Columbus Academy Defined Contribution Retirement Plan
Columbus, Ohio

Independent Auditor's Report

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform an audit of the financial statements of Columbus Academy Defined Contribution Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of June 30, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of June 30, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in the notes to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statement of the Plan referred to in the first paragraph. Because of the significance of the matters described in the *Basis for Disclaimer of Opinion* section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

As described in the notes to the financial statements, the Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, pursuant to the DOL's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans. The investment income and distributions related to such accounts have also been excluded in the accompany statements of changes in net assets available for benefits. The amount of these excluded annuity and custodial accounts and the related income and distributions are not determinable. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions. Accounting principles generally accepted in the United States of America required that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of Columbus Academy Defined Contribution Retirement Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of June 30, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. COLUMBUS ACADEMY DEFINED CONTRIBUTION RETIREMENT PLAN

Notes to Financial Statements June 30, 2025 and 2024

Plan Description

The following description of Columbus Academy Defined Contribution Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of The Columbus Academy (the Academy). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Under the Plan, participants have two accounts, a Supplemental Retirement Annuity Account and a Defined Contribution Account.

Contributions

Participants may elect to contribute up to 100% of their total compensation, subject to certain limits as detailed in the plan agreement, to the Plan on a pre-tax or after-tax basis through payroll deduction. All participants are eligible to contribute to the Supplemental Retirement Annuity Account upon becoming an employee of the Academy. Participants are eligible to contribute to the Defined Contribution Account upon becoming an employee of the Academy and elect to defer at least 5% of their compensation.

For participants who contribute at least 5% of compensation to the Defined Contribution Account, the Academy makes a matching contribution to the Plan. Effective July 1, 2023, the Plan was amended so that employees who have completed up to fourteen years of service receive a contribution equal to 7% of compensation and beginning on the 15th year of service, employees will receive a matching contribution equal to 10% of compensation. Prior to July 1, 2023, employees who had completed one to seven years of service received a contribution equal to 100% of the first 5% of their deferrals to the Plan during the year - (5% match). Employees who had completed eight to fourteen years of service received a contribution equal to 140% of the first 5% of their deferrals to the Plan during the year - (7% match). Employees who had completed fifteen or more years of service received a contribution equal to 200% of the first 5% of their deferrals to the Plan during the year - (10% match). Participants may also contribute amounts representing distributions from other qualified benefit or defined contribution plans, or can directly transfer funds from other qualified 403(b) plans rollovers.

Participants who are at least age 50 or who will reach age 50 during the end of Plan year will have the option to make additional contributions.

Participants who had completed 15 or more years of service had the option to make additional pre-tax contributions, through October 1, 2022, when the plan was amended to disallow this option. Such participants were permitted to make additional pre-tax contributions of up to \$3,000 in 2023 with a lifetime cap of \$15,000.

Forfeited Accounts

Because participants are immediately vested in their accounts, the Plan has no forfeitures.

Notes to Financial Statements

Plan Description (continued)

Vesting

Participants are immediately vested in their contributions and the Academy's matching contributions, plus actual earnings thereon.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Academy's contributions, (b) plan earnings and (c) charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Plan Loans to Participants

Participants may borrow from Teacher's Insurance and Annuity Association (TIAA) using a portion of their Supplemental Retirement Annuity Account as security for the loan. The minimum loan is \$1,000 and may be up to the lesser of \$50,000 or 45% of their account balance. The loans bear interest at rates that range from 5.29% to 5.33%, which are commensurate with local prevailing rates as determined periodically by TIAA. Principal and interest is paid ratably through monthly or quarterly ACH transfers by the participant to TIAA.

The Plan Administrator has concluded that these loans are not plan assets and that such arrangements are exempt transactions. Participant loan balances totaled \$8,607 and \$10,978 as of June 30, 2025 and 2024, respectively. Under the borrowing terms \$9,467 and \$12,079 of plan assets serve as collateral for these loans as of June 30, 2025 and 2024, respectively. Interest paid by participants on such loans during the years ended June 30, 2025 and 2024, was \$512 and \$647, respectively. In the event of default, such loans are reportable to plan participants as taxable income but remain outstanding and continue to accrue interest until repaid by the participant or the participant becomes eligible to receive a distribution under the terms of the Plan. During the years ended June 30, 2025 and 2024, there were no loans that went into default and there were no outstanding loans in default. Such amount includes the principal and accumulated interest.

Notes Receivable from Participants

Participants may borrow from their fund accounts held at TIAA. The minimum loan is \$1,000 and may be up to the lesser of \$50,000 or 50 percent of their vested account balance. Principal and interest is paid ratably on a monthly basis.

Investment Options

Upon enrollment in the Plan, a participant may direct all contributions in any of the various investment options that the Plan offers through TIAA. Participants may change their investment options at any time.

Plan Description (continued)

Payment of Benefits

Benefits may be paid to the participant or beneficiary upon death, disability, retirement or termination of employment. A participant may elect to receive the value of his or her account in either a lump sum payment or as an annuity. Participants are also permitted to take an in-service hardship distribution after meeting certain requirements set forth in the plan document. The Plan also provides for in-service distributions of a participant's account balance for participants who reach age 59 ½ while still employed with the Academy.

Secure Act 2.0

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023 which included SECURE Act 2.0. SECURE Act 2.0 contains over 90 new retirement provisions, with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the plan administrator will determine the optional provisions to elect and amend the Plan document accordingly. Most of the significant provisions will become effective in 2024 and thereafter. Accordingly, there is no material impact to the Plan's 2025 or 2024 financial statements.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

COLUMBUS ACADEMY DEFINED CONTRIBUTION RETIREMENT PLAN

Notes to Financial Statements
June 30, 2025 and 2024

Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition (continued)

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan has a fixed annuity contract which is valued at contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of June 30, 2025 and 2024. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Contributions

Contributions from Plan participants and the matching contributions from the Academy are recorded in the year in which the employee contributions are withheld from compensation.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

Certain expenses of the Plan are paid for by the plan sponsor.

Fair Value Measurements

U.S. GAAP established a fair value hierarchy that prioritizes the inputs to measure the fair value of the assets or liabilities being measured. Fair value is defined as the exchange value that would be received on the measurement date to sell an asset or to value the amount paid to transfer a liability in the principal or most advantageous market available to the entity in an orderly transaction between market participants. The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs are unadjusted quoted market prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date. Level 1 inputs provide the most reliable measure of fair value as of the measurement date.
- Level 2 Inputs are based on significant observable inputs, including unadjusted quoted market prices for similar assets and liabilities in active markets, unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs other than quoted prices that are observable for the asset or liability.
- Level 3 Inputs are significant unobservable inputs for the asset or liability.

The level of the fair value hierarchy within which a fair value measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

COLUMBUS ACADEMY DEFINED CONTRIBUTION RETIREMENT PLAN

Notes to Financial Statements June 30, 2025 and 2024

Fair Value Measurements (continued)

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at June 30, 2025 and 2024.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan at year-end.

Fixed Annuity Contracts: Valued at contract value, which approximates fair value, and equals the accumulated cash contributions, interest credited and transfers, if any, less any withdrawals and transfers, if any. These contracts are fully and unconditionally guaranteed by TIAA.

Variable Annuity Contracts: Valued at the NAV provided by the administrator of the fund. Issues and redemptions of units are recorded upon receipt of the unit holder's instructions based on the determined NAV per unit, which is determined daily. The NAV is used as a practical expedient to estimate fair value. The NAV is based primarily on market quotations or prices obtained from independent pricing sources who may employ various pricing methods including matrix pricing. For these funds, there are no unfunded commitments and participants can transact daily. The only redemption restriction is that participants are not permitted to make electronic transfers back into the same account through a purchase or exchange for 90 calendar days, if a purchase, sale or repurchase within that account is made within a sixty-day period.

Pooled Separate Accounts: Valued at the NAV provided by the administrator of the fund. Issues and redemptions of units are recorded upon receipt of the unit holder's instructions based on the determined NAV per unit, which is determined daily. The NAV is used as a practical expedient to estimate fair value. The NAV is based primarily on the market value of the underlying real estate holdings or other real estate-related investments. Real estate holdings are valued principally using external appraisals. Any securities held in the account are valued using independent pricing sources. For this fund, there are no unfunded commitments and participants can transact daily; however, participant transfers out of this account are limited to one per calendar quarter per participant.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements June 30, 2025 and 2024

Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's net assets at fair value as of June 30, 2025 and 2024. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of June 30, 2025				
	Level 1	Level 2	Level 3	Total
Investments in the fair value hierarchy:				
Mutual funds	\$ 49,228,955	\$ -		\$ 49,228,955

Investments measured at net asset value:

Total assets at fair value	\$ 49,228,955	\$ -	\$ 15,834,993	\$ 85,763,701

Assets at Fair Value as of June 30, 2024				
	Level 1	Level 2	Level 3	Total
Investments in the fair value hierarchy:				
Mutual funds	\$ 42,718,302	\$ -	\$ -	\$ 42,718,302
Fixed annuity contracts	-	-	15,481,185	15,481,185
Investments measured at net asset value:				
Variable annuity contracts*	-	-	-	19,112,399
Pooled separate account*	-	-	-	1,258,489
Total assets at fair value	\$ 42,718,302	\$ -	\$ 15,481,185	\$ 78,570,375

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Changes in Fair Value of Level 3 Assets

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

Changes in Fair Value of Level 3 Assets (continued)

The School evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to the total net assets available for benefits.

The following table sets forth a summary of certain changes in the fair value of the Plan's Level 3 assets for the year ended June 30, 2025 and 2024:

Investment Contracts with TIAA

The Plan has investment contracts with TIAA. Under these contracts are sub-contracts, some of which are fully benefit-responsive, while others are not. TIAA maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Each premium allocated to the investment contract buys a guaranteed minimum amount of lifetime income based on the rate schedule in effect at the time the premium is credited.

For investment contracts that are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. These contracts are included in the financial statements at contract value, as reported to the plan by TIAA. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on an annual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Investment Contracts with TIAA (continued)

The contract does not permit TIAA to terminate the agreement prior to the scheduled maturity date.

Tax Status

The School has adopted an ERISA 403(b) volume submitter plan, which received a favorable opinion letter dated August 7, 2017 from the Internal Revenue Service (IRS). The opinion letter stated that the Plan is acceptable under section 401 of the Internal Revenue Code (IRC). The Plan has been amended since receiving the opinion letter, however, the plan administrator believes the Plan, as amended, is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Contracts and Accounts Excluded from Plan Assets

The Plan administrator has determined that certain annuity contracts and/or custodial accounts satisfy the terms and conditions of the DOL's Field Assistance Bulletin No. 2009-02 (listed below). As a result, these contracts and/or accounts have been excluded from the Plan's financial statements and the scope of audit as of June 30, 2025 and 2024. These annuity contracts are individually titled to the owner of the annuity and not held in trust by the Plan.

- a. The contracts and/or accounts were issued to a current or former employee before January 1, 2009.
- b. The Company ceased to have any obligation to make contributions (including employee salary reduction contributions) and, in fact, ceased making contributions on the contracts and/or accounts before January 1, 2009.
- c. All of the rights and benefits under the contracts and/or accounts are legally enforceable against the insurer or custodian by the individual owner of the contract or account without any involvement by the Academy.
- d. The individual owners of the contracts are fully vested in the contracts and/or accounts.

Party-in-Interest Transactions

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain plan investments are mutual funds, fixed and variable annuity contracts, shares of a pooled separate account, and other investment contracts managed by TIAA and CREF. TIAA and CREF is the custodian for the plan and therefore, these transactions qualify as exempt party-in-interest transactions. Nuveen Investments LLC, a wholly owned subsidiary of TIAA, is the investment advisor for the Plan and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services and other administration amounted to \$1,821 and \$150 for the years ended June 30, 2025 and 2024, respectively. These fees are netted against investment income.

Plan Termination

Although it has not expressed intent to do so, the Academy has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying 2025 statement of net assets available for benefits.

Subsequent Events

The Plan evaluated subsequent events through the date of the Independent Auditor's Report, the date on which the financial statements were available to be issued.
