Felling Trailers, Inc. 401(k) Plan
Sauk Centre, Minnesota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Felling Trailers, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of June 30, 2025 (in liquidation) and December 31, 2024 (ongoing), and the related statement of changes in net assets available for benefits for the period January 1, 2025 through June 30, 2025 (in liquidation), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of June 30, 2025 and December 31, 2024, and for the period January 1, 2025 through June 30, 2025, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Felling Trailers, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter

As discussed in Note 2 to the financial statements, management of the Felling Trailers, Inc. 401(k) Plan approved a plan merger into a pooled employer plan in March 2025 at which time management determined liquidation was imminent. As a result, the Plan has changed its basis of accounting from the going concern basis used in presenting the 2024 financial statements to the liquidation basis used in presenting the financial statements as of June 30, 2025, and for the period January 1, 2025 through June 30, 2025. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Felling Trailers, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Felling Trailers, Inc. 401(k) Plan
Notes to the Financial Statements
June 30, 2025 (in liquidation) and December 31, 2024 (ongoing)

Note 1: Description of Plan

The description of the Felling Trailers, Inc. 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Felling Trailers, Inc. (the Plan Sponsor and Company) under the provisions of Section 401(a) of the United States Internal Revenue Code (the IRC), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company and any adopting participating employers. Larson Cable Trailers, Inc. is a participating employer. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as well as certain provisions of the federal income tax laws.

To be eligible to participate in the Plan, an employee of the Company must be 18 years old and have completed one month of service. Eligibility for employer matching and nonelective contributions requires six months of service at age 18 and entry to the Plan on the first day of the Plan quarter after reaching eligibility. Employees covered by a collective bargaining unit, leased employees, and non-resident aliens are excluded from eligibility.

Contributions

Each year, eligible participants may contribute up to 100 percent of pretax and/or after-tax (Roth) annual compensation, subject to IRS limits, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). The Plan allows participants age 50 and older to make catch-up contributions. The Plan includes an automatic contribution agreement (ACA) for all new employees with an automatic deferral of 4 percent, unless a participant affirmatively makes a different election. The Plan has an automatic increase provision whereby the deferral for participants under the ACA increases by 1 percent of compensation each Plan Year up to 10 percent.

The Company may make discretionary matching contributions. Discretionary matching contributions, if made, will be computed based upon eligible compensation deferred into the Plan each Plan Year. The Company approved matching contributions equal to 33% of each participant's elective deferral up to 10% of the participant's compensation, subject to the Internal Revenue Service limitations. Participants must be employed with the Company on the last day of the Plan Year and complete 1,000 hours of service during the Plan Year to receive an allocation of employer contributions. These conditions do not apply to death, termination due to disability or termination at retirement age. Employer matching contributions are allocated in a nondiscriminatory manner based upon a participant's elective deferrals. Additional employer discretionary profit-sharing contributions and nonelective contributions may be contributed at the discretion of the Company's Board of Directors. No matching, nonelective or profit-sharing contributions were made for the year ended June 30, 2025 (in liquidation).

Participant's Accounts

Each participant's account is credited with the participant's salary reduction contributions, employer matching contributions, rollover contributions, and an allocation of the Plan earnings (net of administrative expenses). Allocations are based on the participant's eligible compensation or account balances, as defined in the Plan. A participant's investment allocation for current and future contributions can be changed on any business day at the discretion of the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1: Description of Plan (Continued)

Vesting

Participants are immediately 100% vested in their elective deferrals including catch-up contributions, rollover contributions from other plans, and actual earnings thereon. The method for crediting vesting service for Company matching and profit-sharing contributions is based on vesting years of service. Participants are credited with a period of service for each consecutive twelve-month period from date of hire in which at least 1,000 hours are worked. If participants are employed on or after their Normal Retirement Age or if they terminate employment on account of death or disability, they are 100% vested in their Company matching and profit-sharing contributions.

5	80
6	100

Notes Receivable from Participants

The Plan does not permit participants to take a loan from the Plan.

Payment of Benefits

Benefits may be paid to the participant or beneficiary upon death, disability, retirement, or termination of employment, as defined in the Plan agreement. The Plan provides for normal retirement at age 65. The total vested portion of a participant's account balance is distributed in the form of a lump-sum payment or installments. Participants may withdraw a portion of this account balance as an in-service distribution and for hardship, as defined in the Plan.

Account balances of terminated participants with balances less than \$5,000 but greater than \$1,000 will be subject to mandatory rollover to an IRA, as defined in the Plan. There were no amounts allocated to a participant that elected to withdraw from the Plan but had not been paid as of June 30, 2025 (in liquidation).

Forfeited Accounts

At June 30, 2025 (in liquidation) and December 31, 2024 (ongoing), the Plan had \$0 and \$18,841, respectively, in forfeited non-vested accounts. Forfeitures (non-vested benefits) from terminated participants' accounts are used to pay the Company's plan expenses and/or may be used to reduce the Company's matching contributions, subject to the terms of the Plan. All unused forfeitures were transferred out of the plan as of June 30, 2025 (in liquidation).

Investment Options

Upon enrollment in the Plan, a participant may direct the contributions made to the Plan, for or on behalf of the participant, to any one or more of the investment funds determined at the discretion of the Plan Administrator and Plan Sponsor and in such multiples as the participant prescribes. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

In March 2025, Plan management made the decision to transfer the Plan's assets from the Plan into a Pooled Employer Plan (PEP). A PEP is an employer-sponsored plan that allows the Company to pool resources with other employers in a single plan. Effective June 30, 2025, all Plan assets were transferred from Empower Trust Company, LLC, and Empower Annuity Insurance Company of America to the ExcelWise Pooled Employer Plan at Transamerica. All participant account balances and vesting schedules were preserved in the new PEP structure. As a result, the financial statements of the Plan have been prepared on the liquidation basis of accounting as of June 30, 2025 and for the period January 1, 2025 through June 30, 2025. The Plan's financial statements as of December 31, 2024, have been prepared on the accrual (ongoing) basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's expenses are paid by either the Plan or the Company, as provided by the Plan document. Expenses paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment-related expenses are included in net appreciation in fair value of investments.

Subsequent Events

The Plan's management has evaluated subsequent events through, April 8, 2026, the date the financial statements were available to be issued.

Notes to the Financial Statements

Note 3: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data, by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2025 (liquidation) and December 31, 2024 (ongoing).

Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan at year end, which is a publicly quoted price.

Common Collective Trust Funds: Common collective trust funds are valued at the NAV of units held by the Plan at year end. The NAV is determined by the custodian of the fund and is based upon the fair value of the underlying assets held by the fund. NAV is used as a practical expedient to estimate fair value. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

The methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to the Financial Statements

Note 3: Fair Value Measurements (Continued)

The following table sets forth, by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2025 (in liquidation) and December 31, 2024 (ongoing):

Assets at Fair Value as of June 30, 2025 (in liquidation)

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Notes to the Financial Statements
June 30, 2025 (in liquidation) and December 31, 2024 (ongoing)

Note 4: Fully Benefit-Responsive Investment Contract

The Plan invests in the Key Guaranteed Portfolio Fund, which is a traditional fully benefit-responsive guaranteed investment contract (GIC) which totaled \$0 and \$409,070 as of June 30, 2025 (in liquidation) and December 31, 2024 (ongoing), respectively. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established in a contract between the Plan and the contract issuer, which will not fall below 0%. The crediting rate is reviewed annually for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
2. Premature termination of the contract
3. Amendments to the Plan documents (including complete or partial Plan termination or merger with another plan)
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer.

Felling Trailers, Inc. 401(k) Plan
Notes to the Financial Statements
June 30, 2025 (in liquidation) and December 31, 2024 (ongoing)

Note 5: Income Tax Status

The Plan sponsor adopted a plan which received a favorable opinion letter, issued to the document provider, from the Internal Revenue Service (IRS) dated June 30, 2020, which states that the Plan is designed in accordance with the applicable sections of the IRC and is, therefore, not subject to tax under present income tax law. The Plan is required to operate in conformity with the IRC to maintain its qualification. Management is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not, based on technical merits, would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of June 30, 2025 (in liquidation), there are no uncertain tax positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Generally, the statute of limitations for the IRS to assess taxes on a plan expires three years from the due date of the return or the date on which it was filed, whichever is later.

Note 6: Risks and Uncertainties

The Plan invests in various investments in collective trust funds, mutual funds, and fixed annuity contracts. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 7: Certified Investments

Certain information related to investments disclosed in the accompanying financial statements, including investments held at June 30, 2025 (in liquidation) and December 31, 2024 (ongoing), and net appreciation in fair value of investments, interest, and dividends for the period January 1, 2025 through June 30, 2025 (in liquidation), was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Trust Company, LLC, and Empower Annuity Insurance Company of America, the custodians of the Plan.

Note 8: Related Party and Party-in-Interest Transactions

A related party is any party who can control or significantly influence Plan management or operating policies. Parties-in-interest are defined under DOL regulations as any employees of the Plan, fiduciaries of the Plan, service providers to the Plan, the employer whose employees are covered by the Plan, and certain significant owners of the employer and their relatives. Service providers may include, but are not limited to, the custodian, trustee, third-party administrator (TPA), investment managers, investment advisors, legal counsel, and Plan auditor.

Certain Plan investments are collective trust funds, shares in mutual funds, and annuity insurance contracts managed by the custodians of the Plan. Accordingly, any related transactions qualify as party-in-interest transactions. The custodians provide certain administrative services to the Plan and receive revenue from the investment activity. The revenue is used to offset certain amounts owed to the custodians for its administrative services to the Plan.

If the revenue received by the custodians exceeds the amount owed under the custodial agreement, the custodians remit the excess to the Plan. The Plan or Plan Sponsor may make payment to the custodians for the administrative expenses not covered by revenue sharing. The Plan may make direct payments to the third-party administrator and investment advisors, which are not covered by revenue sharing. The Plan Sponsor pays directly any other fees related to the Plan's operations.

Notes to the Financial Statements
June 30, 2025 (in liquidation) and December 31, 2024 (ongoing)

Note 8: Related Party and Party-in-Interest Transactions (Continued)

During the period January 1, 2025 through June 30, 2025 (in liquidation), the Plan made direct payments of \$69,715 to certain parties-in-interest for administration and investment advisory fees, as allowed by ERISA. The Plan sponsor pays directly any other fees related to the operation of the Plan.

Note 9: Plan Termination

The Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their entire account balance. See information in Note 2 regarding the transfer of the Plan's assets into a PEP. All participant account balances and vesting schedules were preserved in the new PEP structure as described in Note 2.

Note 10: SECURE 2.0 Act

In December 2022, Securing a Strong Retirement Act (SECURE 2.0) was passed into law. The provisions of SECURE 2.0 continue the themes and reforms that began with the 2019 CARES Act. The effective date of the provisions of SECURE 2.0 vary from becoming effective immediately through 2028. Those provisions include both required and optional elements.

During the period January 1, 2025 through June 30, 2025 (in liquidation), and through the date the financial statements were available to be issued, the Plan sponsor has not implemented any optional provisions set forth by the SECURE 2.0 Act, as Plan management was anticipating the transfer of the Plan's assets as described in Note 2. The Plan sponsor has considered the impact and applicability of required provisions under the SECURE 2.0 Act and has modified plan operations accordingly, as applicable.
