Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **BAKER TILLY US, LLP**

(2) EIN: **30-1413443**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		2000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year?..... ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

Report of Independent Auditors

The Plan Administrator of
Whitman College Retirement Plan

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Whitman College Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of June 30, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended June 30, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Whitman College Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of June 30, 2025 and 2024, and for the year ended June 30, 2025, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Whitman College Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Whitman College Retirement Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Whitman College Retirement Plan's internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Whitman College Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of June 30, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Whitman College Retirement Plan

Notes to Financial Statements

Note 1 – Description of the Plan

The following description of the Whitman College Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document, as amended, for a more complete description of the Plan's provisions.

General – The Plan is a 403(b) tax sheltered annuity plan with a defined contribution account established by Whitman College (the College). Contributions are deposited at the direction of the participant into various investment options controlled by the participant and the custodian, Teachers Insurance and Annuity Association of America and College Retirement Equities Fund (TIAA and CREF), the insurance carriers, and TIAA Trust, N.A., the custodian. The College is the sponsor (and Plan administrator) of the Plan. The insurance carriers and custodian manage the investments of the Plan as directed by the participants. In addition, the insurance carriers and custodian provides recordkeeping services for the Plan.

Eligibility – All employees of the College, other than students of the College whose employment is incidental to their educational program and whose wages from employment with the College are exempt from FICA, are eligible to participate in the Plan. Employees may defer a portion of their compensation into the Plan on the first day of the month following their first date of employment with the College. Certain classes of employees, as defined by the Plan document, are eligible to participate in employer discretionary matching contributions upon the first day of the month following their completion of one year of service at the College in which at least 1,000 hours are worked or one year of service at an eligible employer during the twelve (12) months immediately prior to their employment at the College.

Contributions

Participant Contributions – Each year, participants may contribute a minimum of \$200 up to 100% of pretax annual compensation, as defined in the Plan. Participants may also elect to make Roth contributions utilizing after-tax contributions. Participants who have attained age 50 before the end of the calendar year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Employer Match Contributions – The College may elect to make discretionary matching contributions to the Plan. For the Plan year ended June 30, 2025, the College contributed an amount equal to 10% of the participant's compensation for each eligible participant who contributed at least 2% of compensation to the Plan in elective deferrals. A faculty member who participates in the Salary Continuation Plan and who contributes at least 2% of the compensation he or she receives under the Salary Continuation Plan (a retirement phase-in where faculty responsibilities are reduced, and compensation is 50% of base compensation) in elective deferrals may receive an employer matching contribution equal to 20% of the compensation he or she receives pursuant to the Salary Continuation Plan. Additionally, a faculty member who is on sabbatical and who contributes at least 2% of the compensation he or she receives while on sabbatical in elective deferrals will receive an employer matching contribution equal to ten percent (10%) of his or her compensation as defined immediately prior to the sabbatical. Faculty who are categorized as instructional staff who teach less than 48% of the standard teaching load and music assistants who teach fewer than 30 lessons in a semester are excluded from participating in the employer matching contributions.

Whitman College Retirement Plan

Notes to Financial Statements

Note 1 – Description of the Plan (Continued)

Employer Non-Elective Contributions – The College may decide to make employer non-elective contributions as determined by the Board of Trustees. The College made no employer non-elective contributions for the years ended June 30, 2025 or 2024.

Contributions are subject to regulatory limitations.

Participant Accounts – Each participant's account is credited with the participant's contributions and College matching contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses and expenses from annuity contracts, registered investment company funds, and pooled separate accounts that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their account into various investment options offered by the Plan.

Vesting – Participants are vested immediately in both their contributions and the employer contribution plus actual earnings thereon.

Notes Receivable from Participants (Plan Loans) – TIAA and CREF issued loans to Plan participants outside of the scope of the Plan in accordance with the Plan document through December 2022. Participants may borrow from TIAA and CREF a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. These loans are secured by the balance of the participant's account and bear fixed rates of interest, as determined by TIAA and CREF. The participant is required to transfer funds equal to the amount of the loan plus 10% into the TIAA Traditional Annuity Account for use as collateral on the loan. These funds are restricted with respect to withdrawals and transfers while the loan is outstanding. The maximum loan term is five years unless the loan term qualifies as a home loan, in which case the term of the loan is not to exceed ten years. Principal and interest payments are made monthly by the participant directly to TIAA and CREF. The loans themselves are not reported assets of the Plan. The total collateral included in Plan assets was \$2,016 and \$10,213 as of June 30, 2025 and 2024, respectively. As of June 30, 2025, the rates of interest on outstanding loans ranged from 5.33% to 5.66% with various maturities through May 2029. As of June 30, 2024, the rates of interest on outstanding loans ranged from 5.05% to 5.56% with various maturities through May 2029.

Notes Receivable from Participants (Participant Loans) – Effective January 1, 2022, the Plan began offering participant loans. Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Participants are limited to three or fewer loans. The loans are issued by the Plan and secured by the balance in the participant's account. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case, the loan must be repaid within a reasonable period of time not to exceed ten years. Under the terms of the Plan agreement, plan loans will bear interest at prime rate plus 1%. Principal and interest are paid ratably through monthly payroll deductions. As of June 30, 2025, the rate of interest on outstanding loans ranged from 5.0% to 9.5% with a maturity date through March 2030. As of June 30, 2024, the rate of interest on outstanding loans ranged from 5.0% to 9.5% with a maturity date through August 2028.

Whitman College Retirement Plan

Notes to Financial Statements

Note 1 – Description of the Plan (Continued)

Payment of Benefits – On termination of service due to death, disability, or retirement, or for other reasons, a participant or his or her beneficiary may elect to receive either a lump-sum amount equal to the value of the participant's account balance or annuity payments. Participants may also elect to roll over their account balance to another employer's qualified plan. The payment options are dependent on the type of termination of service and funding vehicles. If a participant experiences a qualifying financial hardship situation, a distribution from elective deferral amounts, without regard to amounts attributable to income on these amounts, may be permitted.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP), using the accrual method of accounting.

Use of Estimates – The preparation of financial statements in accordance with GAAP requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation – The investments are reported at fair value and contract value. The Plan's insurance carriers, TIAA and CREF, certify the contract value of the fully benefit-responsive guaranteed investment contract and the fair value of all other investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (exit price) in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Contract value is the relevant measurement for assets invested in fully benefit-responsive investment contracts, including the Stable Value fund, because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Certain TIAA Traditional Annuity contract types, including the Supplemental Retirement Annuities (SRA), the Group Supplemental Retirement Annuities (GSRA) and the Retirement Choice Plus (RCP), are considered fully benefit-responsive. Other TIAA Traditional Annuity contract types, including the Retirement Annuities (RA), Group Retirement Annuities (GRA) and Retirement Choice (RC) are considered non-fully benefit-responsive and, therefore, are reported at fair value.

Fully Benefit-Responsive Investment Contract – The portion of the guaranteed investment contract that guarantees the contract value even when the fair value of the underlying assets is more or less than contract value.

Non-Fully Benefit-Responsive Investment Contract – The portion of the guaranteed investment contract that holds illiquid contracts and is not considered fully benefit-responsive.

Income Recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. The net appreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

Whitman College Retirement Plan

Notes to Financial Statements

Note 2 – Summary of Significant Accounting Policies (Continued)

Contributions – Contributions from participants and corresponding matching contributions are recorded in the year in which the employee contributions are withheld from compensation.

Notes receivable from participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan Agreement.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – Withdrawal fees are charged directly to the participant's account and are included as administrative expenses on the statement of changes in net assets available for benefits. Investment-related expenses are included in net appreciation of fair value of investments. Certain expenses of maintaining the Plan are paid directly by the College and are excluded from these financial statements.

Subsequent Events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before financial statements are available to be issued.

The Plan has evaluated subsequent events through March 25, 2026, which is the date the financial statements were available to be issued.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets in active markets; quoted prices for identical or similar assets in inactive markets; inputs other than quoted prices that are observable for the asset; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset.

Whitman College Retirement Plan

Notes to Financial Statements

Note 3 – Fair Value Measurements (Continued)

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There were no changes in techniques used at June 30, 2025 and 2024.

Registered Investment Companies – These investments are valued at the net asset value (NAV) of the shares held by the Plan at year-end based on the closing price of the underlying securities as reported in the active market in which they are traded.

The Plan may redeem units at NAV on any day the New York Stock Exchange is open for business. Participants cannot redeem units from the CREF portfolios (with the exception of the Money Market Account or Short-Term Bond Fund) for 90 days if a purchase, sale, and/or repurchase is made within that account within a 60-day period. The unit value for the TIAA-CREF funds and the CREF portfolio are classified within Level 1 of the valuation hierarchy.

TIAA Real Estate Separate Account – The TIAA Real Estate Account, which is a pooled separate account (PSA), is a single account that invests primarily in real estate holdings and is only available as an investment option in TIAA Variable Annuity Contracts. Participants redeeming units from the TIAA Real Estate Account may only do so once per calendar quarter. Units of the PSA are valued using the NAV of the shares held by the Plan and are valued at the closing price reported on the active market on which the individual securities are traded.

Non-Fully Benefit-Responsive Investment Contract – TIAA Traditional Annuity – Certain investments in a TIAA Traditional Annuity contract are non-fully benefit-responsive contracts and are reported at fair value. The Plan holds Retirement Annuities that have illiquid contracts; therefore, observable prices for identical or similar investments do not exist and, accordingly, these investments are valued using unobservable inputs (Level 3). The fair value equals the accumulated cash contributions and interest credited to the contract, less any withdrawals, using a discounted cash flow method. Liquidity restrictions apply that could impact the value realized upon exiting the contract.

Note 3 – Fair Value Measurements (Continued)

The following tables disclose, by level, the fair value hierarchy of the Plan's assets measured at fair value:

Investment at Estimated Fair Value at June 30, 2025				
	Level 1	Level 2	Level 3	Total

The following table presents the Plan's Level 3 investments, the valuation techniques used to measure the fair value of those instruments as of June 30, 2025 and 2024, and the significant unobservable inputs and ranges of values for those inputs:

Type	Fair Value 6/30/2025	Fair Value 6/30/2024	Valuation Technique	Significant Unobservable Inputs	Range of Input Values
Investment Contracts	<u>\$ 40,410,905</u>	<u>\$ 38,449,733</u>	Discounted cash flow Theoretical transfer (exit value)	Risk-adjusted Discount rate applied	Retirement Annuity 3.65%–6.50% Group Retirement Annuity 3.65%–6.50% Retirement Choice 3.90% - 6.75%

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes certain changes in the fair value of the Plan's level 3 investments for the year ended June 30, 2025:

Note 4 – Guaranteed Investment Contract with TIAA and CREF

TIAA Traditional Annuity – The TIAA Traditional Annuity is a guaranteed fixed annuity contract available as an investment option to Plan participants. Each contract is fully and unconditionally guaranteed by TIAA. The Traditional Annuity is offered through a variety of contract types; the Plan participates in the Retirement Annuities (RA), Retirement Choice (RC), Group Retirement Annuities (GRA), Group Supplemental Retirement Annuity (GSRA), Supplemental Retirement Annuity (SRA), and Retirement Choice Plus (RCP). The type of contract through which a participant invests in the TIAA Traditional Annuity determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant's account, and the options for receiving income upon retirement.

When participants choose to allocate a portion of their retirement savings to the TIAA Traditional Annuity during the accumulation phase of the contract, their contributions purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The participant's principal, plus a specified minimum rate of interest, are guaranteed by TIAA's claims-paying ability. The guaranteed annual interest rate is 3.0% for all premiums remitted under all accumulating contracts. The TIAA Traditional Annuity also provides the potential for additional interest if declared by TIAA's Board of Trustees. Additional interest, when declared, remains in effect for the declaration year, which begins each March 1 for accumulating annuities, and January 1 for lifetime payout annuities. Additional interest is not guaranteed for future years. Together, the guaranteed minimum and additional amounts make up the crediting interest rate.

The RA contract does not allow lump-sum cash withdrawals. All withdrawals and transfers from RA contracts must be spread over 10 annual installments (five annual installments for withdrawals after termination of employment). The SRA and GSRA contracts provide for full participant-directed liquidity. When a participant's accumulation in the TIAA Traditional Annuity is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the statement of changes in net assets available for benefits.

TIAA Stable Value Fund – The TIAA Stable Value is a fixed rate group annuity contract issued by TIAA. Contributions are deposited into a non-unitized separate account. The contract provides a guaranteed minimum rate of interest of between 1% and 3%. Although the liability to provide contract guarantees and accumulations is backed by the assets in the separate account, any amount to be credited above the minimum guaranteed rate is determined by TIAA. Contract holders and Plan participants do not participate in, and do not receive the earnings of the assets in the separate account. All guarantees are based upon TIAA's claims-paying ability. TIAA Stable Value is reported at contract value. The contract value of TIAA Stable Value equals the accumulated cash contributions, interest credited, and transfers, if any, less any withdrawals and transfers, if any. Direct transfers to competing funds (money market account, short-term bond funds, or the TIAA Real Estate account) in a plan's investment lineup are prohibited (industry standard equity wash). Transfers may be made to a competing fund following a 90-day waiting period after being transferred to a noncompeting fund (stock fund or long-term bond fund). In addition, transfers into TIAA Stable Value may not be made for 30 days following a transfer out. If the TIAA Stable Value contract is terminated, the Plan will receive contract value in, at most, two years. If the two-year payout applies, a discontinuance fee will be assessed that has the effect of reducing the interest credited during the two-year period by, at most, 75 basis points.

Note 4 – Guaranteed Investment Contract with TIAA and CREF (Continued)

The contracts meet the fully benefit responsive investment contract (FBRIC) criteria and, therefore, are reported at contract value. Contract value is the relevant measure for FBRICs because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by TIAA and CREF, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations, which may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan; (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; or (5) premature termination of the contract. No events are probable of occurring that might limit the Plan's ability to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

Note 5 – Tax Status

The Plan has adopted a pre-approved plan document that received a favorable opinion letter from the Internal Revenue Service March 31, 2017, which stated that the plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since the date of the opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified.

In accordance with guidance on accounting for uncertainty in income taxes, the Plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the values of the investments in the near term could materially affect a participant's account balance and the amounts reported in the Statement of Net Assets Available for Benefits.

Note 7 – Certified Investment Information

The following information related to investments was obtained by management and agreed to or derived from information certified as complete and accurate by TIAA and CREF, qualified institutions:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of June 30, 2025 and 2024.
- Net appreciation in fair value of investments, dividends, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended June 30, 2025.
- Investments reflected on the schedule of assets (held at end of year) as of June 30, 2025.

Note 8 – Party-in-Interest Transactions

Plan investments include shares of registered investment company funds and investment contracts managed by TIAA and CREF. TIAA and CREF are the insurance carriers of the Plan and, therefore, transactions with these entities qualify as exempt party-in-interest transactions. Indirect fees paid by the Plan for investment management fees were \$388,341 for the year ended June 30, 2025. These fees were netted against investment earnings.

Note 9 – Plan Termination

Although it has not expressed any intention to do so, the College has the right under the Plan to terminate and discontinue its contributions at any time, subject to the provisions of ERISA.

Note 10 – Reconciliation to IRS Form 5500

The IRS Form 5500 is an annual report, filed with the U.S. Department of Labor (DOL) that contains information about a retirement plan's financial condition, investments, and operation. The IRS Form 5500 has certain items that differ from amounts shown on the accompanying financial statements. These differences relate to classification only and have no effect upon net assets available for benefits for either period.
