Together with Independent Auditor's Report

A Hawaii Limited Liability Partnership

Independent Auditor's Report

To the Trustees and Plan Sponsor

Ground Transport, Inc. 401(k) Profit Sharing Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Ground Transport, Inc. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of June 30, 2025 and 2024, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of June 30, 2025 and 2024 and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material

if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – *Supplemental Schedule Required by ERISA*

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of June 30, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for

Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Ground Transport, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements
June 30, 2025 and 2024

1. Description of Plan

The following description of the Ground Transport, Inc. 401(k) Profit Sharing Plan (Plan) is provided for general information purposes only. Participants should refer to the plan document for a complete description of the Plan's provisions.

a. General

The Plan is a defined contribution plan covering substantially all eligible employees of the Company. The Plan has an effective date of July 1, 2006 and was amended and restated effective July 1, 2021. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Empower Annuity Insurance Company of America (EAIC) serves as the custodian of the Plan and holds the Plan's investment assets and executes investment transactions.

b. Eligibility

Employees are eligible to make participant deferrals and participate in employer matching and profit-sharing contributions upon attaining age 21 and completing one year of service. An employee will receive a year of service if they worked at least 800 hours during the eligibility measuring period, which is the twelve-month period beginning with the date of hire. Participants may enter the Plan on January 1 and July 1.

c. Contributions

Participants may make employee salary deferral contributions to the Plan up to the lesser of 100% of their eligible compensation or the Internal Revenue Code (IRC) limitations. The Company may also elect on a year-to-year basis to make discretionary matching and profit-sharing contributions. To be eligible for the employer discretionary matching and profit-sharing contributions, the participant must be an employee on the last day of the plan year and work 800 hours in that plan year. The Company made \$161,015 and \$158,020 in discretionary matching contributions and \$5,537 and \$75,433 in profit-sharing contributions during the years ended June 30, 2025 and 2024, respectively.

Notes to Financial Statements

1. Description of Plan (continued)

d. Participant Accounts

Each participant's account is credited with the participant's and the Company's contributions and an allocation of the Plan's earnings and losses. The participant and the Company's contributions are allocated based on the participant's investment elections. Participant earnings and losses are based upon the results of the investment options selected less an allocation of Plan expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

e. Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contributions are based on years of continuous service. A participant is 20% vested in the Company's contributions after two years of credited service, and an additional 20% per year for each year thereafter until 100% vested after six years of credited service.

f. Payment of Benefits

On termination of service due to death, disability, retirement, or other termination of employment, a participant may receive the value of the vested interest in his or her account. Participants may elect to receive the entire value of their accounts in a lump sum payment, installment payments, or a direct rollover to an eligible retirement plan. Mandatory lump sum distributions will be paid to participants whose vested balance is less than \$5,000.

g. Withdrawals

In-service withdrawals are available to all participants on their portion of the balance of rollover contribution accounts, at any time, or the entire value of the vested interest in their account if the participant has attained age 65 and has five years of participation in the Plan. Participants are eligible to make hardship withdrawals to satisfy an immediate and heavy financial need, as defined by the Plan, subject to approval of the Plan Administrator. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS), and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal. Participants are eligible to make hardship withdrawals on all accounts, including earnings on elective deferrals.

1. Description of Plan (continued)

h. Administrative Expenses

The Plan's administrative and third-party administrator expenses are paid by either the Plan or the Company, as provided by the plan document. All other administrative expenses are the responsibility of the Plan. However, the Company may pay such expenses at its discretion.

i. Forfeitures

Termination of employment for reasons other than retirement, disability, or death results in a forfeiture of the non-vested portion of the participant's account balance. Plan forfeitures may be used to reduce administrative expenses incurred by the Plan, to reduce current employer matching and profit-sharing contributions, or are reallocated among remaining participants' accounts. During the year ended June 30, 2025, approximately \$33,400 of forfeitures was used to reduce employer contributions related to the 2024 plan year and approximately \$20,100 of forfeitures was used to pay administrative expenses. During the year ended June 30, 2024, there were no forfeitures used to reduce administrative expenses or current employer contributions. At June 30, 2025 and 2024, forfeiture account balances were \$13,446 and \$53,449, respectively.

2. Summary of Significant Accounting Policies

a. Basis of Accounting

The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

b. Fully Benefit-Responsive Investment Contracts

Fully benefit-responsive investment contracts held by a defined contribution plan are required to be reported at contract value. Contract value is the relevant measurement attribute for that portion of the assets available for benefits of a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by Accounting Standards Codification (ASC) Topic 962, *Defined Contribution Pension Plans*, the statements of net assets available for benefits and the statements of changes in net assets available for benefits are prepared on a contract value basis for fully-benefit responsive investment contracts. See Note 4 for further discussion.

Ground Transport, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements
June 30, 2025 and 2024

2. Summary of Significant Accounting Policies

c. Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for the fully benefit responsive contract. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustees. The fair value of the investments and the related net appreciation in the fair value of investments are determined by the custodian of the Plan, EAIC. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade date basis. Interest income is recorded when it is earned. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

d. Employer and Participant Contributions Receivable

Contributions receivable are recognized for amounts due from the employer and participants at year-end, but remitted to EAIC after year-end.

e. Payment of Benefits

Benefit payments are recorded when paid.

f. Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates, it is reasonably possible that such estimates may change in the near term, and such differences could be material to the financial statements

g. Expenses

Expenses are recognized when the related liability is incurred. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation of the fair value of investments, as the fees are paid through revenue sharing rather than a direct payment.

Ground Transport, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

June 30, 2025 and 2024

2. Summary of Significant Accounting Policies

h. Risks and Uncertainties

The Plan invests in various investment securities, including investments in shares of pooled separate accounts and guaranteed contracts. In general, investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

i. Subsequent Events

Management has evaluated subsequent events through April 7, 2026, which is the date the financial statements were available to be issued, and determined that the Plan did not have any subsequent events requiring adjustment to the financial statements or disclosure in the notes to the financial statements.

3. Information Certified by the Custodian

The following is a summary of the plan's asset information as of June 30, 2025 and 2024 and for the years then ended, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified as complete and accurate by EAIC, a qualified institution. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and supplemental schedule related to the following assets:

	2025	2024
Pooled separate accounts, at fair value	\$ 6,298,685	\$ 5,473,851
Guaranteed insurance contracts, at contract value	108,396	144,663
	<u>\$ 6,407,081</u>	<u>\$ 5,618,514</u>

Ground Transport, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements
June 30, 2025 and 2024

3. Information Certified by the Custodian (continued)

For the years ended June 30, 2025 and 2024, respectively, EAIC also certified to the completeness and accuracy of the Plan's total investment income of \$771,267 and \$618,652 related to the aforementioned assets.

4. Guaranteed Insurance Contract

The Plan has an annuity contract with a fixed income option with EAIC as of June 30, 2025 and 2024 that maintains the contributions for this contract in fixed accounts. The annuity contract is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan and respective participants. The specified interest rate was 2.90% and 2.80% at June 30, 2025 and 2024, respectively.

Certain events limit the ability of the Plan to transact at contract value with the contract issuer. Such events include amendments to the plan documents including complete or partial plan termination or merger with another plan, bankruptcy of the plan sponsor, the failure of the trust to qualify for exemption from federal income taxes, or any required prohibited transaction exemption under ERISA. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include an uncured violation of the Plan's investment guidelines, a breach of material obligation under the contract, a material misrepresentation, and a material amendment to the agreement without the consent of the issuer.

5. Fair Value Measurements

ASC Topic 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under U.S. GAAP are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access at the measurement date.

Ground Transport, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

June 30, 2025 and 2024

5. Fair Value Measurements (continued)

Level 2: Inputs to the valuation methodology include quoted prices for similar assets in active markets; quoted prices for identical or similar assets in inactive markets; inputs other than quoted prices that are observable for the asset; and inputs that are derived principally from or can be corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2025 and 2024.

Pooled separate accounts –Valued at the net asset value (NAV) of unit shares held by the Plan at year-end. The NAV, as provided by EAIC, is used as a practical expedient, which is based on the underlying assets of the pooled separate accounts, including money market funds, mutual funds, common and preferred stocks, corporate notes and bonds, and government issued notes and bonds. In accordance with ASC 820, Fair Value Measurements, the pooled separate accounts are not categorized in the fair value hierarchy. The investments in the pooled separate accounts can be redeemed daily, do not require a redemption notice period and do not have any unfunded commitments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, the use of different methodologies to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

6. Related-Party and Party-In-Interest Transactions

Plan investments are held and managed by EAIC. EAIC serves as the Plan's custodian and recordkeeper for the Plan's investments and related investment activity. Therefore, these investments and investment transactions qualify as party-in-interest transactions.

Ground Transport, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

June 30, 2025 and 2024

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the accounts of all participants affected by the termination shall become fully vested.

8. Tax Status

The Plan has adopted a preapproved plan document that has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the preapproved plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). The Plan Administrator believes the Plan is designed, and is being operated, in compliance with the applicable requirements of the IRC and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain positions that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the positions taken by the Plan, and has concluded that as of June 30, 2025 and 2024 there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any open tax periods in progress. Plan years from June 30, 2021 are open for examination for federal tax purposes.
