's account is credited with the participant's elective deferral and rollover contributions and an allocation of the employer's contributions. Participants are allowed to change their investment options on a daily basis and change their deferral percentage quarterly. Participants can stop making contributions at any time.

Vesting - Participants are always 100% vested in their elective deferral contributions, rollover contributions, and related earnings. Participants begin vesting in employer contributions and related earnings upon two full years of service, at which time they are 20% vested. The participant then vests at the rate of 20% for each year thereafter. Upon death, disability or attainment of normal retirement age while employed, participants become 100% vested.

Payment of benefits - Benefits are recorded when paid. Benefit payments may commence upon termination of employment, death, disability or attainment of normal retirement age. Distributions may be made in the form of a single lump sum or partial payments. In-service withdrawal can commence upon attaining the age of 59½. Hardship withdrawals are permitted under the plan in certain circumstances.

Administrative expenses - Certain administrative fees of the plan are paid by the employer. Certain other fees are paid by the plan using plan assets and recorded as administrative expenses in the accompanying financial statements. Such expenses include participant directed charges for distribution and loan fees and nonparticipant directed charges for services and administration fees. Nonparticipant directed fees (not paid via forfeitures) are allocated to participants on an account value basis.

Forfeitures - Forfeited nonvested accounts may be used to reduce the amount of the employer contributions or pay plan fees. Forfeitures used to reduce employer contributions were \$36,000 in 2025 and \$26,000 in 2024. Forfeitures used to pay plan fees were \$12,000 in 2025 and \$14,000 in 2024. Unapplied forfeitures were \$21,000 and \$40,000 as of December 31, 2025 and 2024.

Notes receivable from participants - Participants can take out loans against their accounts with the approval of the plan administrator for hardship reasons only. The minimum loan amount is \$1,000. Participants may not have more than two loans outstanding at any given time. The repayment term generally cannot exceed 5 years except when the loan is for the purchase of a principal residence. As of December 31, 2025, the notes receivable from participants had various repayment schedules through November 2030 with interest rates at 8.00% to 9.50%. The notes receivable from participants are valued at their unpaid principal balance plus any accrued but unpaid interest, which approximates fair value.

3. PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are managed by Principal. Principal holds custody of plan investment assets and executes investment transactions and, therefore, these transactions qualify as party-in-interest transactions.

The plan has an administrative service agreement with Principal in which Principal provides certain administrative services to the plan. Principal receives revenue from mutual fund providers for services Principal provides to the funds. The revenue is used to offset certain amounts that would have otherwise been owed to Principal for its administrative services to the plan. The plan pays Principal direct for certain other service fees that are not covered by the revenue sharing provisions per the administrative service agreement. Direct fees paid were \$34,000 in 2025 and \$36,000 in 2024.

Activity related to notes receivable from participants also qualify as party-in-interest transactions.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Notes to Financial Statements

December 31, 2025 and 2024

4. TERMINATION OF PLAN

Although it has not expressed any intent to do so, the plan sponsor has the right to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions and related earnings.

5. INCOME TAX STATUS

The plan is operating under a Principal Financial Group Non-Standardized Pre-Approved Profit Sharing Plan with CODA, which received a favorable opinion letter on June 30, 2020. The opinion letter received from the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan administrator has not obtained a separate Internal Revenue Service opinion or determination letter for the plan, however, the plan administrator and tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code, and, therefore, believes the plan is qualified, and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the plan and recognize tax liabilities (or assets) if the plan has taken any uncertain positions that more likely than not would not be sustained upon examination by the applicable authorities. Plan management analyzed the requirements for accounting for uncertain positions taken and determined that the plan was not required to recognize any tax liabilities (or assets) related to uncertain positions taken as of December 31, 2025 and 2024. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress.

6. INFORMATION CERTIFIED BY PRINCIPAL

Management has obtained certifications from Principal, a qualified institution under the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, that state the following information with respect to assets held for investment of the plan is complete and accurate.

- a. Investments held, and the fair and contract values of such, and notes receivable from participants as of December 31, 2025 and 2024;
- b. Dividend and interest income from investments, net appreciation (depreciation) in fair value of investments and interest on notes receivable from participants during 2025 and 2024; and
- c. Contributions to, withdrawals from, purchases, sales and inter-fund transfers between accounts during 2025 and 2024.
