With Independent Auditor's Report

INDEPENDENT AUDITOR'S REPORT

Board of Directors
Spurwink Services, Inc.
Spurwink Services Defined Benefit Pension Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed audits of the financial statements of Spurwink Services Defined Benefit Pension Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits (in liquidation) as of June 30, 2025 and 2024 and the related statements of changes in net assets available for benefits (in liquidation) for the years then ended, and the related notes to the financial statements (financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by a bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended June 30, 2025 and 2024, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles (U.S. GAAP).
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with U.S. generally accepted auditing standards (U.S. GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Basis of Accounting for the Financial Statements

As discussed in Note 1 to the financial statements, the governing body of the Plan approved a plan of liquidation on March 31, 2024 and management determined liquidation is imminent. The Plan was fully liquidated on June 26, 2025. As a result, the financial statements are prepared on the liquidation basis rather than the going concern basis. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of reportable transactions is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management, and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Board of Directors
Spurwink Services, Inc.
Spurwink Services Defined Benefit Pension Plan

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

June 30, 2025 and 2024

1. Description of Plan

The following brief description of the Spurwink Services Defined Benefit Pension Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

Plan Termination

On March 31, 2024, the governing body of the Plan approved the termination of the Plan, effective March 31, 2024. An application for termination was filed with the Internal Revenue Service (IRS) on April 8, 2024. During 2024, the application for termination was approved by the IRS and the Plan began the process of distributing the full value of all participants' accounts in accordance with the Plan document and provisions of Employee Retirement Income Security Act of 1974 (ERISA). The Plan was fully liquidated on June 26, 2025, with a portion of the assets transferred to Midland National Life Insurance Company to settle certain participant benefit obligations, and the remaining assets distributed directly to participants as taxable distributions or rollovers to qualified retirement plans.

General

The Plan is a defined benefit pension plan covering substantially all employees of Spurwink Services, Inc. (the Company) who have attained age twenty-one and completed one year of service. It is subject to the provisions of ERISA.

Effective January 1, 2010, the Plan was amended to exclude new participants. Current participants in the Plan were not affected by the amendment. Effective June 2014, the Company voted to amend the Plan to cease the accrual of additional benefits, and all participants became 100% vested. On March 31, 2024, management of the Plan approved a plan of liquidation, and determined liquidation was imminent. The Plan was fully liquidated on June 26, 2025, and all assets were distributed. Benefits paid to participants were made in the form of taxable distributions, rollovers to qualified retirement plans, and purchases of annuity contracts. As part of the liquidation, a portion of the Plan's assets was used to purchase group annuity contracts from Midland National Life Insurance Company, which assumed responsibility for future benefit payments to certain participants.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Company elected to terminate the Plan effective March 31, 2024 and determined liquidation to be imminent. As a result, the accompanying financial statements as of and for the years ended June 30, 2025 and 2024 have been prepared on the liquidation basis of accounting.

SPURWINK SERVICES DEFINED BENEFIT PENSION PLAN

Notes to Financial Statements

June 30, 2025 and 2024

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are recorded at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of investments are recorded on a trade date basis. Net appreciation in fair value of investments includes both realized and unrealized gains and losses.

Fair Value Measurement

Financial Accounting Standards Board Accounting Standards Codification 820 (FASB ASC 820), *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;

- Quoted prices for identical or similar assets or liabilities in inactive markets;

- Inputs other than quoted prices that are observable for the asset or liability; and

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

SPURWINK SERVICES DEFINED BENEFIT PENSION PLAN

Notes to Financial Statements

June 30, 2025 and 2024

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value at June 30, 2024.

Common collective trust: Valued daily based on the established net asset value (NAV) per unit of \$10. The fund attempts to maintain a stable price per unit of \$10; however, there can be no assurance the value of the units in the fund will not fluctuate. The principal value per unit of the fund is determined at the end of each day by dividing net assets by the number of units outstanding.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The total investments as of June 30, 2024 consist entirely of an investment in a common collective trust. These investments are measured at fair value using the NAV per share (or its equivalent) practical expedient and have not been categorized in the fair value hierarchy.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient. There are no participant redemption restrictions for these investments.

<u>Fair Value Estimate Using NAV Per Share as of June 30, 2024</u>				
	<u>Fair Value</u> **	<u>Unfunded Commitment</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
FIAM Pension Journey Pool	\$ 17,316,228	N/A	Daily	N/A

** The fair value of investments has been estimated using the NAV of the investment.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Investment and management fees are paid by the Plan. Substantially all other administrative expenses are paid by the Company.

Notes to Financial Statements

June 30, 2025 and 2024

Subsequent Events

Management has considered transactions or events occurring through March 24, 2026, which was the date the financial statements were available to be issued. Management has not considered subsequent events after that date for inclusion in the financial statements.

3. Funding Policy

The Plan shall be funded through contributions made by the Company. The funding policy is to contribute the actuarially determined amounts necessary to maintain the Plan in a sound condition and to meet the funding requirements of ERISA. There were no actuarially determined contributions made during 2025 and 2024.

A one-time contribution of \$250,000 was made to the Plan in 2025. This contribution was authorized on February 14, 2025, and wired to Fidelity Management Trust Company (Fidelity) for investment in the Plan Trust. The contribution was made pursuant to the Trust Agreement and was directed to be invested according to the target allocation percentages outlined in the Letter of Investment Direction dated February 11, 2025. This contribution supported the Plan's funding requirements in connection with the Plan's liquidation and settlement of participant benefit obligations.

4. Plan Termination

The Plan terminated in 2024 and the net assets of the Plan were allocated in the manner specified by the Plan and as prescribed by ERISA and its related regulations. Participants should refer to the Summary Plan Description previously provided to them for more information regarding benefits guaranteed by the Pension Benefit Guaranty Corporation (PBGC) (a U.S. government agency). As of June 30, 2025, liquidation of the Plan's assets as a result of the Plan termination was complete.

The Plan is currently subject to an audit by the PBGC. The audit is ongoing, and the outcome cannot be determined at this time. Management believes the Plan is in compliance with all applicable requirements; however, the PBGC may propose adjustments, the effect of which, if any, is not presently determinable.

5. Party-in-Interest Transactions

Certain plan investments were managed by Fidelity, the trustee as defined by the Plan. Fees paid by the Plan for the investment management services amounted to \$35,272 for the year ended June 30, 2024. There were no fees paid by the Plan for the year ended June 30, 2025.

6. Income Tax Status

The IRS has determined and informed the Company by a letter dated December 7, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

7. Trustee Certification

Information in the financial statements and supplemental schedule relating to investments, investment transactions, net appreciation in fair value of investments, and interest and dividends was certified as complete and accurate by Fidelity, the trustee of the Plan, for the years ended June 30, 2025 and 2024.
