Independent Auditors' Report

To the Plan Administrator of
The Arthur G. Russell Company, Incorporated Profit-Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the financial statements of The Arthur G. Russell Company, Incorporated Profit-Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of June 30, 2025, and the related statement of changes in net assets available for benefits for the year ended June 30, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2025 The Arthur G. Russell Company, Incorporated Profit-Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of June 30, 2025, and for the year ended June 30, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2025 Financial Statements section:

- The amounts and disclosures in the accompanying 2025 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2025 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditors' Report (continued)

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of The Arthur G. Russell Company, Incorporated Profit-Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Arthur G. Russell Company, Incorporated Profit-Sharing Plan's ability to continue as a going concern for one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA section 103(a)(3)(C) Audit of the 2025 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Independent Auditors' Report (continued)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Arthur G. Russell Company, Incorporated Profit-Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Arthur G. Russell Company, Incorporated Profit-Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2025 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – 2025 Supplemental Schedules Required by ERISA

The supplemental schedule H, line 4i - schedule of assets (held at end of year), as of June 30, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

Independent Auditors' Report (continued)

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2024 Financial Statements

The financial statements of The Arthur G. Russell Company, Incorporated Profit-Sharing Plan as of June 30, 2024 were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution.

Their report dated March 11, 2025, indicated that in their opinion (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditors' Report (continued)

Their report also indicated that the form and content of the 2024 supplemental schedule, other than the information in the 2024 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2024 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Arthur G. Russell Company, Incorporated, Profit-Sharing Plan

Notes to Financial Statements

1. Description of Plan

The following description of The Arthur G. Russell Company, Incorporated Profit-Sharing Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established effective July 1, 1986. The plan covers all employees who have met eligibility requirements (see below).

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Eligibility

As restated July 1, 2022, the Plan covers all employees, excluding Intern employees, of The Arthur G. Russell Company, Incorporated (the Company) who have completed two months of service. Entry date is the first day of the month coinciding with or next following the date the eligibility requirements are satisfied.

Effective March 1, 2025, the Plan was restated in order to include employees of Promatic Automation Inc. as covered employees.

Contributions

Participant Contributions

Each year, participants may contribute up to 90% of annual compensation, as defined in the plan document, up to the maximum limits of the Internal Revenue Code (IRC). Participants also may designate all or a portion of their deferral contributions as after-tax contributions into a Roth account. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Participant contributions are subject to limitations imposed by the Internal Revenue Code, which were \$23,500 and \$23,000 for years ending June 30, 2025 and 2024, respectively, plus an additional \$7,500 for certain eligible catch-up contributions for participants over age 50 for years ending June 30, 2025 and 2024.

The Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

Notes to Financial Statements

1. Description of Plan (continued)

Contributions (continued)

Discretionary Employer Profit Sharing Contributions

Profit sharing amounts may be contributed at the option of the Investment committee. For the years ended June 30, 2025 and 2024, the Company approved a profit-sharing contribution that was equal to a percentage, that ranged from 3%-9% and 3%-6%, respectively, of each participant's compensation. The discretionary profit-sharing contribution totaled \$493,707 for the year ended June 30, 2025 and \$379,406 for the year ended June 30, 2024.

Discretionary Employer Matching Contributions

Additional discretionary amounts may be contributed by the Company at the option of the Investment Committee. For the year ended June 30, 2025 and 2024, the Company approved a discretionary matching contribution that was equal to 25% of each participant's combined pre-tax and Roth contributions. The discretionary matching contribution totaled \$342,388 for the year ended June 30, 2025 and \$330,385 for the year ended June 30, 2024.

In order to share in the discretionary matching and profit-sharing contributions, participants must be employed on the last day of the plan year. This last day requirement is waived if the participant terminates employment before the end of the plan year on account of normal retirement age, death, or disability.

Investment Options

All of the assets of the plan are held by ADP Retirement Trust Services and Reliance Trust Company, custodians, as of June 30, 2025 and 2024, respectively. All investments are fully participant directed. Participants may direct the investment of their and employer contributions into any of the Plan's available investment options.

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of the Company's discretionary contributions and an allocation of the Plan's earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and the Company's (Employer) contributions plus actual earnings thereon.

The Arthur G. Russell Company, Incorporated, Profit-Sharing Plan

Notes to Financial Statements

1. Description of Plan (continued)

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's personal stake in his or her account, or installment payments as provided in the plan document. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. If a terminated participant's vested balance is less than or equal to \$5,000 prior to March 1, 2025 or \$7,000 after March 1, 2025, the amount may be automatically distributed in the form of a lump sum distribution or as a rollover into an individual retirement account, depending on the balance in their account. In addition, the Plan allows for hardship distributions if certain criteria are met. Active participants may also take distributions from the Plan upon attainment of age 59.5.

Forfeitures

As participants are always 100% fully vested in their total account balances, there are no forfeited non-vested accounts in the Plan.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Reclassifications

Certain reclassifications have been made to the 2024 financial statement presentation to conform to the 2025 presentation.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

The Arthur G. Russell Company, Incorporated, Profit-Sharing Plan

Notes to Financial Statements

2. Summary of Accounting Policies (continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisers, and custodians, as applicable (see Note 4).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year, which is presented in the statement of changes in net assets available for benefits.

3. Information Certified by the Custodian

The Plan's investments are held and administered by the Custodians, ADP Retirement Trust Services and Reliance Trust Company, as of June 30, 2025 and 2024 and for the years then ended, respectively. All investment information disclosed in the accompanying financial statements, including investments held at June 30, 2025 and 2024, and interest income, dividends and net appreciation (depreciation) in fair value of investments for the years ended June 30, 2025 and 2024 was obtained and certified as complete and accurate by ADP Retirement Trust Services and Reliance Trust Company, respectively.

4. Fair Value Measurements

The Plan uses a framework that provides for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include; quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

The Arthur G. Russell Company, Incorporated, Profit-Sharing Plan
Notes to Financial Statements

4. Fair Value Measurements (continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the techniques used at June 30, 2025 and 2024.

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trusts

Valued at the NAV of units of a collective trust fund. The NAV is used as a practical expedient to estimate fair value. The practical expedient is not used when it is determined to be probable that the fund will sell the investment of an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. There were no unfunded commitments as of June 30, 2025 and 2024. The collective trust fund has a daily redemption frequency and a notice period of 1 day.

The following table summarizes the fair values and levels within the fair value hierarchy in which the fair value measurements fall, for assets measured on a recurring basis:

As of June 30, 2025:

Description	Level 1	Level 2	Level 3	Total
<i>Investments:</i>				
Mutual funds	\$ 29,457,000	\$ —	\$ —	\$ 29,457,000
	\$ 29,457,000	\$ —	\$ —	\$ 29,457,000
Common Collective trust*				1,027,256
<i>Total Investments at fair value</i>				\$ 30,484,256

The Arthur G. Russell Company, Incorporated, Profit-Sharing Plan
Notes to Financial Statements

4. Fair Value Measurements (continued)

As of June 30, 2024:

Description	Level 1	Level 2	Level 3	Total
<i>Investments:</i>				
Mutual funds	\$ 27,868,369	\$ —	\$ —	\$ 27,868,369
	\$ 27,868,369	\$ —	\$ —	\$ 27,868,369
Common Collective trust*				980,755
<i>Total Investments at fair value</i>				\$ 28,849,124

* Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statements of net assets available for benefits.

5. Related Party and Party in Interest Transactions

Section 3(14) of ERISA defines party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, transactions with investment funds managed and held by the trustees (if any) are considered party-in-interest transactions.

Fees paid by the Plan for investment management, recordkeeping and other operating expenses are with the trustee and considered permitted party-in-interest transactions. Investment management fees are netted against net appreciation (depreciation) in fair value of investments for the Plan.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of Plan termination, participants are 100% vested in their accounts.

7. Tax Status

The Company adopted a Volume Submitter Plan and Trust (the VS Plan) sponsored by a third party administrator. The Internal Revenue Service issued an opinion letter dated October 6, 2020, which stated that the VS Plan, as then designed, was in compliance with applicable requirements of the IRC. The VS Plan's opinion letter is being relied on by the Plan. Plan management believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

The Arthur G. Russell Company, Incorporated, Profit-Sharing Plan

Notes to Financial Statements

7. Tax Status (continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2025 and 2024, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

8. Risks and Uncertainties

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

9. Subsequent Events

The Plan has evaluated events occurring between June 30, 2025 and March 12, 2026, the date the financial statements were available to be issued.
