BDMP Assurance, LLP

INDEPENDENT AUDITOR'S REPORT

The Plan Administrator and Audit Committee
Bowdoin College Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Bowdoin College Retirement Plan (the Plan) an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of June 30, 2025 and 2024 and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by banks or similar institutions or insurance carriers that are regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the banks or similar institutions or insurance carriers in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institutions).

Management has obtained certifications from qualified institutions as of June 30, 2025 and 2024, and for the years then stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with U.S. generally accepted auditing standards (U.S. GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan's and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

The Plan Administrator and Audit Committee
Bowdoin College Retirement Plan

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

BOWDOIN COLLEGE RETIREMENT PLAN

Notes to Financial Statements

June 30, 2025 and 2024

1. Description of Plan

The following description of Bowdoin College Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established July 1, 1988. The Plan was most recently restated effective July 1, 2013, and amended January 28, 2021. The Plan covers eligible employees who have reached one year of service (1,000 hours) and are age 26 or older. Excluded are independent contractors, leased employees, and temporary employees who are on student assignments. The Plan is funded by contributions from Bowdoin College (the College). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. An internal oversight committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

The Plan is a money purchase plan with minimum funding requirements. For each Plan year, the College contributes to the Plan on behalf of each participant the sum of the following amounts:

- a. An amount determined in accordance with the following schedule:

<u>Participant's Age</u>	<u>Amount of Contribution</u>
26 – 49	10.12% of Compensation
50 or Older	12.13% of Compensation

- b. An amount equal to 4.3% of the participant's total compensation in excess of 60% of the Social Security Wage Base.

Contributions under this Plan are forwarded to Fidelity Management Trust Company (Fidelity) and are allocated to multiple investment vehicles based upon participant elections.

Participant's Accounts

Each participant's account is credited with the employer's contributions and an allocation of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant's earnings, account balances, or participant transactions, as defined in the Plan.

Vesting

Participants are immediately vested in the contributions to the Plan, plus actual earnings thereon.

Notes to Financial Statements

June 30, 2025 and 2024

Benefit Payments

Upon termination of service, including death, disability, or retirement, a participant may elect to receive distributions of their account balances. The form of payment is dependent upon the distribution options permitted under the investment vehicle held by each participant. In addition, per Internal Revenue Services (IRS) guidelines, when a participant reaches a certain year of age, minimum required distributions are paid to the participant. Beginning in 2023, the SECURE 2.0 Act raised the age to 73 (if participants reached age 72 in 2023, the required beginning date was April 1, 2025 for 2024). Previously, the age was 70 1/2.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with U.S generally accepted accounting principles (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Administrative Expenses

The Plan's expenses are paid either by the Plan or the College, as provided by the Plan document. Expenses paid directly by the College are excluded from these financial statements.

The Plan participates in a revenue sharing agreement with Fidelity. Participant accounts are charged a fee on a pro-rata basis to pay certain administrative expenses. Revenue sharing amounts, if any, are returned to participants who hold funds that generated the revenue sharing amounts.

	<u>2025</u>	<u>2024</u>
Accumulated, unallocated balance, beginning of year	\$ 15,931	\$ 70,874
Qualified direct credits (expenses), net of dividends	12,717	(56,804)
Miscellaneous credits and other adjustments	<u>957</u>	<u>1,861</u>
Accumulated, unallocated balance, end of year	<u>\$ 29,605</u>	<u>\$ 15,931</u>

Total administrative expenses paid, including those paid directly from the revenue sharing account and those paid from other Plan assets, were \$32,217 and \$56,804 in 2025 and 2024, respectively, and were for investment advisory and Plan audit related expenses, net of dividends received from the Plan's revenue sharing activities.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Oversight Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodian, and insurance companies. See Note 4 for discussion of fair value measurement.

Investment contracts with Teachers Insurance and Annuity Association (TIAA) and College Retirement Equities Fund (CREF), the insurance companies, are valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer. Investments in mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. Investments in the interest in sub-accounts of variable annuity contracts hold mutual funds valued at the closing NAV of shares held at year-end. Investments in pooled separate accounts are valued at the NAV of units as determined by the insurance companies. NAV is a readily determinable fair value and is the basis for current transactions.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through April 8, 2026, the date the financial statements were available to be issued.

3. Information Certified

The investments, investment transactions, net appreciation in fair value of investments, and interest and dividends were obtained by management and agreed to or derived from the information certified by TIAA and CREF, the insurance companies, and Fidelity, the custodian of the Plan, as complete and accurate. This information is included in the following:

4. Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

Quoted prices for similar assets or liabilities in active markets;
Quoted prices for identical or similar assets or liabilities in inactive markets;
Inputs other than quoted prices that are observable for the asset or liability;
Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology that are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30:

	<u>Assets at Fair Value as of June 30, 2025</u>

BOWDOIN COLLEGE RETIREMENT PLAN

Notes to Financial Statements

June 30, 2025 and 2024

5. Plan Termination

Although it has not expressed any intent to do so, the College has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

6. Tax Status

The Plan is placing reliance on an opinion letter dated August 5, 2014, received from the IRS, indicating that the Plan is qualified under Section 401 of the Internal Revenue Code (IRC) and is, therefore, not subject to tax under current income tax law. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Individual Annuity Contracts with Insurance Companies

Certain participants maintain individual annuity contracts with TIAA. As part of the contracts, TIAA maintains a portion of the contributions in a "guaranteed account," referred to as Traditional Annuity, which is comprised of non fully benefit-responsive contracts. The account is credited with earnings on the underlying investments and charged for withdrawals and administrative expenses charged by TIAA. The guaranteed account is included in the financial statements at fair value (which represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses), because it is non fully benefit-responsive. The Traditional Annuity is subject to a 10-year withdrawal period. There are no reserves against fair value for credit risk of the contract issuer or otherwise.

9. Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity Investments Institutional Services Company, Inc. (FIISC). Fidelity provides custodial services and Fidelity Investments Institutional Operations Company, Inc. (FIIOC) provides administration services to the Plan. FIISC, Fidelity, and FIIOC are subsidiaries of FMR Corp. (FMRC) and, therefore, these transactions qualify as party-in-interest transactions.

Certain Plan investments are managed by TIAA and CREF. TIAA and CREF provide administration services to the Plan, and, therefore, these transactions qualify as party-in-interest transactions.

Certain investment expenses are paid to TIAA and FMRC through the Plan's investments as eligible indirect compensation, including fees or expense reimbursement payments charged to investment funds and reflected in the value of the investment, or return on investment, of the Plan. These transactions qualify as party-in-interest transactions under ERISA.
