INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Marlborough School Defined Contribution Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Marlborough School Defined Contribution Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of June 30, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended June 30, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Marlborough School Defined Contribution Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of June 30, 2025 and 2024, and for the year ended June 30, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of Marlborough School Defined Contribution Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Marlborough School Defined Contribution Retirement Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Marlborough School Defined Contribution Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Marlborough School Defined Contribution Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions for the year ended June 30, 2025, and of assets (held at end of year) as of June 30, 2025, (collectively, the "supplemental schedules") are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The following description of Marlborough School Defined Contribution Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan documents for a more complete description of the Plan's provisions.

General

The Plan, a defined contribution retirement plan sponsored by Marlborough School (the "School", "Employer", or "Plan Sponsor") pursuant to Section 403(b) and related provisions of the Internal Revenue Code (IRC), was established effective January 1, 1965, and on June 30, 2020, retroactively restated as of July 1, 2009, to adopt the FIS Business Systems LLC (FIS) 403(b) Volume Submitter Basic Plan Document (the "volume submitter plan"). The Plan is designed to provide participants with a means to defer a portion of their compensation for retirement and to provide benefits in the event of disability, death, termination of employment, or financial hardship. The Plan covers all eligible employees of the School upon employment and is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA).

Effective March 27, 2020, the Plan administratively adopted the provisions of the Coronavirus Aid, Relief, and Economic Security (CARES) Act, related to participant loans and distributions. The School has until December 31, 2026, to amend the Plan for changes allowed by the CARES Act. The Plan has not been formally amended to adopt these provisions as of the date the financial statements were available to be issued.

An expansion of Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE 2.0") was signed into law on December 29, 2022, as part of the Consolidated Appropriations Act of 2023. The effective dates of provisions within SECURE 2.0 vary through 2026. The School has until December 31, 2026, to amend the Plan for the changes related to SECURE 2.0. The Plan has not been formally amended to adopt these provisions as of the date the financial statements were available to be issued.

Plan administration

The School is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The School has delegated certain responsibilities for the operation and administration of the Plan. Teachers Insurance and Annuity Association (TIAA) and College Retirement Equities Fund (CREF), and as agent for TIAA, Trust, N.A. (Collectively, the "Custodians"), and Fidelity Management Trust Company, (the "Trustee") are responsible for the custody and management of the Plan's assets and affiliates of the Custodians and Trustee process and maintain participant account records.

1. DESCRIPTION OF THE PLAN (continued)

Eligibility

Eligible employees may begin making elective salary deferral contributions as of their date of hire. All faculty, staff, administrators, temporary or coach employees scheduled to work at least 1,000 hours per year, any employee born before 1950, or any performing arts instructor with at least 25 years of service are eligible to participate in the Plan. Independent contractors, student employees and employees who are scheduled to work fewer than 1,000 hours per year are not eligible to participate in the Plan. Employees who are not eligible for benefits under the School's employee benefits program are not eligible for Employer matching contributions.

In the event that an employee worked at least 1,000 hours in a Plan year, and was not originally scheduled to do so, the employee will be eligible to enter the Plan upon completion of the 1,000 hours during the Plan year.

Participant contributions

Participants may elect to contribute through payroll deduction amounts up to 100% of their annual compensation, as defined by the plan document, on a tax-deferred or after-tax basis (as Roth contributions), up to a maximum amount allowed by the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified employer-sponsored retirement plans (rollovers). Participants direct the investment of all their contributions into various investment options offered by the Plan.

Employer contributions

The School makes a matching contribution for each dollar contributed up to 7% of each participant's total eligible compensation for all participants with fewer than 10 years of service. Participants with 10 or more years of service are eligible to receive matching contributions for each dollar contributed up to 8% of each participant's total eligible compensation.

Participant accounts

Each participant's account is credited with the participant's contributions or rollovers and allocations of Employer contributions and Plan earnings, and charged with an allocation of investment losses and administrative expenses not paid directly by the School. Allocations of investment earnings are based strictly on the participant's selection of investments and timing of purchases or sales. Other allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately vested in all contributions plus actual earnings thereon.

1. DESCRIPTION OF THE PLAN (continued)

Forfeited accounts

Forfeitures of Employer matching contributions may occur as a result of excess Employer contributions. During the Plan year ended June 30, 2025, \$0 of forfeitures were used to reduce Employer contributions. As of June 30, 2025 and 2024, total forfeited nonvested accounts totaled \$1,603 and \$1,434, respectively.

Notes receivable from participants

Participants may borrow from their accounts held with TIAA a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance. Notes receivable terms are generally five years or less but may exceed five years if the purpose of the loan is to purchase a principal residence. Notes receivable are secured by the balance in participants' account and bear interest at the prime rate plus one percent, as defined in the plan document. Notes receivable from participants mature at various dates through December 2032 and accrue interest at rates ranging from 4.25% to 9.50% as of June 30, 2025.

Payment of benefits

Distributions and withdrawals are payable to participants upon retirement, termination, attainment of age 59 1/2, financial hardship, disability, or death. Upon attaining the age of 59 1/2 the participant may, while still employed by the School, request a withdrawal from their account balance. Upon termination, if a participant's account balance is equal to or less than \$5,000 upon termination, the balance will automatically be rolled over to an individual retirement plan designated by the administrator if the participant has not requested a lump-sum cash payment or a direct rollover into another qualified benefit plan. If the account balance is greater than \$5,000 upon termination, the participant can consent to either a distribution paid in the form of a lump-sum cash payment, a direct rollover into another qualified plan, or postpone payment to a later date and remain in the Plan as described in the plan documents.

Hardship withdrawals are permitted under limited circumstances from the portion of a participant's account balance.

Administrative expenses

Certain administrative expenses of the Plan, including record-keeping and audit fees, were paid by the School for the year ended June 30, 2025. Investment fees, which may vary according to the individual funds selected, are paid indirectly out of the assets of the Plan and impact Plan earnings.

Participants may be charged for some or all of the costs and expenses of operating the Plan. Such expenses include but are not limited to investment expenses and costs to process distributions, notes receivable to participants, and qualified domestic relations orders. Generally, the School pays for administrative expenses of the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting and financial statement presentation

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and changes therein.

Investment valuation and income recognition

The Plan's investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. The Custodians and Trustee certify the value of all investments and related activity. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 4). Contract value is the relevant measurement for assets invested in fully benefit-responsive investment contracts because contract value is the amount participants normally receive if they were to initiate permitted transactions under the terms of the Plan (Note 5).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Contributions and contributions receivable

Contributions from participants are recorded based on the date the contributions have been separated from a participant's pay by the School, which is the pay date. Employer contributions are recorded in the year they are earned and to coincide with the year in which the School records the contribution in its general ledger. Contributions receivable are employee and Employer contributions earned and withheld by the School as of June 30 which were received by the Custodians subsequent to year end.

Notes to Financial Statements
June 30, 2025 and 2024

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Contributions and contributions receivable (continued)

Rollover contributions from participants are recorded based on the date the rollover contributions have been allocated to participant's accounts.

Notes receivable from participants

Notes receivable are carried and presented at their unpaid balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. If a participant ceases to make repayments and the plan administrator deems the participant note to be a distribution, the note receivable balance is reduced and a benefit payment is recorded.

Payment of benefits

Benefit payments are recorded when paid.

Administrative expenses

Expenses are recorded when incurred.

Subsequent events

The Plan has evaluated subsequent events through April 6, 2026, the date the financial statements were available to be issued. There are no subsequent events that would have a material impact on the presentation of the Plan's financial statements.

3. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIANS AND TRUSTEE (UNAUDITED)

The plan administrator, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of ERISA. Accordingly, the Custodians and Trustee (Note 1), determined to be qualified institutions by the plan administrator, have certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of June 30, 2025 and 2024;
- Investment income and other income reflected on the accompanying statement of changes in net assets available for benefits for the year ended June 30, 2025, and;
- Investments and notes receivable from participants reflected on the schedule of assets (held at end of year) as of June 30, 2025, ("supplemental schedule").

Marlborough School Defined Contribution Retirement Plan
Notes to Financial Statements
June 30, 2025 and 2024

3. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIANS AND TRUSTEE
(UNAUDITED) (continued)

Accordingly, as requested by the plan administrator, the Plan's independent auditor performed no auditing procedures with respect to the certified information other than to agree the certified information to the related information included in the financial statements and supplemental schedule.

4. FAIR VALUE MEASUREMENTS

Accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to the unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of fair value hierarchy are as follows:

- *Level 1* - inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.
- *Level 2* - inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability; or
- *Level 3* - inputs to the valuation methodology are unobservable and significant to the fair value measurement of the assets or liabilities.

Transfers between levels within the fair value hierarchy are recognized when there is a change in the investments within a level or a change in inputs used to value those investments. There were no transfers due to a change in inputs or changes to investments within a level.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used as of June 30, 2025 and 2024.

Mutual funds: registered investment companies are valued at the net asset value of shares held by the Plan at year-end which are quoted in active markets. Investments are valued using market quotations or prices obtained from independent pricing services. The mutual funds held by the Plan are deemed to have a readily determinable fair value and are classified within level 1 of the fair value hierarchy.

Marlborough School Defined Contribution Retirement Plan
Notes to Financial Statements
June 30, 2025 and 2024

4. FAIR VALUE MEASUREMENTS (continued)

Pooled Separate Account: The investment in a pooled separate account consists of underlying investments in real estate properties and real estate-related investments. Units held in the separate account are accumulation units and calculate the contract owner's interest. Such units are valued daily to reflect investment performance and the prorated daily deduction for expense charges. The number of units credited to a participant's account is determined by dividing the dollar amount of the transaction by the unit value the next time value is computed. Units are valued any day the New York Stock Exchange is open for business and may be accessed by plan sponsors and participants via the TIAA website. The pooled separate account is classified within Level 1 of the fair value hierarchy.

CREF Variable Annuities: CREF Accounts consist of eight investment portfolios: the Stock, Global Equities, Growth, Equity Index, Bond Market, Inflation Linked Bond, Social Choice and Money Market accounts. The fair values of accumulation units held by the Plan in CREF Accounts are primarily valued using market quotations or prices obtained from independent pricing sources. CREF Accounts are deemed actively traded, and thus are classified within level 1 of the fair value hierarchy. Valuation data is available daily to plan administrators and client investors on TIAA's website and provide sufficient corroborative evidence to ascertain the relationship between each fund's value and the values of individual underlying holdings.

Fixed Annuity Contracts - TIAA Traditional Annuities: The Plan's investments in the TIAA Traditional Annuities are reported by TIAA at contract value, which approximates fair value. As these investments are contract-based, observable prices for identical or similar investments do not exist and, accordingly, these investments are valued using unobservable inputs. TIAA Traditional Annuities are segregated into non-fully benefit-responsive and fully benefit-responsive categories. The Plan's investments in the non-fully benefit-responsive contracts are presented as level 3 fair value investments in the fair value hierarchy. The fully benefit-responsive investment contracts (FBRICs) are not categorized within the fair value hierarchy as they are measured at contract value (Note 5). The Plan sold investments in non-fully benefit-responsive contracts of \$163,310 during the year ended June 30, 2025. Transfers out of non-fully benefit-responsive contracts were \$57,461, and transfers in were \$47,327 for the year ended June 30, 2025, respectively. Purchases on non-fully benefit-responsive contracts totaled \$175,155, for the year ended June 30, 2025.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments, by type, at fair value, as of June 30, 2025:

	Level 1	Level 2	Level 3	Fair Value
Mutual funds	\$ 48,265,382	\$ -	\$ -	\$ 48,265,382

4. FAIR VALUE MEASUREMENTS (continued)

The following table presents information about significant unobservable inputs related to the Plan's investment in assets categorized as Level 3 in the fair value hierarchy at June 30, 2024:

Type	Fair Value	Valuation Techniques	Significant Unobservable Inputs	Range
Fixed Annuity Contracts - TIAA Traditional Annuity	\$ 4,028,894	Discounted cash flow Theoretical transfer (exit value)	Risk-adjusted discount rate applied	RA: 5.25% - 6.50% GRA: 5.25% - 6.50% RC: 5.50% - 6.75%

For TIAA Traditional Retirement Annuity (RA) contracts, lump-sum withdrawals are not available from the account. Withdrawals and transfers from the account must be paid in ten annual installments. The TIAA traditional Group Retirement Annuity (GRA) and traditional Retirement Choice Annuity (RC) allow lump-sum withdrawals from the account only within 120 days after termination of employment and are subject to a 2.5% surrender charge. All other withdrawals and transfers from the account must be paid in ten annual installments.

5. GUARANTEED INVESTMENT CONTRACTS WITH TIAA AND CREF

The TIAA Traditional Annuity is a guaranteed fixed annuity contract available as an investment option to Plan participants. The TIAA Traditional Annuity is offered through a variety of contract types, including the GRA, RA, RC and Group Supplemental Retirement Annuity (GSRA), Supplemental Retirement Annuity (SRA) and Retirement Choice Plus Annuity (RCP). The type of contract through which a participant invests in the TIAA Traditional Annuity determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant's account and the options for receiving income upon retirement.

The GSRA, SRA and RCP contracts are considered FBRICs. The GRA, RC and RA contracts are considered non-FBRICs.

The FBRICs are fully and unconditionally guaranteed by TIAA and CREF, which meets the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value represents accumulated cash contributions made under the contract, plus interest credited to the contracts, less participant withdrawals and transfers. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

Marlborough School Defined Contribution Retirement Plan
Notes to Financial Statements
June 30, 2025 and 2024

5. GUARANTEED INVESTMENT CONTRACTS WITH TIAA AND CREF (continued)

When participants choose to allocate a portion of their retirement savings to the TIAA Traditional Annuity during the accumulation phase of the contract, their contributions purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The participant's principal, plus a minimum specified rate of interest, is guaranteed by TIAA's claims-paying ability. The TIAA Traditional Annuity also provides the potential for additional interest if declared by TIAA's Board of Trustees. Additional interest when declared, remains in effect for the declaration year, which begins each March 1 for accumulating annuities and January 1 for lifetime payout annuities. Additional interest is not guaranteed for future years. Together, the guaranteed minimum and additional amounts make up the crediting interest rate. The crediting interest rates were 4.00% for the period ended as of June 30, 2025.

When a participant's accumulation in the FBRICs is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the statement of changes in net assets available for benefits.

Certain events might limit the ability of the Plan to transact at contract value with TIAA. These events may be different under each contract. Examples of such events include the following: (1) the Plan's failure to qualify under Section 403(b) of the IRC or the failure to qualify for exemption from federal income taxes under Section 501(a) of the IRC; (2) premature termination of the contracts; (3) failure to meet any required or prohibited transaction exemption under ERISA; (4) amendments to the plan documents (including complete or partial Plan termination or merger with another plan); or (5) bankruptcy of the Plan Sponsor or other Plan Sponsor events that significantly affect the Plan's normal operations.

As of April 6, 2026, no events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer or would limit the ability of the Plan to transact at contract value with participants.

6. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

ERISA defines parties-in-interest similar to a related party under accounting standards, except that ERISA's definition is broader and includes all entities and individuals that provide services to the Plan; however, these entities may not necessarily be related parties. There are no related parties to the Plan that were not also considered to be parties-in-interest.

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, and a person who owns 50% or more of such an employer or employee association or relatives of such persons.

Certain fees and expenses of the Plan are paid by the School. The Plan is not required to repay expenses paid by the School on its behalf.

6. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS (continued)

Certain fund level fees incurred by the funds in which the Plan invests for such services as investment management, shareholder services, and sub-transfer agency fees are paid through fund level revenue sharing arrangements. These fees reduce fund earnings thereby impacting Plan revenue applied to participants' accounts.

The Custodians and Trustee retain as compensation for services provided to the Plan, any interest on amounts earned while certain transactions are pending. This applies to both contributions and distributions. Earnings are at institutional money market rates.

Certain Plan investments are owned and managed by the Custodians and Trustee; therefore, these investment transactions qualify as exempt party-in-interest transactions.

7. PLAN TERMINATION

Although the School has not expressed any intent to do so, the School has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA.

8. TAX STATUS

The Plan has adopted and operates under the volume submitter plan (Note 1). The Internal Revenue Service informed FIS by a letter dated March 31, 2017, that the volume submitter plan was designed in accordance with applicable sections of the IRC and is available for use by employers for the benefit of their employees. The Plan administrator believes that the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and that it, and the related trust, are tax-exempt.

9. DELINQUENT PARTICIPANT CONTRIBUTIONS

The School failed to remit to the Plan's Custodians employee contributions and loan repayments from previous years within a timely manner. The delayed contributions are considered prohibited, or nonexempt, transactions. The Plan administrator has taken corrective action to correct the late contribution remittances for lost earnings and all corrections have been fully funded to the Custodians as of the date of this report.
