Financial Statements As Of
June 30, 2025 and 2024

Together With Independent Auditors' Report

INDEPENDENT AUDITORS' REPORT

To the Participants, Plan Administrators and Benefits Committee of the
Magic City Enterprises ERISA 403(b) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C)

We have performed audits of the accompanying financial statements of Magic City Enterprises ERISA 403(B) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of June 30, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Magic City Enterprises ERISA 403(B) Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended June 30, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section —

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Independent Auditors' Report (Continued)

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Magic City Enterprises ERISA 403(B) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Magic City Enterprises ERISA 403(B) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Independent Auditors' Report (Continued)**Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Magic City Enterprises ERISA 403(B) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Magic City Enterprises ERISA 403(B) Plan's ability to continue as a going concern for a reasonable period of time.

Independent Auditors' Report (Continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets Held for Investment Purposes as of June 30, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Independent Auditors' Report (Continued)

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes To Financial Statements
For The Years Ended June 30, 2025 and 2024

(1) Description Of The Plan

The following description of Magic City Enterprises 403(b) Plan (the “Plan”), provides only general information. Participants and all others should refer to the Plan Document for more complete description of the plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all full time employees of Magic City Enterprises (the “Plan Sponsor”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). Magic City Enterprises is the plan sponsor and plan administrator.

Contributions

Each participant may elect to reduce his or her compensation and have such amounts contributed to the Plan as pre-tax contributions. Pre-tax contributions are excluded from a participant’s taxable compensation in accordance with the provisions of the Internal Revenue Code (IRC).

The IRC imposes certain restrictions on the amount of annual additions to an individual participants accounts, as well as an aggregate limit on contributions and requires compliance with certain nondiscrimination tests. The annual limit on a participant’s before-tax contributions was \$23,500 and \$23,000 for 2025 and 2024, respectively.

Plan participants who are age 50 or more by the close of the Plan year, may elect to make catch-up elective deferrals up to \$7,500 per calendar year for 2025 and 2024. These elective deferrals are for eligible participants whose elective deferrals have been restricted by either a statutory ceiling or by a plan limit.

The Company may make a discretionary matching contribution. The Company’s matching contribution is determined annually at the end of the prior fiscal year. For the fiscal years ended June 30, 2025 and 2024, the Company contributed 1% of eligible employees pretax compensation in which the participant contributed at least 1% of compensation to the Plan.

The Plan also allows rollover contributions, within IRS parameters of part or all “qualified total distribution” received by a participant from a qualified plan of a previous employer. Rollover contributions into the Plan are 100% vested and non-forfeitable at all times.

Notes To Financial Statements (Continued)

Participant Accounts And Investment Options

Each participant's account is credited with the participant's contribution and allocations of Plan earnings. Allocations are based on participant earnings or account balances, as defined. Participants direct the investment of their contributions into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable From Participants

The Plan does not allow loans.

Vesting

Participants are immediately vested in their elective contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts occurs according to the following schedule:

<u>Years of service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Forfeited Accounts

Forfeitures can be used to pay the administration expenses of the Plan or used to reduce the Company's contributions to the Plan.

Payments of Benefits

On termination of service due to death, disability or retirement, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Hardship withdrawals are permitted by the Plan for certain allowable expenses only if all other means of withdrawals or loans have been utilized. Participant may not contribute to the Plan for six months following the hardship withdrawal, except as moderated under the provision of the CARES act.

Administration And Expenses

The Plan paid \$730 and \$896 for the years ended June 30, 2025 and 2024, respectively, in administrative fees. All other costs of the Plan are paid by the Plan Sponsor.

(2) Summary Of Significant Accounting Policies

Basis Of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use Of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from those estimates.

Contributions

Participant contributions and related employer contributions are recognized in the period during which the Plan Sponsor makes the respective payroll deduction from the participant accounts.

Investment Valuation And Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payments of Benefits

Benefit payments to participants are recorded when paid.

Fair Value Measurements

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 3 inputs in the periods presented.

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at their price. The mutual funds held by the Plan are considered to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

In general, investments are exposed to various risks, such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect the investment balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events

Management has evaluated subsequent events through April 8, 2026, the date which the financial statements were available for issue. There were no events or transactions discovered during the evaluation that require recognition or disclosure in the financial statements.

(3) **Financial Data Certified By The Investment Company Administered Trust Fund**

The plan administrator has elected the method of compliance permitted by Section CFR 29 2520.103-5 (c) of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA for the years ended June 30, 2025 and 2024. Accordingly, as permitted under such election, Mutual of America has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments as shown in the statements of net assets available for benefits and related disclosures as of June 30, 2025 and 2024.
- Investment income as shown in the statements of changes in net assets available for benefits for the years ended June 30, 2025 and 2024.

- Investment information included in the accompanying schedule of assets (held at year-end) as of June 30, 2025. The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(4) **Investment Contracts**

The Plan entered into a fully benefit-responsive contract. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the stable value investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract as of June 30, 2025 and 2024, were \$21,500 and \$27,901, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 0%. During the years ended June 30, 2025 and 2024, the average yield return for the fully benefit responsive investment was 2.85%.

Certain events limit the Plan's ability to transact at contract value. Such events include the following: (a) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) plan sponsor events that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or other required prohibited transactions exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from the contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan's administrator does not believe that any events that would

Notes To Financial Statements (Continued)

Page -14-

limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

(5) Investments

The following table presents the Plan's fair value hierarchy for those assets measured at fair value on a recurring basis as of June 30, 2025:

Gains and losses included in changes in net assets available for benefits for the year ended June 30, 2025 and 2024, are reported in net appreciation (depreciation) in fair value of investments and relate to investments measured by quoted prices in an active market.

(6) **Forfeited Nonvested Amounts**

As of June 30, 2025 and 2024, forfeited non-vested accounts totaled \$490 and \$423. During the years ended June 30, 2025 and 2024, \$651 and \$299, respectively were utilized to reduce employer contributions.

(7) **Plan Termination**

Although the Plan Sponsor intends to continue the Plan and to make discretionary contributions, the Employer reserves the right to terminate the Plan at any time, and its continuance is not guaranteed. The Plan Sponsor also has reserved the right to amend or otherwise modify the Plan, or to discontinue any further contributions or payments under the Plan, by a resolution of its Board. In the event of a termination of the Plan or discontinuance of contributions, the account of each affected participant shall become non-forfeitable.

(8) **Income Tax Status**

403(b) plans currently are not required to submit plans to the Internal Revenue Service for determination. However, the plan administrator believes that the Plan was designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code. Plan Sponsor has previously received notice from the Internal Revenue Service of exemption from the income tax under Section 501(c)(3) of the Internal Revenue Code and accordingly qualifies to maintain a 403(b) plan. The Plan Sponsor has evaluated its tax positions and did not note any matters which may have an affect on its tax-exempt status.

The Plan follows the *Accounting for Uncertainty in Income Taxes* accounting standard which requires the Plan to determine whether a tax position (and the related tax benefit) is more likely than not to be sustained upon examination by the applicable taxing authority, based solely on the technical merits of the position. The tax benefit to be recognized is measured as the largest amount of benefit that is greater than fifty percent likely of being realized upon settlement, presuming that the tax position is examined by the appropriate taxing authority that has full knowledge of all relevant information. During the years ended June 30, 2025 and 2024, the Plan evaluated its tax positions to determine the existence of uncertainties, and did not note any matters that would require recognition in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The Plan is no longer subject to U.S. federal tax audits on its Form 5500 by taxing authorities for years ending prior to June

30, 2022. The years subsequent to this year contain matters that could be subject to differing interpretations of applicable tax laws and regulations. Although the outcome of tax audits is uncertain, the Plan believes no material tax liability would arise.

(9) **Risks And Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(10) **Party-In-Interest**

The Plan engages certain service providers who are considered parties-in-interest as defined by the Employee Retirement Income Security Act of 1974 ("ERISA"). These include the Plan's trustee, recordkeeper, and investment advisors. Fees paid for these services are included as a reduction of the return earned on each investment fund as well as additional fees charged to the Plan.

All party-in-interest transactions noted above are considered exempt transactions under ERISA regulations.
