Independent Auditor's Report

403(b) Plan Fiduciary & Board of Directors
Target Community & Educational Services, Inc.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Target Community & Educational Services 403(b) DC and TDA Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of June 30, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended June 30, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Target Community & Educational Services 403(b) DC and TDA Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from qualified institutions as of and for the years ended June 30, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Target Community & Educational Services 403(b) DC and TDA Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Target Community & Educational Services 403(b) DC and TDA Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Target Community & Educational Services 403(b) DC and TDA Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Target Community & Educational Services 403(b) DC and TDA Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements, as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedules Required by ERISA at June 30, 2025

The supplemental schedule of Schedule of Assets (Held at End of Year) is presented for the purpose of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is

derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

June 30, 2025 and 2024

Note 1 – Description of Plan

The following brief description of the Plan is provided for general information purposes only. Participants who desire more complete information should refer to the 403(b) Plan Summary Plan Description (SPD) available from the Human Resources Department of Target Community & Educational Services, Inc. (Target).

General

The Plan is a defined contribution 403(b) plan established by Target, which became effective March 1, 1991, was amended and restated January 1, 2010 to comply with ERISA guidelines and the Pension Protection Act of 2006, and again on July 1, 2013 for the purpose of changing the Plan Sponsor's (employer) contribution. Under this prototype TIAA-CREF (TIAA) plan, there are two separate accounts for participants. One account is the "TDA Plan" which represents Plan transactions related to participant/employee contributions and the other account is the "DC Plan" which represents Plan transactions related to employer contributions.

The Plan was once again restated on December 1, 2022 under Mutual of America's (Mutual) prototype 403(b) plan when Mutual assumed third party administrator (TPA) and recordkeeping responsibilities for active Target Plan participants whose investments, excluding traditional guaranteed income contract accounts, were transferred from TIAA to Mutual accounts. The restated Mutual Plan inherited many of the TIAA prototype plan provisions with some changes. The restated Mutual Plan allows for an automatic 2% employee contribution with an "opt out" provision, and Roth deferrals in addition to pre-tax deferrals.

TIAA, FSB and Mid Atlantic Trust Company (MATC) act as directed trustees and custodians for the TIAA and Mutual accounts, respectively, and both fall under the same Plan number and reported Plan assets. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

All employees are eligible to participate in the Plan with certain employer match exclusions. Each year, participants may contribute up to the IRS threshold of pretax annual compensation. Elective salary deferrals are based on a percentage of the employee's compensation or a fixed dollar amount per pay. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Based on the Plan amendment effective July 1, 2023, all employees who are at least 18 years of age, are not non-resident aliens, and have completed 2 years of service are eligible to receive an employer match. This is consistent with the Plan sponsor's treatment throughout fiscal years 2025 and 2024. Employer contributions are concurrent with employee elected deferrals under the Plan.

TARGET COMMUNITY & EDUCATIONAL SERVICES
403(b) DC & TDA PLAN

Notes to Financial Statements

June 30, 2025 and 2024

Note 1 – Description of Plan (Continued)

The employer matches the lesser of the employee's elective contribution or 5% of the employee's eligible salary less any bonus. This was an amended change from the previous employer contribution in which, upon completion of the DC Plan enrollment forms, the employee received employer contributions equal to 3% and 5% of total compensation less bonuses after completing 2 years and 10 years of eligible service, respectively. Under the January 1, 2023 retroactive Plan amendment, employees with 30 years or more service receive a contribution equal to the lesser of the employee's elective contribution or 10% of eligible salary less any bonus.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of employer matching contributions, earnings and charged administrative expenses as defined in the Plan agreement. Investment allocations are participant directed and may be changed through an online process with TIAA and Mutual. The employer match follows the participant's elected investment allocations. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Apart from guaranteed investment contracts with TIAA, active participant accounts were transferred to Mutual investment accounts during fiscal year 2023, with residual account transfers occurring in fiscal year 2024 and 2025. Inactive (terminated/retired employees) participant investment accounts and guaranteed investment contracts remained with TIAA at June 30, 2025 and June 30, 2024.

Vesting

Participants are fully vested in their contributions plus actual earnings thereon immediately. Participants are also fully vested in Target's contributions plus actual earnings thereon immediately.

Participant Loans and Plan Loans

Participant loans are made with a minimum loan amount of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms are limited to a maximum of five years per the current plan agreement unless it is used to acquire a principal residence, at which time the loan period becomes a maximum of ten years. The interest rate on participant loans is equal to the Federal Reserve Bank prime loan rate plus 1% for loan amounts taken from participant directed mutual funds. Participant loan transactions are treated as a transfer from the investment fund to the participant loan account with unpaid balances treated as notes receivable from participants. Participant loans are secured by participant investment balances. The maximum number of participant loans taken at one time changed from three to unlimited beginning with the restated December 1, 2022 Plan. Also, with the restated December 1, 2022 Plan, there is now an option to make principal loan payments through payroll deductions. Refinancing of loans is permitted, and loans may be taken by terminated employees.

TARGET COMMUNITY & EDUCATIONAL SERVICES
403(b) DC & TDA PLAN

Notes to Financial Statements

June 30, 2025 and 2024

Note 1 – Description of Plan (Continued)

Prior to the December 1, 2022 restatement, plan loans were allowed in addition to participant loans and represented loans with TIAA and not as transfers or withdrawals from participant investment accounts. Active plan loans are secured by an amount equivalent to 110% of the outstanding loan balance and are held in the TIAA Traditional Annuity account of the participant. If there was not enough collateralized money in the TIAA Traditional Annuity at the time of the plan loan, amounts were transferred from other participant investment accounts to this annuity account. The interest rate of the loans is a variable interest rate or a fixed interest rate of prime plus one, depending on which investment portfolio the loan was made from. Participants were provided with coupon books to make payments on the plan loans.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or in annuity installments as defined in the Plan agreement. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

New Accounting Pronouncements

From time to time new accounting guidance is issued by the FASB or other standard-setting bodies that is adopted by the Plan as of the effective date, or where permitted, in advance of the effective date. The Plan has assessed the recently issued guidance that is not yet effective and unless otherwise indicated above, believes the new guidance will not have a material impact on the accompanying financial statements.

Note 2 – Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of the Plan are prepared under the accrual basis of accounting to accurately reflect contributions receivable at year end.

Use of Estimates

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Note 2 – Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or (depreciation) includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants

Participant loans are issued directly from a participant's investment account. When this occurs, a reduction in the participant's account takes place and generates a notes receivable from the participant to capture the outstanding balance of the loan taken from the account. Notes receivable are measured at their unpaid balance plus any accrued but unpaid interest. Principal and interest payments are made directly via check by the borrowing participant or through payroll deductions. Related fees are recorded as administrative expenses and charged back to the borrowing participant's account. No allowance for credit losses has been recorded as of June 30, 2025 or 2024. If a participant ceases to make loan payments, and the Plan administrator deems the loan to be a distribution, the participant's loan balance is reduced and the benefit payment is recorded.

There were eleven participant loans at June 30, 2025. There were four new participant loans taken during fiscal year 2025 and one note was paid off. Outstanding loan balances totaled \$40,910 and \$33,340 at June 30, 2025 and 2024, respectively. Of the \$40,910 outstanding participant loan balance at June 30, 2025, \$14,845 was deemed distributed and in default. Active participant loans have interest rates ranging from 4.25% to 9.00% with the longest maturity date being February 1, 2030 as of June 30, 2025.

Plan loans are separate from participant loans and are no longer offered to participants. When participants would enter into a plan loan, monies were borrowed directly from TIAA and were collateralized by participant monies held in the annuity account (see Note 1). The outstanding plan loan balances held as collateral were \$1,470 and \$1,813 at June 30, 2025 and 2024, respectively.

Payments of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain administrative expenses of maintaining the Plan are paid by Target and are therefore excluded from these financial statements. Fees for the administration of notes receivable from participants are included in administrative expenses and charged directly to the participant's account. Participants incur certain expenses related to their individual accounts.

Date of Management's Review

Subsequent events were evaluated through March 31, 2026, which is the date the financial statements were available to be issued.

Note 3 – Information Certified by Insurance & Trust Companies

The Plan has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TIAA and CREF, insurance companies of the Plan, and Mid Atlantic Trust Company (MATC), trust company of the Plan, have certified the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits, the related investment activity reflected in the statement of changes in net assets available for benefits, the accompanying notes to financial statements, and the supplemental information. The certifications extend to investment records kept by TIAA for which TIAA, FSB (formerly TIAA-CREF Trust Company, FSB) acts as directed trustee and custodian and records kept by Mutual of America for which MATC acts as trustee and custodian.

Note 4 – Guaranteed Investment Contracts with Insurance Company

At June 30, 2025 and 2024, the Plan had fully benefit-responsive and non-benefit responsive guaranteed investment contracts. These investment contracts were fixed dollar annuity contracts identified as TIAA Traditional Benefit Responsive and TIAA Traditional Non Benefit Responsive on the Plan's investment statements. The contract amounts represent contributions made under the contracts, plus interest credited to the Plan's contracts, less any withdrawals and administrative expenses. There are no reserves against the contract values for credit risks of the contract issuers or otherwise. The crediting interest rate is based on an agreed upon formula with the issuer and is reviewed periodically, but not less than annually. The minimum guaranteed rate for fiscal years 2025 and 2024 was 3%. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value depending on the type of annuity contract.

Note 4 – Guaranteed Investment Contracts with Insurance Company (Continued)

The non-benefit responsive annuity amounts on the Plan's year end investment statements are comprised of employee and employer investment activity in Retirement Annuity (RA) contracts. The amounts as of June 30, 2025 and 2024 were \$455,239 and \$518,788, respectively, and represent contract amounts which approximate fair value. These contracts are fully and unconditionally guaranteed and backed by the claims-paying ability of TIAA.

The benefit responsive annuity amounts on the Plan's year end investment statements are comprised of employee investment activity in Group Supplemental Retirement Annuity (GRSA) contracts and Supplemental Retirement Annuity (SRA) contracts which allow for lump sum distributions within a specified time frame after termination of employment. Because this investment account is fully and unconditionally guaranteed and backed by the claims-paying ability of TIAA, contract values are accepted as the relevant measurement attributable for that portion of the net assets available for benefits attributable to these defined investment contracts. Fully benefit-responsive amounts were \$221,521 and \$216,164 at June 30, 2025 and 2024, respectively.

A plan loan default occurred in fiscal year 2018, and the balance of collateralized principal and accrued interest was \$1,470 and \$1,395 at June 30, 2025 and 2024, respectively. These amounts are included as investments at contract value for reporting purposes.

Certain events limit the Plan's ability to transact at contract value with the insurance company. Such events include the following: (a) amendments to the plan documents (including complete and partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events that would cause significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. TIAA deems the value of its annuity contracts to be no less than the participant's accumulated balance with no identification of events limiting the Plan's ability to transact at contract value with the insurance company. Therefore, the Plan does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the contract agreements through the sale or transfer on any securities exchange. The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Note 5 – Fair Value Measurements

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs are observable inputs other than the quoted prices for identical assets. Level 3 inputs are unobservable inputs and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 or 3 plan assets categorized as investments at fair value pertain to the periods presented.

Level 1 Fair Value Measurements

The fair value of investments held in mutual funds (TIAA-CREF and Mutual of America accounts) and the pooled separate account (TIAA Real Estate) are based on market quotes or prices obtained from independent pricing sources and are used to determine share values during and at the Plan's year-end. These funds include equity securities, fixed income instruments, short-term investments, variable annuity funds, and real estate holdings.

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2025 and 2024 which is readily determined based on the amount invested in the Plan and interest accumulated on those assets:

<u>Assets at Fair Value as of June 30, 2025</u>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds and pooled separate account	\$ 5,342,404	\$ -	\$ -	\$ 5,342,404
Total investments at fair value	<u>\$ 5,342,404</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 5,342,404</u>

<u>Assets at Fair Value as of June 30, 2024</u>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds and pooled separate account	\$ 4,616,126	\$ -	\$ -	\$ 4,616,126
Total investments at fair value	<u>\$ 4,616,126</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 4,616,126</u>

Gains and losses (realized and unrealized) included in changes of net assets available for benefits for the years ended June 30, 2025 and 2024, are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended June 30, 2025 and 2024, there were no significant transfers between Levels 1 and 2 and no transfers into or out of Level 3.

Note 6 – Transactions with Parties-In-Interest

During the years ended June 30, 2025 and 2024, the Plan invested in annuity contracts, mutual funds, variable annuity funds, and a pooled account sponsored by TIAA and Mutual. Both TIAA and Mutual were the service providers for the Plan during the year. Therefore, the investments in these contracts and funds qualify as party-in-interest transactions. See Note 4 for investment contracts with insurance companies.

These parties-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, Target has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. However, no such action may deprive any participant or beneficiary under the Plan of any vested right.

Note 8 –Tax Status

The Plan is required to operate in conformity with the Internal Revenue Code (IRC) to maintain its tax exemption. The Plan sponsor adopted the volume submitter plan pre-approved by the IRS effective January 1, 2020. The Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax exempt.

Note 9 – Risk and Uncertainties

Investments

The Plan invested in various investment securities in 2025 and 2024. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Litigation and Claims

The Plan is subject to litigation and claims arising during the ordinary course of business and Plan activities. When applicable, the Plan evaluates these uncertainties and potential contingencies based on information available. It is the opinion of management, that the Plan has adequate insurance to cover losses related to uncertainties and that there would be no material adverse effect on the financial position of the Plan.
