Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements

We have performed an audit of the accompanying financial statements of the 403(b) Thrift Plan of Kids in Crisis (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of June 30, 2025, and the related statement of changes in net assets available for benefits for the year ended June 30, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the 2025 audit of the 403(b) Thrift Plan of Kids in Crisis's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of June 30, 2025, and for the year ended June 30, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

11782 Granite Woods Loop, Venice, FL 34292
(203) 865-2927 Fax (203) 865-0017

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the 403(b) Thrift Plan of Kids in Crisis and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the 403(b) Thrift Plan of Kids in Crisis's ability continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the 403(b) Thrift Plan of Kids in Crisis's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the 403(b) Thrift Plan of Kids in Crisis's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with of accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2025 Supplemental Schedule Required by ERISA

The supplemental schedule of assets held for investment purposes as of June 30, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information

included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management has determined meets the requirements of ERISA Section 103(a)(3)(C).

Report on Compiled 2024 Financial Statement

Management is responsible for the accompanying 2024 financial statement of the 403(b) Thrift Plan of Kids in Crisis, which comprises the statement of net assets available for benefits as of June 30, 2024, and the related notes to the financial statement in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Standards promulgated by the Accounting and Review Services Committee of the American Institute of Certified Public Accountants. We did not audit or review the statement, nor were we required to perform any procedure to verify the accuracy or completeness of the information provided by plan management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on the 2024 statement.

403(B) THRIFT PLAN OF KIDS IN CRISIS

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the 403(b) Thrift Plan of Kids in Crisis (the "Plan") provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions. Contributions to provide benefits under the Plan are made by plan participants and Kids in Crisis (the "Plan Sponsor").

General - The Plan is a 403(b) tax-deferred custodial account plan which was originally established July 1, 1996. The Plan was restated effective July 1, 2014, and was restated again effective July 1, 2019. The Plan covers substantially all employees upon their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Plan participants are immediately eligible upon hire, and may make salary deferral contributions, as defined in the Plan, which are 100% vested, subject to the annual limitations of the Internal Revenue Code ("Code"). Such deferrals may be contributed on a pre-tax or after-tax (Roth) basis, or a combination thereof. Participants become eligible for employer matching and nonelective (profit-sharing) contributions once they have earned one year of service. The employer matching contributions are 50% of a participant's contributions, up to 4%, and are paid each pay period for each participant who has contributed to the Plan, with no true-up at the end of the year. The employer nonelective contributions are 2% of a participant's eligible Plan compensation and are paid each pay period for each participant regardless of whether or not they have contributed to the Plan, with no true-up at the end of the year.

Additionally, participants may contribute amounts representing rollover distributions from other qualified plans. Such rollover contributions are always 100% vested.

Participants' Accounts - Each participant's account is credited with the participant's contribution and allocation of (a) the plan sponsor's matching and nonelective (or other) contributions and, (b) plan earnings (losses), and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Contributions to the Plan are participant directed and credited to participant accounts by the Newport Group, the Plan's recordkeeper, which is a division of Ascensus, LLC, when

received and invested in custodial accounts defined in section 403(b)(1) of the Code.

Vesting - Participants are immediately vested in their contributions, including any rollover contributions, plus actual earnings thereon. The vesting percentage for employer matching and nonelective contributions is based on a 3-year cliff schedule ranging from employment less than 1 year (0%) to 3 or more years (100%).

Forfeited Accounts - Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan and receive (or are deemed to receive) a distribution. These accounts represent the portion of any matching or discretionary non-elective profit-sharing contributions made by the plan sponsor that were allocated to participants who later terminated their employment with the plan sponsor before becoming fully vested in those contributions. Forfeitures are first used to pay certain plan expenses. Any forfeitures remaining may be used to reduce the Plan sponsor's future contributions to the Plan. Forfeitures during the year ended June 30, 2025, totaled \$5,721.

At June 30, 2025 and 2024, total forfeitures and other non-vested accounts totaled \$9,571 and \$3,546, respectively.

Participant Loans - Loans are available under the Plan to all active participants on a reasonably equivalent basis. The number of outstanding loans per participant is limited to one, and refinancing of an existing loan is not permitted. Loans are repaid over a five-year term, except in the case of a principal residence loan, which may be repaid over fifteen years. The minimum amount of any loan is \$1,000. Loans must be adequately secured and bear interest at Prime plus 1%. The interest rate for all loans outstanding during 2025 ranged from 5.75%-9.00%. Loans to participants may not exceed the lesser of \$50,000 reduced by the participant's highest outstanding loan balance in the previous twelve months, or 50% of the participant's vested account balance on the date immediately preceding the date on which the loan is approved by the plan administrator. Loans deemed to be in default are recorded as plan withdrawals. Principal and interest are paid ratably through bi-weekly payroll deductions.

Investment Options - Participants can direct contributions to any of the fixed income and equity mutual fund options or to the money market fund.

Withdrawals - A participant who has attained age 59½ may withdraw any part of his vested account resulting from either: elective deferral contributions, employer matching or transferred employer discretionary contributions, or rollover contributions. Additionally, a participant may make a withdrawal at any time of any part of his vested account resulting from

rollover contributions. A participant may also make a withdrawal at any time and may withdraw any part of any of his vested account resulting from elective deferral contributions in the event of hardship due to an immediate and heavy financial need to pay for qualifying expenses subject to certain conditions. If a participant dies before distributions commence, the participant's entire vested account balance will be used to provide their beneficiary with a death benefit, which may be in the form of a lump sum or an annuity depending on circumstances

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan:

- The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting.
- Investments in mutual funds and money market funds are stated at fair value, based on publicly quoted market prices.
- Investment income is recorded as earned.
- Benefits are recorded when paid.
- No participants have withdrawn from the Plan who have not been paid.
- Investment transactions are accounted for on the trade date.
- Loans receivable from participants are recorded at their unpaid principal balance plus accrued interest. Interest is charged on loans at rates similar to those prevailing in the market at the time the loan is made. Plan management has determined that all receivables are collectible. Accordingly, no allowance for doubtful accounts has been recorded.

Risks and Uncertainties - The Plan provides for various investment options in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition - Investments are stated at fair value.

The Plan adopted the professional standards relating to *Fair Value Measurements (ASC 820)* issued by the Financial Accounting Standards Board (FASB). The standards define fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and sets out a fair value hierarchy. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Inputs are broadly defined under the standards as assumptions market participants would use in pricing an asset or liability.

The Plan's investments are held in mutual funds and a money market fund, and are stated at fair value. The fair value of mutual funds and money market funds is based on publicly quoted net asset values of the shares held by the Plan at year-end. The net appreciation in the fair value of investments includes realized and unrealized gains and losses on the fair value of investments held by the Plan. Loans to participants are valued at their outstanding balance, which approximates fair value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued as it is earned, and dividends are recorded as of the ex-dividend date.

The change in net unrealized appreciation (depreciation) of investments held from the beginning of the Plan year to the end of the Plan year is included with the realized gains (losses) as net appreciation reported in the accompanying statement of changes in net assets available for benefits.

Subsequent Events - The Plan has evaluated events and transactions for potential recognition or disclosure through April 10, 2026, which is the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY THE CUSTODIANS

The following is a summary of the unaudited information included in the Plan's financial statements and supplemental schedules that was prepared by Ascensus, LLC as authorized agent for Newport Trust Company, LLC, the custodian of the Plan, which is a division of Ascensus, and furnished to the plan administrator. The plan administrator has obtained certifications

from the custodians that such information, including the information included in the supplemental schedule, is complete and accurate.

ASC 820, *Fair Value Measurements*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 or Level 3 inputs were available to the Plan.

The following methods may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There were no unfunded commitments or redemption restrictions regarding plan investments.

Level 1 Fair Value Measurements

Fair value is based on unadjusted publicly quoted prices in active markets that are accessible to the Plan for identical assets or liabilities. These generally provide the most reliable evidence and should be used to measure fair value whenever available. The fair value of mutual funds and money market funds is based on publicly quoted net asset values of the shares held by the Plan at year-end.

Level 2 Fair Value Measurements

Fair value is based on inputs, other than Level 1 inputs, that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability through corroboration with observable market data. The Plan currently uses no Level 2 inputs.

Level 3 Fair Value Measurements

Fair value is based on significant unobservable inputs for the asset or liability. These inputs reflect the Plan's own assumptions through their

investment advisors about the assumptions that market participants would use in pricing the asset or liability. The Plan currently uses no Level 3 inputs.

5. INCOME TAX STATUS

The prototype document utilized by the Plan obtained its latest advisory letter on March 31, 2017, in which the Internal Revenue Service stated that the form of plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code ("IRC"). The Plan is required to operate in conformity with the Code to maintain its tax exemption. The plan sponsor believes that, based on the operations of the Plan, the Plan is currently designed and operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Management is not aware of any uncertain tax positions taken by the Plan. Years subsequent to June 30, 2021 remain open and subject to examination by major taxing jurisdictions.

6. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Newport Trust Company (a division of Ascensus) is the custodian and recordkeeper, for the Plan and, in accordance with the Vanguard 403(b) Services Administrative and Recordkeeping Services Agreement effective November 11, 2021 and as amended effective November 10, 2023 between the plan sponsor and Vanguard, Newport Trust Company provides administrative services to the Plan, thereby qualifying as a party-in-interest as defined in Section 406 of ERISA. Greenwich Wealth Management is the investment advisor for the Plan and, in accordance with the Investment Policy and Services Agreement effective October 4, 2019, provides investment advisory services to the Plan, thereby qualifying as a party-in-interest as defined in Section 406 of ERISA. Greenwich Wealth Management may receive revenue from registered investment companies - mutual fund service providers for services they provide to the funds. This revenue may be used to offset certain amounts owed to Newport Trust Company or Greenwich Wealth Management for their services to the Plan. If the revenue received by Newport Trust Company/Ascensus or Greenwich Wealth Management from such registered investment companies - mutual fund service providers exceed the amount owed under that agreement, they will remit the excess to the Plan.

During 2025, administrative fees paid to Newport Group, Inc. from Plan assets totaled \$8,033.

Fees paid to Greenwich Wealth Management during 2025 totaled \$16,493.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

7. ADMINISTRATIVE COSTS

Expenses of the Plan, to the extent that the employer does not pay such expenses, may be paid out of the assets of the Plan provided that such payment is consistent with ERISA. Such expenses include, but are not limited to, expenses for bonding required by ERISA; expenses for recordkeeping and other administrative services; fees and expenses of the custodian or annuity contract; expenses for investment education service; and direct costs that the employer incurs with respect to the Plan. Expenses that relate solely to a specific participant or alternate payee may be assessed against such participant or alternate payee as provided in the service and expense agreement or such other documents duly entered into by or with regard to the Plan that governs such matters.

8. PLAN TERMINATION

The plan sponsor expects to continue the Plan indefinitely, but reserves the right to terminate the Plan in whole or in part at any time upon giving written notice to all parties concerned. Complete discontinuance of contributions constitutes complete termination of the Plan. Each participant's account shall be 100% vested and nonforfeitable as of the effective date of complete termination.
