(2) EIN: **04-2734675**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		500000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year?..... ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

Independent Auditors' Report

To the Plan Administrator and Participants of
403(B) Thrift Plan of Way Finders, Inc.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of 403(B) Thrift Plan of Way Finders, Inc. (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of June 30, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended June 30, 2025 and 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule: Schedule H, Line 4i – Schedule of Assets (Held at End of Year), as of June 30, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

June 30, 2025 and 2024

1. Description of Plan

The following description of the 403(B) Thrift Plan of Way Finders, Inc. (the Plan), provides only general information. Participants should refer to the summary plan description or plan document for more complete information of the Plan's provisions.

General

The Plan is a 403(b) defined contribution plan established effective July 1, 1988, and most recently amended August 1, 2019. Employees of Way Finders, Inc. (the Company) are eligible to participate in the Plan upon hire and begin to receive the Company's employer contributions upon completion of one year of service, with a minimum of 1,000 hours. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Directors is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Directors.

Contributions

Each year participants may contribute a percentage of their annual compensation as defined in the Plan. Participants may make either or both, pretax contributions or post-tax Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also make rollover contributions from other qualified plans. Participants direct the investment of their allocated contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2 percent of eligible compensation. Participants who have completed at least 1,000 service hours are eligible to receive an employer discretionary non-elective contribution. These contributions are based upon the total compensation received on the pay dates falling within a period approved by the board of directors of the Company for all employees who are eligible for employer contributions on the pay dates falling within a period. Company discretionary non-elective contributions are funded on an annual basis. The August 1, 2019 plan amendment added fixed percentage employer matching contributions for eligible participants equal to 20% of participants' salary reduction contributions that were deferred during the plan year, not to exceed 2% of compensation.

Participant Accounts

Each participant's account is credited with the participant's contribution, Company's contribution and an allocation of the Plan's earnings/(losses) and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant contributions and investment allocations are determined by the participant and may be changed or discontinued at any time.

Notes to Financial Statements - *Continued*

June 30, 2025 and 2024

1. Description of Plan – Continued

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 from their account, up to an amount equal to the lesser of \$50,000 or 50% of their vested account balance with Mutual of America Investment Corporation (MOA). Loans are collateralized using a participant's account balance in an amount equal to the amount of the loan plus an additional 20%. Interest is due on the outstanding principal balance at a rate commensurate with local prevailing rates and is credited back to the participant's account. As of June 30, 2025 and 2024, loans bear interest at 4.60% - 5.85%. Principal and interest are paid ratably through payroll deductions.

Vesting

Participants are vested in their account under the Plan at 50% after one year of service; 75% after two years of service; and fully vested after three years of service. A vested benefit cannot be taken away from them or forfeited.

Plan Loans

Participants may borrow from one of the Plan's custodians, Variable Annuity Life Insurance Company (VALIC), (See Note 9) using the assets in their accounts as collateral. Under this arrangement, VALIC has the right to collect the collateral in the event of default.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Administrative Expenses

The Plan is responsible for payment of the Plan's custodial expenses and fees. The Company has elected to pay a portion of these costs directly. The remaining costs are paid by the Plan. For the years ended June 30, 2025 and 2024, the Plan paid total costs of \$4,762 and \$5,651, respectively. Administrative expenses, which relate to the servicing of loans to participants and certain investment fees, are paid via a reduction of loan proceeds or participant account balances.

Payment of Benefits

Upon termination of service due to death, disability or retirement, or the attainment of age 59 ½, a participant may receive payment in the form of a Qualified Joint and Survivor Annuity, unless a Qualified Election is made. If a Qualified Election is made, any other form of payment allowed under the purchased annuity contract may be made. In addition, a participant may request withdrawals for purposes of financial hardship, limited to the participant's vested portion of the participant's account. Distributions are subject to the applicable provisions of the Plan document and may be subject to surrender charges.

2. *Significant Accounting Policies*

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initial permitted transactions under the terms of the Plan.

Payment of Benefits

Benefits are recorded when paid.

Custodians

Participant's investments are held among two Custodians, VALIC and MOA (the Custodians).

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's administrator determines the Plan's valuation policies utilizing information provided by the investment advisers, Custodians. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Reclassifications

Certain 2024 amounts have been reclassified to conform to the 2025 financial statement presentation.

June 30, 2025 and 2024

3. Risk and Uncertainties

The Plan and its participants invest in various investment securities. Investment securities are exposed to various risk such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities it is at least reasonably possible that changes in the value of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

4. Information Prepared and Certified by Custodians (Unaudited)

Certain information included in the accompanying financial statements and supplemental schedule was obtained by management and agreed from information that has been prepared and certified to as complete and accurate by the Custodians, and qualified institutions, as of and for the years ended June 30, 2025 and 2024.

5. Income Tax Status

The Plan, as a 403(b) plan, currently is not required to be submitted to the Internal Revenue Service (IRS) for determination. However, the Plan has been designed as a prototype plan from the Plan's third party administrator to qualify under Section 403(b) of the Internal Revenue Code. The terms of the Plan have been prepared to conform with the sample language provided by the IRS in Revenue Procedure 2007-71. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for plan participants under Section 403(b).

5. *Income Tax Status – Continued*

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for Plan years prior to tax year 2022.

6. *Fair Value Measurements*

The Financial Accounting Standards Board provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

6. Fair Value Measurements – Continued

The following is a description of the valuation methodologies used for assets at fair value. There have been no changes in the methodologies used at June 30, 2025 and 2024.

Variable Annuities

Valued at fair value, which is determined by the net asset value reported by VALIC. The funds held by the Plan are deemed to be actively traded.

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the securities and exchange commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2025 and 2024:

<i>Assets at Fair Value as of June 30, 2025</i>		
<i>Description</i>	<i>Level 1</i>	<i>Total</i>
Variable annuity contracts	\$ 486,411	\$ 486,411
Mutual funds	<u>12,694,000</u>	<u>12,694,000</u>
Total investments at fair value	<u>\$ 13,180,411</u>	<u>\$ 13,180,411</u>
<i>Assets at Fair Value as of June 30, 2024</i>		
<i>Description</i>	<i>Level 1</i>	<i>Total</i>
Variable annuity contracts	\$ 453,175	\$ 453,175
Mutual funds	<u>10,618,967</u>	<u>10,618,967</u>
Total investments at fair value	<u>\$ 11,072,142</u>	<u>\$ 11,072,142</u>

For the years ended June 30, 2025 and 2024, there were no significant transfers between Level 1 and 2 and no transfers in or out of Level 3.

7. *Fully Benefit-Responsive Contracts*

VALIC

The Plan's Fixed Account Plus (FAP account) and Short Term Fixed Account (STF account) are fully benefit-responsive fixed group annuity contracts issued by VALIC. VALIC maintains the contributions in a general account. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contracts meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts. The guaranteed investment contracts are presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by VALIC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the FAP account at June 30, 2025 and 2024, was \$275,001 and \$271,713, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 1%. Such interest rates will be reviewed periodically but not less than annually for resetting. The contract value of the STF account at June 30, 2025 and 2024, was \$14,188 and \$17,112, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 1%. Such interest rates are reviewed on a portfolio basis, all amounts accumulated will be credited with the same rate of interest for the current period for resetting.

Certain events limit the Plan's ability to transact at contract value with VALIC. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value.

403(B) Thrift Plan of Way Finders, Inc.
Notes to Financial Statements - *Continued*
June 30, 2025 and 2024

7. *Fully Benefit-Responsive Contracts – Continued*

Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

MOA

The Plan invests in the MOA Interest Accumulation Account (the MOA Fund), a traditional fully benefit-responsive guaranteed investment, managed exclusively for the Plan by MOA. MOA maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The MOA Fund's issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the MOA Fund meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the MOA Fund. The MOA Fund is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported by MOA, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the MOA Fund at June 30, 2025 and 2024, was \$294,094 and \$268,594, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 1%. Such interest rates are reviewed on a quarterly basis for resetting.

There are certain events that limit the ability of the Plan to transact at contract value with the issuer immediately. Such events include termination of the contract, layoffs, termination of the plan, plant closings, bankruptcy, mergers or early retirement incentives. Plan management does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

The investment contract does not permit the issuer to terminate the agreement prior to the scheduled maturity date.

8. *Party-in-Interest Transactions*

Plan assets consist of certain funds managed by VALIC and MOA. VALIC and MOA are the Custodians, as defined by the Plan, and as such transactions with the Custodians qualify as party-in-interest transactions under ERISA. Personnel and facilities of the Company have been used to perform administrative functions for the Plan at no charge to the Plan. Fees paid by the Plan for investments management services totaled \$4,762 and \$5,651 for the years ended June 30, 2025 and 2024, respectively.

9. *Collateral for Plan Loans*

Plan loans are issued as separate contracts as contemplated by IRC section 72(p)(5), and do not represent assets of the Plan. Loans issued by VALIC are collateralized using a participant's account balance in an amount equal to the amount of the loan, the first quarter's interest payment, and any applicable withdrawal charges. Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the participants vested account balance in the Plan. Principal and interest is paid by the participant to VALIC and each payment will reduce amounts collateralized by the borrowing participant's account balance. The collateralized balance is not available for transfer, withdrawal, retirement income benefits or survivor benefits. The amount of assets pledged as collateral at June 30, 2025 and 2024 totaled \$38,207 and \$46,888, respectively. At June 30, 2025 and 2024, interest rates on Plan loans ranged from 2.5% to 5.5% and 1% to 3% respectively.

10. *Subsequent Events*

The Plan has evaluated subsequent events through April 6, 2026, which is the date the financial statements were available to be issued. No material subsequent events have occurred since June 30, 2025 that require recognition or disclosure in these financial statements.

Independent Auditors' Report

To the Plan Administrator and Participants of
403(B) Thrift Plan of Way Finders, Inc.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of 403(B) Thrift Plan of Way Finders, Inc. (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of June 30, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended June 30, 2025 and 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule: Schedule H, Line 4i – Schedule of Assets (Held at End of Year), as of June 30, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

June 30, 2025 and 2024

1. Description of Plan

The following description of the 403(B) Thrift Plan of Way Finders, Inc. (the Plan), provides only general information. Participants should refer to the summary plan description or plan document for more complete information of the Plan's provisions.

General

The Plan is a 403(b) defined contribution plan established effective July 1, 1988, and most recently amended August 1, 2019. Employees of Way Finders, Inc. (the Company) are eligible to participate in the Plan upon hire and begin to receive the Company's employer contributions upon completion of one year of service, with a minimum of 1,000 hours. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Directors is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Directors.

Contributions

Each year participants may contribute a percentage of their annual compensation as defined in the Plan. Participants may make either or both, pretax contributions or post-tax Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also make rollover contributions from other qualified plans. Participants direct the investment of their allocated contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2 percent of eligible compensation. Participants who have completed at least 1,000 service hours are eligible to receive an employer discretionary non-elective contribution. These contributions are based upon the total compensation received on the pay dates falling within a period approved by the board of directors of the Company for all employees who are eligible for employer contributions on the pay dates falling within a period. Company discretionary non-elective contributions are funded on an annual basis. The August 1, 2019 plan amendment added fixed percentage employer matching contributions for eligible participants equal to 20% of participants' salary reduction contributions that were deferred during the plan year, not to exceed 2% of compensation.

Participant Accounts

Each participant's account is credited with the participant's contribution, Company's contribution and an allocation of the Plan's earnings/(losses) and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant contributions and investment allocations are determined by the participant and may be changed or discontinued at any time.

1. *Description of Plan – Continued*

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 from their account, up to an amount equal to the lesser of \$50,000 or 50% of their vested account balance with Mutual of America Investment Corporation (MOA). Loans are collateralized using a participant's account balance in an amount equal to the amount of the loan plus an additional 20%. Interest is due on the outstanding principal balance at a rate commensurate with local prevailing rates and is credited back to the participant's account. As of June 30, 2025 and 2024, loans bear interest at 4.60% - 5.85%. Principal and interest are paid ratably through payroll deductions.

Vesting

Participants are vested in their account under the Plan at 50% after one year of service; 75% after two years of service; and fully vested after three years of service. A vested benefit cannot be taken away from them or forfeited.

Plan Loans

Participants may borrow from one of the Plan's custodians, Variable Annuity Life Insurance Company (VALIC), (See Note 9) using the assets in their accounts as collateral. Under this arrangement, VALIC has the right to collect the collateral in the event of default.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Administrative Expenses

The Plan is responsible for payment of the Plan's custodial expenses and fees. The Company has elected to pay a portion of these costs directly. The remaining costs are paid by the Plan. For the years ended June 30, 2025 and 2024, the Plan paid total costs of \$4,762 and \$5,651, respectively. Administrative expenses, which relate to the servicing of loans to participants and certain investment fees, are paid via a reduction of loan proceeds or participant account balances.

Payment of Benefits

Upon termination of service due to death, disability or retirement, or the attainment of age 59 ½, a participant may receive payment in the form of a Qualified Joint and Survivor Annuity, unless a Qualified Election is made. If a Qualified Election is made, any other form of payment allowed under the purchased annuity contract may be made. In addition, a participant may request withdrawals for purposes of financial hardship, limited to the participant's vested portion of the participant's account. Distributions are subject to the applicable provisions of the Plan document and may be subject to surrender charges.

2. *Significant Accounting Policies*

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initial permitted transactions under the terms of the Plan.

Payment of Benefits

Benefits are recorded when paid.

Custodians

Participant's investments are held among two Custodians, VALIC and MOA (the Custodians).

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's administrator determines the Plan's valuation policies utilizing information provided by the investment advisers, Custodians. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Reclassifications

Certain 2024 amounts have been reclassified to conform to the 2025 financial statement presentation.

403(B) Thrift Plan of Way Finders, Inc.
Notes to Financial Statements - *Continued*
June 30, 2025 and 2024

3. Risk and Uncertainties

The Plan and its participants invest in various investment securities. Investment securities are exposed to various risk such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities it is at least reasonably possible that changes in the value of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

4. Information Prepared and Certified by Custodians (Unaudited)

Certain information included in the accompanying financial statements and supplemental schedule was obtained by management and agreed from information that has been prepared and certified to as complete and accurate by the Custodians, and qualified institutions, as of and for the years ended June 30, 2025 and 2024.

The information certified by the Custodians is as follows:

	2025	2024
Investments - interest accumulation account	\$ 294,094	\$ 268,594
Notes receivable from participants (included in interest accumulation account)	<u>104,387</u>	<u>134,168</u>
Total Interest accumulation account (certified)	<u>\$ 398,481</u>	<u>\$ 402,762</u>
Investments at fair value:		
Variable annuity contracts	\$ 486,411	\$ 453,175
Mutual funds	\$ 12,694,000	\$ 10,618,967
Investments at contract value:		
Fixed annuity contracts	\$ 289,189	\$ 288,825
Guaranteed interest accounts	\$ 398,481	\$ 402,762
Cash	\$ 50,659	\$ 47,348
Net appreciation in fair value of investment	\$ 1,344,874	\$ 1,388,957
Interest and dividend income	\$ 10,055	\$ 10,030

5. Income Tax Status

The Plan, as a 403(b) plan, currently is not required to be submitted to the Internal Revenue Service (IRS) for determination. However, the Plan has been designed as a prototype plan from the Plan's third party administrator to qualify under Section 403(b) of the Internal Revenue Code. The terms of the Plan have been prepared to conform with the sample language provided by the IRS in Revenue Procedure 2007-71. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for plan participants under Section 403(b).

403(B) Thrift Plan of Way Finders, Inc.

Notes to Financial Statements - *Continued*

June 30, 2025 and 2024

5. *Income Tax Status – Continued*

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for Plan years prior to tax year 2022.

6. *Fair Value Measurements*

The Financial Accounting Standards Board provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

403(B) Thrift Plan of Way Finders, Inc.
Notes to Financial Statements - *Continued*
June 30, 2025 and 2024

6. Fair Value Measurements – Continued

The following is a description of the valuation methodologies used for assets at fair value. There have been no changes in the methodologies used at June 30, 2025 and 2024.

Variable Annuities

Valued at fair value, which is determined by the net asset value reported by VALIC. The funds held by the Plan are deemed to be actively traded.

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the securities and exchange commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2025 and 2024:

<i>Assets at Fair Value as of June 30, 2025</i>		
<i>Description</i>	<i>Level 1</i>	<i>Total</i>
Variable annuity contracts	\$ 486,411	\$ 486,411
Mutual funds	<u>12,694,000</u>	<u>12,694,000</u>
Total investments at fair value	<u>\$ 13,180,411</u>	<u>\$ 13,180,411</u>
<i>Assets at Fair Value as of June 30, 2024</i>		
<i>Description</i>	<i>Level 1</i>	<i>Total</i>
Variable annuity contracts	\$ 453,175	\$ 453,175
Mutual funds	<u>10,618,967</u>	<u>10,618,967</u>
Total investments at fair value	<u>\$ 11,072,142</u>	<u>\$ 11,072,142</u>

For the years ended June 30, 2025 and 2024, there were no significant transfers between Level 1 and 2 and no transfers in or out of Level 3.

403(B) Thrift Plan of Way Finders, Inc.

Notes to Financial Statements - *Continued*

June 30, 2025 and 2024

7. *Fully Benefit-Responsive Contracts*

VALIC

The Plan's Fixed Account Plus (FAP account) and Short Term Fixed Account (STF account) are fully benefit-responsive fixed group annuity contracts issued by VALIC. VALIC maintains the contributions in a general account. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contracts meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts. The guaranteed investment contracts are presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by VALIC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the FAP account at June 30, 2025 and 2024, was \$275,001 and \$271,713, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 1%. Such interest rates will be reviewed periodically but not less than annually for resetting. The contract value of the STF account at June 30, 2025 and 2024, was \$14,188 and \$17,112, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 1%. Such interest rates are reviewed on a portfolio basis, all amounts accumulated will be credited with the same rate of interest for the current period for resetting.

Certain events limit the Plan's ability to transact at contract value with VALIC. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value.

403(B) Thrift Plan of Way Finders, Inc.
Notes to Financial Statements - *Continued*
June 30, 2025 and 2024

7. *Fully Benefit-Responsive Contracts – Continued*

Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

MOA

The Plan invests in the MOA Interest Accumulation Account (the MOA Fund), a traditional fully benefit-responsive guaranteed investment, managed exclusively for the Plan by MOA. MOA maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The MOA Fund's issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the MOA Fund meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the MOA Fund. The MOA Fund is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported by MOA, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the MOA Fund at June 30, 2025 and 2024, was \$294,094 and \$268,594, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 1%. Such interest rates are reviewed on a quarterly basis for resetting.

There are certain events that limit the ability of the Plan to transact at contract value with the issuer immediately. Such events include termination of the contract, layoffs, termination of the plan, plant closings, bankruptcy, mergers or early retirement incentives. Plan management does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

The investment contract does not permit the issuer to terminate the agreement prior to the scheduled maturity date.

Notes to Financial Statements - *Continued*
June 30, 2025 and 2024

8. *Party-in-Interest Transactions*

Plan assets consist of certain funds managed by VALIC and MOA. VALIC and MOA are the Custodians, as defined by the Plan, and as such transactions with the Custodians qualify as party-in-interest transactions under ERISA. Personnel and facilities of the Company have been used to perform administrative functions for the Plan at no charge to the Plan. Fees paid by the Plan for investments management services totaled \$4,762 and \$5,651 for the years ended June 30, 2025 and 2024, respectively.

9. *Collateral for Plan Loans*

Plan loans are issued as separate contracts as contemplated by IRC section 72(p)(5), and do not represent assets of the Plan. Loans issued by VALIC are collateralized using a participant's account balance in an amount equal to the amount of the loan, the first quarter's interest payment, and any applicable withdrawal charges. Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the participants vested account balance in the Plan. Principal and interest is paid by the participant to VALIC and each payment will reduce amounts collateralized by the borrowing participant's account balance. The collateralized balance is not available for transfer, withdrawal, retirement income benefits or survivor benefits. The amount of assets pledged as collateral at June 30, 2025 and 2024 totaled \$38,207 and \$46,888, respectively. At June 30, 2025 and 2024, interest rates on Plan loans ranged from 2.5% to 5.5% and 1% to 3% respectively.

10. *Subsequent Events*

The Plan has evaluated subsequent events through April 6, 2026, which is the date the financial statements were available to be issued. No material subsequent events have occurred since June 30, 2025 that require recognition or disclosure in these financial statements.
