Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to audit the accompanying financial statements of Carson Valley Children Aid 403(b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of June 30, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended June 30, 2025 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Carson Valley Children Aid 403(b) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of June 30, 2025 and 2024 and for the year ended June 30, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion on the Financial Statements

We do not express an opinion on the financial statements referred to above of Carson Valley Children Aid 403(b) Plan. Because of the significance of the matter described in the Basis for Disclaimer of Opinion for the Financial Statements section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

Carson Valley Children Aid 403(b) Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the financial statements referred to above may have been affected by these conditions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Carson Valley Children Aid 403(b) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of Carson Valley Children Aid 403(b) Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditors' report. However, because of the matters described in the Basis for Disclaimer of Opinion on the Financial Statements section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of Carson Valley Children Aid 403(b) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of June 30, 2025, and the schedule of delinquent participant contributions for the year ended June 30, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion for the Financial Statements section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedules.

CARSON VALLEY CHILDREN AID 403(B) PLAN
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025 AND 2024

NOTE 1 DESCRIPTION OF PLAN

The following description of the Carson Valley Children's Aid (the Employer) 403(b) DC Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan originally effective July 1, 1986. The Plan has been amended and restated throughout the years to comply with tax legislation and most recently restated effective July 1, 2019. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees are eligible to participate in the deferral portion of the Plan immediately upon employment, and beginning July 1, 2019, employees are automatically enrolled into the Plan with an enrollment of 3% which automatically increases 1% annually up to 6%. Employees become eligible to participate in the Employer matching contribution portion of the Plan after working three consecutive months.

The Plan excludes the following:

- Employees who are eligible to make a cash or deferred election (as defined at Treas. Reg. Section 1.401(k)-1(a)(3)) under a Code Section 401(k) Plan of the institution.
- Nonresident aliens.
- Subject to the conditions applicable under Code Section 410(b)(4), employees who are students performing services described in Code Section 3121(b)(10) (e.g., students who are enrolled and regularly attending classes offered by the institutions).
- Subject to the conditions applicable under Code Section 410(b)(4), employees who normally work fewer than 20 hours per week (within the meaning of Treas. Reg. 1.403(b)-5(b)(4)(iii)(B)).

Contributions

The Plan includes a salary deferral arrangement allowed under Section 403(b) of the Internal Revenue Code (IRC). Eligible participants are permitted to elect to have a percentage, limited by Plan provisions, of their compensation contributed as pre-tax 403(b) or Roth contributions to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Employer matches 100% of the participant's elective deferrals not exceeding 3% of the participant's compensation, plus 50% of each participant's elective deferrals in excess of 3% but not in excess of 5% of the participant's compensation.

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025 AND 2024

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Contributions (Continued)

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$500, up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000. Loans must be repaid in five years unless the proceeds are used to acquire a primary residence, which then must be repaid in 10 years. The loans are collateralized by the balance in the participants' account and bear a reasonable rate of interest as determined by Plan management. Loans are repaid based upon an established amortization schedule.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Employer's matching contribution, and an allocation of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employer matching contribution portion of their accounts, plus actual earnings thereon, is based upon years of credited service. A participant is 100% vested after six years of credited service. Notwithstanding the above, a participant is fully vested upon reaching normal retirement age, death, or permanent disability. A participant is fully vested if hired before July 1, 2019. All participants were fully vested upon plan termination at December 31, 2025.

Plan Loans

Participants may borrow from the Teachers Insurance and Annuity Association (TIAA) a minimum of \$1,000 and up to the lesser of \$50,000 or 50% of the vested portion of their fund account. These loans are direct loans between the participant and TIAA, the insurance company of the Plan, and as such they are not treated as a transfer from the investment funds to a note receivable from participant or as a Plan asset. However, 110% of the outstanding loan balance is collateralized by the participant's account.

This portion of the participant's account is transferred at the time of the loan initiation and is maintained in the TIAA Traditional Annuity within the participant's account. Loans must be repaid to TIAA by the participant in accordance with the repayment terms of the agreement. In the event of default, foreclosure on the participant's account balance will not occur until a distributable event occurs in the Plan.

CARSON VALLEY CHILDREN AID 403(B) PLAN
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025 AND 2024

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Plan Loans (Continued)

Outstanding loans between Plan participants and TIAA totaled \$9,145 and \$11,864 as of June 30, 2025 and 2024, respectively, and were collateralized by approximately the same amounts of investments included in the statements of net assets available for benefits as of June 30, 2025 and 2024.

Benefit Payments

Upon termination of service, death, disability, or retirement, a participant may elect to receive the value of the vested interest in his or her account in the form of a lump sum distribution. The Plan allows for in-service distributions if a participant reaches age 59½. If a participant terminates employment and the participant's eligible rollover account balance does not exceed \$5,000, the Plan administrator may authorize the benefit payment without the participant's consent.

Forfeited Accounts

Forfeited nonvested accounts can be used to pay administrative expenses and to reduce future Employer contributions. Forfeited nonvested accounts as of June 30, 2025 and 2024 totaled \$66,871 and \$36,593, respectively. There were \$-0- forfeitures used to pay administrative expenses and \$-0- to reduce Employer contributions for the year ended June 30, 2025.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 403(b) Committee determines the Plan's valuation policies utilizing information provided by the insurance company. See Note 4 for discussion of fair value measurements.

**CARSON VALLEY CHILDREN AID 403(B) PLAN
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025 AND 2024**

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of June 30, 2025 and 2024. Delinquent notes receivable are recorded as distributions on the basis of the terms of the Plan document.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Employer, as provided by the Plan document. Expenses paid directly by the Employer are excluded from these financial statements.

Subsequent Events

Subsequent event has evaluated subsequent events through April 10, 2026, the date the financial statements were available to be issued.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

Teachers Insurance and Annuity Association and College Retirement Equities Fund (TIAA and CREF), TIAA on behalf of TIAA Trust, N.A., the qualified institutions of the Plan, have supplied the Plan administrator with a certification as to the completeness and accuracy of all investment information and notes receivables from participants reflected on the accompanying statements of net assets available for benefits as of June 30, 2025 and 2024, the statement of changes in net assets available for benefits for the year ended June 30, 2025, and the supplemental schedule of assets (held at end of year) as of June 30, 2025.

NOTE 4 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at June 30, 2025 and 2024.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Subaccounts of Variable Annuities – Valued at the NAV of accumulation units held by the Plan in CREF (College Retirement Equities Fund, a registered investment company) variable subaccounts. NAV is a readily determinable fair value and is the basis for current transactions.

CARSON VALLEY CHILDREN AID 403(B) PLAN
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025 AND 2024

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

Pooled Separate Account – Valued at the NAV of units as determined by the insurance company. NAV is a readily determinable fair value and is the basis for current transactions.

Insurance Company General Account – Certain annuity contracts within the TIAA Traditional Annuity (see Note 5) are valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. In determining the reasonableness of the methodology, the 403(b) Committee evaluates a variety of factors, including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms (for example, duration or payout date) while others are substantiated utilizing available market data (for example, swap curve rate).

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30:

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following tables represent the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs:

Instrument	Fair Value		Valuation Technique	Unobservable Inputs	Range of Significant Input Values
	2025	2024			
TIAA Traditional Annuity, Nonbenefit Responsive	\$ 2,068,060	\$ 2,689,618	Discounted Cash Flow Theoretical Transfer (Exit Value)	Risk-Adjusted Discount Rate Applied	3% - 7%

NOTE 5 INSURANCE COMPANY GENERAL ACCOUNT

The TIAA Traditional Annuity is a guaranteed fixed annuity contract available as an investment option to Plan participants. Each contract is fully and unconditionally guaranteed by TIAA. The Traditional Annuity is offered through a variety of contract types, including the Group Retirement Annuity (GRA) and Retirement Annuity (RA).

The type of contract through which a participant invests in the Traditional Annuity determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant's account, and the options for receiving income upon retirement. The traditional annuity contracts which are not fully benefit responsive are included in the financial statements at fair value. The fully benefit-responsive contracts are included in the financial statements at contract value. The crediting rate is based on a formula established by the contract issuer and is between 1% and 3%. The crediting rate is reviewed annually as deemed necessary by TIAA for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

When participants choose to allocate a portion of their retirement savings to the Traditional Annuity during the accumulation phase of the contract, their contributions purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The participant's principal, plus a specified minimum rate of interest, is guaranteed by TIAA's claims-paying ability. The Traditional Annuity also provides the potential for additional interest if declared by TIAA's Board of Trustees.

Additional interest, when declared, remains in effect for the declaration year, which begins each March 1 for accumulating annuities and January 1 for lifetime payout annuities. Additional interest is not guaranteed for future years. Together, the guaranteed minimum and additional amounts make up the crediting interest rate.

NOTE 5 INSURANCE COMPANY GENERAL ACCOUNT (CONTINUED)

When a participant's accumulation in the Traditional Annuity is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance and the entire amount is recorded as a distribution in the statement of changes in net assets available for benefits.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

RA contracts may require withdrawals in the form of a lifetime payout annuity or in periodic installments over a 10-year period. Therefore, the RA contract is not fully benefit-responsive; balance in these contracts at fair value were \$2,068,060 and \$2,689,618 at June 30, 2025 and 2024, respectively.

GSRA contracts provide for full participant-directed liquidity. Therefore, the GSRA contracts meet the fully benefit-responsive investment contract criteria and, therefore, are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the term of the Plan. The GSRA balances at contract value were \$733,200 and \$958,434 at June 30, 2025 and 2024, respectively.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

NOTE 6 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7 PLAN TERMINATION

The Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

The Employer implemented workforce actions that resulted in a significant reduction in Plan participation. Based on an evaluation of the circumstances, Plan management concluded that a partial plan termination occurred effective November 30, 2024.

As a result, participants who experienced an Employer-initiated severance from employment during the applicable period became 100% vested in their employer contribution accounts (including related earnings).

The governing body of the Plan sponsor approved a resolution to terminate the Plan effective December 31, 2025. The Plan sponsor intends to terminate the Plan in accordance with the applicable provisions of ERISA and the IRC. The Plan is in the process of executing the required steps to effectuate the termination, including providing required notices to participants, ceasing new contributions, finalizing participant account balances, and preparing for the distribution of Plan assets.

Upon completion of the termination process, all participant account balances will become 100% vested and will be distributed to participants and beneficiaries in accordance with Plan provisions and applicable law, generally through lump-sum distributions and/or direct rollovers to eligible retirement plans or individual retirement accounts. The Plan will continue to operate for the limited purpose of winding down its affairs until all benefit payments have been completed.

NOTE 8 PLAN TAX STATUS

The Plan is placing reliance on an opinion letter from the IRS on the prototype plan indicating that the Plan is designed in accordance with the applicable section of the IRC. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

The Plan includes an automatic enrollment feature, as described in Note 1. The automatic enrollment feature was not administered in accordance with the provisions of the Plan instrument for certain eligible participants. This operational failure may affect participant contributions and related employer contributions for the affected periods. Management is in the process of evaluating the scope of the failure, the periods affected, and the related impact to participants, as well as determining appropriate corrective actions. At this time, the financial statement impact has not been determined. Plan management does not believe that this matter will jeopardize the tax-qualified status of the Plan.

NOTE 9 PARTY-IN-INTEREST TRANSACTIONS

The Plan investments are managed by TIAA, CREF, TIAA on behalf of TIAA Trust, N.A., the qualified institutions of the Plan, and therefore, the investment transactions qualify as party-in-interest transactions. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA. Certain administrative functions of the Plan are performed by officers or employees of the Employer. No such officer or employee receives compensation from the Plan.

NOTE 10 PLAN ADMINISTRATION

Prior to 2009, the Plan's third-party administrators tracked contributions, investment earnings, distributions and other activity on a "contract" basis. Each participant was setup as having a separate "contract" and Plan level activity was not captured. This method of administration was utilized prior to January 1, 2009 as the regulations governing 403(b) plans did not require Plan level reporting. The Plan administrator believes a good faith effort was made to obtain all relevant information prior to July 1, 2009. However, as a result of the method of administration and lack of historical Plan level financial reporting, the Plan administrator is unable to obtain Plan level information prior to July 1, 2009.
