Report of Independent Auditors

To the Plan Administrator and Participants,
Stride Healthcare Management, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Stride Healthcare Management, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Stride Healthcare Management, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2021 and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Stride Healthcare Management, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Stride Healthcare Management, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Stride Healthcare Management, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Stride Healthcare Management, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules, including the Schedule H, Line 4i— Schedule of Assets (Held at End of Year) as of December 31, 2021, and Schedule H, Line 4a— Schedule of Delinquent Participant Contributions for the year ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Report of Independent Auditors

To the Plan Administrator and Participants,
Stride Healthcare Management, LLC 401(k) Plan

We were engaged to audit the accompanying statement of net assets available for benefits of Stride Healthcare Management, LLC 401(k) Plan, as of December 31, 2020, and the related notes to the financial statement.

Management's Responsibility for the Financial Statement
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of a financial statement that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on the 2020 financial statement based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Massachusetts Mutual Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statement. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2020, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2020 financial statement. Accordingly, we do not express an opinion on the 2020 financial statement.

Report on Form and Content in Compliance With DOL Rules and Regulations for 2020 Financial Statement
The form and content of the information included in the 2020 financial statement, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS
As of December 31, 2021 and 2020, and for the Year Ended December 31, 2021

1. Description of Plan

The following brief description of the Stride Healthcare Management, LLC 401(k) Plan (the "Plan") is provided as general information only. Participants should refer to the Plan document for a more comprehensive description of the Plan's provisions.

General
The Plan is a defined contribution plan available to all employees of Interventional Partners, PLLC dba Stride Healthcare, PLLC (the "Company" or "Plan Sponsor"). The original effective date of the Plan is January 1, 2019. The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code ("IRC"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

On December 20, 2019, the Setting Every Community Up for Retirement Enhancement ("SECURE") Act of 2019 was signed into law. Applicable provisions of the SECURE Act, effective January 1, 2020, include changing the required minimum distribution age to 72 for participants who have not reached age 70 ½ as of December 31, 2019, and, for participant deaths after December 31, 2019, requiring most non-spouse beneficiaries to take full distribution of the participant's account within 10 years of the participant's death. Plan management is evaluating the impact of the SECURE Act on the Plan but does not expect it to be material.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security ("CARES") Act was passed by Congress. The CARES Act, among other things, includes several relief provisions available to tax qualified retirement plans and their participants. Plan management evaluated the impact of the CARES Act on the Plan and approved (a) adding COVID-19-related distributions of up to $100,000 for eligible participants, (b) increasing the limit on Plan loans for eligible participants to the maximum amount permitted under the CARES Act, (c) suspending payments on Plan loans otherwise due in 2020 for eligible participants, and (d) suspending required minimum distributions for 2020. The CARES Act allowed these changes to be effective and operationalized immediately, prior to amending the Plan document.

Eligibility
All employees who have reached 21 years of age are eligible to participate in the Plan, excluding part-time, temporary, seasonal and PRN employees. Eligible employees may enter the Plan immediately on the date requirements are met.

Contributions

Participant Contributions
Participants may elect to contribute between 1% and 90% of their eligible compensation, as defined by the Plan, subject to certain IRS limitations. Participant contributions may be made on a pre-tax basis or after-tax ("Roth") basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution or benefit plans.

The Plan provides for a traditional automatic contribution arrangement ("ACA") whereby eligible participants are automatically enrolled at a pre-tax rate of 2%, unless they affirmatively opt out. The Plan does not include a provision for escalation of the automatic deferral rate.

1. Description of Plan (continued)

Contributions (continued)

Employer Contributions
The Company may make discretionary matching contributions based on a participant's business unit or location. Discretionary matching contributions may be contributed up to a discretionary percentage of a participant's compensation or a discretionary dollar amount determined by the Company on a uniform basis for all participants. During the year ended December 31, 2021, the Company authorized no discretionary matching contributions.

The Company may make a discretionary profit-sharing contribution as determined by the Company. During the year ended December 31, 2021, the Company authorized no discretionary profit-sharing contributions.

Contributions from Plan participants and the associated matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

Participant Accounts
Each participant's account is credited with the participant's contributions, allocations of investment earnings and the participant's allocation of any Company contributions. Participant accounts are also charged with an allocation of certain administrative expenses. Contributions and earnings are allocated among investment options as selected by the participant.

Vesting
Participants are immediately vested in their contributions plus actual earnings thereon. The Company matching contributions, earnings thereon, and any additional discretionary profit-sharing contributions vest 20% for each year of credited service. A participant is 100% vested after five years of credited service.

Notes Receivable from Participants
Participants may borrow from their accounts a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance. Loans are collateralized by the participant's account balance and bear interest at a rate of 2% over the prime interest rate. Principal repayments and the interest on outstanding balances are deducted ratably from the participant's pay. During 2020, in conjunction with the enactment of the CARES Act, the Plan allowed for loans up to the lesser of $100,000 or 100% of a participant's vested account balance.

Payment of Benefits
Upon termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account, in the form of a lump sum or periodic installments. A participant may withdraw part of the vested interest in his or her account upon attainment of age 59 1/2, subject to Plan provisions and in the event of an immediate and heavy financial hardship. The Plan document further stipulates that for terminated participants with vested account balances less than $5,000, an involuntary cash-out distribution will be made. During 2020, in conjunction with the enactment of the CARES Act, the Plan allowed for eligible participants, as defined in the CARES Act, to request distributions up to $100,000 from their participant account, without being subject to the 10% early distribution tax under the IRC. Participants may elect to repay some or all of their distribution within three years.

1. Description of Plan (continued)

Forfeited and Unallocated Accounts
The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Forfeited balances of terminated participants' non-vested accounts may be used to reduce Company contributions. During the year ended December 31, 2021, no forfeitures were used to reduce Company contributions. At December 31, 2021 and 2020, the forfeited account balance totaled $3,059 and $2,837, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting
The accompanying financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles general accepted in the United States of America ("GAAP").

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments in pooled separate accounts are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the custodian. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants represent loans and are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recognized on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If the participant ceases to make benefit payments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Excess Contributions Payable
Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan failed to distribute the excess contributions related to the Plan year ended December 31, 2021 to the applicable participants prior to March 15, 2022; however, these amounts were distributed on February 24, 2023. As the corrective action was not taken within 2 ½ months following the end of the Plan year, the plan administrator is required to pay a 10% excise tax on this amount. Such excise taxes are not permitted to be paid from Plan assets.

Benefit Payments
Benefits are recorded when paid.

2. Summary of Significant Accounting Policies (continued)

Administrative Expenses
Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participants' accounts and are included in administrative expenses. Investment related expenses are included in appreciation (depreciation) of fair value of investments.

Subsequent Events
Subsequent events have been evaluated through the date of the report of independent auditors, the date these financial statements were issued. Other than the matters in Note 11, there were no material subsequent events that required recognition or additional disclosure in these financial statements.

3. Information Certified by the Custodian (unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation (depreciation) in fair value of investments, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Great-West Life & Annuity Insurance Company, an affiliate of Empower Retirement, LLC, on behalf of Massachusetts Mutual Life Insurance Company (the custodian of the Plan) for the period from January 1, 2021 through December 31, 2021 and Massachusetts Life Insurance Company (the custodian of the Plan) from the period January 1, 2020 through December 31, 2020.

4. Fair Value Measurements

The fair value hierarchy prioritizes the inputs used to measure fair value, giving the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB accounting guidance are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

4. Fair Value Measurements (continued)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Pooled separate accounts: Valued at the net asset value ("NAV") (or unit value) of the units held by the Plan at year-end based on information reported by the custodian. The NAV, which is used as a practical expedient for fair value, of each of the separate accounts is calculated in a manner consistent with the U.S. GAAP for investment companies and is determinative of their fair value and represent the price at which the Plan would be able to initiate a transaction. Several of the separate accounts invest in publicly quoted mutual funds or actively managed stocks. Some of the separate accounts also invest in fixed income securities. The fair value of the underlying mutual funds or stocks and of the other underlying securities, which is based on quoted prices of similar assets, is used to determine the NAV of the separate account which is not publicly traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table Summarizes investments for which fair value is measured using the net asset value per share practical expedient

4. Fair Value Measurements (continued)

As of December 31, 2021:

Investment	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Pooled Separate Accounts	4,229,083	None	Daily	12 months

As of December 31, 2020 :

Investment	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Pooled Separate Accounts	2,897,123	None	Daily	12 months

5. Related Party and Party-In-Interest Transactions

The Plan invests in various pooled separate accounts managed by Massachusetts Mutual Life Insurance Company. Massachusetts Mutual Life Insurance Company is the custodian and, therefore, this transaction qualifies as a party -in -interest transaction.

Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. The Plan also made direct payments to the trustee, custodian, and third-party administrator totaling $40,005. These costs incurred by the Plan are included in administrative expenses on the statement of changes in net assets available for benefits. The Plan Sponsor pays directly any other fees related to the Plan's operations.

6. Plan Termination

The Plan has been established with the intention that it will continue and be a permanent plan. Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate it at any time, subject to the provisions of ERISA. In the event the Plan terminates, participants would become fully vested in their account balances.

7. Income Tax Status

The Plan uses a volume submitter 401(k) savings plan document sponsored by Nova 401(k) Associates, Inc., which received a favorable opinion letter dated June 30, 2020, from the IRS stating that the volume submitter plan document satisfies the applicable provisions of the Internal Revenue Code ("IRC"). The Plan itself has not received a determination letter from the IRS. However, plan management believes the Plan, as adopted and amended, is operating within the guidelines of the IRC. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

7. Income Tax Status (continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by IRS. The Plan is subject to routine audits taken by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risk and Uncertainties

The Plan provides for various options in any combination of specified investments. The underlying investments may include stocks, bonds, fixed income securities, mutual funds and other investment securities. Such investments are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities in the near term could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

On March 11, 2020, the World Health Organization declared the novel strain of coronavirus ("COVID-19") a global pandemic and recommended containment and mitigation measures worldwide. The pandemic and these containment and mitigation measures have led to economic uncertainties which have resulted in significant volatility in the financial markets, impacting some of the investments held by the Plan. The duration of these uncertainties and volatility, and the ultimate financial effects of COVID-19 on the national and global economies and investment markets, cannot be reasonably estimated at this time.

9. Reconciliation to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

As of December 31,	**2021**	2020
Net assets available for plan benefits per the financial statements	**$ 4,224,425**	$ 2,968,548

Add: prior year employee contribution receivable		**28,709**
Add: current year excess contributions payable		**124,758**
Less: prior year excess contributions payable		**(14,881)**
Net change per Form 5500	**$**	**1,345,587**

10. Administrative and Operational Failures

Delinquent Participant Contributions
During the year ended December 31, 2021 and 2020, the Plan Sponsor failed to remit certain participant contributions to the Plan within the time frame required by the Department of Labor's Regulation 29 CFR 2510.3-102, thus constituting a non-exempt (prohibited) transaction between the Plan and the Plan Sponsor. Cumulative delinquent remittances of participant contributions and loan repayments amounted to $334,781 and $296,475, respectively. The Plan Sponsor has remitted all of the delinquent participant contributions and loan repayments by the date of the report of independent auditors, except for $4,657. Lost earnings for all but $418,119 of late remittances have been calculated and remitted to the Plan as of the date of the report of independent auditors. These lost earnings are reflected as corrective employer contributions on the statements of net assets. The Plan Sponsor intends to fully correct this administrative failure by making a qualified non-elective employer contribution to the affected participants' accounts for loss earnings through the IRS Voluntary Correction Program (VCP). Additionally, the Plan Sponsor is implementing policies and procedures to ensure that future employee contributions are remitted to the Plan in a timely manner.

Annual Nondiscrimination Testing
For the year ended December 31, 2021, the Plan failed to timely and accurately perform its annual nondiscrimination testing as required under the Internal Revenue Code ("IRC"). The IRC requires the Plan Sponsor to perform the Plan's annual nondiscrimination testing shortly after the Plan's year-end and make corrections no later than 2 ½ months after the Plan's year-end. These requirements must be satisfied in order for the Plan to retain its qualified status.

11. Subsequent Events

Effective September 1, 2022 the Plan was amended and restated to:

- Bring the Plan into compliance with the requirements of the 2017 Cumulative List (Notice 2017-37).
- Add a 30-day service period requirement for participation in the Plan.
- Update the Plan provisions to permit eligible employees to enter the Plan on the first day of the month coinciding with or next following the date requirements are met.

11. Subsequent Events (continued)

As discussed in Note 10, subsequent to year end, the Plan Sponsor is working with third party administrator to calculate and remediate the additional late remittances identified related to the year ended December 31, 2020 and 2021.

Subsequent to year end, the Plan Sponsor performed the compliance (discrimination) testing for the year ended December 31, 2021 and determined that it had failed the 401(k) Average Deferral Percentage ("ADP") test and the 402(g) test. As a result, the Plan Sponsor was required to distribute (refund) excess contributions to affected participants by the IRS deadline of March 15, 2022. The Plan Sponsor refunded these excess contributions after the required IRS deadline and thus is subject to an excise tax equal to 10% of the total excess contributions.

Effective June 18, 2022, all plan assets were transferred to the Empower Retirement, LLC recordkeeping system from the Massachusetts Mutual Life Insurance Company Retirement recordkeeping system. This occurred as a result of Great-West Life & Annuity Insurance Company (an affiliate of Empower Retirement, LLC), acquiring the Massachusetts Mutual Life Insurance Company Retirement Services Business on December 31, 2020.

Subsequent to year end, the Plan Sponsor determined that there were delinquent participant contributions remitted to the Plan for the year ended December 31, 2022. The Plan sponsor is currently in the process of remediating these late remittances, including calculating and funding the lost earnings related to these participants.

In December of 2022, SECURE 2.0 was passed into law. The provisions of SECURE 2.0 continue the themes and reforms that began with the 2019 SECURE Act. Most of the provisions of SECURE 2.0 will become effective in 2024 and beyond. Therefore, there is no current impact to the Plan. Since the provisions include both required and optional elements, the Plan administrator will determine the optional provisions to elect.
