Independent Auditor's Report

To the ESOP Committee
Henry Doneger Associates Inc. Employee Stock Ownership Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Henry Doneger Associates Inc. Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of September 30, 2025 (termination) and December 31, 2024 (in liquidation), and the related statement of changes in net assets available for benefits for the period from January 1, 2025 to September 30, 2025 (termination), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Henry Doneger Associates Inc. Employee Stock Ownership Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of September 30, 2025 (termination) and December 31, 2024, and for the period from January 1, 2025 to September 30, 2025 (termination), stating that the certified investment information, as described in Note 2 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Henry Doneger Associates Inc. Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Emphasis of Matter

As discussed in Notes 1 and 2 to the financial statements, Henry Doneger Associates, Inc. (the Sponsor) resolved to terminate the Plan effective December 31, 2023, and the plan was fully liquidated as of September 30, 2025. The financial statements are presented on the liquidation basis of accounting (Note 2). Our opinion is not modified with respect to this matter.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Henry Doneger Associates Inc. Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule H, line 4j - schedule of reportable transactions as of September 30, 2025 (termination), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Henry Doneger Associates Inc. Employee Stock Ownership Plan (In Liquidation)

Notes to the Financial Statements

For the period from January 1, 2025 to September 30, 2025 (termination) and
December 31, 2024

1. DESCRIPTION OF PLAN

The following description of the Henry Doneger Associates Inc. Employee Stock Ownership Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - Henry Doneger Associates, Inc. (the Sponsor, or Company) established the Plan effective as of January 1, 2007. As of July 15, 2008, the Plan was amended and operated as a leveraged employee stock ownership plan (ESOP), and was designed to comply with Section 4975(e)(7), and the regulations thereunder, of the Internal Revenue Code of 1986, as amended (the Code), and was subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). All plan assets are held by the trustee of the Plan, GreatBanc Trust Company (GreatBanc).

On July 15, 2008, the Plan purchased 36,911 shares of Class B ESOP convertible preferred stock of the Sponsor using the proceeds of the borrowings.

On September 13, 2010, all of the issued and outstanding shares of the Class B ESOP convertible preferred stock of the Sponsor were converted into equal shares of common stock. On that date, a conversion premium in the amount of \$2,940,229 was paid. The conversion premium represented the present value of unpaid dividends, discounted at 12%.

On September 14, 2010, the Plan purchased an additional 36,911 shares of common stock of the Sponsor using the proceeds of the borrowings.

As a result of the September 2010 transactions, the Plan owned 99.9% of the Sponsor's outstanding common stock.

All shares of sponsor stock were held in a trust established under the Plan.

The borrowings were repaid fully deductible sponsor contributions to the trust fund. As the Plan made each payment of principal, an appropriate percentage of stock was allocated to eligible employees' accounts in accordance with applicable regulations under the Code. Shares vested fully upon allocation.

The borrowings were collateralized by the unallocated shares of stock and were guaranteed by the Sponsor. The lender had no rights against shares once they were allocated under the ESOP.

(In Liquidation)

Notes to the Financial Statements

For the period from January 1, 2025 to September 30, 2025 (termination) and December 31, 2024

During 2020, employee terminations in excess of 20% of the employee population of the Company triggered a partial plan termination. As a result, all affected participants became fully vested in their account balances at that time.

Effective as of December 31, 2023 (the termination date), the Plan resolved to terminate in accordance with the applicable plan provisions, but the Trust shall continue until a favorable determination letter is received on the plan termination, at which time distributions pursuant to the plan termination shall be made as soon as administratively feasible thereafter. In connection with the termination of the Plan: no new participants shall enter the Plan on or after the Termination Date; each participant who is an active employee of the employer as of the Termination Date, and each participant who is not an active employee of the employer as of the Termination Date but has an accrued benefit under the Plan which has not been forfeited as of the Termination Date, shall be fully vested in all of his or her accounts as of the Termination Date; no new contributions shall be made under the Plan on or after the Termination Date, except for any contributions accrued prior to the Termination Date, any corrective contributions, or any other contributions required by the Internal Revenue Service (IRS) in connection with an application for determination with respect to the termination of the Plan; any forfeitures held unallocated under the Plan, to the extent not used or reserved to pay plan administrative expenses, shall be allocated to the accounts of participants as provided for under the Plan; and the accounts of each participant, beneficiary or "alternate payee" shall be distributed as follows: (1) 75% of the vested account balance shall be distributed as soon as practicable after the Plan no longer holds any shares of company stock, and (2) the remaining portion of the vested account balance shall be distributed as soon as practicable after the Company's receipt of a favorable IRS determination letter with respect to the termination of the Plan. The Plan received a favorable determination letter dated May 22, 2025.

The outstanding loan balances on the ESOP Note and the 2010 Seller Subordinated Note were paid in full in January 2024 which included interest payments totaling \$517.

As of January 31, 2024, the first date on which the Plan no longer held any shares of company stock: the Plan ceased to be an "employee stock ownership plan" within the meaning of section 4975(e)(7) of the Code and section 407(d)(6) of ERISA and was converted to a profit sharing plan intended to satisfy the requirements of section 401(a) of the Code (401(k) plan), and all provisions of the Plan shall be read and construed in a manner consistent with such status; the Trust has become a trust related to a terminating profit sharing plan, and all provisions of the Trust shall be read and construed in a manner consistent with such status; and following the conversion, and until the complete distribution of all assets from the Trust, the Trustee, in its role as a directed trustee of the Trust, shall invest the Plan assets in a money market fund, or in such other investment fund(s) as the Committee may direct the Trustee to utilize. The Plan shall be liberally interpreted consistent with the intent that it be a terminating profit-sharing plan.

Henry Doneger Associates Inc. Employee Stock Ownership Plan (In Liquidation)

Notes to the Financial Statements

For the period from January 1, 2025 to September 30, 2025 (termination) and
December 31, 2024

All participant distributions under the ESOP were fully completed and repaid in accordance with the Plan provisions. Following the completion of these distributions, the Company officially terminated the Henry Doneger Associates Inc. Employee Stock Ownership Plan and its related trust effective September 30, 2025 (termination). The Plan termination was executed in compliance with applicable regulatory requirements, and all associated obligations have been satisfied.

Eligibility - Employees of the Sponsor were generally eligible to participate in the Plan after one year of service, providing they worked at least 1,000 hours during such plan year. Participants who do not have at least 1,000 hours of service during such plan year or are not employed on the last working day of a plan year were generally not eligible for an allocation of sponsor contributions for such year.

Contributions - The Sponsor was obligated to make contributions in cash to the Plan which, when aggregated with the Plan's dividends and interest earnings, equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on the loans.

Participant accounts - The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account was credited as of the last day of each plan year with an allocation of shares of the Sponsor's stock released by the trustee from the unallocated accounts and forfeitures of terminated participants' nonvested accounts. Only those participants who were eligible employees of the Sponsor as of the last day of the plan year would receive an allocation. Allocations were based on a participant's eligible compensation, relative to total eligible compensation. Plan earnings were allocated to each participant's account based on the ratio of the participant's account balance.

Vesting - Each participant who was an active employee of the Company as of December 31, 2023, and each participant who was not an active employee of the Company as of December 31, 2023 but had an accrued benefit under the Plan which had not been forfeited as of the Termination Date, was fully vested in all of his or her accounts as of the Termination Date. Prior to the resolution to terminate, employees were vested in the plan after two years at 20% and increasing 20% per year until 100% vested after six years.

Henry Doneger Associates Inc. Employee Stock Ownership Plan (In Liquidation)

Notes to the Financial Statements

For the period from January 1, 2025 to September 30, 2025 (termination) and
December 31, 2024

Payment of benefits - No distributions from the Plan will be made until a participant retires, dies (in which case, payment shall be made to his/her beneficiary or, if none, his/her legal representatives), or otherwise terminates employment with the Sponsor or its participating subsidiary. Distributions were made in cash or, if a participant elects, in the form of sponsor-preferred shares, plus cash for any fractional share.

Under plan provisions, the Sponsor was obligated to repurchase participant shares that have been distributed under the terms of the Plan. The distributed shares were reallocated to the remaining participants. Such repurchases were classified as employer contributions.

Forfeitures - Employer contributions and plan forfeitures are allocated to each participant's account based upon the relation of the participant's compensation to total compensation for the plan year. There were no forfeitures for the period from January 1, 2025 to September 30, 2025 (termination) and year ended December 31, 2024. Plan earnings are allocated to each participant's account based on the ratio of the participant's account balance at the beginning of the year to all participants' account balances at the beginning of the year. Due to the partial plan termination discussed above, participants terminated in 2020 became fully vested in their accounts.

Diversification - Prior to the conversion from ESOP to 401(k) plan on January 31, 2024 (see Note 1), diversification was offered to participants close to retirement, so that they may have the opportunity to move part of the value of their investment in sponsor stock into investments which are more diversified. Participants who were at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification was offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of post-1986 shares allocated to their account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elect to diversify receive a cash distribution.

Voting rights - Prior to the conversion from ESOP to 401(k) plan on January 31, 2024 (see Note 1), the trustee of the Plan will vote all shares of sponsor stock held by the Plan as a part of the plan assets at the discretion of the ESOP committee, which consists of three employees of the Sponsor. In certain important corporate matters presented to sponsor-shareholders for a vote, however, such as a liquidation or merger, the participants may have the right to direct the trustee with respect to how shares of sponsor stock allocated to the participant accounts will be voted.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of accounting - The financial statements of the Plan are prepared on the liquidation basis of accounting, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company, as applicable. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Financial data certified by trustee - The plan administrator has elected the method of annual reporting and compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan's trustee, GreatBanc Trust Company, has certified that the following data included in the accompanying financial statements is complete and accurate to the best of their knowledge: Investments in money market funds, sponsor company stock and loans payable as shown in the accompanying statements of net assets available for benefits; net appreciation in fair value of investments, employer contributions and interest expense as shown in the accompanying statement of changes in net assets available for benefits; investment information as shown in Note 4; and the Schedule of Reportable Transactions at September 30, 2025 (termination), as shown in the supplemental schedule.

Risks and uncertainties - The Plan invests in various investment securities, including money market accounts and the Sponsor's common stock. Investment securities are exposed to various risks, such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows and/or other such techniques. Due to the level of risk associated with the investments and to uncertainties inherent in estimations and assumptions process, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification (FASB ASC) 820, *Fair Value Measurement*, are described as follows:

Level 1 - Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation technique include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used for the period January 1, 2025 to September 30, 2025 (termination) and December 31, 2024. The Plan had no assets at fair value as of September 30, 2025 (termination).

Money market funds: Valued at the closing price reported in the active market in which the individual security is traded.

4. ADMINISTRATION OF PLAN ASSETS

The Plan's assets, which consist principally of money market funds as of December 31, 2024 is held by the trustee of the Plan. All plan assets were liquidated as of September 30, 2025 (termination).

Company contributions are held and managed by the trustee, which invests cash received, interest, and dividend income and makes distributions to participants. The trustee also administers the payment of interest and principal on the loans, which are reimbursed to the trustee through contributions as determined by the Company.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Administrative expenses for the trustee's fees are paid directly by the Company, and are not reflected in the Plan's financial statements.

5. INVESTMENTS

There were no investments as of September 30, 2025 (termination).

The Plan's investments consisted of money market accounts at December 31, 2024 in the amount of \$603,012.

Notes to the Financial Statements

**For the period from January 1, 2025 to September 30, 2025 (termination) and
December 31, 2024**

Pursuant to the Stock Redemption Agreement dated January 31, 2024, the Company redeemed all 73,822 shares of the Company's voting stock from the ESOP Trust, and the ESOP Trust transferred the shares to the Company. The aggregate redemption price paid in cash by the Company for the redemption of the shares was \$2,200,000, equal to approximately \$29.80 per share.

6. RELATED-PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by the Trustee, and therefore, these transactions qualify as party in interest transactions. Plan investments that were in common stock of the Company had indebtedness guaranteed by the Company. These transactions are related-party and party in interest transactions.

Personnel and facilities of the Sponsor have provided services to the Plan at no charge.

7. TAX STATUS

The IRS has determined and informed the Plan by a letter dated May 22, 2025, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of September 30, 2025 (termination), there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
