INDEPENDENT AUDITORS' REPORT - RESTATED

To the Board of Trustees of
The JCJ-Raleigh, LLC 401(k) Plan
Birmingham, Alabama

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the JCJ-Raleigh, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Emphasis of Matter

As discussed in Note 11 of the financial statements, the financial statements have been restated to correct unreported delinquent participant contributions. Our opinion is not modified with respect to this matter.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions and assets (held at end of year) are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS - RESTATED

JCJ-Raleigh, LLC 401(k) Plan
Birmingham, Alabama

December 31, 2024

NOTE 1 – DESCRIPTION OF PLAN

The following description of the JCJ-Raleigh, LLC 401(k) Plan (Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the plan provisions.

General

The Plan, an adoption of the Newport Group, Inc. Defined Contribution Pre-Approved Plan (Pre-Approved Plan) is a defined contribution plan covering all non-excluded employees of JCJ-Raleigh, LLC, and its affiliates (collectively, the Company). Excluded employees include non-resident aliens, interns, part-time employees (long-term part-time employees are not excluded), temporary employees, and seasonal employees. Employees who have completed one year of qualified service with at least 1,000 hours are eligible for matching employer contributions. Employees are, upon beginning employment, eligible to make contributions in the form of pre-tax and after-tax (Roth) elective salary deferrals. The Plan is subject to the provisions of ERISA. The Company serves as Plan administrator and has appointed two individuals to serve as trustees. Newport Trust Company, LLC and Newport Group (Newport Group is a division of Ascensus, LLC) serve as third-party trustee, investment custodian, and third-party administrator of the Plan. The Plan was most recently amended and restated effective March 1, 2024.

Employee Contributions

Participants may contribute up to the limits established by Internal Revenue Service (IRS) regulations and the Plan. Participants are also permitted to make rollover contributions to the Plan from other qualified plans. The Plan has an automatic enrollment feature for newly eligible employees; under this arrangement, 4% of eligible compensation is initially withheld as a pre-tax salary deferral contribution to the Plan. Effective March 1, 2024, an automatic escalation feature has been added for automatically enrolled participants whereby the automatic deferral increases by 1% per year each March 1st up to a maximum of 10%. Participants may opt out of automatic enrollment and salary deferral, or elect a different deferral percentage or amount, by providing written notice to the Plan administrator. Participants with salary deferrals who are, or who will become, age fifty by the end of the Plan year are permitted to make catch-up contributions as limited by the Internal Revenue Code (IRC).

Employer (Company) Contributions

The Company may make discretionary employer matching and profit-sharing contributions. For the years ended December 31, 2024, and 2023, the Company matching contribution was twenty-five percent of the first four percent (or actual percentage if less) of compensation deferred, limited to a maximum of one percent of eligible compensation. For the years ended December 31, 2024, and 2023, \$3,355 and \$7,340 in qualified nonelective contributions (QNECs) have been accrued for five eligible employees who were inadvertently not enrolled in the Plan and thereby denied the opportunity to elect salary deferrals. The amounts accrued are the sum of 1) salary deferrals assuming all five employees had been automatically enrolled with 4% deferrals, 2) employer matching contributions, and 3) estimated earnings through December 31, 2024.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company's matching and other discretionary contributions, QNECs, and investment income or losses (dividends and interest, capital gains distributions, expenses, and appreciation or depreciation in the fair value of investments). Investment income or losses are allocated according to the investments selected by each participant on a separate and distinct basis. Participant accounts are charged with allocations of administrative expenses based on account balances, plus fees for specific services. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately and fully vested in their employee and QNEC contributions, including the gains and losses thereon. Company matching and other discretionary contributions, including accumulated gains and losses thereon, become fully vested once a participant completes three years of qualified service. Qualified nonelective contributions for specific participants are fully vested.

Forfeitures

Forfeitures of unvested Company contributions and accumulated earnings may occur when a participant terminates employment and receives a full distribution from his or her vested account. Forfeitures occur on the earlier of a) the full distribution of a former participant's vested account balance or b) the last day of the Plan year in which a former participant incurs five consecutive one-year breaks in service. Forfeitures are used to pay Plan administrative expenses or reduce Company contributions. The Plan requires forfeitures to be disposed by the end of the Plan year following the year in which the forfeitures occur. On December 31, 2024, unallocated forfeitures to be disposed of totaled \$20,796, including \$4,214 from the 2023 Plan year. During the year ended December 31, 2024, \$3,840 from fully forfeited accounts was applied to reduce Company matching contributions.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions to one or more of the mutual funds, collective investment trust (target date retirement) funds, and cash equivalent account options offered and maintained by Ascensus Trust Company. A participant may change investment directions at any time. In the event a participant does not direct contributions, they are automatically invested in a default investment, which is a target retirement date moderate fund (currently, a flexPATH index+ moderate fund) aligned with a participant's birth date.

Notes Receivable - Participants

Participants may request loans in writing from the Plan administrator. Maximum borrowings are limited to the lesser of \$50,000 or one-half of a participant's total vested account balance in the Plan. The minimum amount that may be borrowed is \$1,000. Notes receivable are documented using written promissory notes signed by the participant, repaid through payroll deductions, required to be repaid within 60 months (up to 30 years where purpose is to purchase a principal residence), and must be adequately secured. Only one loan may be outstanding at any time. The interest rate on notes receivable is prime plus one percent (9.50% and 8.00% on December 31, 2024, and 2023, respectively). Notes receivable are treated as separate participant directed investments and are considered party-in-interest transactions. Amounts due are considered in default when one or more scheduled payments remain unpaid at the end of the calendar quarter following the calendar quarter when due. The Plan administrator has authority to use reasonable efforts to collect loans in default, including, in certain circumstances, recharacterizing delinquent amounts as distributions to participants.

Payment of Benefits

The Plan provides for vested benefits less than \$5,000 to be distributed in a single lump sum upon termination, retirement, death, or disability without approval from a participant. If vested benefits exceed \$5,000, a participant must approve the distribution, which is payable in a lump sum, except for required minimum distributions which may be paid through partial withdrawals or installments over periods of time not to exceed the assumed life expectancies of the participants or participants and their beneficiaries. Benefits are payable in cash, except for loan distributions.

Hardship distributions are permitted by the Plan from a participant's elective deferral accounts.

NOTES TO FINANCIAL STATEMENTS - RESTATED

JCJ-Raleigh, LLC 401(k) Plan
Birmingham, Alabama

December 31, 2024

NOTE 1 – DESCRIPTION OF PLAN (Continued)

The Plan permits in-service distributions from the fully vested accounts of participants who are age fifty-nine and one half or older and continue working for the Company or one of its affiliates.

Qualified reservist distributions from participants' elective deferral accounts are also available for participants called to active military duty for at least 180 days or for an indefinite period if such distributions are paid during the period of active duty.

A participant may elect to have all or a portion of benefits distributable, with certain limitations, paid directly to another eligible retirement plan, including an Individual Retirement Account (IRA), as a rollover distribution.

Excess Contributions Payable

The IRC and Regulations thereunder limit the elective deferrals to a 401(k) plan that a participant may exclude from taxable income each year, and total contributions. The Plan may also limit contributions for compliance purposes (see Note 6). Excess deferrals that are not catch-up contributions and other contributions in excess of allowed amounts are considered excess contributions. Excess deferrals must be returned to the participant within time frames established by the Department of Labor. Excess employer contributions are forfeitable. When present, excess contributions are classified as a liability in the financial statements.

Administrative Expenses

Fees paid to Ascensus Trust Company and affiliates for the maintenance, custody of Plan assets, and advisory services are paid from the assets of the Plan and allocated to participants' accounts based on account balances. User fees for distributions, loan setup and maintenance, wire transfers, and certain additional services are charged directly to participants' accounts. JCJ Raleigh, LLC pays other costs on behalf of the Plan, including the annual audit fee, which are excluded from these financial statements.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Notes Receivable - Participants

Loans to participants are valued at their outstanding principal balance plus interest accrued but unpaid, which approximates fair value. Interest income is recorded on the accrual basis.

Investments and Investment Income

The Plan's investments are stated at fair value. Shares of registered investment companies (mutual funds) are valued at quoted market prices, representing the net asset value of shares held by the Plan on December 31, 2024, and 2023. Shares in bank collective investment funds are valued at the combined values of all underlying investments in the funds on December 31, 2024, and 2023. Purchases and sales of securities are recorded on a settlement date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Payment of Benefits

Benefits are recorded when paid.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Subsequent Events

Subsequent events were evaluated through September 30, 2025, which is the date the financial statements were available to be released, except for the matters discussed in Note 11 for which the evaluation date is February 27, 2026.

NOTE 3 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan. In the event of Plan termination, participants will become fully vested in their account balances.

NOTE 4 – TAX STATUS

The Pre-Approved Plan, which the Plan has adopted, was amended and restated effective January 1, 2021, to comply with legislative and regulatory changes described in IRS Notice 2017-37. The IRS has issued a letter to Newport Group, Inc., dated June 30, 2020, indicating that the Pre-Approved Plan is designed in accordance with the applicable sections of the IRC. The Plan itself has not received a determination letter from the IRS stating that the Plan is qualified under Section 401(a) of the IRC. However, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with applicable IRC requirements and therefore the Plan remains qualified under the IRC and the Trust established under the Plan continues to be tax-exempt.

The Plan administrator indicates that the Plan has not taken any uncertain tax positions that would require recognition or disclosure in the financial statements. The Plan is subject to routine examination by taxing authorities. There are no examinations in progress or pending for any tax periods as of December 31, 2024.

NOTE 5 – RISKS AND UNCERTAINTIES, CONCENTRATIONS

The Plan invests in various mutual and collective investment trust funds which are exposed to various risks including interest rate, market volatility, and credit risks. Furthermore, the value of each fund is dependent on its underlying investments. The presence of these risks indicates that it is at least reasonably possible that changes in values will occur in the near term and that such changes could materially affect participant account balances and amounts reported in the financial statements and supplemental schedule.

On December 31, 2024, and 2023, the following collective investment trust funds each held more than 10% of the Plan's total assets:

flexPATH Index+ Moderate 2055 Fund R1	600,074	568,487

NOTE 6 – PLAN COMPLIANCE MATTERS

The IRC requires that 401(k) plans undergo annual testing for discrimination in favor of highly compensated participants. The annual tests are referred to as the Actual Deferral Percentage (ADP) and Actual Contribution Percentage (ACP) tests. The Plan failed to meet the ADP test for the year ended December 31, 2023, which was corrected by recharacterizing a deemed excess deferral of \$1,502 as a catch-up contribution. Other corrective actions include the forfeiture of excess employer matching contributions and earnings totaling \$214 and \$2,419 during the years ended December 31, 2024, and 2023, respectively. See Note 11 for disclosures of late deposited contributions.

NOTE 7 – FAIR VALUE MEASUREMENTS

The Fair Value Measurements and Disclosures Topic of the Financial Accounting Standards Board's Accounting Standards Codification requires disclosure of a fair value hierarchy with three broad levels of input used to value assets and liabilities measured at fair value. The three levels, based on priorities in descending order, are described as follows:

Level 1: inputs consist of unadjusted quoted prices in active markets for identical assets and liabilities.

Level 2: inputs that are observable, either directly or indirectly. Inputs may consist of quoted prices for similar assets and liabilities in active markets, quoted prices for identical assets or liabilities in inactive markets, inputs other than quoted prices that are observable for an asset or liability, or inputs derived principally from or corroborated by observable market data by correlation or other means.

Level 3: significant inputs are unobservable and cannot be corroborated through observable market data by correlation or other means.

The determination of where assets and liabilities are included in the hierarchy is based on the lowest level of any input that is significant to fair value measurement. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments and maximizes the use of observable inputs. There were no assets or liabilities measured at Level 3 as of December 31, 2024, and 2023. There were no changes in the methodologies used for fair value measurement during 2024 and 2023.

The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair value. Furthermore, although the Plan's administrator believes that the Plan's valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The Plan's investment assets for the years ending December 31, 2024, and 2023 were valued by Newport Trust Company.

NOTE 7 – FAIR VALUE MEASUREMENTS (Continued)

The fair value of cash and cash equivalents are the balances reported by Newport Trust Company as shown in the statements of net assets available for benefits.

The fair value of investments in registered investment companies (mutual funds) is the daily closing price as reported by each fund. Mutual funds held by the Plan are registered with the U.S Securities and Exchange Commission. These funds are required to publish their daily net asset values and to transact at these prices. Mutual funds held by the Plan are actively traded.

The fair value of investments in collective investment trust funds is derived from the fair values of the underlying assets in each fund, which may rise and fall according to market activity. Each fund generally invests in a combination of stocks and stock funds, bonds and bond funds, and money funds.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024, and 2023:

	<u>2024</u>			<u>2023</u>		
	<u>Level 1</u>	<u>Level 2</u>	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Total</u>

NOTE 8 – RELATED PARTY AND PARTIES-IN-INTEREST TRANSACTIONS

Ascensus Trust Company and Ascensus, LLC (Newport Trust Company and Newport Group, Inc. prior to June 26, 2023) serve as the Plan's trustee, investment custodian, and third-party administrator and therefore are related parties and parties-in-interest to the Plan. Certain officers and employees of the Company perform administrative services for the Plan, and the Company provides office space for the Plan's use, at no cost to the Plan.

See Note 1 Notes Receivable – Participants and Administrative Expenses for Related Party and Party-in-Interest transactions.

NOTE 9 – INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Plan investments, including participant notes receivable, and investment income, including investment appreciation/depreciation, interest and dividend income, and related information were obtained from data that has been certified as complete and accurate to the Plan administrator by Ascensus, LLC, authorized representative of Newport Trust Company, LLC as of December 31, 2024 and for the year then ended, and Newport Trust Company as of December 31, 2023. In addition to the foregoing, the Plan administrator has obtained certification from Ascensus, LLC that the information contained in the supplemental schedule of assets (held at end of year) as of December 31, 2024, is complete and accurate.

NOTE 10 – AMENDMENT AND RESTATEMENT OF PLAN

The Plan was amended and restated effective March 1, 2024. Following is a summary of the significant new provisions:

- 1) The class of employees excluded from participating in the Plan was expanded to include seasonal employees with less than one year of service.
- 2) Long-term part-time (LTPT) employees were identified as those part-time employees not otherwise excluded who are credited with at least 3 consecutive years including 500 or more hours of service after 2020. LTPT employees are eligible for salary deferrals, including Roth 401(k) deferrals, and are subject to the Plan's automatic deferral provisions.
- 3) Effective March 1, 2024, automatic escalation became effective for all participants in the automatic deferral arrangement. Automatic deferrals will increase by 1% of compensation annually on March 1, 2024 and succeeding years up to a maximum of 10% of compensation, subject to IRS limits on annual additions to participant accounts.
- 4) Qualified birth or adoption distributions of up to \$5,000 may be requested up to one year following the birth of a participant's child or adoption of another child under age 18 or who is physically or mentally incapable of self-care.
- 5) Required minimum distributions may be delayed until April 1 of the year after becoming age 72 for participants born after June 30, 1949.

NOTE 11 – SUBSEQUENT EVENT

The Plan's audit for the year ended December 31, 2024 is being examined by the U.S. Department of Labor. Participant deferrals and loan payments totaling \$145 and \$24,233 for the years ended December 31, 2024 and 2023, respectively, have been determined to be late deposited. The Plan administrator has requested Ascensus, LLC to correct the late deposits by calculating lost earnings and allocating them to the accounts of the affected participants. Furthermore, supplemental schedules of delinquent participant contributions have been added to these financial statements, as required by ERISA; see pages 13 and 14. Other remedial actions are being taken to comply with the examination findings.
