INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Life-Science Innovations and Affiliates Retirement Plan
Willmar, Minnesota

Scope and Nature of the ERISA Section 103(a)(3)(c) Audit

We have performed audits of the financial statements of Life-Science Innovations and Affiliates Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(c) (ERISA Section 103(a)(3)(c) audit). The financial statements comprise the statements of net assets available for benefits as of September 30, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended September 30, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(c) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(c), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of September 30, 2025 and 2024, and for the year ended September 30, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(c).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(c) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(c) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(c) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not

detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(c) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule 1 and 2, as of and for the year ended September 30, 2025, are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(c).

LIFE-SCIENCE INNOVATIONS AND AFFILIATES RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
September 30, 2025 and 2024

Note 1 DESCRIPTION OF THE PLAN

The following description of Life-Science Innovations and Affiliates Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution plan covering all eligible employees of Life-Science Innovations, LLC and its affiliated subsidiaries who are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

CONTRIBUTIONS

Each year, participants may contribute up to 85 percent of their eligible annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 1 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the Participant. The Company may make a discretionary nonelective contribution. Discretionary nonelective contributions are made as determined by the Company and are deposited after year end. Participants are eligible to receive discretionary nonelective contributions once they are 18 years or older and are employed by the Company on the last day of the Plan year and are not an intern or co-op employee. During September 30, 2025, there were discretionary nonelective contributions of \$375,843. The Company contributes a safe harbor contribution of 100 percent of the first 4 percent of eligible compensation for all companies except Nova Tech Engineering, which is set at 100 percent of the first 5 percent of eligible compensation. During September 30, 2025, there were safe harbor contributions of \$3,056,687. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contributions and the Company's contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING

Participants are immediately vested in their contributions and Company safe harbor contributions plus actual earnings. Vesting in the Company's discretionary nonelective contribution is based on years of credited service and participants are 100 percent vested after 5 years of credited service.

LIFE-SCIENCE INNOVATIONS AND AFFILIATES RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
September 30, 2025 and 2024

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at 2 percent above the prime rate, as defined. The maximum amount of loans outstanding at any time is one. Loans must be repaid over a period not extending beyond five years from the date of the loan, unless such loan is used to acquire dwelling unit, in which the term for a principal residence loan is 15 years. Principal and interest are paid ratably through payroll deductions.

PAYMENT OF BENEFITS

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the vested interest in his or her account. Active participants may withdraw their employee contributions under the hardship provision as defined by the Plan. In-service distributions are allowed for participants who are age 59½ or older.

FORFEITURES

At September 30, 2025 and 2024, forfeited nonvested accounts totaled \$114,093 and \$73,641, respectively. These accounts will be used to reduce future Company contributions or to pay administrative expenses. For the year ended September 30, 2025, \$157 of forfeited nonvested accounts were used to reduce the Company contributions and \$21,574 were used to reduce the administrative expenses.

Note 2 SUMMARY OF ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared on the accrual basis of accounting.

USE OF ESTIMATES

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes, therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Advisors determines the Plan's valuation policies utilizing information provided by the investment advisors, trustees, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when received. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

LIFE-SCIENCE INNOVATIONS AND AFFILIATES RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
September 30, 2025 and 2024

CONTRIBUTIONS

Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of September 30, 2025 and 2024. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

EXPENSES

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and requests for distributions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in the net appreciation in fair value of the investments.

SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through March 23, 2026, which is the date the financial statements were made available to be issued.

Note 3 CERTIFIED INVESTMENTS

Certain information in the accompanying financial statements and ERISA-required supplemental schedule related to investments and notes receivable from participants held at September 30, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended September 30, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Trust Company, LLC (the trustee of the Plan), a qualified institution.

LIFE-SCIENCE INNOVATIONS AND AFFILIATES RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
September 30, 2025 and 2024

Note 4 FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1- Inputs to the valuation methodology are quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2- Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3- Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2025 and 2024.

Mutual funds: Valued at quoted prices in active markets.

Participant-directed brokerage account: Valued at quoted prices available in an active market.

Common/collective trust: Valued at the Net Asset Value (NAV) of underlying assets. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

- (a) In accordance with Subtopic 820-10, certain investments that are measured at the net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the table are intended to permit the reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes the investments for which fair value is measured using the net asset value per share practical expedient as of September 30:

2025				
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common/collective trust	\$14,502,785	n/a	Daily	None

2024

LIFE-SCIENCE INNOVATIONS AND AFFILIATES RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
September 30, 2025 and 2024

Note 5 RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Empower Trust Company, LLC. Empower Trust Company, LLC is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than direct payment. As described in Note 2, the Plan made direct payment to the third party administrator of \$276,378, which was not covered by revenue sharing. The Company pays directly any other fees related to the Plan's operations.

Note 6 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Company contributions.

Note 7 TAX STATUS

The IRS has determined and informed Company by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified and that the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
