Independent Auditor's Report

To the WHRO Finance Committee
Hampton Roads Educational Telecommunications Association, Inc.:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Hampton Roads Educational Telecommunications Association, Inc. 403(b) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of June 30, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended June 30, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Hampton Roads Educational Telecommunications Association, Inc. 403(b) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of June 30, 2025 and 2024, and for the year ended June 30, 2025, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of Hampton Roads Educational Telecommunications Association, Inc. 403(b) Retirement Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

Hampton Roads Educational Telecommunications Association, Inc. 403(b) Retirement Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to July 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, as described in Note 2 to the financial statements, the Hampton Roads Educational Telecommunications Association, Inc. 403(b) Retirement Plan has excluded from investments in the accompanying statements of net assets available for benefits, certain annuity and custodial accounts issued to current and former employees prior to July 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity and custodial accounts and the related income and distributions are not determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Hampton Roads Educational Telecommunications Association, Inc. 403(b) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of Hampton Roads Educational Telecommunications Association, Inc. 403(b) Retirement Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of Hampton Roads Educational Telecommunications Association, Inc. 403(b) Retirement Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of June 30, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of the Hampton Roads Educational Telecommunications Association, Inc. 403(b) Retirement Plan (“Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all eligible employees of Hampton Roads Educational Telecommunications Association, Inc. (“Organization”). The Plan is subject to the provisions of ERISA. The WHRO Finance Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan’s investment offerings, and monitors investment performance.

Contributions: Each year, participants may contribute up to the maximum allowed by law of their pretax annual compensation, as defined in the Plan. Participants may elect to designate all or a portion of their elective deferrals as Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at five percent of eligible compensation and their contributions invested in a designated fund until changed by the participant. The Plan also includes an automatic increase provision whereby a participant’s deferral rate is increased by one percent each year subject to certain conditions. The Organization may make matching contributions and discretionary non-elective contributions to eligible participants. Participants direct the investment of all contributions into various investment options offered by the Plan. Contributions are subject to certain IRS limitations.

Participant accounts: Each participant's account is credited with the participant’s contributions and the Organization’s matching and discretionary non-elective contributions, as well as an allocation of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Organization’s contribution portion of their account is based on years of continuous service. A participant is 100 percent vested after three years of credited service.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant’s account. The loan interest rate is set at one percent above the prime rate, as defined. Principal and interest is paid ratably through payroll deductions.

Payment of benefits: On termination of service, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, payments over a period not to exceed life expectancy, or an annuity. In-service withdrawals are permitted for participants who have attained age 59 ½ or for a qualified financial hardship. Penalty-free withdrawals are also available for eligible participants that are terminally ill or impacted by federally declared disasters.

Forfeited accounts: As of June 30, 2025 and 2024, forfeited nonvested accounts totaled \$19,593 and \$7,096, respectively. These accounts will be used to reduce future employer contributions or to pay administrative expenses of the Plan. No forfeited nonvested accounts were used during the plan year.

2. Summary of Accounting Policies

Annual reporting requirements: Prior to July 1, 2009, TIAA and CREF ("TIAA-CREF") maintained records at a contract, not Plan, level and administratively decided not to provide accounting records and supporting documentation at the participant or Plan levels relating to certain annuity and custodial accounts issued to current and former employees. As such, neither the Plan sponsor nor TIAA-CREF have been able to produce sufficient records and supporting documents relating to certain annuity and custodial accounts issued to current and former employees prior to July 1, 2009. As a result, the completeness and the accuracy of the annuity and custodial accounts, related investment income, and distributions related to these accounts could not be determined.

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value (except for the fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The WHRO Finance Committee determines the Plan's valuation policies utilizing information provided by the investment adviser, TIAA-CREF and Empower Retirement. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions: Contributions from Plan participants and the Organization's contributions are recorded in the year in which the employee contributions are withheld from compensation.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of June 30, 2025 or 2024.

Contract loans to participants: Through 2019, participants could borrow directly from TIAA-CREF. Adequate security was required when the loans were issued, and a portion of the participant's account was pledged as collateral to cover 110% of the loan outstanding in the case of default. The collateral was invested in the TIAA Traditional Group Annuity contract. The loans are not shown in the Plan's statements of net assets available for benefits as the loans were not made from Plan assets and are therefore not considered assets of the Plan. Principal and interest related to contract loans were paid directly to TIAA-CREF by participants. Contract loan balances outstanding from TIAA-CREF to the Plan's participants were \$0 and \$173 as of June 30, 2025 and 2024, respectively.

Payment of benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Organization. Expenses that are paid by the Organization are excluded from these financial statements. Fees related to recordkeeping, the administration of notes receivable and benefits paid are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

Subsequent events: The Plan has evaluated subsequent events through March 31, 2026, the date the financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.
---------	---

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Variable annuities: Valued by TIAA and CREF, the sponsors of the variable annuities, at NAV. The NAV of the variable annuities is based on quotations from national exchanges adjusted by TIAA and CREF. The NAV is published daily and available to plan participants and is the basis for current transactions. Restrictions on short-term trading into and out of variable annuities vary from 30 to 90 days.

Pooled separate account: Valued at the net asset value ("NAV") of the units held. The NAV is used as the practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the TIAA Real Estate Account less its liabilities. Transfers out of the account are limited to one per calendar quarter.

Guaranteed annuity contracts: The fair value of the non-fully benefit-responsive guaranteed annuity contracts is derived by TIAA using discounted cash flows based on current yields of similar instruments with comparable durations. At June 30, 2025 and 2024, fair value approximated contract value.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2025 and 2024:

<i>Assets at Fair Value as of June 30, 2025</i>

Changes in Fair Value of Level 3 Assets

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

The significance of transfers between levels is evaluated based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. Transfers of \$7,644 were made out of level 3 assets during the year ended June 30, 2025.

The Plan made purchases of guaranteed annuity contracts totaling \$24,236 and sold guaranteed annuity contracts totaling \$22,460 during the year ended June 30, 2025.

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table represents the Plan's level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments as of June 30, 2025 and 2024, respectively, and the significant unobservable inputs and the ranges of values for those inputs:

Instrument	Fair Value June 30, 2025	Fair Value June 30, 2024	Principal Valuation Technique	Significant Unobservable Inputs	Range of Significant Input Values
Guaranteed annuity contracts - TIAA Traditional Non-Benefit Responsive	\$ 542,637	\$ 548,504	Discounted cash flow Theoretical transfer (exit value)	Risk-adjusted discount rate applied	3.65%-6.50%

In estimating fair value of the investments in level 3, the WHRO Finance Committee may use third-party pricing sources or appraisers.

Fair Value of Investments that Calculate Net Asset Value

The following table summarizes investments measured at fair value based on net asset value (NAVs) per share as of June 30, 2025 and 2024, respectively:

	<u>Fair Value at June 30, 2025</u>	<u>Fair Value at June 30, 2024</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>
Pooled separate account:				
TIAA Real Estate	\$ 306,723	\$ 281,103	N/A	Quarterly

4. Fully Benefit-Responsive Investment Contracts

The Plan holds traditional fully benefit-responsive guaranteed investment contracts totaling \$764,883 for 2025 and \$723,770 for 2024. Contributions to the contracts are maintained in insurance company general accounts. Each account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Each guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rates are based on formulas established by each contract issuer and range from one percent to three percent. Crediting rates are reviewed at least annually for resetting.

These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, reported to the Plan by each issuer, represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on each issuer's ability to meet its financial obligations. Each issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with an issuer or allow an issuer to terminate the contract with the Plan and settle at an amount different from contract value. These events may be different under each contract. No events are probable of occurring that might (1) limit the ability of the Plan to transact at contract value with the contract issuers, (2) would limit the ability of the Plan to transact at contract value with the participants or (3) allow an issuer to terminate its contract with the Plan and settle at an amount different from contract value.

5. Related Party Transactions and Party-in-Interest Transactions

Certain Plan investments are managed and sponsored by TIAA, CREF, and Massachusetts Mutual Life Insurance Company ("MassMutual"). Empower Trust Company provides custodial services to the Plan for certain Plan investments. TIAA-CREF and Empower Retirement are the recordkeepers for the Plan and are responsible for the investment of and accounting for Plan assets.

As described in Note 2, the Plan paid certain expenses related to plan operations and investment activity. These transactions qualify as exempt party-in-interest transactions.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

7. Tax Status

The IRS has determined and informed the pre-approved plan sponsor by a letter dated March 31, 2017, that the pre-approved plan is designed in accordance with applicable sections of the Internal Revenue Code (“IRC”). Although the pre-approved plan has been amended since receiving the advisory opinion letter, the Plan administrator and the pre-approved plan sponsor believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statement of net assets available for benefits.

9. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at June 30, 2025 and 2024, and net appreciation in fair value of investments, dividends, interest, and interest income on notes receivable from participants for the year ended June 30, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by TIAA-CREF, Empower Trust Company, and Empower Annuity Insurance Company of America, as attorney-in-fact for MassMutual.
