INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
the T/J Inspection, Inc. 401(k) Plan
Oklahoma City, Oklahoma

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of T/J Inspection, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of T/J Inspection, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 10 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section —

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented

- fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of T/J Inspection, Inc 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about T/J Inspection, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve

collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of T/J Inspection, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about T/J Inspection, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H; Line 4i-Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the

Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

T/J Inspection, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2025 and 2024

Note 1 – Summary of Significant Accounting Policies

The following description of the T/J Inspection, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document or summary plan description for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution profit sharing plan established on January 1, 2014, for the benefit of the employees of TJ Inspection, Inc., and subsequently amended to include TJ Administrative Services, Inc. and TJ Inspections Training Center, Inc. (collectively, the three participating employers are hereinafter referred to as the “Company”). The Plan is administered by the owner of the Company. Investment advisory services are provided by Securities America, Inc. See Note 12 for discussion of the trust agreement under which the Plan operates.

All employees, other than those groups excluded as defined in the Plan document, who are at least 21 years of age and have completed at least one year of service are eligible to participate in the Plan. Employees who elect to participate may enter in the Plan on the first day of the Plan year or the first day of the seventh month of the Plan year after attaining eligibility. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Plan Changes

Effective January 1, 2024, the Plan was modified to begin allowing participants to make Roth contributions.

Participant Accounts

Separate accounts are maintained for each participant in the Plan. Each participant’s account is credited with the participant’s 401(k) contributions, matched employer contributions (if any), allocated forfeitures, and plan earnings, and is charged with any benefit payments. All amounts in the participant’s accounts are placed in a trust fund and invested by the Trustee. The Trustee must invest the trust fund solely in the interest of and for the exclusive purpose of providing benefits to the participants and their beneficiaries while minimizing the expenses of administering the Plan. The Plan allows participants to direct the Trustee as to the investment of their contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Contributions

A participant may elect to defer a portion of his compensation in the form of a pre-tax 401(k) or Roth contribution to his deferred compensation account under the Plan. The Plan allows participants to contribute up to 100% of compensation but not more than the IRS limitation in any Plan year. Eligible employees at least 50 years of age may make catch-up contributions, subject to IRS limitations. Employee rollover contributions are also permitted.

Contributions (Continued)

The Company may make discretionary contributions to the Plan for each Plan year. The discretionary matching company contribution is determined by the Company, at its sole discretion, as a uniform percentage of eligible participants' deferred compensation contributions for the Plan year. For the 2025 and 2024 Plan years, a 2% discretionary matching contribution was provided.

Vesting

Effective January 1, 2022, participants are immediately fully vested in all contributions, plus actual earnings thereon.

Payment of Benefits

On termination of service, a participant may elect to have the vested benefit distributed as soon as administratively feasible. In-service distributions (for eligible employees at least 59 ½ years of age) are also permitted. A participant may elect to receive a distribution as a single lump sum payment or partial withdrawal; annuities are not permitted. Benefits are recorded when paid. There were no distributions requested in 2025, but not paid until 2026.

Forfeited Accounts

Prior to the January 1, 2022 amendment providing for full vesting, certain participants forfeited non-vested balances upon termination of employment. There was \$1,430 in unallocated forfeitures, including earnings thereon, at December 31, 2025. Such forfeited balances may be used to reduce future employer contributions, to pay Plan expenses, or balances may be allocated to the remaining participants.

Administrative Expenses

The Plan covers certain expenses of maintaining the Plan (with commissions collected from investment funds), unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. For the year ended December 31, 2025, the Company paid \$15,963 in administrative fees on behalf of the Plan.

Note 2 – Financial Statement Presentation**Basis of Accounting**

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the Plan's management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date, and interest income is recorded on the accrual basis. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Note 3 - Investments

During 2025, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$856,781.

Note 4 - Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted observable quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Basis of Fair Value Measurement

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities; |
| Level 2 | Inputs to the valuation methodology include observable inputs other than quoted active market prices, including quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, and inputs derived principally from or corroborated by observable market data by correlation or other means; |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value:

Pooled Separate Accounts: The pooled separate accounts are mutual fund investments held through separate accounts with an insurance company. They are valued based on unit value, which is calculated based on the observable net asset value of the underlying investment.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believe its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables segregate all financial assets and liabilities as of December 31, 2025 and 2024, that are measured at fair value on a recurring basis (at least annually) into the most appropriate level within the fair value hierarchy based on the inputs used to determine the fair value at the measurement date:

Fair Value Measurements at December 31, 2025, Using				
Description	Total Investments	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

Note 5 - Group Annuity Contract with Fixed Income Fund

In January 2021, the Plan entered into a group variable funding agreement with Massachusetts Mutual Life Insurance Company. The stable value fund/fixed account investment under this agreement constitutes a traditional fully benefit-responsive guaranteed investment contract and therefore is reported at contract value rather than fair value and is excluded from the fair value hierarchy described in Note 4, in accordance with ASC 962-325-35. The contract value of this investment totaled \$51,561 and \$45,674 at December 31, 2025 and 2024, respectively. Under the terms of the group variable funding agreement, a crediting rate between 1-3% is established for amounts invested in the fixed account. Participants may direct permitted withdrawal and/or transfer transactions of all or a portion of their account balance at contract value. Contract value represents contributions plus credited interest less participant withdrawals and fees.

Either party may terminate the group variable funding agreement with 60 days advance written notice. The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, (3) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (4) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

Note 6 - Tax Status

The Company adopted a non-standardized pre-approved profit sharing plan with CODA sponsored by Employee Benefits Group, LLC. The Internal Revenue Service has determined and informed the Plan sponsor by a favorable opinion letter dated June 30, 2020, that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code ("IRC") and is exempt from federal income taxes under section 501(a) of the Code. The Plan's opinion letter is being relied upon by the Plan. Although the Plan has been amended since receiving the letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the

Tax Status (Continued)

tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Corrective Distributions

Per Internal Revenue Service regulations, the Plan must perform compliance testing comparing the contributions made by and for highly compensated employees (HCEs) (as defined by the IRS) to those made by and for non-highly compensated employees (NHCEs) (as defined by the IRS) to ensure the Plan does not disproportionately benefit the HCEs. To pass the Actual Deferral Percentage and Actual Contribution Percentage Tests for the 2025 and 2024 Plan years, the Plan made \$166,503 and \$94,470, respectively, in corrective distributions to certain HCEs. As the disbursements were not made until early the following Plan year, the totals are presented as payable from the Plan at December 31, 2025 and 2024, in the accompanying statements of net assets.

Note 8 - Plan Amendments and Termination

The Company may amend the Plan at any time, including amendments to conform to the Internal Revenue Code, Treasury Regulations, and Rulings thereunder. Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time upon prior written notice to the Trustee and may direct the Trustee to liquidate the shares of participants in the trust fund subject to the provisions of ERISA. Upon termination or permanent suspension of contributions, the accounts of all participants affected thereby shall become nonforfeitable and shall be distributed.

Note 9 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 10 - Information Certified by the Trustee

Empower Retirement, LLC (the "Trustee") is the trustee of the Plan for the period January 1, 2024, through December 31, 2025. The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

Information Certified by the Trustee (Continued)

- Investments, as shown in the statements of net assets available for benefits as of December 31, 2025, and 2024.
- Net investment activity as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.
- Investment information included in the footnotes and supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) at December 31, 2025.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 11 - Reconciliation of Financial Statements to Form 5500

No reconciliation was necessary between the financial statements and Form 5500 for the years ended December 31, 2025, and 2024. Employee and employer contributions are recorded on the Form 5500 under the accrual basis of accounting. The financial statements are presented under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States.

Note 12 - Related Party Transactions & Transactions with Parties in Interest

TJ Inspection, Inc. provides to the Plan certain accounting and administrative services for which no fees are charged. No such officer or employee receives compensation from the Plan. Also, the Plan Administrator representative is currently participating in the T/J Inspection, Inc. 401(k) Plan.

Certain Plan investments were in pooled separate account investments that were issued or managed by the Plan's trustee or an affiliate thereof. At December 31, 2025 and 2024, investments held in Empower (or affiliate) investment products totaled \$369,817 and \$287,874, respectively.

Note 13 - Subsequent Events

The Company has evaluated all events subsequent to the balance sheet date of December 31, 2025, through March 27, 2026, the date the financial statements were available to be issued, and determined there was one event requiring additional disclosure. As described in Note 7, certain corrective distributions totaling \$166,503 were made in February 2026, related to excess deferrals from Plan year 2025.
