Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **GRAFTON & ASSOCIATES**

(2) EIN: **82-3725220**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		750000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

5b(1) Name of plan(s)	5b(2) EIN(s)	5b(3) PN(s)

5c Was the plan a defined benefit plan covered under the PBGC insurance program at any time during this plan year? (See ERISA section 4021 and instructions.) ☐ Yes ☐ No ☐ Not determined

If "Yes" is checked, enter the My PAA confirmation number from the PBGC premium filing for this plan year _____.

INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of the
Voss Electric Company 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Voss Electric Company 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of June 30, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Voss Electric Company 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of June 30, 2025 and 2024, and for the years then ended stating that the certified investment information, as described in Note E to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Voss Electric Company 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Voss Electric Company 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of those financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Voss Electric Company 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Voss Electric Company 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of June 30, 2025, is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

VOSS ELECTRIC COMPANY 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

June 30, 2025 and 2024

NOTE A – DESCRIPTION OF PLAN

The following description of the Voss Electric Company (“Company”) 401(k) Plan provides only general information. Participants should refer to the Plan agreements for a more complete description of the Plan’s provisions.

1. General

The Plan is a defined contribution plan that entitles employees of the Company to be immediately eligible to contribute upon their hiring and attainment of the age of 18, effective August 7, 2023, prior to this date it was 21. There are no participation restrictions based upon years of service or hours. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Contributions

The Company is to make basic contributions on behalf of each participant who has elected to reduce his or her compensation under a compensation reduction agreement. The basic contribution made on behalf of the participant is to equal the amount specified in that agreement, provided that the contribution does not exceed certain established overall benefit limitations. Starting September 5, 2014, if a newly eligible employee fails to go through the enrollment process to decline participation, the employee is automatically enrolled at a default rate of 3%. The 3% will be increased annually by 1% until a maximum of 8% (preceding November 15, 2022, until a maximum of 6%) is reached. Participants may designate their contributions as Roth contributions. Participants may also make rollover contributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may elect each year to contribute to the Plan any amount at the option of the Company’s board of directors. During 2023 the Company elected to increase the matching contribution of 100% of the first 1% of participant deferral to instead match 100% of the first 3% that a participant contributes to the Plan. The match was discontinued on April 1, 2025. The match is funded after each payroll. It has been the historical practice of the Sponsor to fund the participant withholding and Sponsor match after each payroll.

3. Participant Accounts

Each participant’s account is credited with the participant’s contribution and earnings and with Plan forfeitures allocated to their account according to the percentage each participant’s compensation for the Plan Year bears to the total compensation of all participants’ compensation for such Plan Year. During the years ended June 30, 2025 and 2024, the Company allocated forfeitures of \$0 and \$47,000, respectively. As of June 30, 2025 and 2024, the forfeiture account balances totaled \$40,828 and \$16,735, respectively. Forfeitures in the amounts of \$47,038 and \$13,792 were added to the account during the years ended June 30, 2025 and 2024, respectively. Forfeitures of \$23,660 were used to pay plan fees during 2025.

VOSS ELECTRIC COMPANY 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS – Continued

June 30, 2025 and 2024

NOTE A – DESCRIPTION OF PLAN – Continued

3. Participant Accounts – Continued

During the year ended June 30, 2025, expenses of \$275 were charged to the accounts of specific participants who took out loans or withdrew funds from their account, and \$46,454 for fees charged for Fidelity I shares recordkeeping fees.

During the year ended June 30, 2024, expenses of \$1,325 were charged to the accounts of specific participants who took out loans or withdrew funds from their account, and \$45,361 for fees charged for Fidelity I shares recordkeeping fees.

4. Vesting

Under the Plan, a participant is at all times fully vested and has a non-forfeitable interest in all basic, rollover, and qualified non-elective employer contributions made on his or her behalf. Employer matching and additional contributions, other than qualified non-elective contributions, vest under the following schedule:

<u>Years of service:</u>	<u>1</u>	<u>2</u>	<u>3</u>	<u>4</u>	<u>5</u>	<u>6</u>
Vesting percentage:	0%	20%	40%	60%	80%	100%

In order to attain a year of service, 1,000 hours of service shall be required to constitute a year of vesting service, with a minimum of 500 hours required in order to avoid a break in service. See also Note C.

5. Notes Receivable From Participants

The Plan allows participants to borrow from their fund accounts an amount that does not exceed the greater of \$50,000 or 50% of the vested value of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 3.25% to 8.50% for 2025 and 2024, which are commensurate with local prevailing rates as determined quarterly by the Plan Administrator. The loan application fee is charged to the participant's account.

6. Payment of Benefits

On termination of service due to death, disability or retirement, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or may elect to receive installment distributions. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

VOSS ELECTRIC COMPANY 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS – Continued

June 30, 2025 and 2024

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements of the Plan have been prepared on the accrual method of accounting in conformity with generally accepted accounting principles.

2. Payment of Benefits

Benefits are recorded when paid.

3. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

4. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note G for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when credited to the account. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

5. Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

6. Administrative Expenses

The Company provides certain administrative and accounting services to the Plan at no cost. Administrative expenses that are paid directly by the Plan sponsor include audit fees. Administrative expenses paid by the Plan include loan fees charged directly to the participants' accounts and investment fees.

VOSS ELECTRIC COMPANY 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS – Continued

June 30, 2025 and 2024

NOTE C – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

During 2025, the Plan incurred a partial termination per Internal Revenue Service and Department of Labor Standards with a greater than twenty percent decrease in workforce. The affected employees became fully vested in the employer contributions as per the Plan Document.

NOTE D – TAX STATUS

The underlying standardized prototype plan has received an opinion letter from the Internal Revenue Service dated June 30, 2020, stating that the written form of the underlying prototype document is qualified under Section 401(a) of the Internal Revenue Code (the Code), and that any employer adopting this form of the plan will be considered to have a plan qualified under Section 401(a) of the Code. Therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and therefore believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE E – INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity Management Trust Company, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental Schedule of Assets (Held at End of Year):

Notes Receivable	<u>\$ 125,281</u>	<u>\$ 273,090</u>

The Trustee also certified to the completeness and accuracy of \$1,244,790 of net appreciation in fair value of investments, \$643,166 of dividends and interest related to the aforementioned investments, and \$15,606 of interest income on notes receivable for the year ended June 30, 2025.

The Trustee also certified to the completeness and accuracy of \$1,850,939 of net appreciation in fair value of investments, \$382,863 of dividends and interest related to the aforementioned investments, and \$14,878 of interest income on notes receivable for the year ended June 30, 2024.

NOTE F – RISKS AND UNCERTAINTIES

The Plan provides for investment options in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE G – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include
 - quoted prices for similar assets or liabilities in active markets;

VOSS ELECTRIC COMPANY 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS – Continued

NOTE G – FAIR VALUE MEASUREMENTS – Continued

- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust: A stable value fund that is composed primarily of fully benefit-responsive investment contracts and is valued at the net asset value. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the Plan will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE H – RELATED-PARTY TRANSACTIONS

The Plan uses Fidelity Management Trust Company to act as Trustee and assume record-keeping responsibilities. Certain Plan investments are managed by Fidelity Management Trust Company; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for administrative expenses amounted to \$46,729 and \$46,686 for the years ended June 30, 2025 and 2024, respectively.

NOTE I – SUBSEQUENT EVENTS

In preparing these financial statements, management has evaluated events and transactions for potential recognition or disclosure through April 7, 2026, the date the financial statements were available to be issued. No events or transactions were noted to that date which require further disclosure.

INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of the
Voss Electric Company 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Voss Electric Company 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of June 30, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Voss Electric Company 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of June 30, 2025 and 2024, and for the years then ended stating that the certified investment information, as described in Note E to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Voss Electric Company 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Voss Electric Company 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of those financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Voss Electric Company 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Voss Electric Company 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of June 30, 2025, is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

VOSS ELECTRIC COMPANY 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

June 30, 2025 and 2024

NOTE A – DESCRIPTION OF PLAN

The following description of the Voss Electric Company (“Company”) 401(k) Plan provides only general information. Participants should refer to the Plan agreements for a more complete description of the Plan’s provisions.

1. General

The Plan is a defined contribution plan that entitles employees of the Company to be immediately eligible to contribute upon their hiring and attainment of the age of 18, effective August 7, 2023, prior to this date it was 21. There are no participation restrictions based upon years of service or hours. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Contributions

The Company is to make basic contributions on behalf of each participant who has elected to reduce his or her compensation under a compensation reduction agreement. The basic contribution made on behalf of the participant is to equal the amount specified in that agreement, provided that the contribution does not exceed certain established overall benefit limitations. Starting September 5, 2014, if a newly eligible employee fails to go through the enrollment process to decline participation, the employee is automatically enrolled at a default rate of 3%. The 3% will be increased annually by 1% until a maximum of 8% (preceding November 15, 2022, until a maximum of 6%) is reached. Participants may designate their contributions as Roth contributions. Participants may also make rollover contributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may elect each year to contribute to the Plan any amount at the option of the Company’s board of directors. During 2023 the Company elected to increase the matching contribution of 100% of the first 1% of participant deferral to instead match 100% of the first 3% that a participant contributes to the Plan. The match was discontinued on April 1, 2025. The match is funded after each payroll. It has been the historical practice of the Sponsor to fund the participant withholding and Sponsor match after each payroll.

3. Participant Accounts

Each participant’s account is credited with the participant’s contribution and earnings and with Plan forfeitures allocated to their account according to the percentage each participant’s compensation for the Plan Year bears to the total compensation of all participants’ compensation for such Plan Year. During the years ended June 30, 2025 and 2024, the Company allocated forfeitures of \$0 and \$47,000, respectively. As of June 30, 2025 and 2024, the forfeiture account balances totaled \$40,828 and \$16,735, respectively. Forfeitures in the amounts of \$47,038 and \$13,792 were added to the account during the years ended June 30, 2025 and 2024, respectively. Forfeitures of \$23,660 were used to pay plan fees during 2025.

VOSS ELECTRIC COMPANY 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS – Continued

June 30, 2025 and 2024

NOTE A – DESCRIPTION OF PLAN – Continued

3. Participant Accounts – Continued

During the year ended June 30, 2025, expenses of \$275 were charged to the accounts of specific participants who took out loans or withdrew funds from their account, and \$46,454 for fees charged for Fidelity I shares recordkeeping fees.

During the year ended June 30, 2024, expenses of \$1,325 were charged to the accounts of specific participants who took out loans or withdrew funds from their account, and \$45,361 for fees charged for Fidelity I shares recordkeeping fees.

4. Vesting

Under the Plan, a participant is at all times fully vested and has a non-forfeitable interest in all basic, rollover, and qualified non-elective employer contributions made on his or her behalf. Employer matching and additional contributions, other than qualified non-elective contributions, vest under the following schedule:

<u>Years of service:</u>	<u>1</u>	<u>2</u>	<u>3</u>	<u>4</u>	<u>5</u>	<u>6</u>
Vesting percentage:	0%	20%	40%	60%	80%	100%

In order to attain a year of service, 1,000 hours of service shall be required to constitute a year of vesting service, with a minimum of 500 hours required in order to avoid a break in service. See also Note C.

5. Notes Receivable From Participants

The Plan allows participants to borrow from their fund accounts an amount that does not exceed the greater of \$50,000 or 50% of the vested value of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 3.25% to 8.50% for 2025 and 2024, which are commensurate with local prevailing rates as determined quarterly by the Plan Administrator. The loan application fee is charged to the participant's account.

6. Payment of Benefits

On termination of service due to death, disability or retirement, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or may elect to receive installment distributions. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

VOSS ELECTRIC COMPANY 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS – Continued

June 30, 2025 and 2024

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements of the Plan have been prepared on the accrual method of accounting in conformity with generally accepted accounting principles.

2. Payment of Benefits

Benefits are recorded when paid.

3. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

4. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note G for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when credited to the account. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

5. Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

6. Administrative Expenses

The Company provides certain administrative and accounting services to the Plan at no cost. Administrative expenses that are paid directly by the Plan sponsor include audit fees. Administrative expenses paid by the Plan include loan fees charged directly to the participants' accounts and investment fees.

VOSS ELECTRIC COMPANY 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS – Continued

June 30, 2025 and 2024

NOTE C – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

During 2025, the Plan incurred a partial termination per Internal Revenue Service and Department of Labor Standards with a greater than twenty percent decrease in workforce. The affected employees became fully vested in the employer contributions as per the Plan Document.

NOTE D – TAX STATUS

The underlying standardized prototype plan has received an opinion letter from the Internal Revenue Service dated June 30, 2020, stating that the written form of the underlying prototype document is qualified under Section 401(a) of the Internal Revenue Code (the Code), and that any employer adopting this form of the plan will be considered to have a plan qualified under Section 401(a) of the Code. Therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and therefore believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE E – INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity Management Trust Company, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental Schedule of Assets (Held at End of Year):

NOTE E – INFORMATION CERTIFIED BY THE PLAN’S TRUSTEE – Continued

	<u>June 30, 2025</u>	<u>June 30, 2024</u>
Investments at Fair Value	<u>\$ 14,483,607</u>	<u>\$ 14,143,858</u>
Notes Receivable	<u>\$ 125,281</u>	<u>\$ 273,090</u>

The Trustee also certified to the completeness and accuracy of \$1,244,790 of net appreciation in fair value of investments, \$643,166 of dividends and interest related to the aforementioned investments, and \$15,606 of interest income on notes receivable for the year ended June 30, 2025.

The Trustee also certified to the completeness and accuracy of \$1,850,939 of net appreciation in fair value of investments, \$382,863 of dividends and interest related to the aforementioned investments, and \$14,878 of interest income on notes receivable for the year ended June 30, 2024.

NOTE F – RISKS AND UNCERTAINTIES

The Plan provides for investment options in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE G – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include
 - quoted prices for similar assets or liabilities in active markets;

NOTE G – FAIR VALUE MEASUREMENTS – Continued

- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust: A stable value fund that is composed primarily of fully benefit-responsive investment contracts and is valued at the net asset value. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the Plan will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE H – RELATED-PARTY TRANSACTIONS

The Plan uses Fidelity Management Trust Company to act as Trustee and assume record-keeping responsibilities. Certain Plan investments are managed by Fidelity Management Trust Company; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for administrative expenses amounted to \$46,729 and \$46,686 for the years ended June 30, 2025 and 2024, respectively.

NOTE I – SUBSEQUENT EVENTS

In preparing these financial statements, management has evaluated events and transactions for potential recognition or disclosure through April 7, 2026, the date the financial statements were available to be issued. No events or transactions were noted to that date which require further disclosure.
