INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
The Oxbridge Academy 403(b) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of The Oxbridge Academy 403(b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of June 30, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended June 30, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The Oxbridge Academy 403(b) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of June 30, 2025 and 2024, and for the year ended June 30, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of The Oxbridge Academy 403(b) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Oxbridge Academy 403(b) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Oxbridge Academy 403(b) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Oxbridge Academy 403(b) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of June 30, 2025, ("supplemental schedule") is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The following description of The Oxbridge Academy 403(b) Plan (the "Plan") provides only general information. Therefore, participants should refer to the plan documents and related adoption agreement for a more comprehensive description of the Plan's provisions.

General

The Plan, a defined contribution plan sponsored by Oxbridge Academy Foundation, Inc. dba Oxbridge Academy (the "School", "Employer", or "Plan Sponsor"), pursuant to Section 403(b) and related provisions of the Internal Revenue Code (IRC), was established effective August 1, 2011, and amended effective February 1, 2025. The Plan is designed to provide eligible participants with a means to defer a portion of their compensation for retirement and to provide benefits in the event of disability, death, termination, or financial hardship. The Plan is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA).

Effective March 27, 2020, the Plan administratively adopted the provisions of the Coronavirus Aid, Relief, and Economic Security (CARES) Act, related to participant loans and distributions. The Plan Sponsor has until December 31, 2026, to amend the Plan for changes allowed by the CARES Act. The Plan has not been formally amended to adopt these provisions as of the date the financial statements were available to be issued.

An expansion of Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE 2.0") was signed into law on December 29, 2022, as part of the Consolidated Appropriations Act of 2023. The effective dates of provisions within SECURE 2.0 vary through 2026. The Employer has until December 31, 2026, to amend the Plan for the changes related to SECURE 2.0. The Plan has not been formally amended to adopt these provisions as of the date the financial statements were available to be issued.

Plan administration

The School is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The School has delegated certain responsibilities for the operation and administration of the Plan. Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (the "Custodian") is responsible for the custody and management of the Plan's assets. An affiliate of the Custodian maintains participant accounts and transactions related to participant initiated activity.

Eligibility

Eligible employees of the School may participate in the Plan immediately upon hire. Until January 31, 2025, excluded employees, described as non-resident aliens, student employees, and employees who normally work less than 20 hours per week, were not eligible to participate. Effective February 1, 2025, employees who normally work less than 20 hours per week became eligible for plan participation.

1. DESCRIPTION OF THE PLAN (continued)

Contributions

Plan participants may elect to contribute, through payroll deductions, amounts up to 100% of their annual compensation as defined by the Plan, on a pre-tax or Roth basis, subject to IRC limits. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollover contributions). Participants who have attained age 50 before the end of the calendar year are eligible to make catch-up contributions subject to IRC limits.

The Employer makes a matching contribution equal to 100% of participant elective deferrals up to 3% of eligible compensation and 50% of participant elective deferrals over 3% and up to 5% of eligible compensation, as defined by the plan documents.

Participant accounts

Each participant's account is credited with the participant's contributions, rollovers, and allocations of the Employer's matching contributions and Plan earnings and charged with Plan losses and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the plan documents. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct their account balances into any of the investment options offered by the Plan.

Vesting

Participants are immediately 100% vested in all contributions plus actual earnings thereon.

Payment of benefits

Upon termination of service, death, full and permanent disability (as defined in the plan documents), or retirement, a participant (or beneficiary, as applicable) may receive a lump sum payment or installment options as provided by the Plan. If a participant's account balance is equal to or less than \$1,000 upon termination, the balance will be distributed to the participant in a lump-sum if the participant has not requested a direct rollover into another qualified benefit plan. Upon termination, balances greater than \$1,000 and less than or equal to \$5,000 will be rolled over to an individual retirement plan account designated by the administrator if the participant has not requested a lump-sum cash payment or a direct rollover into another qualified benefit plan. If the account balance is over \$5,000 upon termination, the participant can consent to either a distribution paid in the form of a lump-sum cash payment, installment payments, a direct rollover into another qualified plan, or to postpone payment to a later date and remain in the Plan as described in the plan documents.

Upon attaining the age of 59 ½, the participant may, while still employed by the School, request a withdrawal from their account balance. In certain circumstances as described in the plan documents and in accordance with Internal Revenue Service (IRS) regulations, participants may qualify for a hardship or qualified reservist withdrawal.

1. DESCRIPTION OF THE PLAN (continued)

Administrative expenses

Administrative expenses are generally paid by the School, but may, at the discretion of the Plan administrator, be paid by the Plan. Transaction fees for certain participant initiated activity are charged to the specific account of the participant initiating any such transaction. The Plan is not required to reimburse the School for expenses paid on its behalf.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting and financial statement presentation

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes therein, and disclosure of contingent liabilities. Actual results could differ from those estimates.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and changes therein.

Investment valuation and income recognition

The Plan's investments are reported at fair value (Note 4), except for the fully benefit-responsive investment contract, divested during the Plan year ended June 30, 2025, which is reported at contract value (Note 5). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the amount that participants would receive from permitted transactions allowed under the plan document. Management determines the Plan's valuation policies utilizing information provided by their investment advisers and the Custodian.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes to Financial Statements
June 30, 2025 and 2024

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Contributions and contributions receivable

Contributions from participants are recorded based on the date the contributions have been separated from the participant's pay by the School, which is the pay date. Employer matching contributions are recorded in the year they are earned and to coincide with the year in which the School's records the contribution in its general ledger. The Plan records receivables for contributions based upon the contributions recognized, less amounts received by the Plan as of the last day of the Plan year.

Rollover contributions from participants are recorded based on the date the rollover contributions have been received by the Custodian.

Payment of benefits

Benefit payments are recorded when paid.

Administrative expenses

Administrative expenses are recorded when incurred.

Subsequent events

Management of the Plan has evaluated subsequent events through March 27, 2026, the date the financial statements were available to be issued. Plan management is not aware of any subsequent events which would require recognition or disclosure in the financial statements.

3. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN (UNAUDITED)

The plan administrator, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to the plan's investment information, and related activity, certified by the Custodian, determined to be a qualified institution by the plan administrator, as complete and accurate, except for comparing such information to corresponding information included in the Plan's financial statements and supplemental schedule of assets (held at end of year). The Custodian has certified that the following data included in the financial statements is complete and accurate:

- Investments reflected on the accompanying statements of net assets available for benefits as of June 30, 2025 and 2024.
- Net appreciation in fair value of investments and interest and dividends reflected on the accompanying statement of changes in net assets available for benefits for the year ended June 30, 2025.

The Oxbridge Academy 403(b) Plan
Notes to Financial Statements
June 30, 2025 and 2024

3. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN (UNAUDITED)
(continued)

- Investments reflected on the schedule of assets (held at end of year) as of June 30, 2025 (the "supplemental schedule").

Accordingly, as requested by the plan administrator, the Plan's independent auditor performed no audit procedures on the certified information other than to agree the certified information to the related information included in the financial statements and supplemental schedule.

4. FAIR VALUE MEASUREMENTS

Accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to the unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The fair value hierarchy consists of three levels of inputs that may be used to measure fair value as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability; or

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value on a recurring basis. There have been no changes in the methodology used at June 30, 2025 and 2024.

The Oxbridge Academy 403(b) Plan
Notes to Financial Statements
June 30, 2025 and 2024

4. FAIR VALUE MEASUREMENTS (continued)

Registered investment companies (mutual funds): Valued at the daily closing price as reported on the open market. Mutual funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to have a readily-determinable fair value and are classified within Level 1 of the fair value hierarchy.

Investments valued at contract value are not presented within the fair value hierarchy.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets, by type, at fair value as of June 30, 2025:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
Mutual funds	<u>\$ 13,399,124</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 13,399,124</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets, by type, at fair value as of June 30, 2024:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
Mutual funds	<u>\$ 11,146,953</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 11,146,953</u>

5. GUARANTEED INTEREST ACCOUNT

During the year ended June 30, 2025, the Plan discontinued offering a guaranteed interest account ("GIA" or "contract") issued by Principal Life Insurance Company ("Principal"). Under the terms of the contract, participant contributions were allocated to Principal's general account and earned a crediting interest rate declared by the issuer. Principal was contractually obligated to repay principal plus interest, subject to a guaranteed minimum interest rate between 1% and 3%. The crediting rate was reviewed and reset semiannually. The crediting interest rate as of June 30, 2024, was 5.15%.

The Plan Sponsor elected to terminate the Plan's interest in the GIA. In accordance with the contract's termination provisions, Principal received notice of the Plan's intent to terminate on March 6, 2024, and the Plan elected the 12-month advance notice option, which avoided the assessment of a surrender charge. As a result, the Plan's interest in the GIA was liquidated on March 6, 2025, and all assets were transferred to the Plan's designated replacement investment option, Goldman Sachs FS Government Fund R6.

Upon liquidation, the GIA ceased to be offered as an investment option, and as of June 30, 2025, the Plan no longer held any contract value under the GIA.

The Oxbridge Academy 403(b) Plan
Notes to Financial Statements
June 30, 2025 and 2024

5. GUARANTEED INTEREST ACCOUNT (continued)

Because the GIA met the definition of a fully benefit-responsive investment contract prior to its liquidation, it had historically been reported at contract value. Contract value represented participant contributions plus earnings, less participant withdrawals, transfers, and administrative fees. Participants were permitted to direct withdrawals or transfers at contract value, subject to the contract's equity-wash and other restrictions.

The Plan's ability to receive amounts due was historically dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events could have limited the ability of the Plan to transact at contract value with the issuer. Such events include the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, early withdrawal by the Plan from the guaranteed interest account, and premature termination of the contract. No such limiting events occurred prior to the contract's termination.

As of June 30, 2025, the Plan no longer maintains a GIA investment and no contract value is reported.

6. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

ERISA defines a party-in-interest similarly to the definition of a related party under U.S. GAAP, except that ERISA's definition is broader and includes all entities and individuals that provide services to the Plan; however, these entities may not necessarily be related parties. Management did not identify any related parties to the Plan that were not also considered to be party-in-interest.

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, and an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association or relatives of such persons.

The School pays certain fees and expenses on behalf of the Plan. These transactions qualify as party-in-interest transactions. The Plan is not required to repay expenses paid by the School on its behalf. The Plan has included in its investment fund options certain funds managed by the Custodian or one of its affiliates. Transactions in these funds are considered party-in-interest transactions under ERISA. Such transactions are permitted under provisions of the Plan and are specifically exempt from prohibition of party-in-interest transactions under ERISA.

The Custodian retains as compensation for services provided to the Plan, any interest (or "float") on amounts earned, while certain transactions are pending. This applies to both contributions and distributions. Earnings are at institutional money market rates.

The Oxbridge Academy 403(b) Plan
Notes to Financial Statements
June 30, 2025 and 2024

6. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS (continued)

Certain fund level fees incurred by the funds in which the Plan invests for such services as investment management, shareholder services, and sub-transfer agency fees are paid through fund level revenue sharing arrangements. These fees reduce fund earnings thereby impacting Plan revenue applied to participants' accounts.

7. TAX STATUS

The Plan has adopted a prototype non-standardized 403(b) plan sponsored by Principal Financial Group (the "non-standardized plan"). The Internal Revenue Service has issued an opinion letter dated March 31, 2017, stating that the non-standardized plan is designed in accordance with the applicable sections of the IRC and is appropriate for use by employers for the benefit of their employees. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified and is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the School has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at June 30:
