INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Transition Projects, Inc. 401(k) Employee Savings Plan
Portland, Oregon

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the accompanying financial statements of Transition Projects, Inc. 401(k) Employee Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of June 30, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2025 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended June 30, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section—

- the amounts and disclosures in the 2025 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2025 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of Transition Projects, Inc. 401(k) Employee Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Transition Projects, Inc. 401(k) Employee Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Transition Projects, Inc. 401(k) Employee Savings Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Transition Projects, Inc. 401(k) Employee Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2025 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2025 Supplemental Schedule Required by ERISA

The supplemental schedule, as listed in the table of contents, as of June 30, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2024 Financial Statements

The financial statements of Transition Projects, Inc. 401(k) Employee Savings Plan as of June 30, 2024, were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated February 21, 2025 indicated that in their opinion (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedule, other than the information in the 2024 supplemental schedule that agrees to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2024 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TRANSITION PROJECTS, INC. 401(K) EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

1. Plan Description

The following description of the Transition Projects, Inc. 401(k) Employee Savings Plan (the Plan), provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined-contribution plan sponsored by Transition Projects, Inc. (the Employer), originally effective on July 1, 1998, covering substantially all employees of Employer. Nonresident aliens who receive no earned income from the Employer which constitutes income from sources within the United States are excluded from Plan eligibility. Participants are eligible to participate after one year of employment and attainment of 21 years of age. Participants enter the plan on the first day of the month after meeting eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The most recent amended and restated provisions of the Plan became effective on April 15, 2022.

Contributions

Participants may contribute up to 100 percent of annual compensation, as defined in the Plan, on a pre-tax or after tax (designated Roth) basis, not to exceed statutory limits. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Contributions are subject to certain limitations.

The Employer makes a Safe Harbor matching contribution of 100 percent of the participant's deferrals up to 4 percent of the participant's eligible compensation.

The Employer contributes an additional matching contribution based on a three-tier schedule based on years of service. For participants with three or less years of service, their additional matching contribution is -0- percent. For participants with over three but less than five years of service, the Employer matches 100 percent of participant elective deferrals over 4 percent, not to exceed an additional 1 percent. For participants with over five years of service, the Employer matches 100 percent of participant elective deferrals over 4 percent, not to exceed an additional 3.5 percent.

Participant Accounts

Each participant account is credited with the participant's contribution and allocations of the Employer's contributions and Plan earnings (losses), and charged with an allocation of administrative expenses, when applicable. Allocations are based on participant earnings or account balances, as defined by the Plan documents. Participants may direct the investment of their accounts into various investments offered through the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

TRANSITION PROJECTS, INC. 401(K) EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

1. Plan Description, continued

Vesting

Participants are immediately vested in their contributions and Safe Harbor contributions and actual earnings thereon. Vesting in Employer matching and profit-sharing is based on the number of years of credited service. To earn a year of service, participants must be credited with 1,000 hours during a Plan year. A participant is 100 percent vested after three years of credited service on a graded vesting schedule of 33 percent per year. Participants shall become 100 percent vested upon attainment of normal retirement age, death, or permanent disablement.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant or their designated beneficiary may elect to receive a lump-sum amount equal to the vested value of the participant's account or roll their vested balance over to another qualified plan. The Plan allows hardship distributions of a participant's balance of employee contributions. In-service withdrawals are permitted on a participant's employee contributions once the participant has reached 59½ years of age. Once a participant is fully vested in their account, in-service and hardship withdrawals are also permitted on a participant's Employer contributions.

Forfeited Accounts

Amounts that are not fully vested when participants terminate from the Plan are forfeited. These amounts are used to pay Plan administrative expenses or offset future Employer contributions. \$176 and \$26 in forfeitures were used to offset Employer contributions during the years ended June 30, 2025 and 2024, respectively. As of June 30, 2025 and 2024, there were \$-0- and \$39, respectively, in forfeitures available for use.

Notes Receivable from Participants

Participants may borrow from their accounts (except for Roth deferrals) up to 50 percent of the vested balance, not to exceed \$50,000. No loans will be issued for less than \$1,000. A participant is allowed two loans outstanding at any time. The loans are secured by the remaining balance in the participant's account and bear interest at the prime rate plus 1 percent. Principal and interest are paid ratably through payroll deductions for a period generally not to exceed five years.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies, continued

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net change in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of June 30, 2025 or 2024. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Employer and are excluded from these financial statements. Administrative costs not paid by the Employer, including participant transaction fees, are charged to participant's accounts. Investment related expenses are included in or as a reduction from net change in fair value of investments.

3. Information Certified by the Plan Trustee

The Plan Administrator has elected the methods of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Ascensus Trust Company, the trustee of the Plan, that the following information is complete and accurate:

- Investments, at fair value and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of June 30, 2025 and 2024.
- Net change in fair value of investments, dividend and interest income, and interest income on notes receivable from participants reflected on the accompanying statements of changes in net assets available for benefits for the years ended June 30, 2025 and 2024.
- Investments reflected on the supplemental schedule of assets held for investment purposes as of June 30, 2025.

4. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards of Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

An asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to their fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There has been no change in the methodologies used at June 30, 2025 and 2024.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. All mutual funds held by the Plan are open-ended funds registered with the SEC and are deemed to be actively traded and have a readily determinable fair value. These funds are required to publish their daily net asset value (NAV) and to transact at that price.

Cash equivalents: Valued at cost, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Fair Value Measurements, continued

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of June 30:

Investments at Fair Value as of June 30, 2025				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 4,090,620	\$ -	\$ -	\$ 4,090,620
Cash equivalents	-	122,989	-	122,989
Total investments, at fair value	<u>\$ 4,090,620</u>	<u>\$ 122,989</u>	<u>\$ -</u>	<u>\$ 4,213,609</u>

Investments at Fair Value as of June 30, 2024				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 3,601,886	\$ -	\$ -	\$ 3,601,886
Cash equivalents	-	51,925	-	51,925
Total investments, at fair value	<u>\$ 3,601,886</u>	<u>\$ 51,925</u>	<u>\$ -</u>	<u>\$ 3,653,811</u>

5. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of full or partial Plan termination, affected participants would become 100 percent vested in their accounts.

6. Tax Status

The Plan document is a non-standardized pre-approved profit-sharing plan with CODA sponsored by Ascensus, LLC that received a favorable opinion letter from the Internal Revenue Service on June 30, 2020, which stated that the plan, as then designed, was in accordance with applicable sections of the IRC. Although the Plan has been amended and restated since the date of the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

TRANSITION PROJECTS, INC. 401(K) EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. Related Party Transactions

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the Employer. Fees paid during the year to the third-party administrator or trustee for services rendered by parties-in-interest were based on customary and reasonable rates for such services and were paid by the Employer, other than a fixed percentage advisory fee that is paid directly from participant accounts. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

9. Reclassifications

Certain prior year amounts have been reclassified to conform with the current year presentation. These reclassifications had no effect on the previously reported net assets available for benefits or changes in net assets available for benefits.

10. Subsequent Events

Management evaluates events and transactions that occur after the statement of net assets available for benefits date as potential subsequent events. Management has performed this evaluation through the date of the independent auditor's report.
