Asset and Liability Statement

1

Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

Report of Independent Auditors

To the Retirement Benefits Committee,
AirBorn 401(k) Savings Plan

Opinion

We have audited the accompanying financial statements of AirBorn 401(k) Savings Plan (previously the AirBorn, Inc. 401(k) Savings and Employee Stock Ownership Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), which comprise the statement of net assets available for benefits as of June 30, 2025 and 2024, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of AirBorn 401(k) Savings Plan as of June 30, 2025 and 2024, and the changes in its net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of AirBorn 401(k) Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about AirBorn 401(k) Savings Plan’s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan’s transactions that are presented and disclosed in the financial statements are in conformity with the plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of AirBorn 401(k) Savings Plan's internal controls. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about AirBorn 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, which is composed of the Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of June 30, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report of Independent Auditors

To the Retirement Benefits Committee,
AirBorn 401(k) Savings Plan

Opinion

We have audited the accompanying financial statements of AirBorn 401(k) Savings Plan (previously the AirBorn, Inc. 401(k) Savings and Employee Stock Ownership Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), which comprise the statement of net assets available for benefits as of June 30, 2025 and 2024, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of AirBorn 401(k) Savings Plan as of June 30, 2025 and 2024, and the changes in its net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of AirBorn 401(k) Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about AirBorn 401(k) Savings Plan’s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan’s transactions that are presented and disclosed in the financial statements are in conformity with the plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of AirBorn 401(k) Savings Plan's internal controls. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about AirBorn 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, which is composed of the Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of June 30, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of Plan

General

The AirBorn 401(k) Savings Plan (the “Plan”) (previously, the AirBorn, Inc. 401(k) Savings and Employee Stock Ownership Plan) provides retirement, death, and disability benefits for eligible participant employees and their beneficiaries while previously allowing them to share in the growth in value of AirBorn, LLC (the, “Company” or “Employer”) common stock. The Plan is a defined contribution plan, under Sections 401(k) and Section 501(a) of the Internal Revenue Code of 1986 (“IRC”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Participants should refer to the plan agreement for complete information.

The Plan purchased Company common shares using proceeds from a loan from the Company (refer to Note 11), and held the stock in a trust established under the Plan. The borrowing was to be repaid ratably over the term of the loan by fully deductible Company contributions to the trust fund. As the Plan made each payment of principal, an appropriate percentage of stock was allocated to eligible employees’ accounts in accordance with applicable regulations under the IRC. Effective November 26, 2024, in conjunction with the sale of the Company, the outstanding balance of the note was paid in full, the remaining unallocated shares were released, and allocated shares were exchanged for cash consideration. Additionally, the participant's former ESOP portion of the plan was spun off into a new plan, the AirBorn, Inc. Defined Contribution Plan.

SECURE 2.0 Act

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023, which included the Setting Every Community Up Retirement Act (“SECURE”) 2.0 Act. SECURE Act 2.0 contains over 90 new retirement provisions, with varying effective dates through 2033. Since the provisions of SECURE Act 2.0 include both required and optional elements, applicable provisions will be evaluated and implemented in accordance with accompanying regulations and guidance prior to the deadline, December 31, 2026. Certain provisions became effective for 2024, including changes to long-term part-time eligibility. These changes had no material impact on the Plan’s 2025 financial statements.

Plan Amendments and Restatement

Effective January 1, 2024, the Plan was amended to exclude certain fringe benefits from the calculation of eligible compensation.

NOTES TO FINANCIAL STATEMENTS

As of June 30, 2025 and 2024, and for the Year Ended June 30, 2025

1. Description of Plan (continued)*Plan Amendments and Restatement (continued)*

Effective November 26, 2024, the Company was purchased by an unrelated third party (the "Sale Transaction"). As a result of the Sale Transaction, the Plan was amended to incorporate various elements associated with the administration of the spin-off and termination of the ESOP portion of the Plan. Specifically, the following major provisions were adopted effective on the closing date of the Sale Transaction:

1. No employee who is not a participant in the ESOP portion of the Plan as of the closing date shall be eligible to participate in the ESOP.
2. No contributions shall be made by the Company with respect to service performed by an ESOP participant on and after the closing date.
3. All ESOP participants shall be fully vested in their respective ESOP contribution accounts.
4. The ESOP portion of the Plan shall no longer be for the purpose of investing in qualifying employer securities and the ESOP Trust shall not invest in or hold any qualifying employer securities.
5. The ESOP portion of the Plan shall be spun off as a separate plan, intended to be qualified under Code Section 401(a), recharacterized as a profit-sharing plan (the "Recharacterized Plan"), and such Recharacterized Plan shall be terminated.
6. The Recharacterized Plan shall be designed to comply with ERISA Section 404(c).
7. As soon as administratively practicable after the ESOP termination date (see item 5 above), an ESOP participant shall be permitted to receive a distribution from the Recharacterized Plan of up to 25% of the ESOP participant's vested ESOP contribution account. Additionally, after the 12-month anniversary of the closing date, each ESOP participant shall be permitted to receive a distribution of the Recharacterized Plan of the remainder of the ESOP participant's vested ESOP contribution account.
8. Protected benefits shall not be reduced or eliminated as a result of the amendment.
9. The then-remaining portion of the Plan shall be retitled as the AirBorn 401(k) Savings Plan.
10. A profit-sharing contribution equal to 5% of an employee's annual compensation shall be paid each contribution period, for the period beginning December 1, 2024, and ending June 30, 2025.

Administration

The Plan's 401(k) assets are held by Charles Schwab Trust Bank ("Schwab"), the custodian of the Plan. Funds held by Schwab are invested in a master trust. The Plan is participant directed for participant voluntary contributions, matching contributions, and earnings on those contributions.

Eligibility

All employees are enrolled in the Plan upon the initial date of hire and eligible to participate in employee contributions, with the exception of collective bargaining employees, nonresidents, interns and seasonal employees. All employees who have completed one year of service are eligible to receive Employer matching, qualified discretionary, and profit-sharing 401(k) contributions and, prior to November 26, 2024, were eligible to receive discretionary ESOP contributions at the first Plan entry date thereafter (as defined in the plan agreement).

NOTES TO FINANCIAL STATEMENTS
As of June 30, 2025 and 2024, and for the Year Ended June 30, 2025

1. Description of Plan (continued)

Voting Rights

Prior to November 26, 2024, each participant was entitled to exercise voting rights attributable to the shares allocated to their account and was notified by the ESOP trustee prior to the time that such rights are to be exercised. The ESOP trustee was not permitted to vote any allocated share for which instructions had not been given by a participant. The ESOP trustee was required, however, to vote any unallocated shares on behalf of the collective best interest of plan participants and beneficiaries.

Contributions

Participant Contributions

Participants may elect to contribute a pre-tax contribution of up to 70% of their eligible compensation (as defined in the plan agreement), subject to annual limits established by the Internal Revenue Service (“IRS”). Participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (“rollover”). Participants have the option of designating a portion of their elective deferral contributions as (“Roth”) contributions.

Employer Discretionary Matching Contributions

The Company may make discretionary matching contributions. The match is invested in various investment options as directed by the participant. For the year ended June 30, 2025, the Company made discretionary matching contributions totaling \$1,149,909, which is included in employer contributions on the statement of changes in net assets available for benefits.

Employer Qualified Discretionary Contributions

The Company may also make qualified discretionary contributions to each active participant’s account in an amount determined by the Company. Discretionary Company contributions, if approved by the board of directors, are based on a pay formula defined in the plan agreement. For the year ended June 30, 2025, the Company made qualified discretionary contributions totaling \$1,546,197, which is included in employer contributions on the statement of changes in net assets available for benefits.

Employer Profit-Sharing Contributions

Effective November 26, 2025, the Plan was amended to allow for employer profit-sharing contributions equal to 5% of an employee’s annual compensation paid each contribution period, for the period beginning December 1, 2024 and ending June 30, 2025. For the year ended June 30, 2025, the Company made employer profit-sharing contributions totaling \$2,118,562, which is included in employer contributions on the statement of changes in net assets available for benefits.

Employer ESOP Contributions

For the Plan year ended June 30, 2024, the Company made discretionary non-cash ESOP contributions subsequent to year end totaling \$875,666. For the Plan year ended June 30, 2025, the Company made discretionary non-cash ESOP contributions totaling \$3,071,385.

NOTES TO FINANCIAL STATEMENTS
As of June 30, 2025 and 2024, and for the Year Ended June 30, 2025

1. Description of Plan (continued)

Contributions (continued)

Employer ESOP Contributions (continued)

Effective April 25, 2014, the Plan entered into a Contribution Agreement (the, “Agreement”), whereby the Company agreed to, no less frequently than once every three (3) years beginning on or before December 1, 2017 (the initial purchase date) and each third anniversary thereafter, to issue and sell to the ESOP for the benefit of active employees of the Company shares of the Company’s common stock, par value \$0.20 per share in the manner pursuant in the Agreement. To the extent the Company did not issue and sell to the ESOP pursuant to the preceding provision, the Company agreed that it would contribute common stock in kind to the ESOP (“recycled shares”), in the manner pursuant in the Agreement. Effective November 26, 2024, in conjunction with the sale of the Company, remaining unallocated shares were released, and all released and allocated shares were exchanged for cash consideration..

Contributions from plan participants and the associated matching contributions from the Company were recorded in the year in which the employee contributions are withheld from compensation.

Vesting

Participants are fully vested in their voluntary contributions and related earnings. All Company contributions to the Plan, as well as all earnings on those contributions, vest according to the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Upon a participant’s termination from the Plan, only the amount in which the participant is vested is distributed to the participant and is subject to any applicable tax reporting requirements. Upon death, full and permanent disability, or attainment of normal retirement age, a participant becomes 100% vested in his or her account balance.

NOTES TO FINANCIAL STATEMENTS*As of June 30, 2025 and 2024, and for the Year Ended June 30, 2025*

1. Description of Plan (continued)**Put Option**

The Company was an electing S Corporation. Consistent with the terms of the Plan, the Internal Revenue Code and applicable federal tax regulations, so long as an S Corporation election was in effect, Plan participants were not entitled to receive their benefits in the form of Company stock. If the Company ever ceased to be an electing S Corporation, participants had the right to elect to receive their benefits in the form of Company stock. In such case, the Company stock that was distributed to participants while the Company stock was not readily tradable on an established market would include a put option. The put option would be a right to demand that the Company buy any shares of its stock during a period of at least sixty days following the date of distribution of the Company stock.

The put option price would be based on the value of the Company stock, as determined by the Plan Trustee's independent appraisal, as of the Plan year end immediately preceding the applicable put option period. The Company could pay for the purchase incident to the exercise of a put over a period of five years, with interest. The purpose of the put option was to allow the participant to obtain cash, if the participant exercised the put during either of the put option periods. AirBorn Inc. securities to be distributed from the Plan are subject to the requirement that such securities be immediately purchased from the participant (or beneficiary, as the case may be) by AirBorn Inc. Effective November 26, 2024, in conjunction with the sale of the Company, the put option was no longer available.

Retirements and Terminations

In the case of normal retirement (age 65), early retirement (age 55 and 6 years of service), retirement due to full and permanent disability, or termination of employment, participants may elect to receive the value of their accumulated plan benefits, in accordance with the provisions of the Plan, in a lump-sum distribution.

In the event that a participant dies before retirement, the participant's beneficiary will receive the value of the participant's accumulated plan benefits in a lump-sum distribution or in an alternative manner mutually agreed upon by the beneficiary and the plan administrator.

Notes Receivable from Participants

Participants may take 401(k) loans up to the lesser of: (a) one-half of the respective participant's vested 401(k) accounts, or (b) \$50,000, reduced by their highest loan balance of the sum of all of the respective participant's loans from the Plan during the one year period ending on the day before the loan is funded. The 401(k) loan may not be less than \$500. Interest and principal payments will be credited to the borrower's account. The repayment period for participant 401(k) loans cannot exceed five years unless the proceeds are used to acquire, construct, or rehabilitate a dwelling unit that is used for the participant's personal residence. In that case, the period of repayment can be extended up to 10 years. The notes bear interest at a rate commensurate with local prevailing interest rates as determined by the plan administrator.

Funding Policy

The Plan is funded by employee contributions, and employer discretionary matching, employer qualified discretionary, and employer profit-sharing contributions from the Company, and by investment income. The Company's contributions can be made either in the form of cash or, prior to November 26, 2024, its common stock to the Plan's trust. Prior to November 26, 2024, the Plan could invest employer cash contributions in the Company's common stock.

NOTES TO FINANCIAL STATEMENTS

As of June 30, 2025 and 2024, and for the Year Ended June 30, 2025

1. Description of Plan (continued)**Diversification of Company Shares**

Prior to November 26, 2024, a Diversification Election right was offered to participants near retirement so that they had the opportunity to diversify a portion of their investment in Company stock into other investments. Participants who were 55 years of age with 10 years of participation in the Plan could have elected to diversify a portion of their ESOP account. Diversification was offered to each eligible participant over a six-year period. In each of the first five years, a participant could diversify up to 25% of the number of allocated shares to their account, less any shares previously diversified. In the sixth and final year, the percentage changed to 50%.

Participants who elected to diversify received a cash distribution and were then able to either (a) reinvest the cash in one of the funds selected by the Plan Committee for investment of the participants' 401(k) accounts or (b) receive a cash distribution equal to the value of the shares the participants sold to the Plan. As a result of the sale of the company on November 26, 2024, there were no diversifications made for the year ended June 30, 2025.

Distributions

Upon termination of service due to death, disability, or retirement, a participant becomes 100% vested in their account and is entitled to receive the vested account balance in a lump-sum distribution. Participants may also request hardship distributions if they can demonstrate an immediate and heavy financial need, as defined by the Plan. Cash distributions are made to participants following the end of the Plan year in which they terminate or are entitled to receive a distribution of benefits. A participant who has severed employment and whose total balance is less than \$5,000 is subject to an automatic rollover to an individual retirement account. Participants who sever employment and whose account balance is less than \$1,000 is subject to an automatic cash out through a lump sum distribution.

Prior to November 26, 2024, distributions from the vested ESOP contribution accounts were made to participants in a lump sum if the value was \$150,000 or less. If the value of the Participant's vested ESOP contribution exceeded \$150,000, distributions were made in six annual installment payments in accordance with the following schedule:

Payment	Distribution Amount
1	\$150,000
2	1/5 of the remaining nonforfeitable account balance
3	1/4 of the remaining nonforfeitable account balance
4	1/3 of the remaining nonforfeitable account balance
5	1/2 of the remaining nonforfeitable account balance
6	100% of the remaining nonforfeitable account balance

NOTES TO FINANCIAL STATEMENTS
As of June 30, 2025 and 2024, and for the Year Ended June 30, 2025

1. Description of Plan (continued)

Forfeitures

Forfeitures (the nonvested portion of a participant's account) are created when a participant's employment terminates before becoming fully vested under the Plan. Forfeitures will be used for the benefit of other participants of the Plan or be used to reduce employer contributions. The balance of forfeited non-vested accounts was \$1,087 and \$179,467, as of June 30, 2025 and 2024, respectively. During the Plan year ended June 30, 2025, participants forfeited \$47,120 in non-vested accounts. During the Plan year ended June 30, 2025, forfeitures utilized were \$182,443.

Risks and Uncertainties

The Plan provides for various investment options of registered investment companies. The underlying investments held by the registered investment companies may include stocks, bonds, fixed income securities, mutual funds, and other investment securities. Such investments are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities in the near term could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Master Trust

The investments of the Plan, along with investments of other plans of AirBorn, Inc. (the "Plan Sponsor"), are pooled for investment purposes in a master trust pursuant to the amendment dated November 11, 2026, between Schwab, the trustee of the Master Trust, and the Company – AirBorn, Inc. Master Trust (the "Master Trust").

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date. The board of directors determines the Plan's valuation policies utilizing information provided by the investment advisors and the trustee. Refer to Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

NOTES TO FINANCIAL STATEMENTS*As of June 30, 2025 and 2024, and for the Year Ended June 30, 2025*

2. Summary of Significant Accounting Policies (continued)**Notes Receivable from Participants**

Notes receivable from participants represent loans and are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recognized on the accrual basis. No allowance for credit losses has been recorded as of June 30, 2025 and 2024. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. For the year ended June 30, 2024, the Plan distributed the excess contributions to the applicable participants prior to the required statutory deadline. For the year ended June 30, 2025, subsequent to year end, but prior to the statutory correction deadline, all assets of the Plan were transferred out and the Plan was terminated. As a result, the responsibility for correction of the excess contribution payable, including any related excise taxes or penalties rests with the acquiring plan sponsor.

Valuation of AirBorn, Inc. Stock

The Company's common stock was not traded on an open market. The Company's common stock was valued by an independent appraiser on an annual basis. Distributions to eligible participants were based on the latest available stock valuation. The carrying value of the Plan's investment in common stock was also adjusted to reflect fair value, as determined by the annual appraisal.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Company pays certain administrative expenses incurred by the Plan. Certain investment and administration fees are deducted directly from participant's investment returns. Transaction costs borne by the Plan are charged to the individual participant who initiated the transaction to which the charge relates by reducing the participant's account balance.

Subsequent Events

Subsequent events have been evaluated through the date of the report of independent auditors, which is the date the financial statements were available to be issued. Other than the matter in Note 13, there were no subsequent items that would require recognition in the financial statements or disclosure in the notes to the financial statements.

3. AirBorn, Inc. Master Trust

Certain Plan assets are held in the Master Trust as of June 30, 2025. The assets of the Master Trust are comprised of different investments in a money market fund, mutual funds, and a collective investment fund.

NOTES TO FINANCIAL STATEMENTS

As of June 30, 2025 and 2024, and for the Year Ended June 30, 2025

3. AirBorn, Inc. Master Trust (continued)

The amount of Master Trust's assets, income and change in value which is allocated to the Plan is determined by the ratio of account balances in the Plan to the total account balances of all participating plans. As of June 30, 2025, the Plan's ownership interest in the net assets of the Master Trust was approximately 19%.

4. Fair Value Measurements

Fair value is determined based on the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants. The fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, which gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements) is described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Cash: Cash includes all cash balances and highly liquid investments with an initial maturity of three months or less and are stated at cost which approximates market value.

Money market fund: Valued at the daily closing price as reported by the fund. The money market fund held by the Plan is an open-end money market fund that is registered with the Securities and Exchange Commission. This fund is required to publish its daily net asset value ("NAV") and to transact at that price. The money market fund held by the Plan is deemed to be actively traded.

Mutual funds: Quoted market prices are used to value investments in mutual funds, which are publicly traded funds of registered investment companies, and common stock.

NOTES TO FINANCIAL STATEMENTS

As of June 30, 2025 and 2024, and for the Year Ended June 30, 2025

4. Fair Value Measurements (continued)

Collective trust fund: Valued at the net asset value of units of a common collective trust. The NAV as provided by Schwab is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

AirBorn, Inc. common stock: The Company's common stock was not traded on an open market. Annually, the Company's common stock was valued by an independent appraiser using both the market and income (discounted net cash flow) approach.

The market approach is a valuation technique in which the value is estimated based on market prices of actual transactions and on asking prices for currently available assets. The process is essentially that of comparison and correlation between the Company and other similar companies. The value of the Company's common stock is expressed as a function of its earnings or cash-generating capacity, which is then multiplied or capitalized at an appropriate risk-adjusted rate. A ratio, or multiple, is developed by dividing the market price of the stock by an earnings figure, such as net income. Any number of ratios can be calculated. The reciprocal of a multiple or ratio is known as a capitalization rate. These ratios are then adjusted to suit the Company's specific circumstances in arriving at a value for the Company. A marketability discount is applied as part of the valuation due to the closely-held nature of the Company stock.

The income approach is a valuation technique in which the value is derived by forecasting net cash flow in the future and discounting to present value of the annual cash flows. Net cash flow is the cash amount that could be paid to owners without impairing the Company's operations: it is the dividend paying capacity. It is defined as net income plus depreciation (a non-cash expense) less capital expenditures less changes in net working capital plus changes in financing. Changes in working capital are usually a use of cash but can be a source of cash. The "debt-free" version of the income approach excludes changes in cash flow due to financing. The resulting value is for total capital. The annual net cash flows are discounted to present value and summed, resulting in an indication of value. Usually, the forecast covers a limited number of years, but the business is expected to continue operating after the last year in the projection. The value of the operations after the last year in the projection is determined by capitalizing into a terminal value the last year's cash flow or some other earnings measure. The appropriate discount rate reflects the general level of interest rates and a premium for the perceived degree of risk. Risk can be segregated into financial and business risk. Financial risk refers to the possibility of bankruptcy and the variability of the returns to equity investors due to the amount of debt. Business risk refers to the variability of earnings from the Company's operations. The discounted debt-free net cash flow approach was used in appraising the Company's common stock.

4. Fair Value Measurements (continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2025:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 60,818,838	\$ -	\$ -	\$ 60,818,838
Investments measured at net asset value (a)				\$ 5,805,654
Total investments at fair value				<u>\$ 66,624,492</u>

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amount presented in the table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2024:

4. Fair Value Measurements (continued)

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

As of June 30, 2025:

Investment	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Collective trust fund	\$5,805,654	N/A	Daily	N/A

As of June 30, 2024:

Collective trust fund	\$7,213,486	N/A	Daily	12 months

5. Related Party and Party-in-Interest Transactions**AirBorn, Inc. Stock**

Prior to November 26, 2024, the Plan was invested in Company common stock and had indebtedness guaranteed by the Company.

Other Transactions

Certain Plan investments were managed by Schwab, therefore, these transactions qualify as party-in-interest transactions. The Plan holds shares of Company stock and makes non-cash loan repayments to the Company, which qualify as related party transactions. The Plan made direct payments to the third-party administrator and record keeper totaling \$84,820. These costs incurred by the Plan are included in administrative expenses on the statement of changes in net assets available for benefits. The Plan Sponsor pays directly any other fees related to the Plan's operations.

6. Plan Termination

The Company has the right, under the plan agreement and the provisions of ERISA, to terminate the Plan. In the event of plan termination, participants' accounts will become fully vested and nonforfeitable. Upon termination of the Plan, the interest of each participant will be distributed to such participant, or designated beneficiary, at the time prescribed by the Plan agreement. Subsequent to year end, all assets transferred out to a third-party plan, and the Plan was effectively terminated (*Note 13*).

NOTES TO FINANCIAL STATEMENTS

As of June 30, 2025 and 2024, and for the Year Ended June 30, 2025

7. Investment in AirBorn, Inc. Common Stock

The Plan held 46,060 shares of the Company common stock as of June 30, 2024. An independent appraiser valued each share at approximately \$2,985 as of June 30, 2024.

As a result of the Company's discretionary contributions for the plan year ended June 30, 2024, which were used to pay down the loan from the Company (see Note 10), 1,170 shares were released, and allocated to ESOP participants. During the year ended June 30, 2025, the Company made a discretionary ESOP contribution that satisfied the outstanding note balance in full. As a result, the remaining leveraged and unallocated shares totaling 4,567 were released and allocated to ESOP participants. Effective November 26, 2024, the Company was sold and all earned and allocated shares were exchanged for cash consideration based on the net proceeds of the sale. The cash proceeds were subsequently invested in other Plan investments offered by the Plan as directed by the participants.

The Plan's investment in shares of Company common stock was as follows for the plan year ended June 30, 2024:

	Number of shares	Cost (\$)	Unrealized appreciation since inception (\$)	Fair market value (\$)
Earned – allocated to participants' accounts and available for withdrawal from the Plan	41,493	16,705,777	107,162,249	123,868,026
Leveraged and unallocated to participant's accounts	4,567	3,196,959	10,437,068	13,634,027

8. Tax Status

A favorable determination letter was obtained from the Internal Revenue Service ("IRS"), dated December 20, 2016, stating that the Plan, and related trust, as amended, is qualified under Sections 401(k) and 501(a) of the IRC and is exempt from federal income taxes. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by IRS. The Plan is subject to routine audits taken by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

Changes in net assets available for benefits	<u>\$ (134,305,002)</u>

10. Note Payable

In April, 2018 the Plan entered into a \$10,592,229 term loan agreement with the Company, in accordance with the contribution agreement. The proceeds of the loan were used to purchase 15,132 recycled shares of the Company's common stock. Unallocated shares were collateral for the loan. The agreement provided for the loan to be repaid in thirty years, at a rate of 2.88% compounded annually. Principal repayments on the loan can be accelerated at the discretion of the Company. As of November 26, 2024, in conjunction with the Sale Transaction, the outstanding loan balance was satisfied in full.

11. Contribution Agreement and Recycled Shares

In accordance with the Agreement, the Board of Directors could approve and contribute to the Plan AirBorn, Inc. common stock previously repurchased from participant distributions and diversification. Contributed recycled shares were allocated to ESOP participants based on their percentage of eligible earnings. Effective November 26, 2024, in accordance with the sale of the Company, all ESOP shares were allocated to participants.

NOTES TO FINANCIAL STATEMENTS

As of June 30, 2025 and 2024, and for the Year Ended June 30, 2025

12. Administrative Failure

Incorrect Definition of Compensation

During the year ended June 30, 2025, management determined the definition of eligible compensation was not followed for the purposes of calculating employer contributions. Participants' compensation related to discretionary bonuses, was incorrectly excluded from the calculation of contributions in violation of the terms of the plan document. Plan Management intends to correct this administrative failure based on advice from legal counsel by calculating the missed related employer contribution amount and lost earnings outside the IRS Voluntary Fiduciary Correction Program. The correction totaled \$140,000, excluding lost earnings, and is included in employer corrective contributions receivable on the statement of net assets available for benefits. Subsequent to year end, all assets of the Plan were transferred out and the Plan was terminated. As a result, the responsibility for correction of the excess contribution payable, including any related excise taxes or penalties, rests with the acquiring plan sponsor.

13. Subsequent Events

Effective July 30, 2025, assets totaling approximately \$60,900,000 were transferred out of the Plan, and the Plan was effectively terminated.
