INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
St. Joseph's Villa 403(b) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of St. Joseph's Villa 403(b) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of June 30, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from American United Life Insurance, Variable Annuity Life Insurance Organization, and Ascensus, LLC as of June 30, 2025 and 2024, and the years then ended, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of June 30, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, its presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ST. JOSEPH'S VILLA 403(B) PLAN

Notes to Financial Statements

1. Description of Plan:

The following description of the St. Joseph's Villa 403(b) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all eligible employees of St. Joseph's Villa (the "Organization"). Employees are eligible to participate upon hire and become eligible to receive employer matching contributions after completing one year of service, during which they have completed at least 1,000 hours of service and attaining age 21. Employees begin receiving matching contributions on the first of the quarter following the date they become eligible. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions: The Plan provides for participant contributions of pre-tax annual compensation, as defined in the Plan. The Organization provides a discretionary contribution based on the participant's compensation. The Organization matches 100% of participant contributions, subject to a limit of 5% of the participant's compensation. Participants of qualifying age may make additional "catch-up" contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Contributions are subject to certain limitations.

Participant Accounts: Each participant's account is credited with the participant's contributions and allocations of (a) the Organization's contributions and (b) Plan earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Investment Options: Participants may direct the custodians of the Plan as to the investment of their account balances in accordance with guidelines established by the Plan.

Vesting: Participants are immediately vested in their contributions and the Organization's contributions, plus actual earnings thereon.

ST. JOSEPH'S VILLA 403(B) PLAN

Notes to Financial Statements, Continued

1. Description of Plan, Continued:

Notes Receivable from Participants: Participants may borrow from their Plan accounts up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan terms cannot exceed five years, unless the proceeds are used to acquire a principal residence. The loans are secured by the balance in the participant's account and bear interest at between 4.25% - 8.50%, which is commensurate with local prevailing rates as determined by the Variable Annuity Life Insurance Organization ("VALIC") and the Ascensus, LLC ("Ascensus"). Principal and interest on loans from VALIC were paid directly to VALIC by the participant. Principal and interest on loans from Ascensus were paid ratably through payroll deductions and remitted to Ascensus by the Organization. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants deemed to be in default by Plan administration are reclassified as distributions based upon the terms of the Plan document.

Plan Administration: Overall responsibility for administering the Plan rests with the Organization. Participants' accounts are administered by either VALIC or Ascensus, the custodians. Effective May 7, 2025, all remaining accounts administered by the American United Life Insurance Organization ("AUL") were transitioned to Ascensus. Three Organization employees serve as the trustees and are not compensated for these services.

Excess Contribution Liability: Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions.

Payment of Benefits: Distribution of the portion of a participant's account will occur upon the participant's termination of service, death, disability, retirement, or hardship withdrawal, as defined in the Plan. Participants are entitled to receive a lump-sum, installment or annuity payments in amounts equal to the value of their account.

2. Summary of Significant Accounting Policies:

Basis of Accounting: The financial statements of the Plan are prepared on the accrual method of accounting.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net investment gain includes the plan's gains and losses on investments bought and sold as well as held during the year.

ST. JOSEPH'S VILLA 403(B) PLAN

Notes to Financial Statements, Continued

2. Summary of Significant Accounting Policies, Continued:

Payment of Benefits: Benefits are recorded when paid.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the Plan's management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Subsequent Events: Management has evaluated subsequent events through April 8, 2026, the date the financial statements were available to be issued, and has determined that there are no subsequent events to be reported in the accompanying financial statements.

3. Fair Value Measurements:

The Financial Accounting Standards Board ("FASB") has issued guidance for measurement and disclosure of fair value and established a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology are quoted prices for similar instruments in active and inactive markets; and model driven valuations with significant inputs and drivers derived from observable active markets.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for investments carried or disclosed at fair value:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Fixed income annuity contracts: Unit value calculated based on the net assets or observable NAV of the underlying pool of securities or investments.

Stable value fund: The stable value fund (the "Fund") is sponsored by AUL. The beneficial interest of each participant is represented by units. Units are issued and redeemed daily at the Fund's NAV, which is based on the market value of its underlying investments.

ST. JOSEPH'S VILLA 403(B) PLAN

Notes to Financial Statements, Continued

3. Fair Value Measurements, Continued:

Stable value fund, Continued: Distribution to the Fund's unit holders is declared daily from the net investment income and automatically reinvested in the Fund on a monthly basis, when paid. Valued at the NAV of shares held by the Plan at year-end. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. As of June 30, 2025, all stable value funds are no longer in use.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of the Plan's year-end date:

		Investments at Fair Value as of June 30, 2025	
		Level 1	Total
Investments:			
Mutual funds		\$ 7,543,045	\$ 7,543,045
Total assets in the fair value hierarchy		<u>\$ 7,543,045</u>	7,543,045

Investments, measured at net asset value*			<u>220,710</u>
Total investments			<u>\$ 6,761,110</u>

ST. JOSEPH'S VILLA 403(B) PLAN

Notes to Financial Statements, Continued

3. Fair Value Measurements, Continued:

*In accordance with ASU 2015-07, certain investments that were measured at NAV have not been classified in the fair value hierarchy. The fair value amounts presented in the tables above are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following tables summarize investments measured at fair value based on NAV per share as of June 30, 2025 and 2024:

As of June 30, 2025				
Instrument	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Annuity contracts	<u>\$ 17,752</u>	N/A	Daily	None

As of June 30, 2024				
Instrument	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Annuity contracts	\$ 16,751	N/A	Daily	None
Stable value fund	<u>203,959</u>	N/A	Daily	None
Total	<u>\$ 220,710</u>			

4. Related-Party Transactions:

The Plan invests in funds managed by the custodians. These are related-party transactions and are identified as a parties-in-interest in the accompanying schedule of assets held at end of year. The Plan paid administrative expenses to the custodians totaling \$37,261 during 2025 and \$2,245 during 2024.

5. Plan Termination:

Although it has not expressed any intent to do so, the Organization has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

6. Tax Status:

The IRS does not currently intend to establish a determination letter program for individually designed 403(b) plans. Therefore, the Plan has not received a determination letter from the IRS stating that the Plan is qualified under Section 403(b) of the Internal Revenue Code ("IRC"). The Plan administrator believes the plan is designed and operated in accordance with IRC Section 403(b) and ERISA.

ST. JOSEPH'S VILLA 403(B) PLAN

Notes to Financial Statements, Continued

6. Tax Status, Continued:

Management has evaluated the effect of FASB guidance surrounding uncertain income tax positions and concluded that the Plan has no significant financial statement exposure to uncertain income tax positions at June 30, 2025 and 2024. The Plan is not currently under audit by any tax jurisdiction.

7. Risk and Uncertainties:

Investments are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the financial statements.

8. Financial Information Certified by the Custodians:

AUL, Ascensus and VALIC, custodians of the Plan, as of June 30, 2025 and 2024, and the years then ended, have certified that the following information is complete and accurate:

- Investments, at fair value;
- Investment income;
- Schedule of assets (held at end of year);
- Notes receivable from participants; and
- Interest income on notes receivable from participants.
